Independent Auditor's Report

The Plan Administrator
Macatawa Bank 401(k) Plan
Holland, Michigan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of Macatawa Bank 401(k) Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C). The financial statements comprise the statements of net assets available for benefits (in liquidation) as of December 31, 2024 and 2023, and the related statements of changes in net assets available for benefits (in liquidation) for the years then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA (ERISA Section 103(a)(3)(C) audit). As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency (qualified institution), provided that the investment information is prepared and certified to by the qualified institution in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

Management has obtained certifications from qualified institutions as of December 31, 2024 and 2023, and for the years then ended, stating that the certified investment information, as described in Note 4 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and the procedures performed as described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section of our report:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (GAAP).
- The certified investment information in the accompanying financial statements agrees to, or is derived from, in all material respects, the information prepared and certified by qualified institutions that management determined meet the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Emphasis of Matter – Plan Termination and Liquidation Basis of Accounting

As further discussed in Note 1 to the financial statements, those charged with governance of the Plan approved a plan of liquidation on July 15, 2024, and management determined liquidation is imminent. As a result, the Plan used the liquidation basis of accounting in presenting the financial statements. Our opinion is not modified with respect to this matter.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

Management is responsible for maintaining a current plan instrument, including all plan amendments. Management is also responsible for administering the Plan and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the *Scope and Nature of the ERISA Section 103(a)(3)(C) Audit* section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.

Our audits did not extend to the certified investment information, except for obtaining and reading the certifications, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

BDO USA, P.C.

Macatawa Bank 401(k) Plan

Notes to Financial Statements

1. Plan Description

The following description of the Macatawa Bank 401(k) Plan (the Plan) provides only general information. Participants should refer to the Plan Agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan designed to cover substantially all employees of Macatawa Bank (Plan Sponsor or Corporation). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended (ERISA).

Due to the merger of Macatawa Bank Corporation and WinTrust Financial Corporation, the Plan Sponsor signed an amendment to the Plan document on July 15, 2024, to terminate the Plan effective July 31, 2024. Contributions to the Plan ceased after the effective date and all participant balances were distributed by December 31, 2024.

Trustee and Administration of the Plan

The Plan Sponsor serves as trustee and administrator of the Plan. Charles Schwab & Company served as the Plan custodian and recordkeeper until September 29, 2023. On September 29, 2023, the Plan Sponsor appointed American Trust Company as custodian and recordkeeper of the Plan.

Eligibility

Employees become eligible to participate in the Plan after 30 days of service and after they have attained age 18.

Contributions

Participants may contribute a portion of their annual compensation as pre-tax contributions, as defined in the Plan, up to the maximum amount allowed by the Internal Revenue Code (IRC). In addition, the Plan also allows for Roth after-tax contributions. Participants are automatically enrolled at 3% of eligible compensation, unless the participant opts out or changes their deferral election. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans, as well as Individual Retirement Accounts. In-Plan Roth conversions are also allowed in the Plan with certain limitations.

During 2024 and 2023, the Plan Sponsor contributed a safe harbor matching contribution of 100% of the first 3% and 50% of the second 2% of base compensation that a participant contributes to the Plan.

Participants direct the investment of contributions into various investment options offered by the Plan. The Plan offers various collective investment trusts (CITs) and Macatawa Bank Corporation common stock as investment options for participants. Contributions are subject to certain limitations. Effective March 31, 2020, the Plan no longer allows participants to purchase additional Macatawa Bank Corporation common stock.

Macatawa Bank 401(k) Plan

Notes to Financial Statements

Participant Accounts

Each participant's account is credited with the participant's contribution and an allocation of Plan earnings and charged with an allocation of administrative expenses, as applicable. Allocations are based on the ratio of each participant's earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately vested in employee deferral and employer matching contributions, plus actual earnings thereon.

Notes Receivable

Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their account balance. The notes receivable are secured by the balance in the participant's account and bear interest at the prime rate plus 2%. Principal and interest are paid to the Plan ratably through payroll deductions. The notes receivable are to be repaid over a period not to exceed five years. The Plan administrator may fix the term for repayment of a home loan for a period up to ten years.

Payment of Benefits

On termination of service due to death, disability, or retirement, a participant is required to receive a lump-sum amount or installments equal to the value of their vested interest in their account, as defined by the Plan Agreement. For termination of service for other reasons, a participant may receive the value of the vested interest in their account as a lump-sum distribution. In-service withdrawal of account balances may be elected by active participants who have reached 59½ years of age. The Plan allows for participants to receive hardship distributions.

Administrative Expenses

Certain administrative expenses, including salaries, accounting, legal, and trust services, are paid by the Plan Sponsor. An administrative fee is charged to those participants electing to receive a distribution and for those participants initiating loans. There is also a quarterly administrative fee charged to all participants in the Plan. Investment-related expenses are included in net appreciation in fair value of investments.

