INDEPENDENT AUDITOR'S REPORT

To the Plan Administrator of
Laurel Ag and Water 401(k) Plan
Bakersfield, California

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed an audit of the financial statements of Laurel Ag and Water 401(k) Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2023 and 2022, and the related statement of changes in net assets available for benefits for the year ended December 31, 2023, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of Laurel Ag and Water 401(k) Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of December 31, 2023 and 2022 and for the year ended December 31, 2023, stating that the certified investment information, as described in the Certified Investment Information footnote to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section—

- the amounts and disclosures in the financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Laurel Ag and Water 401(k) Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Laurel Ag and Water 401(k) Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements, including omissions, are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Laurel Ag and Water 401(k) Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Laurel Ag and Water 401(k) Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter—Supplemental Schedule Required by ERISA

The supplemental schedules of Schedule H, Line 4i – Schedule of Assets (Held at End of Year) and Schedule H, Line 4a – Schedule of Delinquent Participant Contributions are presented for purposes of additional analysis and are not a required part of the financial statements, but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion—

- the form and content of the supplemental schedule, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor’s Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Plan Description

The following description of the Laurel Ag and Water 401(k) Plan (the Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions. The Plan was established, effective January 1, 2020, to consolidate the Plans of the affiliated companies of Laurel Ag and Water, Lodi Pump & Irrigation, LLC, Hydratec, Inc., and U.S. Pipe & Irrigation, LLC (the "Companies") adopted the Plan by signing participation agreements effective January 1, 2020.

General

The Plan is a defined contribution plan, covering all active employees of the Companies who have completed a participation agreement. Employees who are age 18 or older and have completed 6 months of service are eligible to participate in the Plan. The Plan does not cover part-time, seasonal, or temporary employees. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions

Each year, participants may authorize payroll deductions up to the maximum amount allowed by law as before-tax contributions or after-tax Roth contributions not to exceed IRS limitations. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may decline participation. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans. The Plan also allows rollover distributions for all eligible employees who are not participants at any time. The Plan has a safe harbor provision whereby the Companies commit to match 100% of the participants elective deferrals that do not exceed 3% of eligible compensation, and 50% of a participant's elective deferrals between 3% and 5%. For 2023, employer safe harbor contributions totaled $300,444.

The Companies may elect to make additional discretionary matching and profit-sharing contributions as a percentage of eligible compensation. For 2023 and 2022, the Companies did not elect to make discretionary matching or profit-sharing contributions.

Participant Accounts

Each participant's account is credited with the participant's contribution, the Companies' contribution, and allocations of (a) Plan earnings and (b) administrative expenses. Allocations are based on participant earnings or account balances, as defined in the Plan agreement. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Plan Description (continued)

Vesting

Participants are immediately vested in their contributions, plus earnings thereon. Vesting in the Companies' discretionary matching and profit-sharing contributions is based on years of continuous service. A participant is 100% vested after 6 years of credited service.

Years of Service	Vesting Percentage
0-1 years	0%
2	20%
3	40%
4	60%
5	80%
6 or more	100%

Investment Options

A participant may direct contributions in any of the investment funds offered by the Plan. Participants may change their investment options at any time.

Payment of Benefits

Participants become eligible for the vested portion of their account balance upon retirement, death, permanent or total disability, and termination from the Companies. A participant may elect to receive a lump sum payment in the amount of the vested interest in the participant's account.

Summary of Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the Plan Administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

Summary of Significant Accounting Policies (continued)

Investment Valuation and Income Recognition

Investments are reported at fair value, except for fully benefit-responsive investment contracts, as described in the Guaranteed Investment Contract with Insurance Company footnote. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's Investment Committee determines the Plan's valuation policies utilizing information provided by the investment custodians and insurance company. See Fair Value Measurements footnote for discussion of fair value measurements.

Interest income is recorded on an accrual basis. Dividend income is recorded on the ex-dividend date. Realized gains and losses on investments are recognized upon the sale of the related investments and unrealized appreciation or depreciation is recognized at period end when the carrying values of the related investments are adjusted to their estimated fair value. Purchases and sales of securities are reflected on a trade-date basis.

Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year. Earnings on investments are allocated on a pro rata basis to individual participant accounts based on the type of investment and the ratio of each participant's individual account balance to the aggregate of participant account balances. The portion of interest included in each loan payment made by a participant is recognized as interest income in the participant's individual account.

Administrative Expenses

The Plan's administrative expenses are paid by the participants of the Plan.

Payment of Benefits

Benefits are recorded when paid.

Fair Value Measurements

ASC 820, Fair Value Measurements and Disclosures, establishes a framework for measuring fair value which provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurement) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under ASC 820 are described below:

Fair Value Measurements (continued)

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2023 and 2022:

Collective Trust Funds: Valued at the NAV of units of a bank collective trust. The NAV, as provided by the trustee, is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the fund less its liabilities. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than reported NAV. Participant transactions (purchases and sales) may occur daily. Were the Plan to initiate a full redemption of the collective trust, the investment adviser reserves the right to temporarily delay withdrawal from the trust in order to ensure that securities liquidation will be carried out in an orderly business manner.

Mutual Funds: Valued at the quoted net asset values of shares held by the Plan at year-end.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Fair Value Measurements (continued)

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2023 and 2022:

	Investments at fair value as of December 31, 2023			
	Level 1	Level 2	Level 3	Total
Mutual Funds	$ 4,402,934	$ -	$ -	$ 4,402,934
Collective Trust Funds*	-	-	-	1,693,363
Total Investments	$ 4,402,934	$ -	$ -	$ 6,096,297

	Investments at fair value as of December 31, 2022			
	Level 1	Level 2	Level 3	Total
Mutual Funds	$ 2,997,859	$ -	$ -	$ 2,997,859
Collective Trust Funds*	-	-	-	1,482,210
Total Investments	$ 2,997,859	$ -	$ -	$ 4,480,069

***** *The Common Collective Trust Funds, which are measured at fair value using the net asset value per share (or its equivalent) practical expedient, has not been categorized in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the amounts presented in the statements of net assets available for benefits. There were no unfunded commitments or liquidity or redemption restrictions related to the Common Collective Trust Funds.*

Guaranteed Investment Contract with Insurance Company

The Plan entered into a benefit responsive investment contract with Empower Annuity Insurance Company of America (EAIC). EAIC maintains the contributions in a general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The guaranteed investment contract issuer is contractually obligated to repay the principal and specified interest rate that is guaranteed to the Plan. Because the guaranteed investment contract is fully benefit responsive, contract value is the relevant measurement attribute for that portion of the net assets available for benefits attributable to the guaranteed investment contract.

There are no reserves against contract value for credit risk of the contract issuer or otherwise. The contract value of the investment contract at December 31, 2023 and 2022 was $378,795 and $443,148, respectively. The crediting interest rate is based on a formula agreed upon with the issuer, but it may not be less than 0%. Such interest rates are reviewed and reset on a quarterly basis. The average crediting interest rate for 2023 and 2022 was 1.23% and 0.93%, respectively.

Guaranteed Investment Contract with Insurance Company (continued)

Certain events limit the ability of the Plan to transact at contract value with the issuer. Such events include the following: (1) amendments to the Plan documents (including complete or partial Plan termination or merger with another plan); (2) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions: (3) bankruptcy of the Plan Sponsor or other Plan Sponsor events that cause a significant withdrawal from the Plan; or (4) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under the ERISA, as amended. The Plan Administrator does not believe that any events that would limit the Plan's ability to transact at contract value with participants are probable of occurring.

In addition, certain events allow the issuer to terminate the contract with the Plan and settle at an amount different from contract value. Such events include (1) an uncured violation of the Plan's investment guidelines, (2) a breach of material obligation under the contract, (3) a material misrepresentation, and (4) a material amendment to the agreement without the consent of the issuer.

Certified Investment Information

The Plan Administrator has elected the method of annual reporting compliance permitted by ERISA Section 103(a)(3)(C), pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulation for Reporting and Disclosure under ERISA. Accordingly EAIC and Empower Trust Company, both qualified institutions, have certified the following information included in the accompanying financial statements and supplemental Schedule of Assets (Held at End of Year) as complete and accurate:

- Investments as shown in the Statements of Net Assets Available for Benefits as of December 31, 2023 and 2022;
- Net appreciation in fair value of investments and dividends and interest as shown in the Statement of Changes in Net Assets Available for Benefits for the year ended December 31, 2023;
- Investment information included in the Notes to Financial Statements;
- All investment information included in the Supplemental Schedule, Schedule H, Line 4i – Schedule of Assets (Held at End of Year) – As of December 31, 2023.

At the request of the Plan Administrator, the Plan's independent auditors did not perform auditing procedures with respect to this certified investment information included in the financial statements and ERISA-required supplemental schedule.

Party-in-Interest Transactions

The Plan investments in the insurance company guaranteed account are managed by EAIC and Empower Trust Company, the Trustee of the Plan. Any purchases and sales of these funds are performed in the open market at contract value. Such transactions, while considered party-in-interest transactions under ERISA regulations, are permitted under ERISA. Fees incurred by the Plan for investment management services are included in net depreciation in fair value of investments, as they are paid through revenue sharing rather than a direct payment.

Party-in-Interest Transactions (continued)

EAIC and Empower Trust Company provide certain administrative services to the Plan pursuant to a Master Plan Services Management Agreement (MSA) between the Companies and Empower. Empower receives revenue from mutual fund service providers for services Empower provides to the funds. This revenue is used to offset certain amounts owed to Empower for its administrative services to the Plan.

If the revenue received by Empower form such mutual fund service providers exceeds the amount owed under MSA, Empower remits the excess to the Plan's trust on a quarterly basis. Such amounts may be applied to pay Plan administrative expenses or allocated to the accounts of the participants. The Plan or Plan Sponsor may make a payment to Empower for administrative expenses not covered by revenue sharing. For 2023, the Plan received $30,776 of revenue sharing credits.

The Plan paid $84,982 of administrative fees to the Trustee for the year ended December 31, 2023. The Companies provide certain administrative services at no cost to the Plan.

Tax Status

The Companies adopted a prototype standardized profit-sharing plan that received a favorable opinion letter from the Internal Revenue Service on June 30, 2020, which stated that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code (IRC). Although the Plan has been amended since receiving the opinion letter, the Plan Administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC.

The Plan Administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2023, there are no uncertain positions taken or expected to be taken that would require recognition of a liability or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan Administrator believes it is no longer subject to income tax examinations for years prior to 2020.

Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the accompanying statements of net assets available for benefits.

Corrective Contributions

In 2021, the Companies did not calculate the employee contribution or employer matching contribution on certain eligible wages. The financial statements reflect a receivable from the Companies for the resolution of the operational failure. The Companies are self-correcting the operational failure under the IRS self-correction guidelines. The Companies believe that the matter identified for remediation would not cause the Plan to be disqualified by the IRS; therefore, no provision for income taxes have been included in the Plan's financial statements. The Plan has recorded a receivable in the amount of $3,093 and $2,859 as of December 31, 2023 and 2022, respectively, to correct the deficiencies. The Companies will follow the IRS self-correction guidelines.

Subsequent Events
