Hometown Community Bancorp, Inc. Employee Stock Ownership Plan and Trust

Report on the Audit of the Financial Statements

Opinion

We have audited the accompanying financial statements of Hometown Community Bancorp, Inc. Employee Stock Ownership Plan and Trust, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), which comprise the statements of net assets available for benefits as of December 31, 2024 and 2023, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

In our opinion, the financial statements referred to above present fairly, in all material respects, the net assets available for benefits of Hometown Community Bancorp, Inc. Employee Stock Ownership Plan and Trust as of December 31, 2024 and 2023, and the changes in its net assets available for benefits for the years then ended, in accordance with accounting principles generally accepted in the United States of America.

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Hometown Community Bancorp, Inc. Employee Stock Ownership Plan and Trust and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Hometown Community Bancorp, Inc. Employee Stock Ownership Plan and Trust's ability to continue as a going concern for one year after the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Hometown Community Bancorp, Inc. Employee Stock Ownership Plan and Trust's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Hometown Community Bancorp, Inc. Employee Stock Ownership Plan and Trust's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control related matters that we identified during the audit.

Supplemental Schedule Required by ERISA

Our audits were conducted for the purpose of forming an opinion on the financial statements as a whole. The supplemental schedule of assets (held at year-end) as of December 31, 2024 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor’s Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, including its form and content, is presented in conformity with the Department of Labor’s Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion, the information in the accompanying schedule is fairly stated, in all material respects, in relation to the financial statements as a whole, and the form and content is presented in conformity with the Department of Labor’s Rules and Regulations for Reporting and Disclosure under ERISA.

NOTE 1 - PLAN DESCRIPTION AND BASIS OF PRESENTATION

The following brief description of the Hometown Community Bancorp, Inc. Employee Stock Ownership Plan and Trust (the Plan) is provided for general information purposes only. Participants should refer to the Plan document for complete information.

General

The Plan was established on January 1, 1979 and has been amended throughout the years to comply with tax legislation. The Plan was last amended effective January 1, 2023. The Plan operates as an employee stock ownership plan (ESOP), and is designed to comply with Section 4975(e)(7) and the regulations thereunder of the Internal Revenue Code of 1986, as amended (Code and IRC) and is subject to the applicable provisions of the Employee Retirement Income Security Act of 1974, as amended (ERISA).

Over the years, the Plan has purchased Hometown Community Bancorp, Inc. (“Company”) common shares using either dividend distributions or the proceeds of a bank borrowing guaranteed by the Company, and holds the stock in a trust established under the Plan. The borrowing is to be repaid by Company contributions to the trust fund. As the Plan makes each payment of principal, an appropriate percentage of stock will be allocated to eligible employees’ accounts in accordance with applicable regulations under the Code. All borrowings were paid in full in 2019.

Effective June 1, 2023, James Unland & Co. Inc., a participating subsidiary in the Plan, sold substantially all of its business assets and operations and as a result all employees were terminated from employment and joined the purchasing entity.

Eligibility

Employees of the Company and its participating subsidiaries are generally eligible to participate in the Plan after attaining the age of 18 and completing six months of service. Plan entrance dates are January 1st and July 1st of each year. Participants who do not have at least 1,000 hours of service during such Plan year or are not employed on the last working day of a Plan year are generally not eligible for an allocation of Company contributions for such year.

Contributions

Contributions to the Plan are based upon contribution provisions included in the Plan agreement. The Company’s contributions may be paid in cash or in shares of stock, as determined by the Company’s Board of Directors. However, the combination of Company cash contributions and cash distributions on Company stock must annually be at an amount at least equal to the current principal and interest payments due on any outstanding loans. Employees are not permitted to make contributions under the Plan.

NOTE 1 - PLAN DESCRIPTION AND BASIS OF PRESENTATION (CONTINUED)

Participant Accounts and Forfeitures

Separate employee stock accounts and cash accounts have been established to record the participants' interests under the Plan. Employee stock accounts maintained under the Plan are credited as follows:

- A. Allocable shares of the Company's stock (including fractional shares) purchased and paid for by the trust are allocated at the end of each Plan year.
- B. Forfeitures of the Company's stock caused by participants leaving the Company prior to the time when their accounts are fully vested are allocated at the end of each Plan year.

Forfeitures of terminated participants' nonvested account balances allocated to remaining participants at December 31, 2024 and 2023 were \$44,337 and \$81,278 in cash and 140 and 447 in shares of stock, respectively. There were no balances in forfeited non-vested accounts at December 31, 2024 and 2023.

Only those participants who are eligible employees of the Company as of the last day of the Plan year will receive an allocation. Allocations of Company contributions and Plan forfeitures are based on a participant's eligible compensation, relative to total eligible compensation for the Plan year.

The other Plan assets are held in an investment/cash account for Plan participants and are maintained and credited (or debited) in a similar fashion. Plan earnings are allocated to each participant's account based on the ratio of the participant's beginning of the year account balances to all participants' beginning of the year account balances.

Voting Rights

On most corporate matters, the Trustees vote the Company stock in the Plan as directed by the Plan administrator. With respect to certain corporate issues, participants are entitled to vote the shares of the Company stock allocated to their accounts.

NOTE 1 - PLAN DESCRIPTION AND BASIS OF PRESENTATION (CONTINUED)

Vesting

Vesting in a participant account is based on years of continuous service. A participant is 100 percent vested after six years of credited service in accordance with the following table:

Less than 2 years	0%
2 years but less than 3	20%
3 years but less than 4	40%
4 years but less than 5	60%
5 years but less than 6	80%
6 years or more	100%

Notwithstanding the above, a participant is fully vested upon reaching normal retirement age, death, or permanent disability.

