## INDEPENDENT AUDITOR'S REPORT

To the Employee Benefits Administration Board of The Kraft Heinz Company and  
the Participants and Plan Administrator of the Kraft Heinz Savings Plan  
Pittsburgh, Pennsylvania

**Opinion**

We have audited the financial statements of Kraft Heinz Savings Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), which comprise the statements of net assets available for benefits as of December 31, 2024 and 2023, and the related statement of changes in net assets available for benefits for the year ended December 31, 2024, and the related notes to the financial statements.

In our opinion, the accompanying financial statements present fairly, in all material respects, the net assets available for benefits of the Plan as of December 31, 2024 and 2023, and the changes in its net assets available for benefits for the year ended December 31, 2024, in accordance with accounting principles generally accepted in the United States of America.

**Basis for Opinion**

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

**Responsibilities of Management for the Financial Statements**

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year from the date the financial statements are available to be issued.

---

(Continued)

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

### ***Auditor's Responsibilities for the Audit of the Financial Statements***

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

### ***Supplemental Schedules Required by ERISA***

Our audits were conducted for the purpose of forming an opinion on the financial statements as a whole. The supplemental schedule of Schedule H, Line 4i - Schedule of Assets (Held at End of Year) as of December 31, 2024 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS.

---

(Continued)

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion, the information in the accompanying schedule is fairly stated, in all material respects, in relation to the financial statements as a whole, and the form and content are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

## NOTES TO THE FINANCIAL STATEMENTS

### (1) PLAN DESCRIPTION:

#### **General**

The Kraft Heinz Savings Plan (the “Plan”) is a defined contribution plan covering eligible salaried and non-union hourly employees actively employed by certain subsidiaries of The Kraft Heinz Company (the “Company” and, together with its subsidiaries, “Kraft Heinz”). Participants should refer to the Plan document for a more complete description of the Plan’s provisions. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended (“ERISA”), and the U.S. Internal Revenue Code of 1986, as amended (the “Code”). The following description of the Plan provides only general information.

Kraft Heinz Foods Company (“KHFC”), a wholly-owned subsidiary of the Company, is the sponsor of the Plan, and the Employee Benefits Administration Board of the Company (“EBAB”) is responsible for the day-to-day administration and investment operations of the Plan. EBAB is responsible for selecting the investment options in which participants elect to invest their Plan accounts, appointing investment managers to manage one or more of the investment options, and monitoring the performance of the investment options. The Plan also vests EBAB with authority to control and manage the non-investment operations of the Plan. EBAB appointed Newport Trust Company (“Newport”) as the independent fiduciary and investment manager of the Kraft Heinz stock fund of the Plan (the “Stock Fund”). Effective April 14, 2022, the Stock Fund was frozen to new investments (i.e. no future contributions or balance transfers may be made into the Stock Fund).

Throughout the year, employees transfer to various departments within Kraft Heinz, which may result in the employee becoming eligible or, if he or she was already participating in the Plan, ineligible, to participate in the Plan. The provisions of the plans sponsored by Kraft Heinz (including the Plan) provide that when an employee becomes ineligible for their current plan and eligible for a different plan due to a transfer, the employee’s account balance in that plan will follow them and transfer to the plan for which the employee is now eligible. This may result in a transfer to or from the Plan. This is shown as a “Transfer from Kraft Heinz Union Savings Plan” and on the statement of changes in net assets available for benefits.

#### **Master Trust**

Assets of the Plan are co-invested with the assets of other defined contribution plans sponsored by KHFC in a commingled investment fund known as the Kraft Heinz Defined Contribution Master Trust (the “Master Trust”) for which Fidelity Management Trust Company (the “Trustee”) serves as the trustee. As of December 31, 2024 and December 31, 2023, the other defined contribution plans in the Master Trust included the Savings Plan for Puerto Rico Employees of Kraft Foods Group, Inc. and the Kraft Heinz Union Savings Plan.

#### **Eligibility**

Regular full-time employees are eligible to participate in the Plan beginning on their employment commencement date, subject to any probationary period for the specific work unit. Other employees are eligible to participate after the completion of 1,000 hours of service. Employees are not eligible to participate in the Plan unless they are employed by KHFC or an affiliate that has adopted the Plan and are not covered by a collective bargaining agreement.

#### **Participant Contributions**

Participant contributions to the Plan may be either tax-deferred, after-tax, Roth 401(k), or a combination thereof (“Participant Contributions”). The total of Participant Contributions may not exceed 75% of a participant’s compensation.

Participant Contributions made by certain highly compensated participants may be limited under the Code. Direct tax-deferred and Roth 401(k) contributions by any participant under the Plan and any other qualified cash or deferred arrangement were limited to \$23,000 (\$30,500 if over age 50 by year end) in 2024. Total employer and employee contributions to the Plan were limited to \$69,000 (\$76,500 if over age 50 by year end) or 100% of the participant’s compensation, whichever is less in 2024.

### **Automatic Enrollment and Escalation**

The Plan includes a qualified automatic contribution arrangement, pursuant to which all eligible employees are enrolled automatically with a 6% tax-deferred contribution rate unless the employee elects otherwise. These contributions are invested in the Plan's default investment option unless the employee makes a different investment election.

The default investment option is a BlackRock LifePath Index Funds G that corresponds with the year the participant will reach age 65. Starting the first year after a participant is automatically enrolled in the Plan, the participant's tax-deferred contribution rate is automatically increased by 1% annually, up to a maximum of 10%. This occurs with the first payroll period in January of each year, and participants may decline these rate increases or elect a different rate. Participants may also elect to have their deferral contributions automatically increased each year by a percentage (between 1% and 10%) and at a time of their choosing, up to a maximum of the Plan or Code limits. Employees may opt out of the automatic enrollment, stop contributions, modify their contribution rate or type, or change their investment elections at any time.

### **Employer Contributions**

Kraft Heinz contributes one dollar for every dollar of employee contribution to the Plan up to 2% of eligible pay, plus 50 cents for every dollar of employee contribution that is between 2% and 6% of eligible pay, for a maximum matching contribution of 4% of eligible pay each year ("Kraft Heinz Matching Contributions"). Beginning January 1st 2024, as part of the SECURE 2.0 Act, a Company match of up to 4% of eligible pay each year is made on qualified employee student loan payments. In no way will a participant's Matching Contributions for a Plan Year exceed 4% of eligible pay. Kraft Heinz Matching Contributions are invested in accordance with each participant's current investment election in effect at the time of the contribution, or to the Plan's default fund in the absence of an investment election.

