Part III Accountant's Opinion

3 Complete lines 3a through 3c if the opinion of an independent qualified public accountant is attached to this Form 5500. Complete line 3d if an opinion is not attached.

a The attached opinion of an independent qualified public accountant for this plan is (see instructions):

(1) Unmodified (2) Qualified (3) Disclaimer (4) Adverse

b Check the appropriate box(es) to indicate whether the IQPA performed an ERISA section 103(a)(3)(C) audit. Check both boxes (1) and (2) if the audit was performed pursuant to both 29 CFR 2520.103-8 and 29 CFR 2520.103-12(d). Check box (3) if pursuant to neither.

(1) DOL Regulation 2520.103-8 (2) DOL Regulation 2520.103-12(d) (3) neither DOL Regulation 2520.103-8 nor DOL Regulation 2520.103-12(d).

c Enter the name and EIN of the accountant (or accounting firm) below:

(1) Name: **LANDMARK CPAS**

(2) EIN: **71-0355269**

d The opinion of an independent qualified public accountant is **not attached** as part of Schedule H because:

(1) This form is filed for a CCT, PSA, DCG or MTIA. (2) It will be attached to the next Form 5500 pursuant to 29 CFR 2520.104-50.

Part IV Compliance Questions

4 CCTs and PSAs do not complete Part IV. MTIAs, 103-12 IEs, and GIAs do not complete lines 4a, 4e, 4f, 4g, 4h, 4k, 4m, 4n, or 5. 103-12 IEs also do not complete lines 4j and 4l. MTIAs also do not complete line 4l. DCGs do not complete lines 4e, 4f, 4k, 4l, and 5, and DCGs generally complete the rest of Part IV collectively for all plans in the DCG, except as otherwise provided (see instructions).

During the plan year:

	Yes	No	Amount
a Was there a failure to transmit to the plan any participant contributions within the time period described in 29 CFR 2510.3-102? Continue to answer "Yes" for any prior year failures until fully corrected. (See instructions and DOL's Voluntary Fiduciary Correction Program.)		X	
b Were any loans by the plan or fixed income obligations due the plan in default as of the close of the plan year or classified during the year as uncollectible? Disregard participant loans secured by participant's account balance. (Attach Schedule G (Form 5500) Part I if "Yes" is checked.)		X	
c Were any leases to which the plan was a party in default or classified during the year as uncollectible? (Attach Schedule G (Form 5500) Part II if "Yes" is checked.)		X	
d Were there any nonexempt transactions with any party-in-interest? (Do not include transactions reported on line 4a. Attach Schedule G (Form 5500) Part III if "Yes" is checked.)		X	
e Was this plan covered by a fidelity bond?	X		500000
f Did the plan have a loss, whether or not reimbursed by the plan's fidelity bond, that was caused by fraud or dishonesty?		X	
g Did the plan hold any assets whose current value was neither readily determinable on an established market nor set by an independent third party appraiser?		X	
h Did the plan receive any noncash contributions whose value was neither readily determinable on an established market nor set by an independent third party appraiser?		X	
i Did the plan have assets held for investment? (Attach schedule(s) of assets if "Yes" is checked, and see instructions for format requirements.)	X		
j Were any plan transactions or series of transactions in excess of 5% of the current value of plan assets? (Attach schedule of transactions if "Yes" is checked and see instructions for format requirements.)		X	
k Were all the plan assets either distributed to participants or beneficiaries, transferred to another plan, or brought under the control of the PBGC?		X	
l Has the plan failed to provide any benefit when due under the plan?		X	
m If this is an individual account plan, was there a blackout period? (See instructions and 29 CFR 2520.101-3.)		X	
n If 4m was answered "Yes," check the "Yes" box if you either provided the required notice or one of the exceptions to providing the notice applied under 29 CFR 2520.101-3.			

5a Has a resolution to terminate the plan been adopted during the plan year or any prior plan year? Yes No
If "Yes," enter the amount of any plan assets that reverted to the employer this year _____.

5b If, during this plan year, any assets or liabilities were transferred from this plan to another plan(s), identify the plan(s) to which assets or liabilities were transferred. (See instructions.)

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit for the 2024 Financial Statements

We have performed an audit of the financial statements of **Arkansas One-Call System, Inc. 401(k) Plan (the Plan)**, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statement of net assets available for benefits as of December 31, 2024, the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of the 2024 financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of and for the year ended December 31, 2024, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion on the 2024 Financial Statements

In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the 2024 Financial Statements section:

- the amounts and disclosures in the accompanying 2024 financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

Members of the Joint Audit Committee
Arkansas One-Call System, Inc.

