Independent Auditors' Report

Administrative Committee
Armstrong Teasdale 401(k) Plan
St. Louis, Missouri

Scope And Nature Of The ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of Armstrong Teasdale 401(k) Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statement of net assets available for benefits as of December 31, 2024 and 2023, and the related statement of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of and for the year ended December 31, 2024 and 2023, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditors' Responsibilities For The Audit Of The Financial Statements section

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis For Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditors' Responsibilities For The Audit Of The Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities Of Management For The Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities For The Audit Of The Financial Statements

Except as described in the Scope And Nature Of The ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with auditing standards generally accepted in the United States of America will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with auditing standards generally accepted in the United States of America, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control related matters that we identified during the audit.

Other Matter

Supplemental Schedule Required By ERISA

The supplemental schedule of assets held at end of year as of December 31, 2024 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by qualified institutions agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

ARMSTRONG TEASDALE 401(k) PLAN

NOTES TO FINANCIAL STATEMENTS

December 31, 2024 And 2023

1. Description Of The Plan

The following description of the Armstrong Teasdale 401(k) Plan (the Plan) is provided for financial statement purposes only. Participants should refer to the Plan Document for more complete information.

General

The Plan, which was established January 1, 1994, and most recently restated effective January 1, 2021, is a defined contribution plan covering all eligible employees, including certain self-employed individuals and professional corporations of Armstrong Teasdale LLP (the Partnership), a Missouri partnership. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended. The Plan was amended effective April 1, 2023, to allow the employees of Novack & Macey to become eligible to participate in the plan.

Eligibility

The Plan requires a waiting period of four consecutive months in which an employee, who has attained age 21, must complete 600 hours of service before the employee is eligible to make elective salary deferrals to the Plan. Accordingly, on the first day of the month following the satisfaction of these eligibility requirements, an employee will be offered the opportunity to begin making elective salary deferrals to the Plan. However, employees are not eligible to share in the contributions of the Partnership until the first day of the month following their second-year employment anniversary.

Effective April 1, 2023, an employee is eligible to make elective salary deferrals to the Plan after completing four consecutive months of employment and attaining age 21.

Effective January 1, 2025, an employee (meeting age requirement of 21) will be immediately eligible upon start of employment to make elective salary deferrals.

The Plan includes an automatic enrollment provision. Employees who meet the eligibility requirements are automatically enrolled in the Plan with a default contribution rate of 5%. It is the responsibility of the participant to elect a different percentage or opt out of the Plan if not interested in participating.

Effective January 1, 2025, the Plan will implement an auto escalation of 1% per year up to the cap of 10% on elective deferrals.

Contributions

Participants may make elective salary deferral contributions up to the lesser of 50% of their salary or the Internal Revenue Service (IRS) limitation, to one or a combination of the separate investment options available under the Plan. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions, as defined in the Internal Revenue Code (IRC).

In addition, the Partnership makes discretionary matching contributions to participants into the Plan. The Partnership matching contributions are made as follows:

Staff

The Partnership offers a matching contribution of \$1.00 for each dollar contributed by the staff employee, up to a maximum of 5% of compensation.

Attorneys (Who Are Not Or Were Not An Equity Partner)

The Partnership offers a matching contribution of \$0.50 for each dollar contributed by the attorney, up to a maximum of 2.5% of compensation.

Former Equity Partners (Who Are Not Retired)

The Partnership offers a matching contribution of \$1.00 for each dollar contributed by the former equity partner, up to a maximum of 3% of compensation.

Equity Partners

Equity partners who elect to participate in the Plan are required to fund their matching contribution. Each equity partner is required to make a matching contribution of \$1.00 for each dollar contributed, up to a maximum of 5% of compensation.

Participant Accounts

Each participant's account is credited with the participant's contribution and allocations of the Partnership's contribution, Plan earnings (losses) and expenses. Allocations are based on participant earnings (losses) or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

ARMSTRONG TEASDALE 401(k) PLAN

Notes To Financial Statements *(Continued)*

Notes Receivable From Participants

Participants are allowed to borrow up to 50% of their vested account balance, with a minimum loan amount of \$2,000. A participant may have only two loans outstanding from both of the Partnership's retirement plans (the Plan and Armstrong Teasdale Pension Plan) at any time and the balance of the loans cannot exceed \$50,000. Depending on the purpose of the loan, repayment terms may extend up to 10 years. The loans are secured by the balance in the participant's account and bear interest at the prime rate plus 1%. The loans are repaid through payroll withholdings, including principal and interest.

Vesting

Participants are at all times 100% vested in their contributions, the Partnership's contributions and all earnings thereon.

Payment Of Benefits

Upon retirement, termination, death or disability, a participant may make withdrawals from their vested account. A participant may elect to receive a lump-sum amount equal to the value of their vested account, a partial lump-sum of less than the value of their vested account or an annuity to be paid in installment payments (monthly, quarterly, semi-annually or annually), provided that the participant's account shall be completely distributed no later than the latest time permitted by the Code.

Participant Withdrawals

Active participants who reach age 59-1/2 or experience a qualifying financial hardship may withdraw all or part of their vested accounts. Hardship withdrawals will be approved only if they conform to the Plan's provisions and established IRS safe harbors.

Administrative Expenses

Plan expenses primarily consist of recordkeeping fees. Fees related to administration of notes receivable from participants and benefit payments to participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net change of fair value of investments. Certain expenses of maintaining the Plan are paid directly by the Partnership and are excluded from these financial statements.

Investment Options

Upon enrollment in the Plan, a participant may direct contributions in a number of investment options offered by the Plan.

2. Significant Accounting Policies

Basis Of Accounting

The financial statements of the Plan are prepared using the accrual basis of accounting.

Estimates And Assumptions

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities, disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of additions to and deductions from net assets during the reporting period. Actual results could differ from those estimates.

Investment Valuation And Investment Income Recognition

Investments are recorded at fair value as of December 31, 2024 and 2023. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividend income is recorded on the ex-dividend date. Net change in fair value of investments includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Contributions Receivable And Credit Loss Policy

Amounts due for contributions are stated at the amount that management expects to collect from outstanding balances less an allowance for expected credit losses. The expected credit losses amount reflects management's best estimate of amounts that will not be collected. This assessment considers historical experience, current conditions and, when appropriate, reasonable and supportable forecasts.

The Plan has concluded that no allowance for current expected credit losses was necessary at December 31, 2024 or 2023.

ARMSTRONG TEASDALE 401(k) PLAN

Notes To Financial Statements *(Continued)*

Notes Receivable From Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. Delinquent notes receivable from participants are recorded as a distribution based upon the terms of the Plan Document.

Payment Of Benefits

Benefits are recorded when paid.

Subsequent Events

Management has evaluated subsequent events through the date which the financial statements were available for issue, which is the date of the Independent Auditors' Report.

3. Certified Financial Information

The Plan administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, the Trustee has certified that the following investment information included in the accompanying financial statements and supplemental schedule is complete and accurate:

- Investments as shown on the statements of net assets available for benefits as of December 31, 2024 and 2023;
- Investment income as shown in the statement of changes in net assets available for benefits for the years ended December 31, 2024 and 2023;
- Investment information included in the footnotes and on the supplemental schedule of assets held at end of year as of December 31, 2024.

The Plan's independent auditors did not perform auditing procedures with respect to this information, except for comparing such information to the related information included in the financial statements and supplemental schedule.

4. Fair Value Measurements

The Plan utilizes an established framework for measuring fair value. The framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical investments (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under the standards are described below:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical investments in active markets that the Plan has the ability to access.

Level 2 Inputs to the valuation methodology include:

- Quoted prices for similar investments in active markets;
- Quoted prices for identical or similar investments in inactive markets;
- Inputs other than quoted prices that are observable for the investment;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the investment has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the investment.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The investment's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

ARMSTRONG TEASDALE 401(k) PLAN

Notes To Financial Statements (*Continued*)

Following is a description of the valuation methodologies used for investments measured at fair value:

Mutual Funds

Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Common/Collective Trust

Valued at the NAV of units of a common/collective trust. The NAV, as provided by the trustee, is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the fund less its liabilities. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV. There are no unfunded commitments relating to this investment or any significant restrictions on redemptions. Redemptions can be made on any business day and do not have a redemption notice period.

The common/collective trust held by the Plan files an annual report on Form 5500 as a direct filing entity. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at fair value under all circumstances including the termination of the Plan.

Participant Self-Directed Accounts

Participant self-directed accounts are comprised of mutual funds, common stock, exchange traded funds, equity funds and money market funds, all of which are valued at the daily closing price as reported by the fund, and common stock, which is valued at the closing price reported on the active market on which the individual securities are traded. The mutual funds, exchange traded funds and money market funds held by the Plan are open-end investment funds that are registered with the SEC. These funds are required to publish their daily NAV and to transact at that price. The investment funds held by the Plan are deemed to be actively traded.

ARMSTRONG TEASDALE 401(k) PLAN

Notes To Financial Statements (Continued)

The methods described above may produce fair value calculations that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level, within the fair value hierarchy, the Plan's investments at fair value as of December 31, 2024 and 2023:

	December 31, 2024			Total
	Level 1	Level 2	Level 3

- a) Certain investments that are measured at fair value using the NAV per share (or its equivalent) as a practical expedient have not been categorized in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the amounts presented in the statement of net assets available for benefits

There have been no changes in the valuation methodologies used at December 31, 2024 or 2023.

ARMSTRONG TEASDALE 401(k) PLAN

Notes To Financial Statements (*Continued*)

5. Risks And Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

6. Tax Status Of Plan

The Plan obtained its latest determination letter on June 30, 2020, in which the IRS stated that the Plan, as designed, met the applicable requirements of the Code. The Plan has been amended since the date of the determination letter. The Plan Administrator believes that the Plan, as amended, is designed and is currently being operated in compliance with the applicable requirements of the Code. Therefore, the Plan Administrator believes that the Plan, as amended is qualified, and the related trust is tax-exempt as of the financial statement date.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

7. Party In Interest Transactions

Plan investments are shares of mutual funds and a common/collective trust managed by the Trustee as defined by the Plan and, therefore, these transactions qualify as allowable party in interest transactions. The Plan also has notes receivable from participants which are allowable party in interest transactions under ERISA.

8. Plan Termination

Although it has not expressed any intent to do so, the Partnership has the right under the Plan to discontinue its contributions any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, the rights of participants to benefits will remain 100% vested.