The Company makes an additional non-elective contribution equal to 3% of eligible pay each year ("Kraft Heinz Non-Elective Contribution"). To receive the Kraft Heinz Non-Elective Contribution, an employee must be employed by Kraft Heinz on the last day of the calendar year, unless they terminate employment during the year after reaching age 55 with at least five years of service with Kraft Heinz, because of disability or death, or because of an applicable Kraft Heinz-designated job elimination, plant shutdown or closing of a unit, permanent layoff in connection with a reduction in force, or sale or other disposition of all or a portion of a business or product line to a purchaser, transferee, or acquirer.

The amount paid in 2025 related to the Kraft Heinz Non-Elective Contribution for 2024 was \$34.3 million. \$4.1 million of this was funded using forfeitures. The net amount is included in the employer contributions receivable on the statements of net assets available for benefits as of December 31, 2024.

### **Participant Accounts**

The participants' accounts are credited with Participant Contributions, Kraft Heinz Matching Contributions, Kraft Heinz Non-Elective Contributions, and Plan earnings and charged with benefit payments, allocation of Plan losses, and administrative expenses, as applicable. Each participant has the right to direct the investment of their account to any of the investment options available under the Plan. Alternatively, a participant can elect to have Fidelity Portfolio Advisory Service direct the investment of their account.

The Kraft Heinz Matching Contributions and Kraft Heinz Non-Elective Contributions are based on participants' eligible earnings while each participant's investment earnings are determined by the results of the underlying investments selected by the participant. The participant is entitled to the participant's vested account balance.

### **Employee Stock Ownership Plan**

The employee stock ownership plan ("ESOP") portion of the Plan permits participants who have an investment in the Stock Fund, to elect, no later than the business day immediately preceding an ex-dividend date with respect to a cash dividend payable on shares of the Company common stock, to have the portion of the dividend that qualifies as a dividend for U.S. federal income tax purposes paid to them in cash or have the dividend reinvested in additional units of the Stock Fund.

### **Voting Rights for Employer Stock**

Each participant is entitled to exercise voting rights with respect to the shares allocated to their account. Participant votes are tabulated

## NOTES TO THE FINANCIAL STATEMENTS

by the transfer agent and communicated to the Trustee. The Trustee generally is required to vote any allocated shares for which instructions have not been given by a participant in the same proportion for which the Trustee received participant direction.

### **Vesting**

The portion of a participant's account that includes Participant Contributions, rollover contributions, dividends paid on investments in the Stock Fund, and related earnings is fully vested at all times.

Kraft Heinz Matching Contributions and Kraft Heinz Non-Elective Contributions made during or after 2016 vest after two years of service. However, regardless of a participant's years of service, the Kraft Heinz Matching Contribution and Kraft Heinz Non-Elective Contribution accounts will vest immediately if the participant reaches age 65 while employed by Kraft Heinz, or if the participant terminates employment with Kraft Heinz after the beginning of the year in which he or she reaches age 55, due to disability or death, or due to an applicable Company-designated job elimination, plant shutdown or closing of a unit, permanent layoff in connection with a reduction in force, or sale or other disposition of all or a portion of a business or product line to a purchaser, transferee, or acquirer.

### **Withdrawals and Distributions**

A participant's after-tax (excluding Roth 401(k)) and rollover contributions, plus related earnings, are available for withdrawal at any time. Tax-deferred and Roth 401(k) contributions, and related earnings, are not eligible for withdrawal until the participant reaches age 59½ or terminates employment, unless the participant qualifies for a hardship withdrawal or becomes disabled, as defined in the Plan. In 2016, the Kraft Foods Group, Inc. Thrift Plan ("Legacy Thrift Plan") merged with the Plan. Matching contributions made to the Legacy Thrift Plan before 2016 are available for withdrawal once the participant reaches age 59½ or has 60 months of continuous participation in the Plan. Kraft Heinz Matching Contributions and Kraft Heinz Non-Elective Contributions, and related earnings, are not eligible for withdrawal until the participant reaches age 59½ or terminates employment, unless the participant becomes disabled, as defined in the Plan.

### **Forfeitures**

If a participant terminates employment, any non-vested Company contributions are forfeited when the participant has a five-year break in service, or, if earlier, when the participant receives a distribution of their entire vested balance. The forfeited amounts are restored if the participant is rehired before incurring a five-year break in service and repays the full amount of any earlier distribution. Benefits also may be forfeited if EBAB is unable to locate a participant, after following its missing participant search procedures, subject to reinstatement if the participant is located or a beneficiary makes a valid claim for the benefit. Forfeitures may be used to restore forfeited amounts to other participants, offset Kraft Heinz Matching Contributions and Kraft Heinz Non-Elective Contributions, and pay certain expenses.

### **Notes Receivable from Participants**

Actively employed participants may request a loan from their accounts. The minimum loan is \$1,000, and the maximum is 50% of the vested value of the participant's account, or, if less, \$50,000 reduced by the participant's highest outstanding loan balance in the preceding 12 months. New loans requested on or after January 1, 2018 are limited to the balance in the participant's tax deferred account, Roth savings account, after tax account, and rollover account, and the portion of the participant's in-plan conversion account attributable to such accounts. Participants are charged a \$50 loan processing fee. The interest rate is set based on the Reuters prime rate in effect on the last day of the month before the loan is issued plus 1%. Subject to exceptions for participant loans of plans that were merged into the Plan, participants may not have more than one outstanding loan at a time.

Outstanding loans, which are secured by the participant's interest in the Plan, are repaid through payroll deductions, subject to rules permitting prepayment. Loans may have a repayment term of up to five years (15 years for primary residence loans).

In the event of default, as described by the Plan, participants are considered to have received a distribution and are subject to income taxes on the distributed amount. Participants also may be subject to an additional 10% penalty tax on the taxable distribution if it occurs prior to age 59½.

