INDEPENDENT AUDITOR'S REPORT

To the Plan Administrator and Participants of
Quality Progressions 403(b) Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of Quality Progressions 403(b) Plan (Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2024 and 2023, and the related statement of changes in net assets available for benefits for the year ended December 31, 2024, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from qualified institutions as of December 31, 2024 and 2023, and for the year ended December 31, 2024, stating that the certified investment information, as described in Note 5 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section:

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

Camp Hill

- the information in the accompanying financial statements related to assets held by and certified to by qualified institutions agrees to, or is derived from, in all material respects, the information prepared and certified by institutions that management determined meet the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date that the financial statements are issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the *Scope and Nature of the ERISA Section 103(a)(3)(C) Audit* section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements, including omissions, are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audits in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certifications, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter - Supplemental Information Required by ERISA

The supplemental information noted in the table of contents as of December 31, 2024 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental information, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental information that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental information, we evaluated whether the supplemental information, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion

- the form and content of the supplemental information, other than the information in the supplemental information that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental information related to assets held by and certified to by qualified institutions agrees to, or is derived from, in all material respects, the information prepared and certified by institutions that management determined meet the requirements of ERISA Section 103(a)(3)(C).

QUALITY PROGRESSIONS 403(B) PLAN
NOTES TO FINANCIAL STATEMENTS
December 31, 2024 and 2023

1. Description of plan

The following description of the Quality Progressions 403(b) Plan (the "Plan") provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering eligible employees of Quality Progressions (the Organization), an organization exempt from federal income tax under Section 501(c) of the Internal Revenue code (IRC). An employee is immediately eligible to participate in the Plan upon employment. The plan entry date is the first day of the month coinciding with or next following meeting eligibility requirements.

The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The Plan Authorized Person is responsible for oversight of the Plan. The Organization is the Plan Administrator and is responsible for the day-to-day operations of the Plan. The Plan Authorized Person determines the appropriateness of the Plan's investment offerings and monitors investment performance, and reports to the Organization's Board of Directors.

The Plan is in operational compliance with the requirements of current laws and regulations. Formal amendments will be adopted by the prescribed deadlines.

Contributions

Each year, participants may contribute up to the maximum limit established under the IRC. Participants may choose between two types of deferral options: pre-tax deferrals and Roth deferrals. Participants that are fifty years of age or older may make catch-up contributions to the Plan. The Plan also allows for a Special 403(b) Catch-Up Contribution (Special Contribution) for employees with more than 15 years of service. The amount permitted is the lesser of \$3,000; \$15,000 reduced by the total Special Contributions made in prior years; or \$5,000 times the number of years of service minus the total Special Contributions made in prior years. Participants may also contribute amounts representing distributions from other qualified plans as rollover contributions. The Organization may make discretionary matching contributions. The matching formula for the year ended December 31, 2024 is as follows: contributions less than 5% of compensation are matched 100% up to 4% of compensation; contributions of 5% but less than 6% are matched at 100% of 4.5% of compensation; and contributions of 6% or more are matched at 100% of 5% of compensation. Matching contributions are funded with each payroll and totaled \$203,477 for the year ended December 31, 2024. The Organization may make discretionary non-elective contributions which are allocated proportionate to salary. No discretionary non-elective contribution was made or declared for the year ended December 31, 2024.

The Organization remits employee deferral contributions and employer matching contributions to the Plan on a payroll by payroll basis. The Organization remits discretionary non-elective contributions after the close of the plan year.

Participants direct the investment of contributions into various investment options offered by the Plan and may change their investment options at any time.

1. Description of plan (Continued)

Participant accounts

Each participant's account is credited with the participant's contributions and Organization's contributions, as well as allocations of Plan earnings. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's account.

Vesting

Participants are fully and immediately vested in their entire account plus earnings thereon.

Notes receivable from participants

Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum of the lesser of 50% of the participant's vested account balance or \$50,000. The loans are collateralized by the balance in the participant's account and bear interest at the prime rate in effect at the loan's inception plus 1%. Principal and interest is paid ratably through payroll deductions over a period generally not to exceed sixty months, unless the loan is for the purchase of a principal residence, for which a longer repayment term is permitted. A participant may have no more than one loan outstanding at a given time and refinancing of loans is not permitted.