Plan Termination

Although there is no intent to do so, the Company reserves the right to discontinue contributions and terminate the Plan subject to the provisions set forth in the Plan terms, the Code, and ERISA. Upon termination of the Plan, participants would become fully vested in the full value of their accounts.

Payment of Benefits

A participant is entitled to benefits from the Plan upon attainment of normal retirement age (65), death, or disability while working for the Company, or depending upon the number of years of service, if the participant terminates employment for other reasons.

On termination of service, a participant may elect to receive a lump sum amount equal to their vested account balance, direct rollover to another qualified retirement plan or individual retirement account (IRA), or installment payments for a specified number of years. Distributions will be in the form of whole shares of the Company's stock or cash. However, the Company has the right to make distributions in cash in lieu of Company stock since the Company has elected S-Corporation status. All fractional shares will be paid in cash.

NOTE 1 - PLAN DESCRIPTION AND BASIS OF PRESENTATION (CONTINUED)

Put Option

Under federal income tax regulations, the Company stock that is held by the Plan and its participants and is not readily tradable on an established market, or is subject to trading limitations includes a put option. The put option is a right to demand that the Company buy any shares of its stock distributed to participants for which there is no market. The put price is representative of the fair market value of the stock. The Company can pay for the purchase with interest over a period of five years. The purpose of the put option is to ensure that the participant has the ability to ultimately obtain cash.

Diversification

Diversification is offered to participants close to retirement so that they may have the opportunity to move part of the value of their investment in Company stock into investments that are more diversified. Participants who are at least age 55 with at least 10 years of participation in the Plan may elect to diversify a portion of their account. Diversification is offered to each eligible participant over an unlimited period. In each of the first five years, a participant may diversify up to 25 percent of the number of post-1986 shares allocated to his or her account and direct the investment thereof among investment options (other than Company stock) offered by the Plan. In the sixth year and for future years, the percentage changes to 50 percent.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The accompanying financial statements are prepared on the accrual method of accounting.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America (GAAP) requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

EMPLOYEE STOCK OWNERSHIP PLAN AND TRUST
NOTES TO FINANCIAL STATEMENTS
December 31, 2024 and 2023

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Investment Valuation and Income Recognition

Cash and cash equivalents are carried at cost.

Investments are reported at estimated fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for a discussion of fair value measurements.

S-Corporation dividend income is accrued on the ex-distribution date.

Purchases and sales of securities are recorded on a trade-date basis. Realized gains and losses from security transactions are reported on the average cost method. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Risks and Uncertainties

The Plan primarily invests in Company stock which is exposed to various risks, such as interest rate, market, and credit risks, as well as valuation assumptions based on earnings, cash flows and/or other techniques. Due to the level of risk associated with this investment security and the level of uncertainty related to changes in the value of the security, it is at least reasonably possible that changes in the value of the security will occur in the near term and that such changes could materially affect the amounts reported in the statements of net assets available for benefits and participants' individual account balances.

Administrative Expenses

Administrative expenses for Plan accounting and audit services are paid by the Plan. Certain legal and professional fees incurred to maintain the Plan are paid directly by the Company and are excluded from these financial statements.

Payment of Benefits

Benefit payments are recorded when paid.

Subsequent Events

The Plan evaluated subsequent events through July 24, 2025 the date the financial statements were available to be issued.

NOTE 4 - FAIR VALUE OF INVESTMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under GAAP are described below:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly or indirectly, such as:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair market value measurement.

**HOMETOWN COMMUNITY BANCORP, INC.
EMPLOYEE STOCK OWNERSHIP PLAN AND TRUST
NOTES TO FINANCIAL STATEMENTS
December 31, 2024 and 2023**

NOTE 4 - FAIR VALUE OF INVESTMENTS (CONTINUED)

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the valuation methodologies used at December 31, 2024 and 2023.

Common shares of Hometown Community Bancorp, Inc.: Valued at estimated fair value as of the last day of the Plan year, as determined by an independent appraisal firm. This appraisal was based on a minority basis using a combination of market and income valuation techniques consistent with prior years. The appraiser took into account historical and projected cash flow and net income, return on assets, return on equity, and market comparables.

Interest bearing cash: Valued based on cost, which approximates fair value in a non-inflationary economy and is protected up to the FDIC limit.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level, within the fair value hierarchy, certain Plan assets at fair value as of December 31:

NOTE 5 – PLAN TAX STATUS

The Internal Revenue Service (“IRS”) has determined and informed the Company, by a letter dated September 18, 2023, that the Plan is qualified and the trust established under the Plan is tax-exempt, under the applicable sections of the IRC. The Plan administrator and the Plan's tax counsel believe that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC. Therefore, they believe that the Plan was qualified and the related trust was tax-exempt as of the financial statement date.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

NOTE 6 - ADMINISTRATION OF PLAN ASSETS

The Plan's assets, which consist principally of Company common shares, are held by the Trustees of the Plan.

Company contributions are held and managed by the Trustee who invests cash received, interest, and dividend income and makes distributions to participants. Also, the Plan's interest-bearing cash is held at Morton Community Bank, a custodian and bank subsidiary of the Company. These are related party and party-in-interest transactions. All of the party-in-interest transactions are exempt from the prohibited transaction rules of ERISA.

Certain administrative functions are performed by officers or employees of the Company or its subsidiaries. No such officer or employee receives compensation from the Plan.
