Independent Auditor's Report

To the Pension Committee of
Dayton Superior Corporation Savings Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements of Dayton Superior Corporation Savings Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) [ERISA Section 103(a)(3)(C) audit]. The financial statements comprise the statements of net assets available for benefits as of December 31, 2024 and 2023, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of Dayton Superior Corporation Savings Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2024 and 2023, and for the years then ended, stating that the certified investment information, as described in Note 5 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section—

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Dayton Superior Corporation Savings Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Dayton Superior Corporation Savings Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Dayton Superior Corporation Savings Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Dayton Superior Corporation Savings Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Dayton Superior Corporation Savings Plan

Notes to Financial Statements

December 31, 2024 and 2023

1. Description of the Plan

The following description of the Dayton Superior Corporation Savings Plan (the "Plan") provides only general information. Participants should refer to the Plan Agreement for a more complete description of the Plan's provisions.

General

The Plan was a voluntary, defined contribution plan covering all eligible salaried employees of Dayton Superior Corporation (the Company) and its subsidiaries. The Plan excluded employees who are covered by a collective bargaining agreement or are considered a non-resident alien. The employee must have attained age 18 or older and completed one hour of service to be eligible to participate in the Plan. Upon satisfaction of the eligibility requirements, employees entered the Plan on the first day of the month following the participant's start date or date in which the eligibility requirements were met. The Retirement Committee of the Board of Directors of the Company control and manage the operation and administration of the Plan. T. Rowe Price Trust Company served as the Trustee of the Plan. The Plan was subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

In November 2024, the Retirement Committee made the decision to merge the plan into the White Cap 401(k) Retirement Plan effective December 31, 2024. The decision was a result of the Plan Sponsor's acquisition in 2024. As of December 31, 2024, all assets have been transferred out of the plan.

Contributions

Participants in the Plan elected to contribute not more than 50% of their pre-tax annual compensation up to the maximum amount allowed by the Internal Revenue Code, as defined in the Plan. Participants who had attained age 50 before the end of the Plan year were eligible to make catch-up contributions. Participants could also contribute amounts representing distributions from other qualified defined benefit or contribution plans (rollovers). The Company matched 100% of the first 3% of the participant's contributions and 100% of the first 2% of the participant's contributions for the years ended December 31, 2024 and 2023, respectively. Contributions were subject to certain limitations. In addition, the Company could make, at its discretion, profit sharing contributions to eligible participants as defined by the Plan. The Company elected to forego a profit sharing contribution to the Plan for the years ended December 31, 2024 and 2023.

Eligible participants had automatic elective deferrals withheld from their compensation at 6%. However, participants had 45 days from enrollment to opt out of the automatic elective deferrals.

Participant Accounts

Each participant's account was credited with the participant's contribution and Company contributions, as well as allocations of the Plan earnings. Participant accounts were charged with an allocation of administrative expenses that were paid by the Plan. Allocations were based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant was entitled was the benefit that could be provided from the participant's vested account.

Vesting

Participants were 100% vested immediately in the amount of their contributions plus actual earnings thereon. Vesting in the Company's contribution portion of their accounts plus actual earnings thereon was based on years of continuous service. A participant was 100% vested after five years of credited service.

1. Description of the Plan (Continued)

Forfeited Accounts

Forfeitures were created when participants terminate employment prior to becoming fully vested in employer contributions. At December 31, 2024 and 2023, forfeited non-vested accounts totaled \$0 and \$381, respectively. Forfeiture amounts were used throughout the year to pay plan expenses or employer contributions. During 2024 and 2023, \$409 and \$49,899, respectively, were used to fund employer contributions.

Notes Receivable from Participants

The Plan allowed a participant to borrow up to 50% of their vested account balance not to exceed \$50,000. The minimum loan amount was \$1,000, with a term of one to five years, unless the proceeds were used to purchase a primary residence. The loans were secured by the balance in the participant's account and bore interest at the prime rate in effect at the time the loan was made plus 1%. Generally, principal and interest was paid ratably through payroll deductions.

Payment of Benefits

The benefit to which a plan participant was entitled was the benefit that could be provided by the contributions made and income earned on investments. Upon service or disability retirement, death, or termination, a participant or beneficiary was entitled to receive a lump sum amount equal to the vested value of their account. If the terminated participant failed to make an election and the balance was less than \$5,000, the participant would receive a lump sum distribution.

Hardship Withdrawals

The Plan allowed for hardship withdrawals in the event of immediate and heavy financial need of up to 100% of a participant's elective deferral account balance excluding any earnings thereon, but not to exceed the amount required to relieve the financial need.

Investment Options

Upon enrollment in the Plan, a participant could direct employee contributions in various investment options offered by the Plan. Employer contributions followed the same investment options selected. Participants could change their investment options daily. The investment options were diversified in conformity with the ERISA diversification requirement.

2. Summary of Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan are prepared using the accrual basis of accounting.

Investment Valuation and Income Recognition

Investments were reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 6 for disclosure of fair value measurements.

