Report of Independent Auditors

The Plan Administrator
Alyeska Pipeline Service Company
Group Medical and Dental Plan for Operating Company Employees

Report on the Audit of the Financial Statements

Opinion

We have audited the financial statements of Alyeska Pipeline Service Company Group Medical and Dental Plan for Operating Company Employees, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), which comprise the statements of net assets available for benefits and statements of benefit obligations as of December 31, 2024 and 2023, and the related statements of changes in net assets available for benefits and statements of changes in benefit obligations for the years then ended, and the related notes to the financial statements.

In our opinion, the accompanying financial statements present fairly, in all material respects, the net assets available for benefits and benefit obligations of Alyeska Pipeline Service Company Group Medical and Dental Plan for Operating Company Employees as of December 31, 2024 and 2023, and the changes in its net assets available for benefits and changes in benefit obligations for the years then ended, in accordance with accounting principles generally accepted in the United States of America (GAAP).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Alyeska Pipeline Service Company Group Medical and Dental Plan for Operating Company Employees and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Alyeska Pipeline Service Company Group Medical and Dental Plan for Operating Company Employees' ability to continue as a going concern within one year after the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Alyeska Pipeline Service Company Group Medical and Dental Plan for Operating Company Employees' internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Alyeska Pipeline Service Company Group Medical and Dental Plan for Operating Company Employees' ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Alyeska Pipeline Service Company

Group Medical and Dental Plan for Operating Company Employees

Notes to Financial Statements

Note 1 – Description of Plan

The following description of Alyeska Pipeline Service Company Group Medical and Dental Plan for Operating Company Employees (the Plan) provides only general information. Participants should refer to the Plan document for a complete description of the Plan's provisions. Medical and dental benefits are available to substantially all employees of Alyeska Pipeline Service Company (Alyeska or the Employer) and their dependents. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended (ERISA). Enrollment in the Plan is voluntary.

The Plan has a stop-loss contract with an insurance company. The stop-loss contract requires the insurance company to pay benefits when the claims exceed certain specific stop-loss limits. For specific stop-loss, there was a \$400,000 individual specific stop-loss annual deductible per person and reimbursement of eligible expenses in excess of the deductible up to a \$1,600,000 annual maximum.

The Plan's trustee and custodian is Bank of New York Mellon, N.A. (the Trustee). The Plan is administered by Premera Blue Cross/Blue Shield of Alaska (the Administrator). The Administrator is responsible for determining eligibility of claimants, determining whether claimed benefits are provided for by the Plan, processing claim payments, ensuring the claim payments are correct and within the payment limits stipulated by the Plan, and maintaining all documentation in support of claim payments and eligibility.

Benefits – The Plan provides health benefits (medical, hospital, surgical, prescription, vision, and dental) on an elective basis covering full-time employees and their beneficiaries and covered dependents. Employees are eligible for the Plan on the first day of employment.

Coverage terminates at the earliest of the following: termination of the employee, employee ineligibility, election by the employee, or Plan's termination. Under the Consolidated Omnibus Budget Reconciliation Act of 1985 (COBRA), employees and dependents are eligible to continue coverage for as long as 18 months after termination for an employee. Additionally, an employee can continue coverage for up to 36 months after termination if the employee is totally disabled upon such termination. For COBRA benefits, the employee pays 102% of the cost of the Plan.

Contributions – The medical portion for active employees is funded 78% by the employer and 22% by the employee. The dental portion for active employees is funded 75% by the employer and 25% by the employee.

The Plan includes a Health Reimbursement Account (HRA) component. The Employer funds an annual maximum contribution of \$3,000 to an HRA established for each eligible active employee to provide coverage for qualified medical expenses. The amount contributed for each eligible participant is based on whether they are enrolled in the Plan for individual coverage or one or two or more dependents.

Alyeska is liable for all benefits, including benefits that become due prior to termination of the Plan but not yet paid at termination. Contributions are accrued in the year in which they apply.

Notes to Financial Statements

Plan termination – In the event the Plan terminates, any and all assets remaining in the Plan (after the payment of all expenses) shall be used for the continuance of one or more benefits of the type provided by the Plan until all assets have been expended.

Note 2 – Summary of Significant Accounting Policies

Basis of presentation – The financial statements of the Plan have been prepared in accordance with accounting principles generally accepted in the United States of America, using the accrual basis of accounting.

Use of estimates – The preparation of the financial statements in conformity with generally accepted accounting principles requires the use of estimates and assumptions that may affect certain amounts and disclosures. Actual results could differ from these estimates.