### **Plan Termination**

KHFC reserves the right, subject to the applicable provisions of ERISA and the Code, to amend (retroactively or otherwise) the Plan,

## NOTES TO THE FINANCIAL STATEMENTS

reduce or suspend Kraft Heinz Matching Contributions and/or Kraft Heinz Non-Elective Contributions to the Plan or terminate the Plan. Such actions may be taken at any time, with or without notice to participants. However, no such action may deprive any participant or beneficiary under the Plan of any vested right. In the event the Plan is terminated or partially terminated (within the meaning of the Code), each affected participant will become fully vested in their entire account.

### **Administrative Expenses**

The Plan pays reasonable expenses including record keeping fees, administrative charges, professional fees, trustee fees, brokerage fees, commissions, and expenses incident to the income or assets of the Master Trust or the purchase or sale of securities by the Trustee from the assets of the Master Trust unless paid by Kraft Heinz.

### (2) SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES:

#### **Basis of Accounting**

The accompanying financial statements are presented on the accrual basis of accounting.

#### **Use of Estimates**

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America ("U.S. GAAP") requires management to make estimates and assumptions that affect the reported amounts in the financial statements and related disclosures. Actual results could differ from those estimates.

#### **Investment Valuation and Income Recognition**

The Plan holds an interest in the assets of the Master Trust, which is reported at fair value with the exception of fully benefit-responsive investment contracts that are presented at contract value. Net assets and investment income are allocated to the individual plans based upon their interests in each of the underlying participant-directed investments. The Plan's investments in the Master Trust consist of various mutual funds, collective trusts, and common stock presented at fair value. Valuation methodologies for each type of investment are discussed within Note 7, *Fair Value Measurements*.

The Plan's investments in the Master Trust also consist of synthetic guaranteed investment contracts ("GICs"). An investment contract is generally permitted to be valued at contract value, rather than fair value, to the extent it is fully benefit-responsive, because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan. Contract value represents contributions made to the contract, plus earnings, less participant withdrawals and administrative expenses. Synthetic GICs are fully benefit-responsive investment contracts that are included at contract value in the investments of the Plan and in the statements of net assets available for benefits.

Purchases and sales of investments are reflected on a trade-date basis. In accordance with the policy of stating investments at fair value, the net appreciation/(depreciation) in the fair value of investments reflects both realized gains or losses and the change in the unrealized appreciation/(depreciation) of investments held at year-end. Realized gains or losses from security transactions are reported on the average cost method. Dividend income is recorded on the ex-dividend date. Interest income is recorded as earned.

#### **Risks and Uncertainties**

The Plan and the Master Trust provide for various investment options. Investments, in general, are exposed to various risks, such as interest rate risk, credit risk, liquidity risk, and overall market volatility. Due to the level of risk associated with certain investments and the sensitivity of certain fair value estimates to changes in valuation assumptions, it is reasonably possible that changes in the values of investments will occur in the near term and that these changes could materially affect participants' account balances and the amounts reported in the financial statements.

#### **Benefits Paid**

Benefit payments to participants are recorded upon distribution.

**Notes Receivable from Participants**

Notes receivable from participants are reported at their unpaid principal balance plus any accrued but unpaid interest, with no allowance for credit losses, as repayments of principal and interest are received through payroll deductions, and the notes are collateralized by the participants' account balances.

**(3) PARTIES-IN-INTEREST TRANSACTIONS:**

Parties-in-interest are defined under U.S. Department of Labor regulations as any fiduciary of the Plan, any party rendering service to the Plan, the employer, and certain others.

EBAB is not aware of any non-exempt transactions between the Plan and Master Trust and a party-in-interest (as defined by ERISA). The Master Trust held 2.8 million shares (approximately \$85.9 million) and 3.2 million shares (approximately \$117.5 million) of the Company's common stock as of December 31, 2024 and December 31, 2023, respectively, which such holdings are exempt from the party-in-interest transaction prohibitions of ERISA. The Master Trust recorded reinvested dividend income of \$3.9 million and net realized loss of \$1.1 million from investments in the Company's common stock for the year ended December 31, 2024. Newport is the independent fiduciary and investment manager of the Stock Fund.

The Master Trust invests in collective trusts issued by Prudential Trust Company, an investment manager and subsidiary of Prudential Financial, Inc., and managed by its affiliates; collective trusts issued by BlackRock Institutional Trust Company, National Association, an investment manager and subsidiary of BlackRock, Inc., and managed by its affiliates; collective trusts issued by JPMorgan Chase Bank, National Association, an investment manager and subsidiary of JPMorgan Chase & Co., and managed by its affiliates; collective trusts issued by State Street Global Advisors Trust Company, an investment manager and subsidiary of State Street Corporation, and managed by its affiliates; collective trusts issued by MFS Heritage Trust Company, an investment manager and subsidiary of Sun Life Financial, Inc., and managed by its affiliates, all of which are also intended to be exempt parties-in-interest transactions.

The Master Trust invests in investment contracts, and the fees paid to issuers of the contracts are intended to qualify as exempt parties-in-interest transactions. Notes receivable from participants are also intended to be exempt parties-in-interest transactions. Actual fees paid by the Plan for investment management, recordkeeping, and consulting services also are intended to qualify as exempt parties-in-interest transactions and are included in administrative expenses in the accompanying financial statements.

**(4) TAX STATUS:**

The Plan (formerly known as the H. J. Heinz Company Employees Retirement and Savings Plan) obtained its latest determination letter dated September 29, 2013, in which the U.S. Internal Revenue Service ("IRS") indicated that the Plan is designed in accordance with applicable sections of the Code. The Plan has been amended and restated since receiving the most recent determination letter. The Plan's administrator believes that the Plan continues to be a "qualified" plan under Section 401(a) of the Code and that the Plan contains a qualified cash or deferred arrangement within the meaning of Section 401(k) of the Code. Therefore, no provision for income tax has been included in the Plan's financial statements.

U.S. GAAP requires plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. EBAB has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2024 and December 31, 2023, there are no uncertain tax positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions. There are currently no audits for any tax periods in progress. EBAB believes it is no longer subject to income tax examinations for years prior to 2021.

**(5) GUARANTEED INVESTMENT CONTRACTS HELD BY MASTER TRUST:**

The Master Trust holds investments in synthetic GICs as part of the Interest Income Fund investment option.

The synthetic GICs provide a fixed return on principal over a specified period of time through fully benefit-responsive investment contracts or wrapper contracts issued by a third party. The portfolio of assets underlying the synthetic GICs includes mortgage-backed securities, U.S. government securities, asset-backed securities, corporate bonds, agency bonds, and a short-term investment fund in 2024 and 2023. The contract value of the synthetic GICs held by the Master Trust was \$227.6 million and \$245.1 million as of

## NOTES TO THE FINANCIAL STATEMENTS

December 31, 2024 and December 31, 2023, respectively.