Payment of benefits

Participants may withdraw all or a portion of their vested accounts upon termination of service due to death, disability, retirement or severance of employment before attaining normal retirement age. Benefits are generally paid in the form of a lump sum; however, installments or annuity payments are permitted. A participant may also elect in-service distributions provided the participant has attained the age of 59½. Additionally, in-service distributions are always permitted from a participant's rollover account.

In addition, participants may withdraw from their pre-tax salary deferral and roth deferral accounts if they incur a financial hardship.

2. Summary of significant accounting policies

Basis of accounting

The accompanying financial statements have been prepared using the accrual basis of accounting.

Use of estimates

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

QUALITY PROGRESSIONS 403(B) PLAN
NOTES TO FINANCIAL STATEMENTS
December 31, 2024 and 2023

2. Summary of significant accounting policies (Continued)

Contributions

Contributions from Plan participants and the matching contributions from the Organization are recorded in the year in which the employee contributions are withheld from compensation. The Organization's discretionary non-elective contribution is recorded when the related participant compensation is paid.

Investment valuation and income recognition

Investments (except for fully benefit-responsive investment contracts, which are reported at contract value) are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan Authorized Person determines the Plan's valuation policies using information provided by the custodian. See Note 3 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year, and indirect investment expenses, which represent the internal expenses of each respective fund.

Notes receivable from participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when incurred. No allowance for credit losses has been recorded as of December 31, 2024 and 2023. If a participant ceases to make loan repayments and the plan administrator deems the participant loan to be in default, the participant loan balance is reduced, and a benefit payment is recorded.

Payment of benefits

Benefits are recorded when paid.

Income Taxes

Financial Accounting Standards Board Accounting Standards Codification (ASC) Topic 740, *Income Taxes*, requires plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if they have taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service (IRS). The Plan administrator has analyzed the tax positions taken by the Plan and has concluded that as of December 31, 2024 there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan's policy is to recognize interest and penalties related to unrecognized tax benefits in income tax expense.

QUALITY PROGRESSIONS 403(B) PLAN
NOTES TO FINANCIAL STATEMENTS

2. Summary of significant accounting policies (Continued)

Administrative expenses

Certain expenses of maintaining the Plan are paid directly by the Organization and are excluded from the financial statements. Contract administration fees and fees related to the administration of notes receivable from participants and benefits paid to participants charged directly to the affected participant's account are included in administrative expenses. Investment-related expenses are included in net appreciation of fair value of investments.

3. Investments and fair value of financial instruments

FASB ASC Topic 820 (ASC 820), *Fair Value Measurement*, provides a framework for measuring, reporting and disclosing fair value under generally accepted accounting principles. The framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in an active market for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3). The three levels of the fair value hierarchy under ASC 820 are described as follows:

Level 1 – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 – Inputs to the valuation methodology include:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 – Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in methodologies used at December 31, 2024 and 2023:

Registered investment companies (mutual funds) – Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

3. Investments and fair value of financial instruments (Continued)

The group annuity contract consisting of the Guaranteed Interest Fund is fully benefit-responsive and is excluded from the fair value hierarchy table as described in Note 4.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's investments at fair value as of December 31, 2024 and 2023.

Investments at fair value at December 31, 2024 were as follows:

	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>	<u>Total</u>
Registered investment companies	<u>\$5,226,714</u>			<u>\$5,226,714</u>

Investments at fair value at December 31, 2023 were as follows:

	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>	<u>Total</u>
Registered investment companies	<u>\$4,975,913</u>			<u>\$4,975,913</u>

4. Guaranteed investment contract with Empower Annuity Insurance Company of America

The Plan has a fully benefit-responsive group annuity contract with Empower Annuity Insurance Company of America (EAICA), which includes the Guaranteed Interest Fund investment option. EAICA maintains the contributions in its general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The guaranteed interest account contract issuer is contractually obligated to repay the principal as well as interest at a specified rate that is guaranteed to the Plan.

Because the guaranteed interest contract is fully benefit-responsive, contract value is the relevant measurement attribute for that portion of the net assets available for benefits attributable to the guaranteed interest contract. The guaranteed interest contract is presented at contract value on the face of the Statement of Net Assets Available for Benefits. Contract value, as reported to the Plan by EAICA, represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

There were no reserves against contract value for credit risk of the contract issuer or otherwise. The crediting interest rate is based on a formula agreed upon with the issuer and is established annually.