Investment valuation – Investments are stated at fair value as certified by the Trustee. Fair value is defined as the amount that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 6 for discussion of fair value measurements.

Income recognition – Purchases and sales of securities are recorded on a trade-date basis. The Plan's interest in Master Trust investment income and interest income are recorded on the accrual basis.

Benefits – Participant benefits are deducted from plan assets when the claims are paid. Claims incurred but not reported included in the accompanying financial statements are estimated by using historical experience and run-out information. Obligations for health claims incurred by active participants but not reported at year end are reported in the accompanying statements of accumulated plan benefits at an amount that approximates their present value. Present value for medical claims is based on reserve factors of 13% and 6% at December 31, 2024 and 2023, respectively.

Postretirement benefits – The postretirement benefit obligation represents the actuarial present value of those estimated future benefits attributed to employee service rendered to December 31. Postretirement benefits include future benefits expected to be paid to or for active employees and their beneficiaries and dependents after retirement from service with Alyeska. Eligibility is defined in each plan in the Alyeska Pipeline Service Company Postretirement Health Program. Prior to an active employee's full eligibility date, the post-retirement benefit obligation is the portion of the expected post-retirement benefit obligation that is attributed to that employee's service rendered to the valuation date.

The actuarial present value of the expected postretirement benefit obligation is determined by an actuary and is the amount that results from applying actuarial assumptions to historical claims cost data to estimate future annual incurred claims costs per participant and to adjust such estimates for the time value of money (through discounts for interest) and the probability of payment (by means of decrements such as those for death, disability, withdrawal, or retirement) between the valuation date and the expected date of payment.

Actuarial assumptions reflect expectations of future events that will affect the ultimate cost for the retiree medical and dental program. For 2024 measurement purposes, assumptions were made in the annual rate of increase in the per capita cost of covered medical and dental benefits and HRA subsidy.

Calendar Year	Pre-65 Annual Trend	Dental
2024	6.50%	3.00%
2025	6.00%	3.00%
2026	5.50%	3.00%
2027	5.00%	3.00%
2028	4.50%	3.00%
2029 and later	4.00%	3.00%

Calendar Year	Post-65 HRA Subsidy Trend
2024	-
2025	2.50%
2026	5.00%
2027 and later	5.00%

For 2023 measurement purposes, assumptions were made in the annual rate of increase in the per capita cost of covered medical and dental benefits and HRA subsidy.

Calendar Year	Pre-65 Annual Trend	Dental
2023	6.75%	3.00%
2024	6.50%	3.00%
2025	6.00%	3.00%
2026	5.50%	3.00%
2027	5.00%	3.00%
2028	4.50%	3.00%
2029 and later	4.00%	3.00%

Calendar Year	Post-65 HRA Subsidy Trend
2023-2024	-
2025	2.50%
2026 and later	5.00%

The weighted-average health care cost trend rate assumption has a significant effect on the amounts reported as postretirement benefit obligations. If the assumed rates increase by 1 percentage point in each year, it would increase the obligations as of December 31, 2024, by \$1,758,676.

Notes to Financial Statements

Other significant assumptions used in the measurement of benefit obligations as of December 31, 2024 and 2023, as rolled forward from the Plan's actuarial valuations at January 1, 2024 and 2023, respectively, were as follows:

Discount rate	2024: 5.35% 2023: 5.50%
Mortality	Pri-2012 Mortality Table with MP-2021 Mortality Improvement Scale
Retirement age	Varying rates between 55 and 75 years

The foregoing assumptions are based on the presumption the Plan will continue. Should the Plan terminate, different actuarial assumptions and other factors might be applicable in determining the actuarial present value of the post-retirement benefit obligation.

Subsequent events – The Plan has evaluated subsequent events through July 28, 2025, which is the date the financial statements were available to be issued.

Note 3 – Benefit Obligations

The Plan's deficiency of net assets compared to benefit obligations at December 31, 2024 and 2023, relates primarily to the post-retirement benefit obligation for the future benefits of active employees to be paid through Alyeska's post-retirement health plans. The Plan's deficiency of net assets compared to benefit obligations is not covered by the current contribution rates. It is expected that the deficiency will be funded through future increases in the contribution rates.

During the years ended December 31, 2024 and 2023, the Plan reported net experience losses and assumption changes of \$3,109,832 and \$1,103,587, respectively, due to changes in the discount rates in 2024 and 2023 used in 2023 to estimate the Plan's benefit obligations.

