Independent Auditor's Report

To the Participants and Plan Administrator of the
Think Power Solutions 401(k) Plan
Plano, Texas

Scope and Nature of the ERISA Section 103(a)(3)(C) Audits

We have performed audits of the financial statements of Think Power Solutions 401(k) Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C) ("ERISA Section 103(a)(3)(C) audit"). The financial statements comprise the statements of net assets available for benefits as of November 15, 2024 and December 31, 2023, the related statement of changes in net assets available for benefits for the period from January 1, 2024 through November 15, 2024, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's ("DOL") Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan ("investment information") by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA ("qualified institution").

Management has obtained certifications from a qualified institution as of November 15, 2024 and December 31, 2023, and for the period from January 1, 2024 through November 15, 2024, stating that the certified investment information described in Note 4 to the financial statements is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the *Auditor's Responsibilities for the Audits of the Financial Statements* section of our report:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America ("GAAP").
- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

To the Participants and Plan Administrator of the
Think Power Solutions 401(k) Plan

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America ("GAAS"). Our responsibilities under those standards are further described in the *Auditor's Responsibilities for the Audits of the Financial Statements* section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Management's Responsibilities for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events that, considered in the aggregate, raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audits of the Financial Statements

Except as described in the *Scope and Nature of the ERISA Section 103(a)(3)(C) Audits of the Financial Statements* section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but it is not absolute assurance; therefore, it does not guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgement made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

To the Participants and Plan Administrator of the
Think Power Solutions 401(k) Plan

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, we express no such opinion.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events that, considered in the aggregate, raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of GAAP. Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Think Power Solutions 401(k) Plan

Notes to the Financial Statements

November 15, 2024 and December 31, 2023

Note 1 – Plan Description

The following brief description of the Think Power Solutions 401(k) Plan (the “Plan”) provides only general information. Participants should refer to the Summary Plan Description and the Plan Document for a more complete description of the Plan’s provisions.

General

The Plan is a defined contribution 401(k) plan that provides retirement savings benefits to eligible employees of Think Power Solutions, LLC (the “Company” or “Employer”). The Plan, which commenced effective January 1, 2016, and was amended and restated effective January 1, 2022, to comply with the latest rules and regulations, is subject to the provisions of the Employee Retirement Income Security Act of 1974 (“ERISA”) and the Internal Revenue Code (“IRC”).

Plan Custodian and Trustee

Prior to November 15, 2024, Benefit Trust Company (the “Custodian”) was the Custodian maintaining custody of all investments held by the Plan. Among other duties, Benefit Trust Company received contributions, held, and invested the fund assets in accordance with the directions of participants, and made distributions as directed by the Plan Administrator. Guideline Investments LLC (“Guideline”) is the recordkeeper maintaining the Plan’s participant account balances and providing recordkeeping services to the Plan. An officer of the Company served as trustee of the Plan.

Plan Merger

Effective May 31, 2024, the Plan merged into the Secure Your Retirement 401(k) Plan Pooled Employer Plan (“PEP”). The PEP is a pooled employer plan sponsored by Standard Insurance Company (“Standard”). Upon the merger, the Plan changed custodians to Standard. The Plan’s new recordkeeper and trustee is Standard Retirement Services, Inc. and Reliance Trust Company, respectfully. As a result of the change in custodian, the assets of the Plan transferred from Benefit Trust Company to Standard. During the blackout period, participants could not direct or diversify investments or obtain a distribution from the Plan. Plan assets were fully liquidated on November 15, 2024, and transferred to PEP. The assets transferred from Benefit Trust Company to Standard totaled \$4,001,740. As a result of the merger, the Plan filed a final Form 5500.

Eligibility and Plan Entrance Date

All employees, except those under collective bargaining agreements, nonresident aliens who receive no United States source income, and leased employees, are eligible to participate in the Plan after the employee has reached 21 years of age and completed three months of service. Eligible employees are permitted to enter the Plan on the first day of the pay period following the completion of the eligibility requirements.

