## Independent Auditor's Report

To the Plan Administrator and  
Those Charged with Governance of  
CMA Group Qualified Stock Bonus Plan  
Charlottesville, Virginia

### Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements of CMA Group Qualified Stock Bonus Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) [ERISA Section 103(a)(3)(C) audit]. The financial statements comprise the statements of net assets available for benefits as of December 31, 2024 and 2023, and the related statement of changes in net assets available for benefits for the year ended December 31, 2024, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of CMA Group Qualified Stock Bonus Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2024 and 2023, and for the year ended December 31, 2024, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

### Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

## **Basis for Opinion**

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of CMA Group Qualified Stock Bonus Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

## **Responsibilities of Management for the Financial Statements**

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about CMA Group Qualified Stock Bonus Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

## **Auditor's Responsibilities for the Audit of the Financial Statements**

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and, therefore, is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of CMA Group Qualified Stock Bonus Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about CMA Group Qualified Stock Bonus Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certifications, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

### **Other Matter - Supplemental Schedules Required by ERISA**

The supplemental Schedule H, Line 4i – Schedule of Assets (Held at End of Year) as of December 31, 2024 and Schedule H, Line 4j – Schedule of Reportable Transactions for the year ended December 31, 2024 are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental

schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including its form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA

In our opinion:

- the form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

### Note 1 – Plan Description

---

The following description of the CMA Group Qualified Stock Bonus Plan (the “Plan”) provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

#### *General*

The Plan is a defined contribution plan covering all employees of the Company who have accumulated one thousand hours of service at the end of the Plan year and have attained the age of 18. A minimum of five hundred hours is required to remain a participant in the Plan and one thousand hours are required to share in the allocation of contributions and forfeitures. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The Plan is administered by the CMA Stock Bonus Plan and CMA Salary Deferral Administrative Committee comprised of fifty-eight members appointed by Petersburg Motor Company's Board of Directors. The trust department of an independent third-party bank is the Plan's Trustee.

#### *Contributions*

The Employer's funding policy is to make a yearly contribution to the Plan as determined by the Plan Sponsor's Board of Directors. A participant must be employed on the last day of the Plan year to receive an allocation of the employer contribution unless employment is terminated because of death, disability, or normal retirement age. Voluntary employee contributions are not permitted.

#### *Participant Accounts*

Each eligible participant's account is credited with an allocation of (a) the Company's contribution, (b) Plan earnings, and (c) forfeitures of terminated participants' nonvested accounts. Allocations are based on participants' earnings and vested years in service, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

#### *Vesting*

Participants are vested in their accounts based on years of service. A participant is 100 percent vested after six years of credited service, the attainment of age sixty five, or if their employment is terminated because of death or total disability.

#### *Put Option*

Under Federal income tax regulations, the Company stock that is held by the Plan and its participants, and is not readily tradable on an established market, or is subject to trading limitations, includes a put option. The put option is a right to demand that Petersburg Motor Company, Inc. buy any shares of its stock distributed to participants for which there is no market, at any time during two option periods. The put price is representative of the current value of the stock. The first option period is for 60 days beginning on the date of distribution, and the second option period is for the 60 days beginning in the following Plan year. Petersburg Motor Company, Inc. can pay for the purchase with interest over a period of five years. The purpose of the put option is to ensure that the participant has the ability to ultimately obtain cash.

### *Forfeitures*

Plan forfeitures are allocated to each participant's account based upon an allocation determined by a combination of the participant's compensation to total compensation for the Plan year and the participant's vested years of service. Forfeitures of terminated nonvested account balances allocated to remaining participants at December 31, 2024 and 2023 totaled \$345,004 and \$222,458, respectively.

### *Payment of Benefits*

On termination of service, a participant may receive their distributions in the form of an annuity or in a lump-sum payment, depending on the total account balance of their account. If the participant's accrued benefit is less than \$7,000, a distribution will be made to the participant as soon as practicable after his/her termination date. If the employment is terminated for reasons other than death, disability, or retirement, a participant is entitled to receive only the vested percentage of the account balance and the remainder of the account will be forfeited.

### *Voting Rights*

The Company Stock acquired by the Plan is owned by the Qualified Stock Bonus Plan Trust. The Trustee of the Trust, appointed by the Board of Directors of the Company, is the legal representative of the Trust's assets. The Trustee receives instructions from the Plan Committee, and all Company Stock held by the Trust is voted by the Trustee in accordance with instructions from the Plan Committee.

## **Note 2 – Summary of Significant Accounting Policies**

---

### *Basis of Accounting*

The financial statements of the Plan are prepared under the accrual method of accounting.

### *Estimates*

The preparation of financial statements in conformity with generally accepted accounting principles requires the Plan Administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

### *Valuation of Investments and Income Recognition*

The Plan's investments are presented at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's Investment Committee determines the Plan's valuation policies utilizing information provided by the investment advisers, trustee, and insurance company. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation or depreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

## Notes to Financial Statements

December 31, 2024

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near-term and that such changes could materially affect the amounts reported in the statements of net assets available for benefits.

