Independent Auditor's Report

Financial Technology Partners
401(k) Profit Sharing Plan and Trust and Participants

Opinion

We have audited the financial statements of Financial Technology Partners 401(k) Plan and Trust (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), which comprise the statements of net assets available for benefits as of December 11, 2024 and December 31, 2023, and the related statement of changes in net assets available for benefits for the period from January 1, 2024 to December 11, 2024, and the related notes to the financial statements.

In our opinion, the accompanying financial statements present fairly, in all material respects, the net assets available for benefits of the Plan as of December 11, 2024 and December 31, 2023, and the changes in its net assets available for benefits for the period from January 1, 2024 to December 11, 2024, in accordance with accounting principles generally accepted in the United States of America.

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a period of twelve months.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Financial Technology Partners 401(k) Profit Sharing Plan and Trust

Notes to the Financial Statements

December 11, 2024 and 2023

1. Description of the Plan

The following description of the Financial Technology Partners 401(k) Profit Sharing Plan and Trust (the “Plan”) provides only general information. Participants should refer to the Plan document for a more complete description of the Plan’s provisions.

General

The Plan is a defined contribution plan covering all employees of Financial Technology Partners LP and domestic Subsidiaries (the “Company”) (the “Plan Administrator”). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (“ERISA”). The chief financial officer of the Company is the trustee of the Plan and utilizes Paychex, Inc. as the recordkeeper. Plan assets are held at Fidelity in an omnibus account registered under Paychex Securities Corporation, a subsidiary of Paychex, Inc. The participant is responsible for directing the investment of their Plan assets.

On July 10, 2024, the Company approved joining a pooled employer plan (“PEP”) administered by Standard Retirement Services, Inc. (“the Standard”).

The Plan ceased operations as a standalone plan and no longer holds assets or liabilities as of December 11, 2024. The transfer was completed in accordance with applicable regulatory requirements, and participants’ account balances were fully transitioned to the PEP without interruption to investment holdings or participant-directed elections.

Contributions

Participants may reduce compensation by a specific percentage on a pre-tax basis as an elective deferral to the maximum amount by law. Employees are eligible to participate in elective deferrals after the attainment of age 21. Participants who have attained the age of 50 before the end of the Plan year are eligible to make catch up contributions. Participants may also make rollover contributions. The employer does not make matching contributions. There is no automatic enrollment.

Discretionary profit-sharing contributions may be made to eligible employees employed on the last day of the Plan year or if terminated during the Plan year, who have completed at least 500 hours of service during the Plan year. Profit sharing contributions are allocated to each qualifying participant’s individual account based on the qualifying participant’s compensation in relation to the total compensation of all qualifying participants. There were no discretionary profit-sharing contributions for the period from January 1, 2024 to December 11, 2024 or year ended December 31, 2023.

Participants may direct the investment of their contributions into various investment options offered by the Plan. The Plan currently offers various mutual funds and a money market fund as investment options for participants.

Contributions are subject to certain IRS limitations.

Participant Accounts

Each participant’s account is credited with the participant’s contributions as well as Plan earnings. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan on a pro rata basis. Pro rata means a proportionate share of the fee will be charged to each participant’s account based on the proportion that such participant’s account balance bears to the account balances of all participants. The benefit to which a participant is entitled is the benefit that can be provided from the participant’s vested account.

Vesting

Participants are immediately vested in their elective deferrals, catch-up contributions, rollover contributions, and employer profit sharing contributions plus actual earnings thereon.

Notes to the Financial Statements

December 11, 2024 and 2023

1. Description of the Plan (Continued)

Notes Receivable from Participants

In accordance with the Plan loan administration policy, participants requesting a loan may borrow from their accounts at a minimum of \$1,000. The maximum amount of an outstanding loan cannot exceed ninety-five percent of one-half the vested account balance. Under no event can the loan amount exceed \$50,000. The maximum number of the Plan loans outstanding at one time is one per participant. The loans are secured by the balances in the participants' accounts. Loans bear interest at 1 percent over the Prime Rate, as defined. Principal and interest is paid ratably through payroll deductions. Delinquent notes receivable are recorded as distributions.