Participant Contributions

Participants may elect to contribute, on a before-tax or Roth basis, up to 100% of their eligible compensation as defined by the Plan, subject to the annual deferral limit established by the IRC, which was \$23,000 for 2024. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions of up to the maximum amount allowed annually by the IRC, which was \$7,500 for 2024.

Think Power Solutions 401(k) Plan

Notes to the Financial Statements

November 15, 2024 and December 31, 2023

Note 1 – Plan Description (continued)

Participant Contributions (continued)

The Plan includes an auto-enrollment provision whereby all newly eligible employees are automatically enrolled in the Plan unless they affirmatively elect not to participate in the Plan. Automatically enrolled participants have their deferral rate set at 4% of eligible compensation.

Rollover Contributions

Participants also may contribute amounts representing distributions from other qualified defined benefit or defined contribution plans (“rollovers”).

Employer Contributions

The Employer may make discretionary profit-sharing contributions, as determined by the Employer. All eligible participants receive a pro-rata share of the profit-sharing contribution, based on compensation as determined by the Plan Sponsor. Employees may share in the Employer profit-sharing contribution if the employee is employed on the last day of the Plan year, reached 21 years of age, and completed three months of service. For the period from January 1, 2024 through May 31, 2024, the Employer made no discretionary profit-sharing contributions.

Participant-Directed Investments

All assets of the Plan are participant-directed investments. Participants have the option of directing their account balances to one or more investment options offered by the Plan. The Plan has selected various investment options, as more fully described in the Plan Document, to which participants may designate the allocation of their account balances. The options vary in types of investments, rates of return, and investment risk.

Participant Accounts

Each participant account is credited with the participant’s contributions, Employer discretionary profit-sharing contributions, and allocations of Plan earnings. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant’s vested account.

Vesting

Participants are always 100% vested with respect to their deferral contributions and rollover contributions, plus actual earnings thereon. Vesting in Employer discretionary profit-sharing contributions and related earnings is based upon years of service. Participants will receive vesting credit for years of service with the Company based on the elapsed time method. Participants vest 25% after one year of credited service and 25% per year thereafter, becoming 100% vested after four years of credited service. Participants also become fully vested upon death or total and permanent disability.

Notes Receivable from Participants

Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their account balance. The loans are secured by the balance in the participant’s account. The loan interest rate, determined monthly, is set at 1% above Prime, as defined. Principal and interest are paid ratably through payroll deductions at least quarterly.

Think Power Solutions 401(k) Plan

Notes to the Financial Statements

November 15, 2024 and December 31, 2023

Note 1 – Plan Description (continued)

Payment of Benefits

The payment of benefits may occur upon attaining age 59½, retirement, disability, death, or other termination of employment. Upon normal retirement (defined as age 65), disability, or death, a participant or their beneficiary is entitled to receive 100% of the participant's account balance. For all other terminations, a participant or their beneficiary is entitled to receive the vested portion of the participant's account balance. Benefits may be paid in a lump sum equal to the vested value of the participant's account. Terminated participants whose vested account balances are less than \$5,000 receive automatic distributions as a single lump sum payment. In addition, hardship withdrawals are permitted by the Plan for those participants who have incurred a substantial financial hardship.

Note 2 – Summary of Significant Accounting Policies

Basis of Accounting

The Plan's financial statements are prepared on the accrual basis of accounting in conformity with accounting principles generally accepted in the United States of America ("GAAP").

Use of Estimates

The preparation of financial statements in accordance with GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities, changes in those assets and liabilities, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 3 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments purchased and sold, as well as those held during the year.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance, plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. No allowance for credit losses has been recorded as of November 15, 2024 and December 31, 2023. Delinquent participant loans are recorded as distributions on the basis of the terms of the Plan agreement.

Payment of Benefits

Benefit payments to participants are recorded when paid.

Administrative Expenses

Certain expenses incurred in maintaining the Plan are paid directly by the Company and are excluded from these financial statements. Investment-related expenses are included in the net appreciation in fair value of investments on the statement of changes in net assets available for benefits. Certain expenses specifically incurred by, or attributable to, a participant will be paid from that participant's account. Plan expenses could include, but are not limited to, costs to process Plan distributions.

