INDEPENDENT AUDITORS' REPORT

Advisory Committee
SCAFCO Corporation Profit Sharing 401(k) Plan
Spokane, Washington

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements of the SCAFCO Corporation Profit Sharing 401(k) Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) [ERISA Section 103(a)(3)(C) audit]. The financial statements comprise the statements of net assets available for benefits as of December 31, 2024 and 2023, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of and for the years ended December 31, 2024 and 2023, stating that the certified investment information, as described in Note 8 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section —

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and, therefore, is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we—

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedule Required by ERISA

The supplemental schedule of assets held for investment as of December 31, 2024, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedule that agreed to or are derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion—

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor’s Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

SCAFCO Corporation Profit Sharing 401(k) Plan

Notes to Financial Statements

Note 1 – Description of the Plan

The following description of the SCAFCO Corporation Profit Sharing 401 (k) Plan (the Plan) provides only general information. Participants should refer to the plan agreement for more complete information not included in these notes.

- a. **General** – The Plan is a participant directed, defined contribution plan covering substantially all employees of SCAFCO Corporation, Steel Construction Systems Holding Company, and Kern Building Materials, Inc. (collectively, the Company), and is subject to the Employee Retirement Income Security Act of 1974 (ERISA), as amended. The Plan is sponsored by the Company and administered by an outside party.
- b. **Eligibility** – Employees are automatically enrolled in the Plan to make contributions and are eligible to receive allocations of employer contributions. Effective January 1, 2022, the Plan was amended and restated to eliminate the requirements for employees to reach age 18 and complete one year of service (minimum 1,000 hours) to become eligible. Eligible employees may now make contributions to the Plan after 30 days of employment without hours or age restrictions. Participants now enter the Plan each pay period rather than quarterly. Participants must be employed as of the last day of the plan year to be eligible to receive any employer discretionary contributions.
- c. **Contributions** – Participants may contribute up to 100% of qualified compensation, as defined by the Plan, up to a maximum amount allowed by the Internal Revenue Code (IRC). The elective deferral contributions can be on a pre-tax (traditional 401(k) or an after-tax basis (Roth 401(k)). Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans. The Plan currently offers various mutual funds and cash and cash equivalents as investment options for participants. The Plan includes an auto-enrollment provision whereby all newly eligible employees are automatically enrolled in the Plan unless they affirmatively elect not to participate in the Plan. Automatically enrolled participants have their deferral rate set at 4% of eligible compensation, increasing annually by one-half of one percent, up to 6%. Contributions are invested in a designated fund until elected otherwise by the participant.

The Company may elect to make a discretionary matching contribution to be determined at the end of the plan year. During 2024, the Company elected to forego the discretionary matching contribution. During 2023, the discretionary matching contribution was the lesser of 6% of the participant's eligible compensation or 30% of the participant's deferral contribution. The discretionary profit-sharing contributions are allocated to each participant's account in the same proportion that each participant's compensation bears to total compensation. Employer discretionary matching contributions were \$-0- and \$505,939 for the years ended December 31, 2024 and 2023, respectively. Employer discretionary profit-sharing contributions were \$40,000 and \$108,000 for the years ended December 31, 2024 and 2023, respectively. Total employer contributions were \$40,000 and \$613,939 for the years ended December 31, 2024 and 2023, respectively. Contributions are subject to regulatory limitations.

SCAFCO Corporation Profit Sharing 401(k) Plan

Notes to Financial Statements

Note 1 – Description of the Plan (Continued)

- d. **Participant accounts** – Separate accounts are maintained for each participant. Each participant’s account is credited with the participant’s contribution, an allocation of any Company contributions, the participant’s portion of earnings (losses), and charged with an allocation of administrative expenses. Participants direct the investment of their contributions into various investment options offered by the Plan. The benefit to which a participant is entitled is the benefit that can be provided from the participant’s vested account.
- e. **Vesting** – A participant is 100% vested in their participant elected contributions and actual earnings thereon. Employer discretionary contributions are vested based on a six-year graded vesting schedule. All employer contributions become 100% vested upon a participant’s retirement, death, or disability. Normal retirement age is 65.
- f. **Forfeitures** – The nonvested portion of a participant’s account is forfeited upon termination of employment. Forfeitures of employer matching contributions are first used to pay plan expenses and then to reduce future employer matching contributions. Forfeitures of employer profit-sharing contributions are first used to pay plan expenses, and then reallocated to all remaining participants as an additional profit-sharing contribution. During 2024 and 2023, forfeited participant account balances totaling \$42,817 and \$20,475, respectively, were used to pay plan expenses.
- g. **Payment of benefits** – A participant is eligible to receive benefits equal to the value of the vested interest in his or her account upon termination of employment or as in-service withdrawals after attaining age 59½, subject to certain requirements. Benefits are paid under various options as defined in the Plan. Withdrawals due to “financial hardship” are not permitted.