Scott Bowman, Trustee
Ms. Meredith Matyja, Trustee
Arkansas One-Call System, Inc. 401(k) Plan

Opinion on the 2024 Financial Statements (Continued)

- the information in the accompanying 2024 financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion on the 2024 Financial Statements

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (U.S. GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the 2024 Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for these financial statements.

In preparing these financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date that these financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the 2024 Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the 2024 Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with U.S. GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.

Auditor's Responsibilities for the Audit of the 2024 Financial Statements (Continued)

Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they could reasonably be expected to influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with U.S. GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the 2024 financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

2024 Supplemental Schedule Required by ERISA

The supplemental schedule of assets (held at end of year) as of December 31, 2024, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates

directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the 2024 financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with U.S. GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Accountant's Compilation Report on the 2023 Financial Statement

Plan management is responsible for the accompanying financial statement of the Plan, which comprises the statement of net assets available for benefits as of December 31, 2023, and the related notes to the financial statement in accordance with US GAAP. We have performed a compilation engagement in accordance with Statements of Standards for Accounting and Review Services promulgated by the Accounting and Review Services Committee of the AICPA. We did not audit or review the 2023 financial statement nor were we required to perform any procedures to verify the accuracy or completeness of the information provided by Plan management. Accordingly, we do not express an opinion, a conclusion, nor provide any form of assurance on the 2023 financial statement.

Arkansas One-Call System, Inc. 401(k) Plan

Notes to Financial Statements December 31, 2024 and 2023

NOTE 1: DESCRIPTION OF PLAN

The following description of the Arkansas One-Call System, Inc. 401(k) Plan (the Plan) is provided for general information purposes only. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan, which was established January 1, 1997, is a defined contribution plan maintained for the benefit of eligible employees of Arkansas One-Call System, Inc. and its controlled affiliate Arkansas Utility Protection Services, Inc. (collectively, hereinafter referred to as "the Employer", "the Plan Sponsor", or "the Plan Administrator", as appropriate). Generally, an employee who is at least twenty-one years old is eligible to participate in the Plan upon completion of one year of service, in which the employee worked at least 1,000 hours.

The Plan is subject to the provisions of the Employee Retirement Income Security Act (ERISA).

The Plan Administrator utilizes the services of Principal Life Insurance Company (Principal) to process investment transactions and maintain participant account balances. Principal Life Insurance Company is also the Custodian of the Plan's assets. Fees paid by the Plan for recordkeeping services totaled approximately \$35,000 for the year ended December 31, 2024.

Certain duties related to administration of the Plan are performed by employees of the Plan Sponsor; however, the Plan Sponsor does not charge the Plan for the estimated cost of such services. Expenses paid by the Plan Sponsor on behalf of the Plan totaled approximately \$22,000 for the year ended December 31, 2024.

Contributions

Participants may contribute up to 100% of annual compensation, as defined in the Plan, not to exceed limitations imposed by the Internal Revenue Service (IRS). Participants may also contribute amounts representing distributions from other defined benefit or defined contribution plans (rollovers). The Employer may make discretionary matching contributions. Employer contributions are also subject to limitations imposed by the IRS.

Participant Accounts

Each participant's account is credited with the participant's contributions, the Employer's discretionary matching contributions and allocations of Plan earnings. Participant accounts may be reduced by certain administrative expenses. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are fully vested at all times in their own contributions plus actual earnings thereon. A participant is one hundred percent vested upon retirement, permanent disability or death. If a participant stops working for a reason other than death, disability or retirement, their accrued benefit is subject to a vesting schedule.

Arkansas One-Call System, Inc. 401(k) Plan

Notes to Financial Statements
December 31, 2024 and 2023

NOTE 1: DESCRIPTION OF PLAN (Continued)

Vesting (Continued)

Vesting in Employer contributions, plus earnings thereon, occurs according to the following schedule:

<u>Years of Service</u>	<u>Vested Percentage</u>
Less than 2	0%
2	20%
3	40%
4	60%
5	80%
6 or more	100%

Investment Options

Contributions to the Plan are invested as directed by participants. Participants may invest in a variety of pooled separate accounts or guaranteed interest accounts offered by Principal under a flexible investment annuity group contract. Participants may change their investment options at any time.

Notes Receivable from Participants

Participants may borrow from their accounts at a minimum of \$1,000, up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. Loan terms may range from one to five years. Loans are secured by the participant's vested account balance. Interest rates are determined based on local prevailing rates as determined by the Plan Administrator. Principal and interest are paid through payroll deductions.

Forfeitures

The nonvested portion of a participant's account to which the participant is not entitled upon termination is deemed a forfeiture. As allowed under the Plan agreement, forfeitures are used first to pay Plan expenses, and any remaining forfeitures are then used to reduce future Employer contributions. During the year ended December 31, 2024, forfeitures totaling approximately \$9,700 were used to pay plan expenses and reduce the employer matching contribution. There were no forfeitures available for future allocation at December 31, 2024.