Notes to the Financial Statements

Note 3 – Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1), and the lowest priority to unobservable inputs (level 3). Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs. The three levels of the fair value hierarchy under Financial Accounting Standards Board (“FASB”) Accounting Standards Codification (“ASC”) Topic 820 are described as follows:

- **Level 1** – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access at the measurement date.
- **Level 2** – Inputs to the valuation methodology include quoted prices for similar assets or liabilities in active markets; quoted prices for identical or similar assets or liabilities in inactive markets; inputs other than quoted prices that are observable for the asset or liability; or inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.
- **Level 3** – Inputs in the valuation methodology are unobservable and significant to the fair value measurement.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at November 15, 2024, and December 31, 2023.

- **Mutual Funds** – Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the United States Securities and Exchange Commission. These funds are required to publish their daily net asset value (“NAV”) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded and are classified within level 1 of the fair value hierarchy.
- **Money Market Fund** – This investment is valued at cost, which approximates fair value and is classified within level 1 of the valuation hierarchy.

The following table sets forth by level, within the fair value hierarchy, the Plan’s assets at fair value as of November 15, 2024 and December 31, 2023. Classification within the fair value hierarchy table is based on the lowest level of any input that is significant to the fair value measurement.

Notes to the Financial Statements November 15, 2024 and December 31, 2023

Note 4 – Information Certified by the Plan’s Custodian

The Plan Sponsor has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor (“DOL”) Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Benefit Trust Company has certified that the following data included in the accompanying financial statements are complete and accurate:

	<u>November 15, 2024</u>	<u>December 31, 2023</u>
Investments at fair value	\$ -	\$ 3,089,403
Noninterest bearing cash	-	18,458
Notes receivable from participants	-	150,024
 <u>For the Period from January 1, 2024 through November 15, 2024</u>		
Net appreciation in fair value of investments		\$ 207,082
Dividends		23,159
Interest income on notes receivable from participants		8,390

The Plan’s independent auditor did not perform auditing procedures with respect to this information, except for comparing such information with the related information included in the financial statements.

Note 5 – Related Party and Party-in-Interest Transactions

Certain Plan investments are shares of mutual funds managed by the Custodian; therefore, these transactions qualify as party-in-interest transactions as defined by ERISA. Such transactions are permitted under the provisions of the Plan and are exempt from the prohibition of party-in-interest transactions under ERISA. All investment fund earnings or losses posted to each participant’s account are net of investment management fees charged by each investment fund under the Plan.

The Plan has notes receivable from participants as of November 15, 2024 and December 31, 2023. These receivables and all related transactions qualify as party-in-interest transactions and are exempt from being prohibited by ERISA.

Note 6 – Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in their Employer contributions.

Note 7 – Tax Status

The Plan adopted a non-standardized, preapproved profit-sharing plan sponsored by Guideline Inc. The Internal Revenue Service (“IRS”) has determined and informed Guideline Inc., by a letter dated November 18, 2020, that the Plan and related trust are designed in accordance with applicable sections of the IRC. The Plan has not filed individually with the IRS for a letter regarding the Plan’s qualified tax status; however, the Plan Administrator believes that the Plan is designed and currently being operated in compliance with the applicable requirements of the IRC, and thus believes that the Plan is qualified, and the related trust is tax-exempt.

Think Power Solutions 401(k) Plan

Notes to the Financial Statements November 15, 2024 and December 31, 2023

Note 7 – Tax Status (continued)

GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Note 8 – Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investments, it is at least reasonably possible that changes in the values of the investment securities will occur in the near term, and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

Note 9 – Reconciliation of Financial Statements to Form 5500

The following is a reconciliation of net assets available for benefits per the financial statements to Form 5500 as of November 15, 2024 and December 31, 2023:

	<u>November 15, 2024</u>	<u>December 31, 2023</u>
Net assets available for benefits per the financial statements	\$ -	\$ 3,630,067
Less: pending trades	-	(1,618)
Add: due to broker	-	1,685
Less: employer contributions receivable	-	(344,193)
Less: participant contributions receivable	-	(29,674)
Net assets available for benefits per Form 5500	<u>\$ -</u>	<u>\$ 3,256,267</u>

The following is a reconciliation of the net increase before transfers of assets from the Plan per the financial statements to Form 5500 for the period from January 1, 2024 to November 15, 2024:

Net increase before transfers of assets from the Plan	\$ 371,673
Add: employer contributions receivable, beginning of year	344,193
Add: participant contributions receivable, beginning of year	29,674
Less: pending trades	(67)
Net income per Form 5500	<u>\$ 745,473</u>

Note 10 – Subsequent Events

The Company has evaluated subsequent events through July 21, 2025, the date these financial statements were available to be issued.

