INDEPENDENT AUDITOR'S REPORT

Plan Administrator and Plan Participants
Rowan Regional Medical Center, Inc. Incentive Savings Plan
Winston-Salem, North Carolina

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of the Rowan Regional Medical Center, Inc. Incentive Savings Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2024 and 2023, and the related statement of changes in net assets available for benefits for the year ended December 31, 2024, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2024 and 2023, and for the year ended December 31, 2024, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

(Continued)

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year from the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

(Continued)

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter – Supplemental Schedule Required by ERISA

The supplemental schedule of Schedule H, Line 4i – Schedule of Assets (Held at End of Year) as of December 31, 2024 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

INCENTIVE SAVINGS PLAN
NOTES TO FINANCIAL STATEMENTS
December 31, 2024 and 2023

NOTE 1 - PLAN DESCRIPTION

The following description of Rowan Regional Medical Center, Inc. Incentive Savings Plan (the Plan) provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General: The Plan was established January 1, 1991 and restated effective January 1, 1997 and is a defined contribution plan covering employees of Rowan Regional Medical Center, Inc. (the Company). The Plan was established under Section 403(b) of the Internal Revenue Code (IRC). The Plan excludes independent contractors and leased employees. The Retirement Plan Oversight Committee of Novant Health, Inc. (Committee) is responsible for the oversight of the Plan. The Plan is subject to the Employee Retirement Income Security Act of 1974 (ERISA).

Effective March 23, 2008, the Plan was frozen. On that date, employees of the Company became eligible to participate in the Tax Deferred Savings Plan and the Savings and Supplemental Retirement Plan of Novant Health, Inc. The Plan Sponsor functions have been assumed by Novant Health, Inc.

Contributions: The Plan is frozen to contributions other than rollovers. Rollovers are permitted, whereby participants direct the rollovers into various investment options offered by the Plan.

Investment Options: Participants can direct their investments into selected investment options as made available and determined by the Plan Administrator. Participants have daily access to their investment balances.

Participant Accounts: Each participant's account is credited an allocation of Plan earnings or losses. Participant accounts are also charged with an allocation of expenses paid by the Plan. Allocations are based on participant earnings, account balances or specific participant transactions as defined in the Plan. The benefit to which a participant is entitled is the benefit that can be provided by the participant's vested account.

Vesting: Participants are fully vested in all account balances.

Payment of Benefits: On termination of service due to death, disability or retirement, a participant or designated beneficiary is eligible to receive an amount equal to their vested interest in his or her account. Participants may elect to receive an annuity payment, partial payment or lump-sum amount, as specified by the Plan and the provisions of the Participants' account with a particular service provider. In-service distributions are also permitted for financial hardships or when a participant reaches age 59½.

Plan Loans: Participants may borrow directly from The Variable Annuity Life Insurance Company (VALIC), the Plan insurer. Adequate security is required and a portion of the participant's account is reserved, or held in collateral, in case of default. The collateral is held in the Loan Collateral and Loan Escrow Funds as part of the VALIC Fixed Account. The minimum loan amount is \$1,000 and may be up to the lesser of \$50,000 or 50% of their account balance. The loan interest rate for these Plan loans is a variable rate and the initial rate is determined by the Moody's Corporate Bond as determined by VALIC. Loan terms range up to five years or over a reasonable period of time for the purchase of a participant's primary residence not to exceed ten years. The amount of the security account is reduced by each payment amount made upon repayment. Because VALIC is the lender, a portion of the interest payment is returned to VALIC. The amount held as collateral for loans was \$287,231 and \$284,544 for the years ended December 31, 2024 and 2023, respectively.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting: The financial statements of the Plan are prepared on the accrual basis of accounting.

Use of Estimates: The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America (U.S. GAAP) requires the Plan Administrator to make estimates and assumptions that affect the reported amounts of net assets available for benefits and changes therein. Actual results could differ from those estimates.

Investment Valuation and Income Recognition: Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Committee determines the Plan's valuation policies utilizing information provided by the insurance company. See Note 4 for discussion of fair value measurements. Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Risks and Uncertainties: Investments are exposed to various risks, such as interest rate, market, liquidity, credit risks as well as the risks associated with global events. Due to the level of risk associated with certain investments, it is at least reasonably possible that changes in the value of investments will occur in the near-term and such changes could materially affect participant account balances and the amounts reported in the statements of net assets available for benefits.

Benefit Payments: Benefits are recorded when paid.

Expenses: Certain expenses of maintaining the Plan are paid directly by the Company and are excluded from these financial statements. Investment related expenses are included in net appreciation (depreciation) in fair value of investments.

Subsequent Events: Plan Management has evaluated subsequent events through July 30, 2025, the date the financial statements were available to be issued.

NOTE 3 - CERTIFIED INFORMATION

Certain information related to investments disclosed in the accompanying financial statements and ERISA-required supplemental schedule, including investments held at December 31, 2024 and 2023, and net appreciation (depreciation) in fair value of investments, interest and dividends for the year ended December 31, 2024, was obtained by management and agreed to or derived from information certified as complete and accurate by The Variable Annuity Life Insurance Company.