Payment of Benefits

Upon termination of service due to death, disability or retirement, a participant (or his or her designated beneficiary) may elect to receive an amount equal to the value accumulated in the participant's account in either a lump-sum amount or in periodic installments over a period to be selected by the participant (or beneficiary) from several options under the Plan. For terminations of service due to other reasons, a participant may receive the value of the vested interest in his or her account balance as a lump-sum distribution. If the vested account balance exceeds \$5,000 on the date of termination, a participant may choose to leave the account under the Plan until the participant reaches normal retirement age or dies.

Arkansas One-Call System, Inc. 401(k) Plan

Notes to Financial Statements December 31, 2024 and 2023

NOTE 1: DESCRIPTION OF PLAN (Continued)

Hardship Withdrawals

In case of immediate and heavy financial hardship, a participant may withdraw all or a portion of the participant's vested account balance. A withdrawal shall be deemed for purposes of an immediate and heavy financial hardship if the withdrawal is necessary for certain eligible expenses, such as medical care, the purchase of a principal residence for the participant, payment of tuition and related education fees for the next twelve months of post-secondary education, payments necessary to prevent eviction of the participant from his or her principal residence or to avoid foreclosure on said residence, payments for funeral or burial expenses, or expenses to repair damage to the participant's principal residence.

Termination of the Plan

Although it has not expressed any intent to do so, the Plan Sponsor has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become one hundred percent vested in their accounts.

NOTE 2: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The financial statements of the Plan are prepared using the accrual basis of accounting.

Investment Valuation and Income Recognition

The Plan's investments are reported at fair value (except for the fully benefit-responsive investment contract, which is reported at contract value). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly fashion between market participants at the measurement date. Plan management determines the Plan's valuation policies utilizing information provided by Principal. See Note 4 for further discussion on the determination of fair value measurements.

Purchases and sales of investments are recorded on a trade date basis. Interest income is recorded on the accrual basis. Net appreciation or depreciation includes realized and unrealized gains and losses on investments bought and sold, as well as those held during the year.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when incurred. No allowance for credit losses has been recorded as of December 31, 2024 and 2023. If a participant ceases to make loan repayments and the Plan Administrator deems the participant loan to be in default, the participant loan balance is reduced and a benefit payment is recorded in accordance with the Internal Revenue Code.

Arkansas One-Call System, Inc. 401(k) Plan

Notes to Financial Statements December 31, 2024 and 2023

NOTE 2: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Payments of Benefits

Benefits are recorded when paid. There are no amounts allocated to withdrawing participants that have not been paid at December 31, 2024 and 2023.

Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the Plan Administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

NOTE 3: INFORMATION PREPARED AND CERTIFIED BY PLAN CUSTODIAN

The Plan Administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, as permitted under such election, all information pertaining to the Plan's investments and related investment activity reflected in the 2024 financial statements and supplemental schedule was certified by the Plan's Custodian, Principal Life Insurance Company, as of and for the year ended December 31, 2024. This information was not subject to audit procedures except for comparing it to the related information included in the financial statements and supplemental schedule.

The following information included in the accompanying 2024 financial statements, related notes and supplemental schedule was obtained from data that has been prepared and certified to as complete and accurate by the Plan's Custodian.

NOTE 4: FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs. The three levels of the fair value hierarchy are described as follows:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access at the measurement date.

Level 2 Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets
- Quoted prices for identical or similar assets or liabilities in inactive markets
- Inputs other than quoted prices that are observable for the asset or liability
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2024 and 2023:

Guaranteed Interest Accounts

The guaranteed interest accounts cannot be sold to a third-party; thus, the only option to exit the guaranteed interest accounts is to withdraw the funds prior to maturity. Therefore, the fair value of the guaranteed interest accounts is determined using a market approach and is the amount Plan participants would receive currently if they were to withdraw or transfer funds within the Plan prior to their maturity for an event other than death, disability, termination or retirement. This fair value represents contract value adjusted to reflect current market interest rates; only to the extent such market rates exceed crediting rates.

NOTE 4: FAIR VALUE MEASUREMENTS (Continued)

Pooled Separate Accounts

The pooled separate accounts are comprised of a wide variety of investments, including equities, preferred stock, bonds, real estate and mutual funds. The pooled separate accounts are designed to deliver safety and stability by preserving principal and accumulating earnings. The fair values of the pooled separate accounts are based on the net asset value (NAV) of each pooled separate account in which the Plan invests. For all pooled separate accounts except the Principal U.S. Property Separate Account, the NAV is determined based on the market value of the underlying investments, which are determined based on quoted market prices or quoted prices for similar assets in active or non-active markets. The NAV of the Principal U.S. Property Separate Account is determined based on the fair values of the underlying real estate investments, which are estimated using discounted cash flow valuation models that utilize public real estate market data inputs such as transaction prices, market rents, vacancy levels, leasing absorption, market cap rates and discount rates. In addition, each property is appraised annually by an independent appraiser.