NOTES TO FINANCIAL STATEMENTS

4. Guaranteed investment contract with Empower Annuity Insurance Company of America (Continued)

Certain events limit the ability of the Plan to transact at contract value with the issuer. Such events include (1) amendments to the Plan documents (including complete or partial Plan termination or merger with another plan); (2) changes to the Plan’s prohibition on competing investment options; (3) bankruptcy of the Plan sponsor or other Plan sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan; (4) the failure of the Plan to qualify under 401(a) of the IRC or the failure of the trust to be tax exempt under Section 501(a) of the IRC; or (5) premature termination of the contracts. The Plan administrator believes that no events are probable of occurring that might limit the ability of the Plan to transact at contract value with the contract issuer, and that also would limit the ability of the Plan to transact at contract value with the participants.

5. Investment information certified by qualified institutions

The Plan administrator, having determined that it is permissible in the circumstances, elected to have the audits of the Plan performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor’s Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, as permitted under such election, certain information summarized below related to the accompanying financial statements and the ERISA-required supplemental schedule was obtained by plan management and agreed to or derived from information certified as complete and accurate by EAICA and Empower Trust Company, LLC (collectively, “Empower”), qualified institutions and the custodians of the Plan, in accordance with 29 CFR 2520.103-5 of the Department of Labor’s Rules and Regulations for Reporting and Disclosure under ERISA.

- a. The investments, at fair value and contract value, at December 31, 2024 and 2023.
- b. Net appreciation in fair value of investments for the year ended December 31, 2024.
- c. Dividend income totaling \$160,193 included in the Statement of Changes in Net Assets Available for Benefits for the year ended December 31, 2024. Accrued dividend income at December 31, 2024, which was not certified by Empower, is also included in dividend income on the Statement of Changes in Net Assets Available for Benefits for the year ended December 31, 2024 in order to present the financial statements in accordance with generally accepted accounting principles.

Dividend income per the statement of changes in net assets available for benefits consists of the following:

Dividend income certified by Empower	\$161,046
Less: Accrued dividend income at December 31, 2023	<u>853</u>
	160,193
 Add: Accrued dividend income at December 31, 2024	 <u>71</u>
 Dividend income per the Statement of Changes in Net Assets Available for Benefits	 <u>\$160,264</u>

- d. Schedule H, Line 4i-Schedule of Assets (Held at End of Year).

QUALITY PROGRESSIONS 403(B) PLAN
NOTES TO FINANCIAL STATEMENTS
December 31, 2024 and 2023

6. Related parties and parties-in-interest transactions

Certain plan investments are units of fixed annuity accounts managed by Empower. Empower is the custodian as defined by the Plan.

The Plan also issues loans to its participants which are secured by the participants' account balances.

These transactions qualify as party-in-interest transactions, which are exempt from prohibited transaction rules under ERISA.

Certain administrative functions of the Plan are performed by management or employees of the Organization. No member of management or employee receives compensation from the Plan.

7. Plan Termination

Although it has not expressed any intent to do so, the Organization has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will be entitled to the full amount in their accounts.

8. Tax Status

The Plan has been designed to qualify under Section 403(b) of the IRC. The Plan is required to operate in conformity with the IRC to maintain the tax-exempt status for Plan participants under Section 403(b). The Plan adopted a volume submitter 403(b) plan developed by Alliant Insurance Services Inc. (Alliant). The IRS has determined and informed Alliant by its IRS Advisory Letter dated March 31, 2017 that the form of the volume submitter plan, as then designed, was in compliance with applicable provisions of the IRC. The Plan has been amended since receiving the advisory letter. However, the Plan administrator believes that the Plan is currently designed and being operated in accordance with the applicable requirements of Section 403(b) of the IRC and, therefore, believes that the Plan is qualified and the related accounts are tax-exempt. Therefore, no provision for income taxes has been included in the Plan's financial statements.

9. Risks and uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

10. Subsequent events

The Securing a Strong Retirement Act (SECURE 2.0 Act) was signed into law on December 29, 2022 and includes mandatory and optional provisions with varying effective dates in 2025 and later. Plan management is evaluating these provisions and will update the Plan's governance and operations accordingly.

In connection with the preparation of the financial statements, the Plan has evaluated subsequent events from December 31, 2024 through July 15, 2025, which is the date the financial statements were available for issuance and concluded that no additional disclosures are required.