Note 2 – Summary of Significant Accounting Policies

- a. **Basis of accounting** – The accounting records of the Plan are maintained on the accrual method of accounting in accordance with accounting principles generally accepted in the United States of America.
- b. **Use of estimates** – The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.
- c. **Investment valuation** – The Plan’s investments are stated at fair value, as certified by the Plan’s custodian, Charles Schwab Trust Bank. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date.

Notes to Financial Statements

Note 2 – Summary of Significant Accounting Policies (Continued)

- d. **Income recognition** – Purchases and sales of securities are recorded on a trade-date basis. Dividends are recorded on the ex-dividend date. Interest income is recorded on the accrual basis. Net appreciation in fair value of investments consists of both realized and unrealized gains and losses on investments bought and sold as well as held during the year.
- e. **Payment of benefits** – Benefits are recorded when paid.
- f. **Administrative expenses** – Costs and expenses associated with administering the Plan are paid by the Plan using forfeitures. If administrative expenses exceed forfeitures in any single year, the expenses will be allocated to participants.
- g. **Subsequent events** – Subsequent events have been evaluated through July 14, 2025, which is the date the financial statements were available to be issued.

Note 3 – Fair Value Measurements

The Financial Accounting Standards Board (FASB) *Accounting Standards Codification* (ASC) 820, *Fair Value Measurements and Disclosures*, provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1 – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 – Inputs to the valuation methodology include:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability; and
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 – Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

Notes to Financial Statements

Note 3 – Fair Value Measurements (Continued)

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2024 and 2023:

Level 1 – Mutual funds are valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the U.S. Securities and Exchange Commission. These funds are required to publish their daily net asset value and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Cash and cash equivalents are valued at \$1 per share. Participants can contribute to Schwab Bank Savings with up to \$250,000 in Federal Deposit Insurance Corporation insurance protection on that portion of their account.

Level 2 – The Plan had no investments that are classified as Level 2 for either year ended December 31, 2024 and 2023.

Level 3 – The Plan had no investments that are classified as Level 3 for either year ended December 31, 2024 and 2023.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value:

	As of December 31, 2024			
	Level 1	Level 2	Level 3	Total
Mutual funds	\$ 28,506,064	\$ -	\$ -	\$ 28,506,064

Note 4 – Plan Termination

Although it has not expressed any intent to do so, the employer has the right to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of plan termination, participants will become 100% vested in their accounts.

Note 5 – Tax Status

The Plan document is a volume submitter profit sharing plan that received a favorable opinion letter from the Internal Revenue Service on March 31, 2014, which stated that the Plan, as then designed, was in accordance with applicable sections of the IRC and is, therefore, not subject to tax under present income tax law. The Plan has been amended since receiving the opinion letter. The Plan is required to operate in conformity with the IRC to maintain its qualification. Management is not aware of any course of action or series of events that have occurred that might adversely affect the Plan's qualified status.

In accordance with guidance on accounting for uncertainty in income taxes, the plan administrator evaluated the Plan's tax positions and does not believe the Plan has any uncertain tax positions that require disclosure or adjustment to the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Note 6 – Related-party and Party-in-interest Transactions

Certain plan investments are shares of mutual funds and cash and cash equivalents managed by Charles Schwab. Charles Schwab Trust Bank is the plan custodian, as defined by the Plan, and is an affiliate of Charles Schwab. Therefore, transactions with Charles Schwab are considered to be party-in-interest transactions.

Such transactions, while considered party-in-interest transactions under ERISA regulations, are permitted under the provisions of the Plan and are specifically exempt from the rules governing prohibited transactions under ERISA.

Note 7 – Risks and Uncertainties

The Plan provides for investments in various investment options. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

Note 8 – Information Certified by the Plan Custodian

As permitted by Section 29 CFR 2520.103-8 of the Department of Labor’s Rules and Regulations for Reporting and Disclosure under ERISA, the plan administrator has elected that information certified by Charles Schwab Trust Bank, the plan custodian, not be subject to any auditing procedures except for comparing such information to the custodian information included in the financial statements and supplemental information. The following information has been certified by the plan custodian as complete and accurate:

- (a) Investments as indicated on the statements of net assets available for benefits;
- (b) Net appreciation in fair value of investments as indicated on the statements of changes in net assets available for benefits; and
- (c) Supplemental schedule – assets held for investment.

Note 9 – Reconciliation of Financial Statements to Form 5500

The following is a reconciliation of net assets available for benefits per the financial statements to Form 5500:

	December 31,	
	2024	2023