The Plan has the ability to redeem all investments in the pooled separate accounts at the NAV on a daily basis. Principal may impose various hold periods for withdrawals or transfers exceeding certain percentages or amounts as defined in the Plan's flexible investment annuity group contract. The NAV of the pooled separate accounts, however, are not publicly quoted prices in an active market.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2024 and 2023. Classification within the fair value hierarchy table is based on the lowest level of any input that is significant to the fair value measurement:

	Fair Value	Level 1	Level 2	Level 3
December 31, 2024				
Guaranteed interest accounts	\$ 185,717	\$ -	\$ -	\$ 185,717

	<u>\$ 5,843,917</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$ 162,160</u>

^(a) In accordance with FASB ASC Subtopic 820-10, certain investments that were measured at net asset value per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statements of net assets available for benefits.

NOTE 4: FAIR VALUE MEASUREMENTS (Continued)

Changes in Fair Value of Level 3 Assets

The availability of observable market data is monitored to assess the appropriate classification of financial instruments within the fair value hierarchy. Changes in economic conditions or model-based valuation techniques may require the transfer of financial instruments from one fair value level to another.

We evaluate the significance of transfers between levels based upon the nature of the financial instrument and size of the transfer relative to total net assets available for benefits.

During the year ended December 31, 2024, purchases of Level 3 investments totaled \$18,022. There were no transfers of assets into or out of Level 3 during the year ended December 31, 2024.

Quantitative Information about Significant Unobservable Inputs Used in Level 3 Fair Value Measurements

The following table represents the Plan's Level 3 financial instruments, the valuation techniques used to measure the fair value of those financial instruments, and the significant unobservable inputs and the ranges of values for those inputs:

December 31, 2024

- (b) These funds seek long-term capital appreciation by investing in stocks of large, established companies that are believed to be undervalued.
- (c) These funds seek capital appreciation by investing in small to mid-sized US companies.
- (d) These funds seek long-term capital appreciation and diversification by investing in companies across different countries and regions outside the US.
- (e) These funds seek to balance total return and stability over time. These funds will increasingly emphasize income and conservation of capital by investing a greater portion of its assets in bond, equity-income and balanced funds as it approaches and passes its target date.
- (f) These funds seek capital preservation and income generation by investing in liquid assets such as bonds with relatively short maturities.
- (g) These funds seek a steady stream of income and capital preservation at a low risk.
- (h) The Principal Financial Group Stock SA seeks capital appreciation by investing only in the Principal Financial Group's stock. The Principal US Property SA seeks capital appreciation and income by investing in US commercial properties and mortgage loans.

NOTE 5: EXEMPT PARTY-IN-INTEREST TRANSACTIONS

The Plan invests in pooled separate accounts and guaranteed interest accounts managed by Principal, the Plan's recordkeeper. In addition, Principal charges contract administration fees which are paid by the Plan and included in administrative expenses on the statement of changes in net assets available for benefits. These transactions qualify as exempt party-in-interest transactions.

NOTE 6: TAX STATUS

Effective September 13, 2014, the Plan executed an adoption agreement for the Principal Financial Group Prototype Basic Savings Plan (the Prototype). As an adopter of the Prototype, the Plan is not subject to tax under present income tax law.

The Prototype obtained its latest opinion letter on June 30, 2020, in which the IRS informed Principal, that the Prototype, as then designed, was in compliance with the applicable requirements of the Internal Revenue Code. The Plan Administrator believes that the Plan is currently designed and being operated in compliance with applicable requirements of the Internal Revenue Code.

Accounting standards require the Plan Sponsor to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan Sponsor has analyzed the tax positions taken by the Plan and has concluded that as of December 31, 2024 and 2023, there are no uncertain positions taken or expected to be taken that would require the recognition of a liability or disclosure in the financial statements. The Plan may be subject to audit by the IRS; however, there are currently no audits for any tax periods in progress.

NOTE 7: RISKS AND UNCERTAINTIES

The pooled separate accounts in which the Plan's assets are invested are comprised of investment securities, which are exposed to various risks such as interest rate, market and credit risks. Certain of those pooled separate accounts may invest in foreign securities. There are certain additional risks involved when investing in foreign securities that are not present with investments in domestic securities. These risks may involve foreign currency exchange rate fluctuations, adverse political and economic developments and the possible prevention of currency exchange due to foreign governmental laws or restrictions. Due to the level of risk associated with certain investment securities that comprise the pooled separate accounts, it is reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participant account balances and the amounts reported in the Plan's financial statements.