2. Summary of Significant Accounting Policies

Basis of Accounting

The financial statements have been prepared under the liquidation basis for the years ended December 31, 2024 and 2023. This basis was adopted when liquidation was deemed imminent in accordance with Accounting Standards Update (ASU) 2013-07, *Liquidation Basis of Accounting*. Plan management determined that liquidation was imminent upon adoption of the resolution to terminate the Plan effective July 31, 2024. Under the liquidation basis of accounting, assets are measured at their net realizable value, estimated by fair value reduced by surrender charges, penalties and redemption charges, and disposal expenses, to reflect the estimated amount of cash

Macatawa Bank 401(k) Plan

Notes to Financial Statements

expected to be collected in settling or disposing of the assets during the liquidation process. Liabilities are measured using the accrual basis of accounting, including any expected costs of the disposal of assets and other costs expected to be incurred during the liquidation process.

Subsequent Events

Subsequent events have been evaluated by management through July 11, 2025, the date these financial statements were available to be issued.

Use of Estimates

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America (GAAP) requires management to make estimates and assumptions that affect the reported amounts of assets, liabilities, and changes therein and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Risks and Uncertainties

The Plan holds various investment securities. Investment securities, in general, are exposed to various risks, such as interest rate risk, credit risk, and overall market volatility. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the amounts reported in the financial statements and participant account balances.

Investment Valuation and Income Recognition

The Plan's investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 3 for a discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation in fair value of investments includes the Plan's gains and losses on investments bought and sold, as well as those held during the year.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued unpaid interest. Any delinquent notes receivable from participants are reclassified as distributions based on the terms of the Plan Agreement.

Payment of Benefits

Benefits are recorded when paid.

3. Investments

Accounting Standards Codification (ASC) 820, *Fair Value Measurement*, provides for a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets

Macatawa Bank 401(k) Plan

Notes to Financial Statements

or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under ASC 820 are described as follows:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 - Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets.
- Quoted prices for identical or similar assets or liabilities in inactive markets.
- Inputs other than quoted prices that are observable for the asset or liability.
- Inputs that are derived principally from, or corroborated by, observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurements. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following valuation methodologies were used to measure the fair value of the Plan's investments:

CITs - The fair value of participation units held in each CIT is based on NAV, as reported by the trustees of the CITs, and as supported by the unit prices of actual purchase and sale transactions occurring as of or close to the financial statement date. The NAV, as provided by the trustees of each CIT, is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by each CIT less its liabilities. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV. Participant transactions (purchases and sales) may occur daily. The CITs provides for daily redemptions by the Plan at reported NAV, with no advance-notice requirements. There are no unfunded commitments at year-end. These CITs are direct filing entities.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Macatawa Bank 401(k) Plan

Notes to Financial Statements

The table below sets forth the Plan's investments by level within the fair value hierarchy:

December 31, 2023

	Level 1	Level 2	Level 3	Total
Macatawa Bank Corporation common stock	\$ 1,421,729	\$ -	\$ -	\$ 1,421,729
Total investments at NAV				36,410,113
Total Investments				\$ 37,831,842

4. Information Certified by the Plan's Trustee

Certain information disclosed in the accompanying financial statements related to investments and notes receivable from participants held as of December 31, 2024 and 2023 (in liquidation), and net appreciation in fair value of investments, dividends and interest income, and interest income on notes receivable from participants (in liquidation) for the years then ended, was obtained by management and agreed to or derived from information certified as complete and accurate by qualified institutions, Macatawa Bank for the period January 1, 2023 to September 30, 2023 and American Trust Company for the period October 1, 2023 to December 31, 2024.

5. Related Party Transactions

The Plan Sponsor, through its trust department, serves as trustee for the Plan. Therefore, all transactions between the Plan and the Plan Sponsor constitute party-in-interest transactions. The Plan held 126,040 shares of Macatawa Bank Corporation common stock as of December 31, 2023, which represented approximately 0.37% of the Corporation's total outstanding shares of common stock, as of that date. Due to the termination of the Plan, there were no shares held by the Plan as of December 31, 2024. Cash dividends totaling \$10,090 and \$42,571 were paid to the Plan by Macatawa Bank Corporation during 2024 and 2023, respectively. Notes receivable from participants are also considered party-in-interest transactions.

6. Plan Termination

The Plan Sponsor has the right under the Plan to terminate the Plan subject to the provisions of ERISA. As described in Note 1, the Plan was terminated effective July 31, 2024.

7. Tax Status

The Plan uses a pre-approved plan document sponsored by AT Retirement Services. AT Retirement Services received an opinion letter from the IRS, dated June 30, 2020, which states that the pre-approved plan document, as then designed, satisfies the applicable provisions of the IRC. Although the Plan has been amended since the date of the opinion letter, Plan management believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC. GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there currently are no audits for any tax periods in progress.