The crediting interest rates for the synthetic GICs are calculated on a monthly basis (or more frequently if necessary) using the contract value and the value, yield, and duration of the underlying securities, but cannot be less than zero.

There are certain events not initiated by Plan participants that limit the ability of the Plan to transact with the issuer of a synthetic GIC at its contract value. Specific coverage provided by each synthetic GIC may be different from each issuer and can be found in the individual synthetic GICs held by the Plan. Examples of these events include, but are not limited to: the Plan's failure to qualify under the Code; full or partial termination of the Plan; involuntary termination of employment as a result of a corporate merger, divestiture, spin-off, or other significant business restructuring, which may include early retirement incentive programs or bankruptcy; changes to the Plan's administration that decrease employee or employer contributions, including the establishment of a competing plan by the Plan sponsor, the introduction of a competing investment option, or other Plan amendments that have not been approved by the contract issuers; dissemination of a participant communication that is designed to induce participants to transfer assets from the stable value option; and events resulting in a material and adverse financial impact on the contract issuer, including changes in the Code, laws, or regulations.

As of the date of this filing, EBAB does not believe that the occurrence of any of these events, which would limit the Plan's ability to transact with the issuer of a synthetic GIC at its contract value with participants, is probable.

Contract issuers are not allowed to terminate any of the above synthetic GICs and settle at an amount different from contract value unless there is a breach of the contract that is not corrected within the applicable cure period. Actions that will result in a breach (after any relevant cure period) include, but are not limited to: material misrepresentation; failure to pay synthetic GIC fees or any other payment due under the contract; and failure to adhere to investment guidelines.

## NOTES TO THE FINANCIAL STATEMENTS

### (7) FAIR VALUE MEASUREMENTS:

Investments of the Master Trust are reported at fair value with the exception of fully benefit-responsive investment contracts, which are presented at contract value. The Plan's interest in the Master Trust is reported at estimated fair value based upon the fair values of the underlying investments held within the Master Trust with the exception of fully benefit-responsive investment contracts, which are presented at contract value. The guidance establishes a fair value hierarchy, which requires the Plan and the Master Trust to maximize the use of observable inputs and minimize the use of unobservable inputs when measuring fair value. The hierarchy places the highest priority on unadjusted quoted market prices in active markets for identical assets or liabilities (Level 1 measurements) and gives the lowest priority to unobservable inputs (Level 3 measurements). The three levels of inputs within the fair value hierarchy are defined as follows:

Level 1: Quoted prices (unadjusted) for identical assets or liabilities in active markets that the Plan and the Master Trust have the ability to access as of the measurement date.

Level 2: Significant other observable inputs other than Level 1 prices such as quoted prices for similar assets or liabilities; quoted prices in markets that are not active; or other inputs that are observable or can be corroborated by observable market data.

Level 3: Significant unobservable inputs that reflect the Plan's and the Master Trust's own assumptions about the assumptions that market participants would use in pricing an asset or liability.

In some cases, a valuation technique used to measure fair value may include inputs from multiple levels of the fair value hierarchy. The lowest level of significant input determines the placement of the entire fair value measurement in the hierarchy.

Transfers between hierarchy measurement levels are recognized by the Plan as of the beginning of the reporting period.

The following descriptions of the valuation methods and assumptions used by the Plan to estimate the fair values of investments apply to investments held as underlying investments of the Master Trust.

*Registered Investment Companies:* The fair value of the registered investment companies is determined by obtaining a quoted price on a nationally recognized security exchange (Level 1 input).

*Common Stocks:* Equities are valued using quoted market prices. Securities listed on national and international exchanges are principally valued at the regular trading session closing price on the exchange or market in which these securities are principally traded on the last trading day of each period presented (Level 1 inputs).

*Short-Term Investments:* Short-term investments mainly consist of money market mutual funds. The fair value of the money market mutual funds is determined by obtaining a quoted price on a nationally recognized security exchange (Level 1 input). Issuances and redemptions of participant units are made on each business day. Participant units are typically purchased and redeemed at a constant net asset value of \$1.00 per unit. In the event that a significant disparity develops between the constant net asset value and the fair value-based net asset value of the fund, the Trustee may determine that continued issuance or redemption at a constant \$1.00 per unit net asset value would create inequitable results for the fund's unit holders. In these circumstances, the Trustee, in its sole discretion and acting on behalf of the fund's unit holders, may direct that units be issued or redeemed at the fair value-based net asset value until such time as the disparity between the fair value-based and the constant net asset value per unit is deemed to be immaterial. The short-term investments are designed to provide safety of principal, daily liquidity, and a competitive yield by investing in government fixed income and money market instruments.

*Collective Trusts:* The fair values of participation units held in collective trusts are based on their net asset values, as reported by the managers of the collective trusts and as supported by the unit prices of actual purchase and sale transactions occurring as of, or close to, the financial statement date. The fair value of these investments measured at net asset value is excluded from the fair value hierarchy. The investment objectives and underlying investments of the collective trusts vary. The investments provide daily redemptions by the Plan with no advance notice requirements and have redemption prices that are determined by the fund's net asset value per unit as of the redemption date.

Assets of the Master Trust that are measured at fair value on a recurring basis as of December 31, 2024 and December 31, 2023 are summarized below (in thousands):

(9) SUBSEQUENT EVENTS:

On October 2, 2023, the EBAB filed a claim on behalf of the Kraft Heinz Defined Contribution Master Trust in the proposed settlement of the Kraft Heinz Securities Litigation class action. The settlement class, subject to limited exclusions, consisted of all persons or entities who purchased or otherwise acquired Kraft Heinz common stock or call options on Kraft Heinz common stock, or sold put options on Kraft Heinz common stock, from November 6, 2015 through August 7, 2019. On May 15, 2025, the Kraft Heinz Securities Litigation Settlement Fund issued to the Kraft Heinz Defined Contribution Master Trust an initial distribution in the amount of \$10.2 million (unaudited). The portion of this initial distribution allocable to the Plan is not yet known. Furthermore, it is currently unknown whether any future distributions will occur, or what their amounts might be.