Purchases and sales of securities were recorded on a trade-date basis. Interest income was recorded on the accrual basis. Dividends were recorded on the ex-dividend date. Net appreciation included the Plan's gains and losses on investments purchased and sold as well as held during the year.

2. Summary of Significant Accounting Policies (Continued)

Notes Receivable from Participants

Notes receivable from participants were measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income was recorded on the accrual basis. No allowance for credit losses has been recorded as of December 31, 2024 and 2023. Delinquent notes receivable from participants were recorded as a distribution based upon the terms of the plan document.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America required the plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results could differ from those estimates.

Payment of Benefits

Benefits were recorded when paid.

Payment of Expenses

The Company was authorized but not required to reimburse the Plan for all expenses and fees incurred in the administration of the Plan. Such expenses could include, but not be limited to, fees for professional services, printing and postage. The Company elected to pay some administrative fees incurred during 2024 and 2023.

3. Tax Status

The Plan had adopted a volume submitter plan from its administrator that has received a favorable opinion letter dated August 19, 2020, in which the Internal Revenue Service stated that the Plan, as then designed, was in compliance with the applicable requirements of the Internal Revenue Code. Although the Plan has been amended since receiving the opinion letter, the Plan administrator and the Plan's tax counsel believe that the Plan was designed and being operated in compliance with the applicable requirements of the Internal Revenue Code. Therefore, no provision for income taxes has been included in the Plan's financial statements.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

4. Party-In-Interest

The Plan invested in shares of registered investment companies managed by an affiliate of T. Rowe Price Trust Company. T. Rowe Price Trust Company acted as Trustee for only those investments as defined by the Plan. Transactions in such investments qualified as party-in-interest transactions, which are exempt from the prohibited transaction rules.

5. Certified Investments

Certain information related to investments and notes receivable from participants disclosed in the accompanying financial statements, including investments and notes receivable from participants held at December 31, 2024 and 2023, and net appreciation (depreciation) in value of investments, interest and dividends for the years then ended, was obtained or derived from information supplied to the plan administrator and certified as complete and accurate by T. Rowe Price Trust Company (the Trustee of the Plan).

6. Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

- Level 1 - Inputs to the valuation methodology are quoted prices (unadjusted) in active markets for identical assets or liabilities that the Plan can access at the measurement date.
- Level 2 - Inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly or indirectly, such as:
 - Quoted prices for similar assets or liabilities in active markets
 - Quoted prices for identical or similar assets or liabilities in inactive markets
 - Inputs other than quoted prices that are observable for the asset or liability
 - Inputs that are derived principally from or corroborated by observable market data by correlation or other means
 - If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.
- Level 3 - Inputs that are unobservable inputs for the asset or liability.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies the Plan used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2024 and 2023.

Registered investment companies (mutual funds): Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the U.S. Securities and Exchange Commission. Mutual funds are required to publish their daily net asset value and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Common/collective trust (stable value fund): Valued at the net asset value of units of the collective trust. The net asset value is used as a practical expedient to estimate fair value. This practical expedient would not be used if it is determined to be probable that the investment will be sold for an amount different from the reported net asset value. Transactions may occur daily. There are no unfunded commitments or significant redemption restrictions.

6. Fair Value Measurements (Continued)

The following table sets forth by level, within the fair value hierarchy, the plan's assets at fair value as of December 31, 2024.

	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>	<u>Total</u>
Registered investment companies	\$ 0	\$ 0	\$ 0	\$ 0
Total assets in the fair value hierarchy	<u>\$ 0</u>	<u>\$ 0</u>	<u>\$ 0</u>	0
Investments measured at net asset value (a)				0
Total investments at fair value				<u>\$ 0</u>

The following table sets forth by level, within the fair value hierarchy, the plan's assets at fair value as of December 31, 2023.

	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>	<u>Total</u>
Registered investment companies	<u>\$ 81,169,675</u>	<u>\$ 0</u>	<u>\$ 0</u>	\$ 81,169,675
Investments measured at net asset value (a)				7,588,018
Total investments at fair value				<u>\$ 88,757,693</u>

(a) Certain investments that were measured at net asset value per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statements of net assets available for benefits.

Plan management evaluates the significance of transfers between levels based upon the nature of the investment and size of the transfer relative to total net assets available for benefits.

The following table summarizes investments for which fair value is measured using the net asset value per share practical expedient as of December 31, 2024 and 2023. There are no participant redemption restrictions for these investments; the redemption notice period is only applicable to the Plan.

Investment	2024	2023	Unfunded Commitment		Redemption Frequency	Redemption Notice Period
			2024	2023		
Common/collective trust	\$ 0	\$ 7,588,018	\$ 0	\$ 0	Daily	None

7. Plan Termination

Although it had not expressed any intent to do so, the Company had the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of the Employee Retirement Income Security Act of 1974. In the event of Plan termination, participants would become 100% vested in their accounts.

8. Subsequent Events

Management evaluated the activity of the Plan through July 15, 2025 (the date the financial statements were made available to be issued) and concluded that no subsequent events have occurred that would require recognition in the financial statements or disclosure in the notes to the financial statements.