Independent Auditor's Report

The Plan Administrator
Macatawa Bank 401(k) Plan
Holland, Michigan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of Macatawa Bank 401(k) Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C). The financial statements comprise the statements of net assets available for benefits (in liquidation) as of December 31, 2024 and 2023, and the related statements of changes in net assets available for benefits (in liquidation) for the years then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA (ERISA Section 103(a)(3)(C) audit). As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency (qualified institution), provided that the investment information is prepared and certified to by the qualified institution in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

Management has obtained certifications from qualified institutions as of December 31, 2024 and 2023, and for the years then ended, stating that the certified investment information, as described in Note 4 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and the procedures performed as described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section of our report:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (GAAP).
- The certified investment information in the accompanying financial statements agrees to, or is derived from, in all material respects, the information prepared and certified by qualified institutions that management determined meet the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Emphasis of Matter – Plan Termination and Liquidation Basis of Accounting

As further discussed in Note 1 to the financial statements, those charged with governance of the Plan approved a plan of liquidation on July 15, 2024, and management determined liquidation is imminent. As a result, the Plan used the liquidation basis of accounting in presenting the financial statements. Our opinion is not modified with respect to this matter.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

Management is responsible for maintaining a current plan instrument, including all plan amendments. Management is also responsible for administering the Plan and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the *Scope and Nature of the ERISA Section 103(a)(3)(C) Audit* section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.

Our audits did not extend to the certified investment information, except for obtaining and reading the certifications, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Notes to Financial Statements

1. Plan Description

The following description of the Macatawa Bank 401(k) Plan (the Plan) provides only general information. Participants should refer to the Plan Agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan designed to cover substantially all employees of Macatawa Bank (Plan Sponsor or Corporation). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended (ERISA).

Due to the merger of Macatawa Bank Corporation and WinTrust Financial Corporation, the Plan Sponsor signed an amendment to the Plan document on July 15, 2024, to terminate the Plan effective July 31, 2024. Contributions to the Plan ceased after the effective date and all participant balances were distributed by December 31, 2024.

Trustee and Administration of the Plan

The Plan Sponsor serves as trustee and administrator of the Plan. Charles Schwab & Company served as the Plan custodian and recordkeeper until September 29, 2023. On September 29, 2023, the Plan Sponsor appointed American Trust Company as custodian and recordkeeper of the Plan.

Eligibility

Employees become eligible to participate in the Plan after 30 days of service and after they have attained age 18.

Contributions

Participants may contribute a portion of their annual compensation as pre-tax contributions, as defined in the Plan, up to the maximum amount allowed by the Internal Revenue Code (IRC). In addition, the Plan also allows for Roth after-tax contributions. Participants are automatically enrolled at 3% of eligible compensation, unless the participant opts out or changes their deferral election. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans, as well as Individual Retirement Accounts. In-Plan Roth conversions are also allowed in the Plan with certain limitations.

During 2024 and 2023, the Plan Sponsor contributed a safe harbor matching contribution of 100% of the first 3% and 50% of the second 2% of base compensation that a participant contributes to the Plan.

Participants direct the investment of contributions into various investment options offered by the Plan. The Plan offers various collective investment trusts (CITs) and Macatawa Bank Corporation common stock as investment options for participants. Contributions are subject to certain limitations. Effective March 31, 2020, the Plan no longer allows participants to purchase additional Macatawa Bank Corporation common stock.

Macatawa Bank 401(k) Plan

Notes to Financial Statements

Participant Accounts

Each participant's account is credited with the participant's contribution and an allocation of Plan earnings and charged with an allocation of administrative expenses, as applicable. Allocations are based on the ratio of each participant's earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately vested in employee deferral and employer matching contributions, plus actual earnings thereon.

Notes Receivable

Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their account balance. The notes receivable are secured by the balance in the participant's account and bear interest at the prime rate plus 2%. Principal and interest are paid to the Plan ratably through payroll deductions. The notes receivable are to be repaid over a period not to exceed five years. The Plan administrator may fix the term for repayment of a home loan for a period up to ten years.

Payment of Benefits

On termination of service due to death, disability, or retirement, a participant is required to receive a lump-sum amount or installments equal to the value of their vested interest in their account, as defined by the Plan Agreement. For termination of service for other reasons, a participant may receive the value of the vested interest in their account as a lump-sum distribution. In-service withdrawal of account balances may be elected by active participants who have reached 59½ years of age. The Plan allows for participants to receive hardship distributions.

