Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of Children's Medical Center of Dallas 401(a) Employee Savings Plan (Plan), an employee benefit plan subject to the *Employee Retirement Income Security Act of 1974* (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2024 and 2023, and the related statement of changes in net assets available for benefits for the year ended December 31, 2024, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2024 and 2023, and for the year ended December 31, 2024, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be

independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that these financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and, therefore, is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter – Supplemental Schedule Require by ERISA

The supplemental schedule listed in the table of contents is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Children’s Medical Center of Dallas 401(a) Employee Savings Plan
Notes to Financial Statements
December 31, 2024 and 2023

1. Description of the Plan

The following description of the Children’s Medical Center of Dallas 401(a) Employee Savings Plan (the Plan) provides only general information. Participants should refer to the plan document for a more complete description of the Plan’s provisions.

The Plan is a 401(a) defined contribution plan established for the benefit of substantially all employees of Children’s Health and Related Subsidiaries (collectively, Children’s Health). The Plan is subject to the provisions of the *Employee Retirement Income Security Act of 1974*, as amended (ERISA). The purpose of the Plan is to provide participants with a means of accumulating capital on a regular and long-term basis for their retirement income needs. The Plan is administered by the Human Resources Committee of the Board of Directors of Children’s Health.

Custodian of Plan Investments

The Fidelity Management Trust Company (Fidelity) holds the Plan’s investments and executes all investment transactions.

Eligibility

Employees are eligible to become participants in the Plan by electing to make salary reduction contributions to the Children’s Medical Center of Dallas 403(b) Employee Savings Plan (the Program), a separate eligible plan under a custodial account arrangement. Employees are eligible to receive the matching contribution on the date on which their election under the Savings Plan becomes effective. The minimum salary reduction contribution an eligible employee must make under the Plan in order to receive the matching contributions under the Plan equals one percent (1%) of the eligible employee’s compensation.

Contributions

Children’s Health provides active participants a fixed matching contribution based on years of service. The following table displays the fixed employer matching contribution:

<u>Cumulative Years of Service</u>	<u>Matching % of Deferrals to the Program</u>
0-2	100% up to 4%
3-9	100% up to 6%
10-14	100% up to 8%
15 or more	100% up to 10%

*In order to receive the employer’s contribution amount, the employee must contribute the same amount.

Participant Accounts

Participants may direct the investment of their accounts among a variety of options selected by the Children's Health System of Texas Defined Contribution Management Committee (The Committee). Each participant receives an allocation of fixed employer matching contributions, variable matching contributions, if any, plan earnings or losses and administrative expenses based on account balances, as defined in the plan document. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Benefits

Withdrawals of match amounts contributed before January 1, 2007, are permitted due to a participant reaching age 59 ½, death, or termination of employment, as defined in the plan document. Distributions will be in the form of a lump sum unless the participant elects to receive all or a portion of the distribution in the form of a direct rollover to an eligible retirement plan. These are the only payment options available under the Plan.

Vesting

Participants with at least three years of service, as defined in the plan document, are fully vested in their fixed and variable matching contributions. Accelerated vesting prior to three years is allowed for the employee upon attainment of age 65, death, disability, or if the Plan is frozen or is partially or fully terminated. The amounts forfeited by participants who terminate prior to becoming fully vested may be used to reduce fixed matching contributions. Unallocated forfeitures were approximately \$417 and \$696 as of December 31, 2024 and 2023, respectively.

Notes Receivable from Participants

Notes receivable from participants represent participant loans. Participants may borrow from their accounts a minimum of \$1,000, up to a maximum amount equal to the lesser of \$50,000 or 50% of their vested account balance for hardship reasons as defined in the plan document. Loan terms shall not extend beyond 5 years, or up to 15 years for the purchase of a primary residence.

Loans are secured by the balance in the participant's account and bear interest at a rate commensurate with local prevailing rates as determined by the Human Resources Committee. Principal and interest are paid ratably through Fidelity's ACH service that deducts the payments from the participant's checking/savings account on a monthly date set by the participant.

Plan Termination

Although Children's Health has not expressed any intent to do so, Children's Health has the right under the Plan to discontinue contributions at any time and to terminate the Plan subject to the

Children’s Medical Center of Dallas 401(a) Employee Savings Plan
Notes to Financial Statements
December 31, 2024 and 2023

provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

Administrative Expenses, Net

Administrative expenses that are not paid by Children’s Health are paid for by the Plan. In addition, the Plan participates in a revenue sharing program

2. Summary of Significant Accounting Policies

Basis of Accounting

The accompanying financial statements have been prepared on the accrual basis of accounting. Benefit payments are recorded when paid.

Notes Receivable from Participants

Notes receivable from participants represent participant loans that are recorded at their unpaid principal balance plus any accrued but unpaid interest. Interest income on notes receivable from participants is recorded when it is earned. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2024 or 2023. If a participant ceases to make loan repayments and the plan administrator deems the participant loan to be a distribution, the participant loan balance is reduced, and a benefit payment is recorded.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States requires management to make estimates, assumptions and judgments that affect the reported financial statements, including the notes and related disclosures of commitments and contingencies, if any. Children’s Health considers critical accounting policies to be those that require significant judgments and estimates in the preparation of its financial statements, including the determination of fair values of certain financial instruments and management relies on historical experience and on other assumptions believed to be reasonable under the circumstances in making its judgments and estimates. Actual results could differ from those estimates.

Valuation of Investments

Investments held by the Plan are stated at fair value. Fair value is defined as the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date (an exit price). See *Note 4* for further discussion of fair value measurements.

Children's Medical Center of Dallas 401(a) Employee Savings Plan
Notes to Financial Statements
December 31, 2024 and 2023

The Committee is responsible for determining the Plan's valuation policies and analyzing information provided by the investment custodians and issuers that is used to determine the fair value of the Plan's investments. The Committee is comprised primarily of select officers of Children's Health.

Shares of mutual funds are valued based on published market prices, which represent the net asset values of shares held by the Plan at year-end. The Plan holds one fully benefit-responsive guaranteed investment contract that is valued at contract value. Contract value is the relevant measurement attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the term of the Plan. The contract value of the fully benefit-responsive investment contracts represents contributions plus earnings, less participant withdrawals, and administrative expenses.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded as earned and on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation in the fair value of investments includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Risks and Uncertainties

The Plan provides for investment in various investment securities. Investment securities are exposed to various risks, such as interest rate, market volatility, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the value of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

Subsequent Events

Management has performed an evaluation of subsequent events through July 23, 2025, the date the accompanying financial statements were available to be issued.

3. Certification of Plan Custodian

The plan administrator has elected the method of annual reporting compliance permitted by ERISA Section 103(a)(3)(c) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, *Fidelity*, a qualified institution, has certified the following investment information included in the accompanying financial statements and ERISA-required supplemental schedule is complete and accurate:

- Investments and notes receivable from participants as shown in the statements of net assets available for benefits as of December 31, 2024 and 2023.

Children's Medical Center of Dallas 401(a) Employee Savings Plan
Notes to Financial Statements
December 31, 2024 and 2023

- Investment income and interest income from notes receivable from participants as shown in the statement of changes in net assets available for benefits for the year ended December 31, 2024.
- Investment information and notes receivable from participants included in the accompanying schedule of assets (held at end of the year) as of December 31, 2024.

The Plan's independent auditors did not perform auditing procedures with respect to this certified information, except for comparing such certified investment information to the related investment information included in the financial statements and ERISA-required supplemental schedule.

4. Fair Value Measurements

Fair value is defined as the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date (i.e., an exit price). To measure fair value, a hierarchy has been established that requires an entity to maximize the use of observable inputs and minimize the use of unobservable inputs. As such, the hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets and liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy are described below:

Level 1: Unadjusted quoted prices in active markets that are accessible to the reporting entity at the measurement date for identical assets or liabilities.

Level 2: Inputs other than quoted prices in active markets for identical assets and liabilities that are observable either directly or indirectly for substantially the full term of the asset or liability. Level 2 inputs include the following:

- quoted prices for similar assets and liabilities in active markets
- quoted prices for identical or similar assets or liabilities in markets that are not active
- observable inputs other than quoted prices that are used in the valuation of the asset or liabilities (e.g., interest rate and yield curve quotes at commonly quoted intervals)
- inputs that are derived principally from or corroborated by observable market data by correlation or other means

Level 3: Unobservable inputs for the asset or liability (i.e., supported by little or no market activity). Level 3 inputs include management's own assumption about the assumptions that market participants would use in pricing the asset or liability (including assumptions about risk).

Children’s Medical Center of Dallas 401(a) Employee Savings Plan
Notes to Financial Statements
December 31, 2024 and 2023

The level in the fair value hierarchy within which the fair value measurement is classified is determined based on the lowest level input that is significant to the fair value measure in its entirety.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes to the methodologies used on December 31, 2024, or 2023.