### *Payment of Benefits*

Benefits are recorded when paid.

### *Administrative Expenses*

The Plan's administrative expenses are absorbed by the Plan Sponsor. Administrative expenses paid by the Plan Sponsor for the year ended December 31, 2024 were \$86,853.

### **Note 3 – Information Certified by Truist Bank**

---

Certain information was certified as complete and accurate by the Plan's Custodian, Truist Bank. That information is as follows:

- Investment assets
- Investment transactions
- Investment income
- Schedule H, Line 4i – Schedule of Assets (Held at End of Year)
- Schedule H, Line 4j – Schedule of Reportable Transactions

---

### **Note 4 – Fair Value Measurements**

---

The Plan's investments are reported at fair value in the accompanying statements of net assets available for benefits. The methods used to measure fair value may produce an amount that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The fair value measurement accounting literature establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. This hierarchy consists of two broad levels: Level 1 inputs consist of unadjusted quoted prices in active markets for identical assets and have the highest priority and Level 3 inputs are unobservable and have the lowest priority. The Plan uses appropriate valuation techniques based on the available inputs to measure the fair value of its investments. Level 3 inputs were used only when Level 1 inputs were not available.

	<u>\$ 3,618,693</u>	<u>\$ 32,386,463</u>	<u>\$ 36,005,156</u>

### Level 1 Fair Value Measurements

The fair value of the mutual funds and money market funds is based on quoted market prices.

### Level 3 Fair Value Measurements

The fair value of the Petersburg Motor Company, Inc. Common Stock is determined by an annual independent appraisal. The appraiser took into account historical and projected cash flow and net income, return on assets, return on equity, market comparables, and estimated fair value of Company assets and liabilities. The significant unobservable inputs used to measure fair value include the Company's projected cash flows, cost of equity and debt, determination of appropriate capital structure, weighted average cost of capital, long-term growth rate, and discounts for lack of marketability of the stock. Significant changes to these inputs could have resulted in a significantly higher or lower fair value measurement for the Company common stock. The following table provides further details of this Level 3 fair value measurement.

#### Fair Value Measurements Using Significant Unobservable Inputs (Level 3)

	Common Stock	
	2024	2023
Beginning balance	\$ 32,386,463	\$ 27,102,101
Value of shares contributed	-	-
Value of shares distributed	-	-
Total gains or losses (realized and unrealized) included in changes in net assets available for benefits	5,422,126	5,284,362
Ending balance	<u>\$ 37,808,589</u>	<u>\$ 32,386,463</u>

Gains and losses (realized and unrealized) included in changes in net assets available for benefits for the years ended December 31, 2024 and 2023, are reported in net appreciation (depreciation) in fair value of investments.

The Plan's policy is to recognize transfers into and out of Level 3 as of the date of the event or change in circumstances that caused the transfer. For the year ended December 31, 2024, there were no significant transfers into or out of Level 3.

## Note 5 – Common Stock

The Plan invests primarily in the stock of the Company. As of December 31, 2024, the Plan owned a total of 44,874 shares of Petersburg Motor Company, Inc. stock with a fair value as determined by an independent appraisal of \$842.55 per share. As of December 31, 2023, the Plan owned a total of 44,874 shares of Petersburg Motor Company, Inc. stock with a fair value as determined by an independent appraisal of \$721.72 per share. The cost basis of the Petersburg Motor Company, Inc. stock was \$946,635 at December 31, 2024 and 2023.

### Note 6 – Plan Termination

---

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100 percent vested in their accounts.

---

### Note 7 – Parties-In-Interest Transactions

---

Certain Plan investments are shares of mutual funds and money market funds managed by Truist Bank and common stock of the Plan Sponsor. These transactions qualify as exempt party-in-interest transactions. Certain administrative functions are performed by officers or employees of the Company. These employees are also Plan participants. No such officer or employee receives compensation from the Plan.

---

### Note 8 – Tax Status

---

The *Internal Revenue Service* has determined and informed the Company by a letter dated May 11, 2011, that the Plan is qualified and the trust established under the Plan is tax-exempt under the appropriate sections of the Code. The Plan Administrator and its qualified tax counsel do not anticipate that changes in the Plan after the date of the amendments covered by the *Internal Revenue Service's* determination letter will affect the qualified and tax-exempt status of the Plan and the Trust, respectively.

Accounting standards generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain tax position that more likely than not will not be sustained upon examination by the *Internal Revenue Service*. The Plan Administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2024, there are no uncertain tax positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements.

---

### Note 9 – Reconciliation of Financial Statements to Form 5500

---

The following is a reconciliation of net assets available for benefits at December 31, 2024 and 2023, per Schedule H of the Plan's Form 5500 to the accompanying financial statements:
