INDEPENDENT AUDITOR'S REPORT

To the Trustees
Woodharbor 401(k) Retirement Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of Woodharbor 401(k) Retirement Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2024, September 30, 2024 and 2023, and the related statements of changes in net assets available for benefits for the three month period ended December 31, 2024 and the year ended September 30, 2024, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2024, September 30, 2024 and 2023, and for the three month period ended December 31, 2024 and the year ended September 30, 2024 stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (GAAP).
- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current Plan instrument, including all Plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements, as a whole, are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit, conducted in accordance with GAAS, will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements, as a whole, are presented fairly, in all material respects, in accordance with GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter

Supplemental Schedules Required by ERISA

The supplemental schedules of delinquent participant contributions for the three month period ended December 31, 2024 and the year ended September 30, 2024, and schedules of assets (held at end of year) as of December 31, 2024 and September 30, 2024, are presented for purposes of additional analysis and are not a required part of the financial statements but are supplemental information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from, and relates directly to, the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including its form and content, are presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

WOODHARBOR 401(K) RETIREMENT PLAN

NOTES TO FINANCIAL STATEMENTS

December 31, 2024, September 30, 2024 and 2023

NOTE 1 — DESCRIPTION OF PLAN

The following description of the Woodharbor 401(k) Retirement Plan (the Plan) provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General

The Plan is a 401(k) defined contribution plan covering all full-time employees of Woodharbor Molding & Millworks, Inc. (the Company or Plan Administrator) who have completed six months of service and are age 21 or older except for leased employees. It is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Change in Fiscal Year End

The trustees of the Plan elected to change its fiscal year end from September 30 to December 31. As a result, statements of net assets available for benefits as of December 31, 2024, September 30, 2024, and September 30, 2023 are presented as well as statements of changes in net assets available for benefits for the three month period ended December 31, 2024 and the year ended September 30, 2024.

Contributions

Participants may contribute up to 100% of their compensation to the Plan annually, subject to the statutory maximum allowed by law. Participants may also contribute amounts representing distributions from other qualified retirement plans (rollover contributions).

Additional amounts may be contributed at the option of the Company's Board of Directors. During the three month period ended December 31, 2024 and the year ended September 30, 2024, the Company made matching contributions equal to 50% of the participants contributions, up to a maximum of 2% of compensation.

Participant Accounts

Individual accounts are maintained for each Plan participant. Each participant's account is credited with the participant's elective and rollover contributions and an allocation of Plan earnings and an allocation of the Company's contributions. Participant's accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined in the Plan document. The benefit to which a participant is entitled is the benefit that can be provided from the participant's account.

As of December 31, 2024, September 30, 2024 and 2023, no amounts were allocated to the accounts of persons who had elected to withdraw from the Plan but had not yet been paid in full by those respective dates.

Vesting

Participants are immediately vested in their elective deferrals, the Company's matching contributions, discretionary profit-sharing contributions, and rollover contributions, plus earnings thereon.

NOTE 1 — DESCRIPTION OF PLAN (Continued)

Investment Options

Participants direct the investment of their contributions into various investment options offered by the Plan. Participants may change their investment elections among those various options as often as they wish.

Participant Notes Receivable

Participants may borrow from their fund accounts a minimum of \$1,000 and up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. The loans are secured by the balance in the participant's account and bear interest at rates ranging from 5.25% to 10.50%, which are commensurate with local prevailing rates as determined by the Plan Administrator. Principal and interest are paid ratably through payroll deductions.

Payment of Benefits

On termination of service, a terminated participant may request payment of his or her account balance in the form of a lump-sum distribution or may elect to postpone the distribution. The distribution is to commence within a reasonable time after the participant's termination date or election to begin receiving postponed distributions. For termination of service due to death, the participant's beneficiary may elect to have the benefit paid as a single lump-sum, annual installments, or as a series of ad-hoc distributions.

NOTE 2 — SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The accompanying financial statements have been prepared on the accrual basis in accordance with accounting principles generally accepted in the United States of America (GAAP).

Use of Estimates

The preparation of financial statements in conformity with GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan Administrator determines the Plan's valuation policy utilizing information provided by Hand Benefits & Trust Company (HBT). See Note 4 for a discussion of fair value measurements.

NOTE 2 — SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Investment Valuation and Income Recognition (Continued)

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) in fair value of investments includes the Plan's gains and losses on investments bought and sold, as well as held during the year.

Participant Notes Receivable

Participant notes receivable are valued at their unpaid principal balance plus accrued interest receivable. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. Because participant notes receivable are 100% collateralized by the participants' vested account balances, no allowance for loan losses is deemed necessary. Participant notes receivable that are in default, including outstanding balances due upon termination, are taxed to the borrower and accounted for as a deemed distribution.

Contributions

Contributions from the Plan participants and the matching contributions from the Company are recorded in the year in which the employee contributions are withheld from compensation.

Payment of Benefits

Benefits are recorded when paid.

Administrative Expenses

Certain expenses of maintaining the Plan are paid directly by the Company and are excluded from the financial statements. The Plan's third-party administration fees are charged directly to participant's accounts and are included as administrative expenses. Fees related to administration of notes receivable from participants and distributions are charged directly to participant accounts. Certain investment-related expenses are included in net appreciation in fair value of investments.

NOTE 3 — CERTIFIED INFORMATION

Certain information related to investments and participant notes receivable disclosed in the accompanying financial statements and supplemental schedules, including investments and participant notes receivable held at December 31, 2024, September 30, 2024 and 2023, and net appreciation (depreciation) in fair value of investments, dividends, interest income, and interest income on participant notes receivable for the three month period ended December 31, 2024 and the year ended September 30, 2024, was obtained or derived from information supplied to the Plan Administrator and certified as complete and accurate by qualified institutions. HBT certified such information as of the periods ended December 31, 2024, September 30, 2024 and 2023.

NOTE 4 — FAIR VALUE MEASUREMENTS

GAAP establishes a three-tier fair value hierarchy, which categorizes the inputs used in measuring fair value. These categories include (in descending order of priority): Level 1, defined as observable inputs such as quoted prices in active markets for identical assets; Level 2, defined as inputs other than quoted prices in active markets that are either directly or indirectly observable; and Level 3, defined as unobservable inputs in which little or no market data exists, therefore requiring the Plan to develop its own assumptions. The asset's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in methodologies used at December 31, 2024, September 30, 2024 and 2023.

- *Registered investment companies:* Valued based on quoted prices of identical assets in active markets.
- *Collective trust fund:* Valued at the net asset value (NAV) of units of the fund held by the Plan. The NAV is used as a practical expedient to estimate fair value and is calculated daily. The NAV is based on the fair value of the underlying investments held by the fund less its liabilities. This practical expedient is not used when it is determined to be probable that the Plan will sell the investment for an amount different than the reported NAV.

The following tables shows assets measured at fair value as of December 31, 2024, September 30, 2024 and 2023 on the Plan's statements of net assets available for benefits and the input categories associated with those assets:

There were no unfunded commitments as of December 31, 2024, September 30, 2024 and 2023, the redemption period as of December 31, 2024, September 30, 2024 and 2023 was daily, and there was no notice period as of December 31, 2024, September 30, 2024 and 2023.

NOTE 5 — RELATED PARTY AND EXEMPT PARTY-IN-INTEREST TRANSACTIONS

The Company's stockholders are members of the Company's Board of Directors and participants in the Plan. They also serve as Plan trustees.

As described in Note 2, the Plan paid certain expenses related to Plan operation and investment activity to various service providers. These transactions are party in interest transactions under ERISA.

NOTE 6 — FEDERAL INCOME TAX STATUS

The Plan's nonstandardized prototype plan document has received an opinion letter dated June 30, 2020, in which the Internal Revenue Service (IRS) stated that the prototype plan was acceptable under Section 401(a) of the Internal Revenue Code (IRC) for use by employers for the benefit of their employees. The Plan has not applied for a separate determination letter from the IRS; however, the Plan Administrator believes that the Plan is currently designed, and being operated in compliance with the applicable requirements of the IRC. Therefore, the Plan Administrator believes that the Plan was qualified and the related trust was tax-exempt as of the financial statement date. Accordingly, no provision for income taxes has been included in the Plan's financial statements.

GAAP requires the Plan Administrator to evaluate tax positions taken by the Plan and recognize a tax liability for any uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan Administrator has analyzed the tax positions taken by the Plan and has concluded that as of December 31, 2024, September 30, 2024 and 2023, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements.

NOTE 7 — PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right, at any time, to terminate the Plan subject to the provisions of ERISA.

NOTE 8 — RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

NOTE 9 — PROHIBITED TRANSACTIONS

During the year ended September 30, 2023, the Company inadvertently failed to deposit participant deferrals of approximately \$16,196, within the required timeframe as stated by the Department of Labor (DOL). The DOL considers late deposits to be prohibited transactions. The Company has deposited the contributions but not the lost earnings attributable to the delinquent contributions. As such, the prohibited transactions are not fully corrected as of December 31, 2024 or September 30, 2024.

NOTE 10 — SUBSEQUENT EVENTS

Management has evaluated subsequent events through July 11, 2025 the date which the financial statements were available to be issued.

Effective January 1, 2025, the Plan adopted a restated nonstandardized prototype plan document with Automatic Data Processing (ADP). With the plan restatement, the Company added two participating employers that are affiliates of the Company. Additionally, the plan restatement allowed for the merger of Wellborn Forest Products, Inc. 401(k) Plan into the Plan. As of July 11, 2025, the assets of Wellboard Forest Products, Inc. 401(k) Plan have not been transferred into the Plan trust account.

Effective January 13, 2025, the Plan assets were transferred from HBT to ADP.