As of December 11, 2024, there were no loans receivable as they were transferred to the PEP. As of December 31, 2023, 91% of loans receivable were from two participants.

Payment of Benefits

On termination of service due to death, disability, or retirement, a participant or their beneficiary may elect to receive their vested interest in a single lump sum, partial payments, installment payments or annuity contracts. For termination of service for other reasons, a participant may receive the value of the vested interest as a lump-sum distribution. In-service distributions of elective deferrals and profit-sharing contributions are allowed if a participant has attained the age of 59 ½.

The Plan does not allow hardship withdrawals.

2. Significant Accounting Policies

Basis of Accounting

The accompanying financial statements of the Plan have been prepared using the accrual method of accounting in conformity with accounting principles generally accepted in the United States of America ("US GAAP") as applied to employee benefit plans.

Use of Estimates

The preparation of financial statements in accordance with US GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Fair value measurements are described in Note 3. Purchases and sales of investments are recorded on a trade-date basis. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on an accrual basis. Delinquent notes receivable are recorded as a distribution as defined by the Plan.

Payment of Benefits

Benefits are recorded when paid.

Notes to the Financial Statements

December 11, 2024 and 2023

2. Significant Accounting Policies (Continued)

Administrative Expenses

Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Company. Expenses that are paid by the Company are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation (depreciation) in fair value of investments. Forfeitures can be used to reduce plan expenses or discretionary profit-sharing contributions.

3. Fair Value Measurements

The Fair Value Measurements Topic of the FASB Accounting Standards Codification establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to measurements involving significant unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy are as follows:

Level 1	Quoted prices (unadjusted) in active markets for identical assets or liabilities that the Company has the ability to access at the measurement date.
Level 2	Inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly or indirectly.
Level 3	Unobservable inputs for the asset or liability.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 11, 2024 and December 31, 2023.

The money market fund, registered with the Securities and Exchange Commission ("SEC"), is valued at the quoted (NAV) of shares held by the Plan at year end.

Mutual Funds are valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-ended mutual funds that are SEC registered. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

There were no remaining Plan assets at December 11, 2024.

Financial Technology Partners 401(k) Profit Sharing Plan and Trust

Notes to the Financial Statements

December 11, 2024 and 2023

3. Fair Value Measurements (Continued)

The following table sets forth by level, within the fair value hierarchy, the Plan's fair value measurements at December 31, 2023:

December 31, 2023				
	Level 1	Level 2	Level 3	Total
Assets at fair value:				
Mutual funds	\$ 9,696,783	\$ -	\$ -	\$ 9,696,783
Money market fund	149,836	-	-	149,836
Total	\$ 9,846,619	\$ -	\$ -	\$ 9,846,619

4. Tax Status

The IRS has determined and informed the Company by a letter dated August 31, 2020 that the Plan is designed in accordance with applicable sections of the Internal Revenue Code (IRC). The Plan Administrator believes that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC and, therefore, believes that the Plan is qualified and tax exempt.

US GAAP requires the Plan to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Company has analyzed the tax positions taken by the Plan and has concluded that there are no uncertain positions taken or expected to be taken that would require recognition of a liability or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

5. Parties-in-Interest

The Plan issues loans to participants, which are secured by the balances in the participants' accounts.

All transactions that may be considered parties-in-interest transactions relate to normal plan management. Recordkeeping and administrative services and the payment of fees are not considered prohibited transactions.

6. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term, and that such changes could materially affect participants' account balances and the amounts reported in the Statements of Net Assets Available for Benefits.

7. Plan Termination

The Plan was terminated following the decision by the Plan Sponsor to transition into a PEP administered by the Standard. The transfer was completed as of December 11, 2024.

8. Subsequent Events

Subsequent events have been evaluated through July 22, 2025, which is the date the financial statements were available to be issued.