Mutual funds: valued at the net asset value of shares held by the Plan at year-end. The net asset value is based on quoted market prices and valued on a daily basis.

The methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value.

The fair values of the Plan’s financial instruments were as follows on December 31, 2024:

	Assets at Fair Value			
	Total	Level 1	Level 2	Level 3
Mutual funds	\$ 497,310,130	\$ 497,310,130	\$ -	\$ -

The fair values of the Plan’s financial instruments were as follows on December 31, 2023:

	Assets at Fair Value			
	Total	Level 1	Level 2	Level 3
Mutual funds	\$ 405,289,444	\$ 405,289,444	\$ -	\$ -

5. Guaranteed Investment Contracts

The Plan held two fully benefit-responsive guaranteed investment contracts, the Lincoln GIC Fund with Lincoln National Life Insurance (Lincoln) and the Principal Financial Group GIC Fund with Principal Financial Group (Principal).

The contract with Lincoln is a group annuity contract. Interest is credited to participant accounts daily to yield the annual effective interest rate. This annual interest rate is declared by Lincoln annually and cannot be less than 4.5%. In June 2004, the Plan received notification that the Lincoln

Children's Medical Center of Dallas 401(a) Employee Savings Plan
Notes to Financial Statements
December 31, 2024 and 2023

GIC Fund would no longer accept contributions. At that time, Lincoln also revoked the withdrawal charge that would otherwise be charged to participants under certain circumstances. The contract is therefore considered fully benefit-responsive and stated at contract value, which approximates fair market value, on December 31, 2024, and 2023. There are no events specifically identified in the contract with Lincoln that would cause it to settle at an amount other than contract value.

The Plan's contract with Principal is also a group annuity contract. Annually, a new deposit arrangement is established at a guaranteed interest fund (GIF) rate for a guaranteed period of time. The GIF rate reflects rates available in the marketplace at that time. The crediting rate is also reset at that time and is a blended rate determined using a dollar-weighted average of the current year's GIF rate plus up to four prior years' GIF rates.

The Principal contract allows for transfer of 100% of the employee's balance in the Principal Financial Group GIC Fund to noncompeting investment funds offered under the Plan. Any transfers to the competing Fidelity Retirement Government Money Market Fund must first transfer to a noncompeting fund for a period of 90 days. The Principal Financial Group GIC Fund is considered fully benefit-responsive and is stated at contract value at December 31, 2023. If Children's were to terminate the contract with Principal before the end of a guarantee period, the payment due under the contract will be calculated based on a formula. This could result in an amount more or less than the guaranteed amount. The Principal Fixed Account was liquidated at December 31, 2023.

Certain events limit the ability of the Plan to transact at contract value with the issuer. Such events include the following: (1) amendments to the Plan Documents (including complete or partial plan termination or merger with another plan), (2) changes to plan's prohibition on competing investment options or deletion of equity wash provisions, (3) bankruptcy of the plan sponsor or other plan sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan or (4) the failure of the trust to qualify for exemption from the federal income taxes or any required prohibited transaction exemption under ERISA. The Plan Administrator does not believe the occurrence of any such value event, which would limit the Plan's ability to transact at contract value with participants, is possible.

6. Tax Status

The Plan has received a determination letter from the Internal Revenue Service (IRS) dated November 14, 2014, stating that the Plan is qualified under Section 401(a) of the Internal Revenue Code (the Code), and therefore, the related trust is exempt from taxation. Subsequent to receiving the determination letter, the plan was amended and restated. Once qualified, the Plan is required to operate in conformity with the Code to maintain its qualified status.

December 31, 2024 and 2023

7. Parties-in-interest

Party-in-interest transactions include those with fiduciaries or employees of the Plan, any person who provides services to the Plan, an employer whose employees are covered by the Plan, an employee organization whose members are covered by the Plan, a person who owns 50% or more of such an employer or employee association, or relatives of such persons.

Certain plan investments in mutual funds are managed by Fidelity. Fidelity is a service provider for the Plan, and therefore, these transactions qualify as party-in-interest transactions. Fees incurred by the Plan for the investment management services are included in the net appreciation in fair value of the investment. Due from custodian is associated with administrative expenses to be reimbursed to the Plan by Fidelity and is considered a party-in-interest transaction. All of these transactions were exempt from the prohibited transaction rules.