## INDEPENDENT AUDITOR'S REPORT

To the Employee Benefits Administration Board of The Kraft Heinz Company and  
the Participants and Plan Administrator of the Kraft Heinz Savings Plan  
Pittsburgh, Pennsylvania

**Opinion**

We have audited the financial statements of Kraft Heinz Savings Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), which comprise the statements of net assets available for benefits as of December 31, 2024 and 2023, and the related statement of changes in net assets available for benefits for the year ended December 31, 2024, and the related notes to the financial statements.

In our opinion, the accompanying financial statements present fairly, in all material respects, the net assets available for benefits of the Plan as of December 31, 2024 and 2023, and the changes in its net assets available for benefits for the year ended December 31, 2024, in accordance with accounting principles generally accepted in the United States of America.

**Basis for Opinion**

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

**Responsibilities of Management for the Financial Statements**

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year from the date the financial statements are available to be issued.

---

(Continued)

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

### ***Auditor's Responsibilities for the Audit of the Financial Statements***

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

### ***Supplemental Schedules Required by ERISA***

Our audits were conducted for the purpose of forming an opinion on the financial statements as a whole. The supplemental schedule of Schedule H, Line 4i - Schedule of Assets (Held at End of Year) as of December 31, 2024 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS.

---

(Continued)

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion, the information in the accompanying schedule is fairly stated, in all material respects, in relation to the financial statements as a whole, and the form and content are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

## NOTES TO THE FINANCIAL STATEMENTS

### (1) PLAN DESCRIPTION:

#### **General**

The Kraft Heinz Savings Plan (the “Plan”) is a defined contribution plan covering eligible salaried and non-union hourly employees actively employed by certain subsidiaries of The Kraft Heinz Company (the “Company” and, together with its subsidiaries, “Kraft Heinz”). Participants should refer to the Plan document for a more complete description of the Plan’s provisions. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended (“ERISA”), and the U.S. Internal Revenue Code of 1986, as amended (the “Code”). The following description of the Plan provides only general information.

Kraft Heinz Foods Company (“KHFC”), a wholly-owned subsidiary of the Company, is the sponsor of the Plan, and the Employee Benefits Administration Board of the Company (“EBAB”) is responsible for the day-to-day administration and investment operations of the Plan. EBAB is responsible for selecting the investment options in which participants elect to invest their Plan accounts, appointing investment managers to manage one or more of the investment options, and monitoring the performance of the investment options. The Plan also vests EBAB with authority to control and manage the non-investment operations of the Plan. EBAB appointed Newport Trust Company (“Newport”) as the independent fiduciary and investment manager of the Kraft Heinz stock fund of the Plan (the “Stock Fund”). Effective April 14, 2022, the Stock Fund was frozen to new investments (i.e. no future contributions or balance transfers may be made into the Stock Fund).

Throughout the year, employees transfer to various departments within Kraft Heinz, which may result in the employee becoming eligible or, if he or she was already participating in the Plan, ineligible, to participate in the Plan. The provisions of the plans sponsored by Kraft Heinz (including the Plan) provide that when an employee becomes ineligible for their current plan and eligible for a different plan due to a transfer, the employee’s account balance in that plan will follow them and transfer to the plan for which the employee is now eligible. This may result in a transfer to or from the Plan. This is shown as a “Transfer from Kraft Heinz Union Savings Plan” and on the statement of changes in net assets available for benefits.

#### **Master Trust**

Assets of the Plan are co-invested with the assets of other defined contribution plans sponsored by KHFC in a commingled investment fund known as the Kraft Heinz Defined Contribution Master Trust (the “Master Trust”) for which Fidelity Management Trust Company (the “Trustee”) serves as the trustee. As of December 31, 2024 and December 31, 2023, the other defined contribution plans in the Master Trust included the Savings Plan for Puerto Rico Employees of Kraft Foods Group, Inc. and the Kraft Heinz Union Savings Plan.

#### **Eligibility**

Regular full-time employees are eligible to participate in the Plan beginning on their employment commencement date, subject to any probationary period for the specific work unit. Other employees are eligible to participate after the completion of 1,000 hours of service. Employees are not eligible to participate in the Plan unless they are employed by KHFC or an affiliate that has adopted the Plan and are not covered by a collective bargaining agreement.

#### **Participant Contributions**

Participant contributions to the Plan may be either tax-deferred, after-tax, Roth 401(k), or a combination thereof (“Participant Contributions”). The total of Participant Contributions may not exceed 75% of a participant’s compensation.

Participant Contributions made by certain highly compensated participants may be limited under the Code. Direct tax-deferred and Roth 401(k) contributions by any participant under the Plan and any other qualified cash or deferred arrangement were limited to \$23,000 (\$30,500 if over age 50 by year end) in 2024. Total employer and employee contributions to the Plan were limited to \$69,000 (\$76,500 if over age 50 by year end) or 100% of the participant’s compensation, whichever is less in 2024.

### **Automatic Enrollment and Escalation**

The Plan includes a qualified automatic contribution arrangement, pursuant to which all eligible employees are enrolled automatically with a 6% tax-deferred contribution rate unless the employee elects otherwise. These contributions are invested in the Plan's default investment option unless the employee makes a different investment election.

The default investment option is a BlackRock LifePath Index Funds G that corresponds with the year the participant will reach age 65. Starting the first year after a participant is automatically enrolled in the Plan, the participant's tax-deferred contribution rate is automatically increased by 1% annually, up to a maximum of 10%. This occurs with the first payroll period in January of each year, and participants may decline these rate increases or elect a different rate. Participants may also elect to have their deferral contributions automatically increased each year by a percentage (between 1% and 10%) and at a time of their choosing, up to a maximum of the Plan or Code limits. Employees may opt out of the automatic enrollment, stop contributions, modify their contribution rate or type, or change their investment elections at any time.

### **Employer Contributions**

Kraft Heinz contributes one dollar for every dollar of employee contribution to the Plan up to 2% of eligible pay, plus 50 cents for every dollar of employee contribution that is between 2% and 6% of eligible pay, for a maximum matching contribution of 4% of eligible pay each year ("Kraft Heinz Matching Contributions"). Beginning January 1st 2024, as part of the SECURE 2.0 Act, a Company match of up to 4% of eligible pay each year is made on qualified employee student loan payments. In no way will a participant's Matching Contributions for a Plan Year exceed 4% of eligible pay. Kraft Heinz Matching Contributions are invested in accordance with each participant's current investment election in effect at the time of the contribution, or to the Plan's default fund in the absence of an investment election.