Independent Auditor's Report

To the Participants and Plan Administrator of the
Think Power Solutions 401(k) Plan
Plano, Texas

Scope and Nature of the ERISA Section 103(a)(3)(C) Audits

We have performed audits of the financial statements of Think Power Solutions 401(k) Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C) ("ERISA Section 103(a)(3)(C) audit"). The financial statements comprise the statements of net assets available for benefits as of November 15, 2024 and December 31, 2023, the related statement of changes in net assets available for benefits for the period from January 1, 2024 through November 15, 2024, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's ("DOL") Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan ("investment information") by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA ("qualified institution").

Management has obtained certifications from a qualified institution as of November 15, 2024 and December 31, 2023, and for the period from January 1, 2024 through November 15, 2024, stating that the certified investment information described in Note 4 to the financial statements is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the *Auditor's Responsibilities for the Audits of the Financial Statements* section of our report:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America ("GAAP").
- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

To the Participants and Plan Administrator of the
Think Power Solutions 401(k) Plan

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America ("GAAS"). Our responsibilities under those standards are further described in the *Auditor's Responsibilities for the Audits of the Financial Statements* section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Management's Responsibilities for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events that, considered in the aggregate, raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audits of the Financial Statements

Except as described in the *Scope and Nature of the ERISA Section 103(a)(3)(C) Audits of the Financial Statements* section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but it is not absolute assurance; therefore, it does not guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgement made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

To the Participants and Plan Administrator of the
Think Power Solutions 401(k) Plan

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, we express no such opinion.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events that, considered in the aggregate, raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of GAAP. Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Think Power Solutions 401(k) Plan

Notes to the Financial Statements

November 15, 2024 and December 31, 2023

Note 1 – Plan Description

The following brief description of the Think Power Solutions 401(k) Plan (the “Plan”) provides only general information. Participants should refer to the Summary Plan Description and the Plan Document for a more complete description of the Plan’s provisions.

General

The Plan is a defined contribution 401(k) plan that provides retirement savings benefits to eligible employees of Think Power Solutions, LLC (the “Company” or “Employer”). The Plan, which commenced effective January 1, 2016, and was amended and restated effective January 1, 2022, to comply with the latest rules and regulations, is subject to the provisions of the Employee Retirement Income Security Act of 1974 (“ERISA”) and the Internal Revenue Code (“IRC”).

Plan Custodian and Trustee

Prior to November 15, 2024, Benefit Trust Company (the “Custodian”) was the Custodian maintaining custody of all investments held by the Plan. Among other duties, Benefit Trust Company received contributions, held, and invested the fund assets in accordance with the directions of participants, and made distributions as directed by the Plan Administrator. Guideline Investments LLC (“Guideline”) is the recordkeeper maintaining the Plan’s participant account balances and providing recordkeeping services to the Plan. An officer of the Company served as trustee of the Plan.

Plan Merger

Effective May 31, 2024, the Plan merged into the Secure Your Retirement 401(k) Plan Pooled Employer Plan (“PEP”). The PEP is a pooled employer plan sponsored by Standard Insurance Company (“Standard”). Upon the merger, the Plan changed custodians to Standard. The Plan's new recordkeeper and trustee is Standard Retirement Services, Inc. and Reliance Trust Company, respectfully. As a result of the change in custodian, the assets of the Plan transferred from Benefit Trust Company to Standard. During the blackout period, participants could not direct or diversify investments or obtain a distribution from the Plan. Plan assets were fully liquidated on November 15, 2024, and transferred to PEP. The assets transferred from Benefit Trust Company to Standard totaled \$4,001,740. As a result of the merger, the Plan filed a final Form 5500.

