INDEPENDENT AUDITORS' REPORT

To the Plan Administrator of
Goddard College Defined Contribution Retirement Plan
Plainfield, Vermont

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements of Goddard College Defined Contribution Retirement Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) [ERISA Section 103(a)(3)(C) audit]. The financial statements comprise the statements of net assets available for benefits (in liquidation) as of March 31, 2025 and June 30, 2024, and the related statements of changes in net assets available for benefits (in liquidation) for the period July 1, 2024 to March 31, 2025 and for the year ended June 30, 2024 and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of Goddard College Defined Contribution Retirement Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the investment information is prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution for the period July 1, 2024 to March 31, 2025 and for the year ended June 30, 2024, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the Financial Statements section—

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Goddard College Defined Contribution Retirement Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Emphasis of Matter – Basis of Accounting

As discussed in Note 1 to the financial statements, the governing body of Goddard College Defined Contribution Retirement Plan approved the termination of the Plan effective August 19, 2024. As of March 31, 2025, all plan assets have been either distributed or transferred to a legacy group annuity contract with the Trustee to provide for the distribution of benefits to participants. As a result, the accompanying financial statements for the period July 1, 2024 to March 31, 2025 and for the year ended June 30, 2024 are prepared on the liquidation basis. Our opinion is not modified with respect to that matter.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America (GAAP), and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the Plan; and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but

is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists.

The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Goddard College Defined Contribution Retirement Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter - Supplemental Schedule Required by ERISA

The supplemental Schedule H, Line 4a – Schedule of Delinquent Participant Contributions for the period July 1, 2024 to March 31, 2025, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing

procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion -

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

Goddard College Defined Contribution Retirement Plan

Notes to Financial Statements

For the period July 1, 2024 to March 31, 2025

and for the year ended June 30, 2024

(1) Description of Plan

On August 19, 2024, the governing body of the Goddard College Defined Contribution Retirement Plan (the “Plan”) voted to terminate the Plan effective October 31, 2024. The Plan Sponsor has taken steps to fully liquidate the Plan's assets. As of March 31, 2025, all remaining Plan assets were transferred to a legacy group annuity contract issued by the Trustee for the purpose of providing guaranteed distributions to participants. The following description of the Plan provides only general information. Participants should refer to the Plan Document for a more complete description of the Plan's provisions.

- (a) General – The Plan was a 403(b) combination annuity contract plan and custodial account plan covering all eligible employees of Goddard College (“Plan Sponsor”). The Plan was subject to the provisions of the Employee Income Security Act of 1974 (ERISA). The Plan Administrator was responsible for oversight of the Plan. The Plan Administrator determined the appropriateness of the Plan’s investment offerings and monitored investment performance.
- (b) Eligibility – All employees of the Plan Sponsor, except for independent contractors, were eligible for participation in the Plan on the date of hire and upon attaining age 21. Employees covered by an employment agreement (including but not limited to a collective bargaining agreement), that stipulates that the employee was not eligible for employee contributions under the Plan were not eligible to receive employer contributions.
- (c) Contributions – The Plan provided participant pretax contributions. Participants could have contributed up to 100% of their pretax compensation, as defined by the Plan, subject to the Internal Revenue Code (IRC) limitations. Rollover contributions from other qualified plans were allowed, with the approval of the Plan Administrator. Participants directed the investment of their contributions into various investment options offered by the Plan.

The Plan provided participants who were projected to be age 50 or older by the end of the calendar year and who were making deferral contributions to the Plan could also make a catch-up contribution subject to the Internal Revenue Service (IRS) limitations.

The Plan Sponsor could have, at its discretion, make matching contributions to the Plan in any Plan year in an amount determined by the Board of Trustees of the Plan Sponsor. For the period July 1, 2024 to March 31, 2025 and for the year ended June 30, 2024, no discretionary matching contributions were made to the Plan.