The Company makes an additional non-elective contribution equal to 3% of eligible pay each year ("Kraft Heinz Non-Elective Contribution"). To receive the Kraft Heinz Non-Elective Contribution, an employee must be employed by Kraft Heinz on the last day of the calendar year, unless they terminate employment during the year after reaching age 55 with at least five years of service with Kraft Heinz, because of disability or death, or because of an applicable Kraft Heinz-designated job elimination, plant shutdown or closing of a unit, permanent layoff in connection with a reduction in force, or sale or other disposition of all or a portion of a business or product line to a purchaser, transferee, or acquirer.

The amount paid in 2025 related to the Kraft Heinz Non-Elective Contribution for 2024 was \$34.3 million. \$4.1 million of this was funded using forfeitures. The net amount is included in the employer contributions receivable on the statements of net assets available for benefits as of December 31, 2024.

### **Participant Accounts**

The participants' accounts are credited with Participant Contributions, Kraft Heinz Matching Contributions, Kraft Heinz Non-Elective Contributions, and Plan earnings and charged with benefit payments, allocation of Plan losses, and administrative expenses, as applicable. Each participant has the right to direct the investment of their account to any of the investment options available under the Plan. Alternatively, a participant can elect to have Fidelity Portfolio Advisory Service direct the investment of their account.

The Kraft Heinz Matching Contributions and Kraft Heinz Non-Elective Contributions are based on participants' eligible earnings while each participant's investment earnings are determined by the results of the underlying investments selected by the participant. The participant is entitled to the participant's vested account balance.

### **Employee Stock Ownership Plan**

The employee stock ownership plan ("ESOP") portion of the Plan permits participants who have an investment in the Stock Fund, to elect, no later than the business day immediately preceding an ex-dividend date with respect to a cash dividend payable on shares of the Company common stock, to have the portion of the dividend that qualifies as a dividend for U.S. federal income tax purposes paid to them in cash or have the dividend reinvested in additional units of the Stock Fund.

### **Voting Rights for Employer Stock**

Each participant is entitled to exercise voting rights with respect to the shares allocated to their account. Participant votes are tabulated

## NOTES TO THE FINANCIAL STATEMENTS

by the transfer agent and communicated to the Trustee. The Trustee generally is required to vote any allocated shares for which instructions have not been given by a participant in the same proportion for which the Trustee received participant direction.

### **Vesting**

The portion of a participant's account that includes Participant Contributions, rollover contributions, dividends paid on investments in the Stock Fund, and related earnings is fully vested at all times.

Kraft Heinz Matching Contributions and Kraft Heinz Non-Elective Contributions made during or after 2016 vest after two years of service. However, regardless of a participant's years of service, the Kraft Heinz Matching Contribution and Kraft Heinz Non-Elective Contribution accounts will vest immediately if the participant reaches age 65 while employed by Kraft Heinz, or if the participant terminates employment with Kraft Heinz after the beginning of the year in which he or she reaches age 55, due to disability or death, or due to an applicable Company-designated job elimination, plant shutdown or closing of a unit, permanent layoff in connection with a reduction in force, or sale or other disposition of all or a portion of a business or product line to a purchaser, transferee, or acquirer.

### **Withdrawals and Distributions**

A participant's after-tax (excluding Roth 401(k)) and rollover contributions, plus related earnings, are available for withdrawal at any time. Tax-deferred and Roth 401(k) contributions, and related earnings, are not eligible for withdrawal until the participant reaches age 59½ or terminates employment, unless the participant qualifies for a hardship withdrawal or becomes disabled, as defined in the Plan. In 2016, the Kraft Foods Group, Inc. Thrift Plan ("Legacy Thrift Plan") merged with the Plan. Matching contributions made to the Legacy Thrift Plan before 2016 are available for withdrawal once the participant reaches age 59½ or has 60 months of continuous participation in the Plan. Kraft Heinz Matching Contributions and Kraft Heinz Non-Elective Contributions, and related earnings, are not eligible for withdrawal until the participant reaches age 59½ or terminates employment, unless the participant becomes disabled, as defined in the Plan.

### **Forfeitures**

If a participant terminates employment, any non-vested Company contributions are forfeited when the participant has a five-year break in service, or, if earlier, when the participant receives a distribution of their entire vested balance. The forfeited amounts are restored if the participant is rehired before incurring a five-year break in service and repays the full amount of any earlier distribution. Benefits also may be forfeited if EBAB is unable to locate a participant, after following its missing participant search procedures, subject to reinstatement if the participant is located or a beneficiary makes a valid claim for the benefit. Forfeitures may be used to restore forfeited amounts to other participants, offset Kraft Heinz Matching Contributions and Kraft Heinz Non-Elective Contributions, and pay certain expenses.

### **Notes Receivable from Participants**

Actively employed participants may request a loan from their accounts. The minimum loan is \$1,000, and the maximum is 50% of the vested value of the participant's account, or, if less, \$50,000 reduced by the participant's highest outstanding loan balance in the preceding 12 months. New loans requested on or after January 1, 2018 are limited to the balance in the participant's tax deferred account, Roth savings account, after tax account, and rollover account, and the portion of the participant's in-plan conversion account attributable to such accounts. Participants are charged a \$50 loan processing fee. The interest rate is set based on the Reuters prime rate in effect on the last day of the month before the loan is issued plus 1%. Subject to exceptions for participant loans of plans that were merged into the Plan, participants may not have more than one outstanding loan at a time.

Outstanding loans, which are secured by the participant's interest in the Plan, are repaid through payroll deductions, subject to rules permitting prepayment. Loans may have a repayment term of up to five years (15 years for primary residence loans).

In the event of default, as described by the Plan, participants are considered to have received a distribution and are subject to income taxes on the distributed amount. Participants also may be subject to an additional 10% penalty tax on the taxable distribution if it occurs prior to age 59½.