Eligibility and Plan Entrance Date

All employees, except those under collective bargaining agreements, nonresident aliens who receive no United States source income, and leased employees, are eligible to participate in the Plan after the employee has reached 21 years of age and completed three months of service. Eligible employees are permitted to enter the Plan on the first day of the pay period following the completion of the eligibility requirements.

Participant Contributions

Participants may elect to contribute, on a before-tax or Roth basis, up to 100% of their eligible compensation as defined by the Plan, subject to the annual deferral limit established by the IRC, which was \$23,000 for 2024. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions of up to the maximum amount allowed annually by the IRC, which was \$7,500 for 2024.

Think Power Solutions 401(k) Plan

Notes to the Financial Statements
November 15, 2024 and December 31, 2023

Note 1 – Plan Description (continued)

Participant Contributions (continued)

The Plan includes an auto-enrollment provision whereby all newly eligible employees are automatically enrolled in the Plan unless they affirmatively elect not to participate in the Plan. Automatically enrolled participants have their deferral rate set at 4% of eligible compensation.

Rollover Contributions

Participants also may contribute amounts representing distributions from other qualified defined benefit or defined contribution plans (“rollovers”).

Employer Contributions

The Employer may make discretionary profit-sharing contributions, as determined by the Employer. All eligible participants receive a pro-rata share of the profit-sharing contribution, based on compensation as determined by the Plan Sponsor. Employees may share in the Employer profit-sharing contribution if the employee is employed on the last day of the Plan year, reached 21 years of age, and completed three months of service. For the period from January 1, 2024 through May 31, 2024, the Employer made no discretionary profit-sharing contributions.

Participant-Directed Investments

All assets of the Plan are participant-directed investments. Participants have the option of directing their account balances to one or more investment options offered by the Plan. The Plan has selected various investment options, as more fully described in the Plan Document, to which participants may designate the allocation of their account balances. The options vary in types of investments, rates of return, and investment risk.

Participant Accounts

Each participant account is credited with the participant’s contributions, Employer discretionary profit-sharing contributions, and allocations of Plan earnings. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant’s vested account.

Vesting

Participants are always 100% vested with respect to their deferral contributions and rollover contributions, plus actual earnings thereon. Vesting in Employer discretionary profit-sharing contributions and related earnings is based upon years of service. Participants will receive vesting credit for years of service with the Company based on the elapsed time method. Participants vest 25% after one year of credited service and 25% per year thereafter, becoming 100% vested after four years of credited service. Participants also become fully vested upon death or total and permanent disability.

Notes Receivable from Participants

Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their account balance. The loans are secured by the balance in the participant’s account. The loan interest rate, determined monthly, is set at 1% above Prime, as defined. Principal and interest are paid ratably through payroll deductions at least quarterly.

Think Power Solutions 401(k) Plan

Notes to the Financial Statements

November 15, 2024 and December 31, 2023

Note 1 – Plan Description (continued)

Payment of Benefits

The payment of benefits may occur upon attaining age 59½, retirement, disability, death, or other termination of employment. Upon normal retirement (defined as age 65), disability, or death, a participant or their beneficiary is entitled to receive 100% of the participant's account balance. For all other terminations, a participant or their beneficiary is entitled to receive the vested portion of the participant's account balance. Benefits may be paid in a lump sum equal to the vested value of the participant's account. Terminated participants whose vested account balances are less than \$5,000 receive automatic distributions as a single lump sum payment. In addition, hardship withdrawals are permitted by the Plan for those participants who have incurred a substantial financial hardship.

Note 2 – Summary of Significant Accounting Policies

Basis of Accounting

The Plan's financial statements are prepared on the accrual basis of accounting in conformity with accounting principles generally accepted in the United States of America ("GAAP").

Use of Estimates

The preparation of financial statements in accordance with GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities, changes in those assets and liabilities, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 3 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments purchased and sold, as well as those held during the year.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance, plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. No allowance for credit losses has been recorded as of November 15, 2024 and December 31, 2023. Delinquent participant loans are recorded as distributions on the basis of the terms of the Plan agreement.