- (d) Participant Accounts – Each participant’s account was credited with the participant’s contributions and allocations of (a) the Plan Sponsor’s contributions, (b) Plan earnings or losses, and (c) charged with an allocation of administrative expenses, if any. Allocations were based on participant compensation or account balances, as defined. The benefit to which a participant was entitled was the benefit that could have been provided from the participant’s vested account.
- (e) Vesting – All participant accounts were 100% vested in the Plan.

Notes to Financial Statements

For the period July 1, 2024 to March 31, 2025

and for the year ended June 30, 2024

Description of Plan (continued)

- (f) Notes Receivable from Participants – Participants could have borrowed from their Plan accounts in amounts attributable to the participant's vested balance for a maximum of five years. If the loan was for the purchase of a principal residence, the term of the loan could have been extended. A participant could have borrowed the lesser of 50% of their eligible balance up to \$50,000. The minimum loan amount was \$1,000 and only one loan could have been outstanding at any time. The loan balance was secured by the participant's account and bore fixed interest at rates that were commensurate with local prevailing rates as determined quarterly by the Plan Administrator. Principal and interest were paid through payroll deductions.
- (g) Plan Loans – Plan loans were available to participants through Teachers Insurance and Annuity Association (TIAA) and College Retirement Equities Fund (CREF), collectively TIAA CREF, subject to certain limitations. Plan loans were issued directly from the funds owned by TIAA CREF and loan proceeds were not removed from a participant's account balance and, as such, were not assets of the Plan. Adequate security is required and a portion of the participant's account was reserved, or held as collateral, to cover 110% of the outstanding loan in case of default. The collateral was held in the TIAA Traditional Annuity. For all plan loans, principal and interest was paid directly by the participant to TIAA CREF. Investments underlying defaulted loan balances were reflected in the statements of net assets available for benefits in liquidation until a distribution event (e.g., defaulted collateral) occurred.

At March 31, 2025 and June 30, 2024, participants' outstanding Plan loan balances due to TIAA CREF were \$0 and \$4,442, respectively, with interest rates that ranged from 5.05% to 5.72%.

- (h) Payments of Benefits – The vested benefits were paid to the participants or their beneficiaries upon the participants' retirement, death, disability or termination of employment with the Plan Sponsor. In the event of the above, the participants or their beneficiaries could have elected to receive a lump sum, installment, or annuity payment distribution.

Hardship withdrawals were permitted by the Plan as defined in the IRC. Participants could have also withdrawn their vested account balance upon attaining age 59½, disability, qualified reservist, and deemed severance, as defined in the Plan document.

- (i) Plan Amendment and Termination – As discussed in Note 1, the Plan governing body voted to terminate the Plan on August 19, 2024 due to the closure of the College. The termination was carried out in accordance with applicable laws and regulations, including the Employee Retirement Income Security Act (ERISA) and the IRC. Following the termination of the Plan and settlement of all expenses, the Plan's assets were distributed to participants based on the balances in their accounts or transferred to a legacy group annuity contract issued by TIAA and CREF as of the liquidation date March 31, 2025.

Goddard College Defined Contribution Retirement Plan

Notes to Financial Statements

For the period July 1, 2024 to March 31, 2025
and for the year ended June 30, 2024

Description of Plan (continued)

In addition, the College could have amended the Plan at any time without the consent of any participant or beneficiary, provided that no amendment deprived any participant of their non-forfeitable accrued benefit.

- (j) Investments – The Plan provided for a variety of investment options which were exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investments and the level of uncertainty related to changes in value of investments, it was at least reasonably possible that changes in risks in the near term would have materially affected participants' account balances and the amounts reported in the statements of net assets available in liquidation for benefits and the statements of changes in net assets available for benefits in liquidation.

(2) Summary of Significant Accounting Policies

- (a) Basis of Accounting – The financial statements have been prepared on the liquidation basis of accounting due to the termination of the Plan.
- (b) Use of Estimates – The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America required Plan management to use estimates and assumptions that affected the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could have differed from those estimates.
- (c) Investment Valuation – The Plan's investments were reported at fair value, except for fully benefit-responsive investment contracts, which were the portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants could have received if they were to initiate permitted transactions under the terms of the Plan. Fair value was the price that could have been received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan Administrator determined the Plan's valuation policies utilizing information provided by the investment advisers and custodians.