### **Plan Termination**

KHFC reserves the right, subject to the applicable provisions of ERISA and the Code, to amend (retroactively or otherwise) the Plan,

## NOTES TO THE FINANCIAL STATEMENTS

reduce or suspend Kraft Heinz Matching Contributions and/or Kraft Heinz Non-Elective Contributions to the Plan or terminate the Plan. Such actions may be taken at any time, with or without notice to participants. However, no such action may deprive any participant or beneficiary under the Plan of any vested right. In the event the Plan is terminated or partially terminated (within the meaning of the Code), each affected participant will become fully vested in their entire account.

### **Administrative Expenses**

The Plan pays reasonable expenses including record keeping fees, administrative charges, professional fees, trustee fees, brokerage fees, commissions, and expenses incident to the income or assets of the Master Trust or the purchase or sale of securities by the Trustee from the assets of the Master Trust unless paid by Kraft Heinz.

### (2) SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES:

#### **Basis of Accounting**

The accompanying financial statements are presented on the accrual basis of accounting.

#### **Use of Estimates**

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America ("U.S. GAAP") requires management to make estimates and assumptions that affect the reported amounts in the financial statements and related disclosures. Actual results could differ from those estimates.

#### **Investment Valuation and Income Recognition**

The Plan holds an interest in the assets of the Master Trust, which is reported at fair value with the exception of fully benefit-responsive investment contracts that are presented at contract value. Net assets and investment income are allocated to the individual plans based upon their interests in each of the underlying participant-directed investments. The Plan's investments in the Master Trust consist of various mutual funds, collective trusts, and common stock presented at fair value. Valuation methodologies for each type of investment are discussed within Note 7, *Fair Value Measurements*.

The Plan's investments in the Master Trust also consist of synthetic guaranteed investment contracts ("GICs"). An investment contract is generally permitted to be valued at contract value, rather than fair value, to the extent it is fully benefit-responsive, because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan. Contract value represents contributions made to the contract, plus earnings, less participant withdrawals and administrative expenses. Synthetic GICs are fully benefit-responsive investment contracts that are included at contract value in the investments of the Plan and in the statements of net assets available for benefits.

Purchases and sales of investments are reflected on a trade-date basis. In accordance with the policy of stating investments at fair value, the net appreciation/(depreciation) in the fair value of investments reflects both realized gains or losses and the change in the unrealized appreciation/(depreciation) of investments held at year-end. Realized gains or losses from security transactions are reported on the average cost method. Dividend income is recorded on the ex-dividend date. Interest income is recorded as earned.

#### **Risks and Uncertainties**

The Plan and the Master Trust provide for various investment options. Investments, in general, are exposed to various risks, such as interest rate risk, credit risk, liquidity risk, and overall market volatility. Due to the level of risk associated with certain investments and the sensitivity of certain fair value estimates to changes in valuation assumptions, it is reasonably possible that changes in the values of investments will occur in the near term and that these changes could materially affect participants' account balances and the amounts reported in the financial statements.

#### **Benefits Paid**

Benefit payments to participants are recorded upon distribution.

**Notes Receivable from Participants**

Notes receivable from participants are reported at their unpaid principal balance plus any accrued but unpaid interest, with no allowance for credit losses, as repayments of principal and interest are received through payroll deductions, and the notes are collateralized by the participants' account balances.

**(3) PARTIES-IN-INTEREST TRANSACTIONS:**

Parties-in-interest are defined under U.S. Department of Labor regulations as any fiduciary of the Plan, any party rendering service to the Plan, the employer, and certain others.

EBAB is not aware of any non-exempt transactions between the Plan and Master Trust and a party-in-interest (as defined by ERISA). The Master Trust held 2.8 million shares (approximately \$85.9 million) and 3.2 million shares (approximately \$117.5 million) of the Company's common stock as of December 31, 2024 and December 31, 2023, respectively, which such holdings are exempt from the party-in-interest transaction prohibitions of ERISA. The Master Trust recorded reinvested dividend income of \$3.9 million and net realized loss of \$1.1 million from investments in the Company's common stock for the year ended December 31, 2024. Newport is the independent fiduciary and investment manager of the Stock Fund.

The Master Trust invests in collective trusts issued by Prudential Trust Company, an investment manager and subsidiary of Prudential Financial, Inc., and managed by its affiliates; collective trusts issued by BlackRock Institutional Trust Company, National Association, an investment manager and subsidiary of BlackRock, Inc., and managed by its affiliates; collective trusts issued by JPMorgan Chase Bank, National Association, an investment manager and subsidiary of JPMorgan Chase & Co., and managed by its affiliates; collective trusts issued by State Street Global Advisors Trust Company, an investment manager and subsidiary of State Street Corporation, and managed by its affiliates; collective trusts issued by MFS Heritage Trust Company, an investment manager and subsidiary of Sun Life Financial, Inc., and managed by its affiliates, all of which are also intended to be exempt parties-in-interest transactions.

The Master Trust invests in investment contracts, and the fees paid to issuers of the contracts are intended to qualify as exempt parties-in-interest transactions. Notes receivable from participants are also intended to be exempt parties-in-interest transactions. Actual fees paid by the Plan for investment management, recordkeeping, and consulting services also are intended to qualify as exempt parties-in-interest transactions and are included in administrative expenses in the accompanying financial statements.

**(4) TAX STATUS:**

The Plan (formerly known as the H. J. Heinz Company Employees Retirement and Savings Plan) obtained its latest determination letter dated September 29, 2013, in which the U.S. Internal Revenue Service ("IRS") indicated that the Plan is designed in accordance with applicable sections of the Code. The Plan has been amended and restated since receiving the most recent determination letter. The Plan's administrator believes that the Plan continues to be a "qualified" plan under Section 401(a) of the Code and that the Plan contains a qualified cash or deferred arrangement within the meaning of Section 401(k) of the Code. Therefore, no provision for income tax has been included in the Plan's financial statements.

U.S. GAAP requires plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. EBAB has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2024 and December 31, 2023, there are no uncertain tax positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions. There are currently no audits for any tax periods in progress. EBAB believes it is no longer subject to income tax examinations for years prior to 2021.

**(5) GUARANTEED INVESTMENT CONTRACTS HELD BY MASTER TRUST:**

The Master Trust holds investments in synthetic GICs as part of the Interest Income Fund investment option.

The synthetic GICs provide a fixed return on principal over a specified period of time through fully benefit-responsive investment contracts or wrapper contracts issued by a third party. The portfolio of assets underlying the synthetic GICs includes mortgage-backed securities, U.S. government securities, asset-backed securities, corporate bonds, agency bonds, and a short-term investment fund in 2024 and 2023. The contract value of the synthetic GICs held by the Master Trust was \$227.6 million and \$245.1 million as of

## NOTES TO THE FINANCIAL STATEMENTS

December 31, 2024 and December 31, 2023, respectively.