NOTE 4 - FAIR VALUE MEASUREMENTS

Fair value measurements are determined by maximizing the use of observable inputs and minimizing the use of unobservable inputs. The hierarchy places the highest priority on unadjusted quoted market prices in active markets for identical assets or liabilities (Level 1 measurements) and gives the lowest priority to unobservable inputs (Level 3 measurements). The three levels of inputs within the fair value hierarchy are defined as follows:

(Continued)

ROWAN REGIONAL MEDICAL CENTER, INC.
INCENTIVE SAVINGS PLAN
NOTES TO FINANCIAL STATEMENTS
December 31, 2024 and 2023

NOTE 4 - FAIR VALUE MEASUREMENTS (Continued)

Level 1: Quoted prices (unadjusted) for identical assets or liabilities in active markets that the Plan has the ability to access as of the measurement date.

Level 2: Significant other observable inputs other than Level 1 prices such as quoted prices for similar assets or liabilities; quoted prices in markets that are not active; or other inputs that are observable or can be corroborated by observable market data.

Level 3: Significant unobservable inputs that reflect the Plan's own assumptions about the assumptions that market participants would use in pricing an asset or liability.

In some cases, a valuation technique used to measure fair value may include inputs from multiple levels of the fair value hierarchy. The lowest level of significant input determines the placement of the entire fair value measurement in the hierarchy. The following presents the valuation methods and assumptions used by the Plan to estimate the fair values of investments.

Variable Annuity Separate Accounts: The fair values of purchase units held in variable annuity sub-accounts of VALIC Separate Account A are based on the net asset values reported by VALIC as of the financial statement dates and recent transaction prices. The net asset values of the sub-accounts are updated daily based upon the investment performance of the underlying mutual fund they invest in less a deduction for charges. VALIC Separate Account A, which is structured as a unit investment trust, is comprised of numerous sub-accounts which each invest in a single mutual fund managed either by an affiliate of VALIC or by an independent third party. The investment objective of each of the sub-accounts of VALIC Separate Account A is generally reflected in the name of the sub-account. Participants direct their investments to certain of the underlying "sub-accounts" of VALIC Separate Account A available to them under the Plan. Each sub-account provides for daily redemptions by the Plan with no advance notice requirements and has redemption prices that are determined by the fund's net asset value per unit.

Investment Contracts: The fair value of the Plan's investments in the VALIC Fixed Account Plus and the VALIC Short-Term Fixed Account have been determined to approximate contract value (Level 3 inputs), as the terms of the contracts prohibit transfer or assignment of rights under the contract and provides for all distributions at contract value, frequent re-setting of contractual interest rates based upon market conditions, and no defined maturity. Due to certain liquidity restriction provisions within the contract terms that require withdrawals and transfers from the investment contract to other investment options available to the Plan to be spread over a period of five annual installments for withdrawals (or 20% annually), they are not fully-benefit responsive and, accordingly, are measured at fair value. The liquidity restriction is not applicable for certain allowable withdrawals under the Plan, such as after a participant's termination of employment. VALIC provided Plan management with a fair value estimate of the contracts, which is the amount which is payable on demand on the reporting date. If all participants were eligible for a distribution of their full accounts from the plan on the reporting date, the amount payable on demand on the reporting date would be the Contract Value. Contract value, as determined by VALIC, represents contributions made under the agreement, plus earnings, less participant withdrawals and administrative expenses. However, in the event that full value of the account could not be paid upon demand, as with certain contracts that are subject to a five percent in-service transfer charge, the fair value estimates are based upon the amount due to the contract holder under the surrender provisions of the contract. In order to determine an estimate of in-service transfer charges, a 5% reduction is applied to the portion of contracts subject to such charges, which was \$1,645,390 and \$1,726,673 as of December 31, 2024 and 2023 for the Plan. Management has determined that no adjustment from contract value is required for credit quality considerations. VALIC, the contract issuer, is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan. The crediting interest rate is based on a formula agreed upon with the issuer, but it may not be less than 2%. Such interest rates are reviewed at least annually for resetting. The guaranteed minimum interest rate for contracts held by participants in the Plan range from 3% - 4.50%.

** Investments measured at fair value using net asset value per share (or its equivalent) as a practical expedient have not been classified in the fair value hierarchy. The fair value amounts presented in the hierarchy tables for such investments are intended to permit reconciliation of the fair value hierarchy to the investments at fair value line item presented in the statement of net assets available for benefits.

During the year ended December 31, 2024, there were purchases and sales of \$110,684 and \$187,421, respectively, of these level 3 investments held by the Plan.

NOTE 5 - PARTY-IN-INTEREST TRANSACTIONS

Parties-in-interest are defined under DOL regulations as any fiduciary of the Plan, any party rendering service to the Plan, the employer, and certain others. Certain administrative functions are performed by officers or employees of the Sponsor. No such officer or employee receives compensation from the Plan. Some administrative expenses of the Plan may have been paid directly by the Sponsor.

All of the Plan's investments are managed or issued by VALIC. VALIC is a service provider to the Plan and, therefore, these investments and the Plan's payment of any fees to VALIC qualify as party-in-interest transactions.

NOTE 6 - PLAN TERMINATION

Although it has not expressed any intent to do so, the Sponsor has the right under the Plan to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will remain 100% vested in their accounts.

NOTE 7 – TAX STATUS

The Plan is established under Section 403(b) of the IRC, and is therefore exempt from federal income taxes under provisions of Section 501. The Plan is required to operate in conformity with the IRC to maintain its qualification. Plan management believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC. Therefore, no provision for income taxes has been included in the Plan's financial statements.

U.S. GAAP requires Plan management to evaluate tax positions taken by the Plan. Plan management has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2024 and 2023, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. Plan management believes it is no longer subject to income tax examinations for years prior to 2021.