Purchases and sales of securities were recorded on a trade-date basis. Interest income was recorded on the accrual basis. Dividends were recorded on the ex-dividend date. Net appreciation included the Plan's gains and losses on investments bought and sold as well as held during the year.

- (d) Benefit Payments – Benefits were recorded when paid.
- (e) Notes Receivable – Notes receivable from participants were reported at their unpaid principal balance plus any accrued but unpaid interest. If a participant ceased to make loan repayments and the Plan Administrator deemed the participant loan to be in default, the note receivable balance was reduced and a benefit payment was recorded.

For the period July 1, 2024 to March 31, 2025

and for the year ended June 30, 2024

Summary of Significant Accounting Policies (continued)

- (f) Expenses – Certain expenses of maintaining the Plan were paid directly by the Plan Sponsor and were excluded from these financial statements. Fees related to the administration of notes receivable from participants were charged directly to the participant's account and were included in administrative expenses. Investment-related expenses were included in net appreciation in fair value of investments.
- (g) Subsequent Events – The Plan evaluated subsequent events through June 30, 2025, the date the Plan's financial statements were available to be used.

(3) Information Certified by Custodians

The Plan Administrator has elected the method of compliance as permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Teachers Insurance and Annuity Association of America and College Retirement Equity Fund ("TIAA" and CREF"), the custodians of the Plan, have certified to the completeness and accuracy of all investments reflected on the accompanying statements of net assets available for benefits in liquidation as of March 31, 2025 and June 30, 2024, and the related investment activity reflected in the statements of changes in net assets available for benefits in liquidation for the period July 1, 2024 to March 31, 2025 and for the year ended June 30, 2024.

(4) Fair Value Measurements

Generally accepted accounting principles in the United States of America establish a framework for measuring fair value. That framework provides a hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy are described as follows:

Level 1 – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 – Inputs to the valuation methodology include:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Notes to Financial Statements

For the period July 1, 2024 to March 31, 2025

and for the year ended June 30, 2024

Fair Value Measurements (continued)

Level 3 – Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following was a description of the valuation methodologies used for assets measured at fair value:

CREF Variable Annuity Accounts: Valued based upon the unit values of such pooled accounts held by the Plan at year end. Unit values were based on the fair value of the underlying assets of the fund derived from inputs principally from or corroborated by observable market data or other means, although were not based upon quoted market prices in an active market. The CREF variable annuities reflected a structure similar to mutual funds and have a readily determinable fair value as reported by TIAA each day that current transactions are recorded.

TIAA Access Variable Annuity Accounts: Valued based upon the unit values of such pooled accounts held by the Plan at year end. Unit values were based on the fair value of the underlying assets of the fund derived from inputs principally from or corroborated by observable market data or other means, although were not based upon quoted market prices in an active market. The CREF variable annuities reflected a structure similar to mutual funds and had a readily determinable fair value as reported by TIAA each day that current transactions are recorded.

TIAA Pooled Separate Account: Real Estate: Valued using readily determinable fair values based on the fair value of the underlying assets of each investment as determined by TIAA through the use of market quotations obtained from independent pricing market. The TIAA Real Estate account reflected a structure similar to mutual funds and had a readily determinable fair value as reported by TIAA each day that current transactions were recorded.

TIAA Traditional Annuity Accounts: Non Benefit Responsive: Valued based upon contract value as determined by TIAA, which approximates fair value because contract value was the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan. The contract value equals the accumulated cash contributions, interest credited to the Plan's contracts and transfers, if any, less any withdrawals and transfers, if any.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods were appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Fair Value Measurements (continued)

The following tables presents the valuation techniques used to measure the fair value of the Plan's Level 3 financial instruments as of March 31, 2025 and June 30, 2024 and the significant unobservable inputs and the ranges of values for those inputs.