The crediting interest rates for the synthetic GICs are calculated on a monthly basis (or more frequently if necessary) using the contract value and the value, yield, and duration of the underlying securities, but cannot be less than zero.

There are certain events not initiated by Plan participants that limit the ability of the Plan to transact with the issuer of a synthetic GIC at its contract value. Specific coverage provided by each synthetic GIC may be different from each issuer and can be found in the individual synthetic GICs held by the Plan. Examples of these events include, but are not limited to: the Plan's failure to qualify under the Code; full or partial termination of the Plan; involuntary termination of employment as a result of a corporate merger, divestiture, spin-off, or other significant business restructuring, which may include early retirement incentive programs or bankruptcy; changes to the Plan's administration that decrease employee or employer contributions, including the establishment of a competing plan by the Plan sponsor, the introduction of a competing investment option, or other Plan amendments that have not been approved by the contract issuers; dissemination of a participant communication that is designed to induce participants to transfer assets from the stable value option; and events resulting in a material and adverse financial impact on the contract issuer, including changes in the Code, laws, or regulations.

As of the date of this filing, EBAB does not believe that the occurrence of any of these events, which would limit the Plan's ability to transact with the issuer of a synthetic GIC at its contract value with participants, is probable.

Contract issuers are not allowed to terminate any of the above synthetic GICs and settle at an amount different from contract value unless there is a breach of the contract that is not corrected within the applicable cure period. Actions that will result in a breach (after any relevant cure period) include, but are not limited to: material misrepresentation; failure to pay synthetic GIC fees or any other payment due under the contract; and failure to adhere to investment guidelines.

## NOTES TO THE FINANCIAL STATEMENTS

### (7) FAIR VALUE MEASUREMENTS:

Investments of the Master Trust are reported at fair value with the exception of fully benefit-responsive investment contracts, which are presented at contract value. The Plan's interest in the Master Trust is reported at estimated fair value based upon the fair values of the underlying investments held within the Master Trust with the exception of fully benefit-responsive investment contracts, which are presented at contract value. The guidance establishes a fair value hierarchy, which requires the Plan and the Master Trust to maximize the use of observable inputs and minimize the use of unobservable inputs when measuring fair value. The hierarchy places the highest priority on unadjusted quoted market prices in active markets for identical assets or liabilities (Level 1 measurements) and gives the lowest priority to unobservable inputs (Level 3 measurements). The three levels of inputs within the fair value hierarchy are defined as follows:

Level 1: Quoted prices (unadjusted) for identical assets or liabilities in active markets that the Plan and the Master Trust have the ability to access as of the measurement date.

Level 2: Significant other observable inputs other than Level 1 prices such as quoted prices for similar assets or liabilities; quoted prices in markets that are not active; or other inputs that are observable or can be corroborated by observable market data.

Level 3: Significant unobservable inputs that reflect the Plan's and the Master Trust's own assumptions about the assumptions that market participants would use in pricing an asset or liability.

In some cases, a valuation technique used to measure fair value may include inputs from multiple levels of the fair value hierarchy. The lowest level of significant input determines the placement of the entire fair value measurement in the hierarchy.

Transfers between hierarchy measurement levels are recognized by the Plan as of the beginning of the reporting period.

The following descriptions of the valuation methods and assumptions used by the Plan to estimate the fair values of investments apply to investments held as underlying investments of the Master Trust.

*Registered Investment Companies:* The fair value of the registered investment companies is determined by obtaining a quoted price on a nationally recognized security exchange (Level 1 input).

*Common Stocks:* Equities are valued using quoted market prices. Securities listed on national and international exchanges are principally valued at the regular trading session closing price on the exchange or market in which these securities are principally traded on the last trading day of each period presented (Level 1 inputs).

*Short-Term Investments:* Short-term investments mainly consist of money market mutual funds. The fair value of the money market mutual funds is determined by obtaining a quoted price on a nationally recognized security exchange (Level 1 input). Issuances and redemptions of participant units are made on each business day. Participant units are typically purchased and redeemed at a constant net asset value of \$1.00 per unit. In the event that a significant disparity develops between the constant net asset value and the fair value-based net asset value of the fund, the Trustee may determine that continued issuance or redemption at a constant \$1.00 per unit net asset value would create inequitable results for the fund's unit holders. In these circumstances, the Trustee, in its sole discretion and acting on behalf of the fund's unit holders, may direct that units be issued or redeemed at the fair value-based net asset value until such time as the disparity between the fair value-based and the constant net asset value per unit is deemed to be immaterial. The short-term investments are designed to provide safety of principal, daily liquidity, and a competitive yield by investing in government fixed income and money market instruments.

*Collective Trusts:* The fair values of participation units held in collective trusts are based on their net asset values, as reported by the managers of the collective trusts and as supported by the unit prices of actual purchase and sale transactions occurring as of, or close to, the financial statement date. The fair value of these investments measured at net asset value is excluded from the fair value hierarchy. The investment objectives and underlying investments of the collective trusts vary. The investments provide daily redemptions by the Plan with no advance notice requirements and have redemption prices that are determined by the fund's net asset value per unit as of the redemption date.

Assets of the Master Trust that are measured at fair value on a recurring basis as of December 31, 2024 and December 31, 2023 are summarized below (in thousands):

(9) SUBSEQUENT EVENTS:

On October 2, 2023, the EBAB filed a claim on behalf of the Kraft Heinz Defined Contribution Master Trust in the proposed settlement of the Kraft Heinz Securities Litigation class action. The settlement class, subject to limited exclusions, consisted of all persons or entities who purchased or otherwise acquired Kraft Heinz common stock or call options on Kraft Heinz common stock, or sold put options on Kraft Heinz common stock, from November 6, 2015 through August 7, 2019. On May 15, 2025, the Kraft Heinz Securities Litigation Settlement Fund issued to the Kraft Heinz Defined Contribution Master Trust an initial distribution in the amount of \$10.2 million (unaudited). The portion of this initial distribution allocable to the Plan is not yet known. Furthermore, it is currently unknown whether any future distributions will occur, or what their amounts might be.