Note 4 – Tax Status

The trust established under the Plan to hold the Plan's net assets is qualified pursuant to Section 501(a) of the Internal Revenue Code of 1986 (the Code) as a Voluntary Employee Beneficiary Association (VEBA) as described in Section 501(c)(9) of the Code and, accordingly, the trust is exempt from federal income taxes. However, under certain provisions of the Deficit Reduction Act, income generated after January 1, 1986 on certain trust investments is subject to taxation. There was no income tax expense for the years ended December 31, 2024 and 2023.

The Internal Revenue Service determined and informed Alyeska by a letter dated April 21, 1993, that the Plan and related trust are designed in accordance with applicable sections of the Code. The Plan has been amended since receiving the determination letter; however, the Plan's administrator believes the Plan is currently designed and operated in compliance with the applicable requirements of the Code.

Notes to Financial Statements

In accordance with guidance on accounting for uncertainty in income taxes, management has evaluated the Plan's tax positions and does not believe the Plan has any uncertain tax positions that require disclosure or adjustment to the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Note 5 – Interest in Alyeska Pipeline Service Company Master Trust

The Alyeska Pipeline Service Company Master Trust (the Master Trust) holds the assets of the Plan, the Alyeska Pipeline Service Company Retiree Group Medical and Dental Plan for Operating Company Employees, and the Alyeska Pipeline Service Company Retiree Medicare Eligible Reimbursement Health Plan. Each participating retirement plan has an undivided interest in the Master Trust. The assets of the Master Trust are held by the Trustee.

The value of the Plan's interest in the Master Trust is based on the beginning of year value of the Plan's interest in the trust plus actual contributions and allocated investment income less actual claim payments and allocated administrative expenses. As of December 31, 2024 and 2023, the Plan's interest in the net assets of the Master Trust was approximately 87% and 79%, respectively. Investment income and administrative expenses relating to the Master Trust are allocated to the individual plans based on average monthly balances invested by each plan.

The following tables present the fair values of investments for the Master Trust at December 31:

	2024	
	Master Trust Balances	Plan's Interest in Master Trust
Investments		
Mutual funds	\$ 2,072,652	\$ 1,812,784
	2023

	\$ 65,020	\$ 86,920

Note 6 – Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy are described as follows:

Level 1 – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Master Trust has the ability to access.

Level 2 – Inputs to the valuation methodology include quoted prices for similar assets or liabilities in active markets; quoted prices for identical or similar assets or liabilities in inactive markets; inputs other than quoted prices that are observable for the asset or liability; and inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 – Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs. Following is a description of the valuation methodology used for the Master Trust's investments measured at fair value. There have been no changes in the methodology used at December 31, 2024 and 2023.

Mutual fund – Shares of the registered investment company (mutual fund) are valued at the daily closing price as reported by the fund. The mutual fund held by the Master Trust is an open-end mutual fund that is registered with the U.S. Securities and Exchange Commission. This fund is required to publish its daily net asset value and to transact at that price. The mutual fund held by the Master Trust is deemed to be actively traded.

Note 7 – Reconciliation of Financial Statements to Form 5500

The following is a reconciliation of net assets available for benefits per the financial statements to the Form 5500 at December 31:

	2024	2023
Net assets available for benefits per the financial statements	\$ 1,812,784	\$ 1,034,874
Net health claims currently payable	(239,143)	(375,879)
Estimated claims incurred but not reported	(1,895,012)	(992,473)
Net (deficit) assets per the Form 5500	\$ (321,371)	\$ (333,478)

The following is a reconciliation of benefits paid to participants per the financial statements to the Form 5500 for the year ended December 31, 2024:

Claims paid per the financial statements	\$ 16,811,877
Add net claims payable at December 31, 2024	239,143
Less net claims payable at December 31, 2023	(375,879)
Add estimated claims incurred but not reported at December 31, 2024	1,895,012
Less estimated claims incurred but not reported at December 31, 2023	(992,473)
Benefits paid per the Form 5500	\$ 17,577,680

Note 8 – Risks and Uncertainties

Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risks associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such change could materially affect the amounts reported in the statements of net assets available for benefits.

The actuarial present value of benefit obligations is reported based on certain assumptions pertaining to interest rates, health care inflation rates, and employee demographics, all of which are subject to change. Due to uncertainties inherent in the estimation and assumption process, it is at least reasonably possible that changes in these estimates and assumptions in the near-term would be material to the accompanying financial statements.

Note 9 – Party-in-Interest Transactions

The Plan paid expenses that consist primarily of administrative fees paid to third-party claims administrators and various service providers related to the Plan's operations. These expenses are reported on the statement of changes in net assets available for benefits as administrative expenses. All other administrative expenses are paid by Alyeska on behalf of the Plan.