Fair Value as of March 31, 2025

<u>Type</u>	<u>Fair Value</u>	<u>Valuation Technique</u>	<u>Significant Unobservable Inputs</u>	<u>Range</u>
TIAA Traditional Annuity	\$0	Discounted Cash Flow	Risk-adjusted discount rate applied	RA – 3.65% - 6.50%

Fair Value as of June 30, 2024

<u>Type</u>	<u>Fair Value</u>	<u>Valuation Technique</u>	<u>Significant Unobservable Inputs</u>	<u>Range</u>
TIAA Traditional Annuity	\$3,483,682	Discounted Cash Flow	Risk-adjusted discount rate applied	RA – 4.00% - 6.75%

(5) Investment Contracts

Participants could have maintained an individual annuity contract with TIAA and CREF. As part of the contracts, TIAA and CREF could maintain a portion of the contributions in a “guaranteed account”, which was called the TIAA Traditional Annuity. This account was credited with earnings on the underlying investments and charged for withdrawals and administrative expenses charged by TIAA and CREF. The guaranteed minimum rate of interest was based on a formula established by TIAA and CREF. The TIAA Traditional Annuity did not permit TIAA and CREF to terminate the agreement prior to the scheduled maturity date.

Certain TIAA Traditional individual annuity contracts were considered to be non benefit-responsive. Those contracts were included in the financial statements at fair value by discounting the related cash flows based on current yields of similar instruments with comparable durations considering credit worthiness of the issuer.

Investment Contracts (continued)

Certain TIAA Traditional individual annuity contracts met the fully benefit-responsive criteria and therefore were reported at contract value. Contract value was the relevant measure for fully benefit-responsive investment contracts because this was the amount received by participants if they were to initiate permitted transactions under the terms of the Plan. Upon termination of the investment contract, the lump sum liquidation value of the guaranteed account portion of the participant's accumulation value was equal to the product of (a) the participant's guaranteed account accumulation value on the liquidation date, reduced by the liquidation charge applicable on the liquidation date and (b) a market value adjustment percentage. There were no reserves against contract value for credit risk of the contract issuer or otherwise.

Certain events limit the ability of the Plan to transact at contract value with the issuer. Such events included the following: (1) amendments to the Plan documents (including complete or partial plan termination or merger with another plan), (2) changes to the Plan's prohibition on competing investment option or deletion of equity wash provisions, (3) bankruptcy of the Plan Sponsor or other Plan Sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan, or (4) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA. Furthermore, certain events would have allowed the issuer to terminate the contract with the Plan and settle at an amount different from contract value. Examples of such events include (a) an uncured breach of the Plan's investment guidelines, (b) a material amendment to the contract without the issuer's consent, (c) a violation of a material obligation under the contract, (d) a material misrepresentation. The Plan Administrator does not believe that any events that would limit the Plan's ability to transact at contract value with plan participants are probable of occurring.

The TIAA Traditional Annuity did not permit the insurance company to terminate the agreement prior to the scheduled maturity date.

(6) Tax Status

The Plan was based on a prototype plan that received a favorable determination letter from the IRS dated March 31, 2017, indicating that the prototype plan, then designed, was in compliance with the applicable requirements of the IRC, and was, therefore, exempt from federal income taxes. Although the Plan had been amended since receiving the determination letter, the Plan Administrator believed that the Plan was designed and was operated in compliance with the applicable requirements of the IRC. Therefore, no provision for income taxes had been included in the Plan's financial statements.

Tax Status (continued)

FASB ASC 740, *Income Taxes*, required Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the applicable taxing authorities. The Plan Administrator had analyzed the tax positions taken by the Plan, and had concluded that as of March 31, 2025, there were no uncertain positions taken or expected to be taken that would require recognition of a liability or disclosure in the financial statements. The Plan was subject to routine audits by taxing jurisdictions; however, there were no audits for any tax period in progress. The Plan Administrator believed it is no longer subject to income tax examinations for years prior to June 30, 2022.

(7) Related Party Transactions

The Plan had a number of service providers. Such parties were considered parties-in-interest under ERISA.