Administrative Expenses

Certain administrative expenses, including salaries, accounting, legal, and trust services, are paid by the Plan Sponsor. An administrative fee is charged to those participants electing to receive a distribution and for those participants initiating loans. There is also a quarterly administrative fee charged to all participants in the Plan. Investment-related expenses are included in net appreciation in fair value of investments.

2. Summary of Significant Accounting Policies

Basis of Accounting

The financial statements have been prepared under the liquidation basis for the years ended December 31, 2024 and 2023. This basis was adopted when liquidation was deemed imminent in accordance with Accounting Standards Update (ASU) 2013-07, *Liquidation Basis of Accounting*. Plan management determined that liquidation was imminent upon adoption of the resolution to terminate the Plan effective July 31, 2024. Under the liquidation basis of accounting, assets are measured at their net realizable value, estimated by fair value reduced by surrender charges, penalties and redemption charges, and disposal expenses, to reflect the estimated amount of cash

Macatawa Bank 401(k) Plan

Notes to Financial Statements

expected to be collected in settling or disposing of the assets during the liquidation process. Liabilities are measured using the accrual basis of accounting, including any expected costs of the disposal of assets and other costs expected to be incurred during the liquidation process.

Subsequent Events

Subsequent events have been evaluated by management through July 11, 2025, the date these financial statements were available to be issued.

Use of Estimates

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America (GAAP) requires management to make estimates and assumptions that affect the reported amounts of assets, liabilities, and changes therein and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Risks and Uncertainties

The Plan holds various investment securities. Investment securities, in general, are exposed to various risks, such as interest rate risk, credit risk, and overall market volatility. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the amounts reported in the financial statements and participant account balances.

Investment Valuation and Income Recognition

The Plan's investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 3 for a discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation in fair value of investments includes the Plan's gains and losses on investments bought and sold, as well as those held during the year.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued unpaid interest. Any delinquent notes receivable from participants are reclassified as distributions based on the terms of the Plan Agreement.

Payment of Benefits

Benefits are recorded when paid.

3. Investments

Accounting Standards Codification (ASC) 820, *Fair Value Measurement*, provides for a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets

Macatawa Bank 401(k) Plan

Notes to Financial Statements

or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under ASC 820 are described as follows:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 - Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets.
- Quoted prices for identical or similar assets or liabilities in inactive markets.
- Inputs other than quoted prices that are observable for the asset or liability.
- Inputs that are derived principally from, or corroborated by, observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurements. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following valuation methodologies were used to measure the fair value of the Plan's investments:

CITs - The fair value of participation units held in each CIT is based on NAV, as reported by the trustees of the CITs, and as supported by the unit prices of actual purchase and sale transactions occurring as of or close to the financial statement date. The NAV, as provided by the trustees of each CIT, is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by each CIT less its liabilities. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV. Participant transactions (purchases and sales) may occur daily. The CITs provides for daily redemptions by the Plan at reported NAV, with no advance-notice requirements. There are no unfunded commitments at year-end. These CITs are direct filing entities.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Macatawa Bank 401(k) Plan

The table below sets forth the Plan's investments by level within the fair value hierarchy:

4. Information Certified by the Plan's Trustee

Certain information disclosed in the accompanying financial statements related to investments and notes receivable from participants held as of December 31, 2024 and 2023 (in liquidation), and net appreciation in fair value of investments, dividends and interest income, and interest income on notes receivable from participants (in liquidation) for the years then ended, was obtained by management and agreed to or derived from information certified as complete and accurate by qualified institutions, Macatawa Bank for the period January 1, 2023 to September 30, 2023 and American Trust Company for the period October 1, 2023 to December 31, 2024.

5. Related Party Transactions

The Plan Sponsor, through its trust department, serves as trustee for the Plan. Therefore, all transactions between the Plan and the Plan Sponsor constitute party-in-interest transactions. The Plan held 126,040 shares of Macatawa Bank Corporation common stock as of December 31, 2023, which represented approximately 0.37% of the Corporation's total outstanding shares of common stock, as of that date. Due to the termination of the Plan, there were no shares held by the Plan as of December 31, 2024. Cash dividends totaling \$10,090 and \$42,571 were paid to the Plan by Macatawa Bank Corporation during 2024 and 2023, respectively. Notes receivable from participants are also considered party-in-interest transactions.

6. Plan Termination

The Plan Sponsor has the right under the Plan to terminate the Plan subject to the provisions of ERISA. As described in Note 1, the Plan was terminated effective July 31, 2024.

7. Tax Status

The Plan uses a pre-approved plan document sponsored by AT Retirement Services. AT Retirement Services received an opinion letter from the IRS, dated June 30, 2020, which states that the pre-approved plan document, as then designed, satisfies the applicable provisions of the IRC. Although the Plan has been amended since the date of the opinion letter, Plan management believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC. GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there currently are no audits for any tax periods in progress.