Payment of Benefits

Benefit payments to participants are recorded when paid.

Administrative Expenses

Certain expenses incurred in maintaining the Plan are paid directly by the Company and are excluded from these financial statements. Investment-related expenses are included in the net appreciation in fair value of investments on the statement of changes in net assets available for benefits. Certain expenses specifically incurred by, or attributable to, a participant will be paid from that participant's account. Plan expenses could include, but are not limited to, costs to process Plan distributions.

Think Power Solutions 401(k) Plan

Notes to the Financial Statements

November 15, 2024 and December 31, 2023

Note 3 – Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1), and the lowest priority to unobservable inputs (level 3). Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs. The three levels of the fair value hierarchy under Financial Accounting Standards Board (“FASB”) Accounting Standards Codification (“ASC”) Topic 820 are described as follows:

- **Level 1** – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access at the measurement date.
- **Level 2** – Inputs to the valuation methodology include quoted prices for similar assets or liabilities in active markets; quoted prices for identical or similar assets or liabilities in inactive markets; inputs other than quoted prices that are observable for the asset or liability; or inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.
- **Level 3** – Inputs in the valuation methodology are unobservable and significant to the fair value measurement.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at November 15, 2024, and December 31, 2023.

- **Mutual Funds** – Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the United States Securities and Exchange Commission. These funds are required to publish their daily net asset value (“NAV”) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded and are classified within level 1 of the fair value hierarchy.
- **Money Market Fund** – This investment is valued at cost, which approximates fair value and is classified within level 1 of the valuation hierarchy.

The following table sets forth by level, within the fair value hierarchy, the Plan’s assets at fair value as of November 15, 2024 and December 31, 2023. Classification within the fair value hierarchy table is based on the lowest level of any input that is significant to the fair value measurement.

Notes to the Financial Statements November 15, 2024 and December 31, 2023

Note 4 – Information Certified by the Plan’s Custodian

The Plan Sponsor has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor (“DOL”) Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Benefit Trust Company has certified that the following data included in the accompanying financial statements are complete and accurate:

	<u>November 15, 2024</u>	<u>December 31, 2023</u>
Investments at fair value	\$ -	\$ 3,089,403
Noninterest bearing cash	-	18,458

 <u>For the Period from January 1, 2024 through November 15, 2024</u>		
Net appreciation in fair value of investments		\$ 207,082
Dividends		23,159
Interest income on notes receivable from participants		8,390

The Plan’s independent auditor did not perform auditing procedures with respect to this information, except for comparing such information with the related information included in the financial statements.

Note 5 – Related Party and Party-in-Interest Transactions

Certain Plan investments are shares of mutual funds managed by the Custodian; therefore, these transactions qualify as party-in-interest transactions as defined by ERISA. Such transactions are permitted under the provisions of the Plan and are exempt from the prohibition of party-in-interest transactions under ERISA. All investment fund earnings or losses posted to each participant’s account are net of investment management fees charged by each investment fund under the Plan.

The Plan has notes receivable from participants as of November 15, 2024 and December 31, 2023. These receivables and all related transactions qualify as party-in-interest transactions and are exempt from being prohibited by ERISA.

Note 6 – Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in their Employer contributions.

Note 7 – Tax Status

The Plan adopted a non-standardized, preapproved profit-sharing plan sponsored by Guideline Inc. The Internal Revenue Service (“IRS”) has determined and informed Guideline Inc., by a letter dated November 18, 2020, that the Plan and related trust are designed in accordance with applicable sections of the IRC. The Plan has not filed individually with the IRS for a letter regarding the Plan’s qualified tax status; however, the Plan Administrator believes that the Plan is designed and currently being operated in compliance with the applicable requirements of the IRC, and thus believes that the Plan is qualified, and the related trust is tax-exempt.

Notes to the Financial Statements November 15, 2024 and December 31, 2023

Note 7 – Tax Status (continued)

GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Note 8 – Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investments, it is at least reasonably possible that changes in the values of the investment securities will occur in the near term, and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.
