Independent Auditors' Report

To the Benefits Administration
Committee of and Participants in
The Scripps Research Institute
Tax Sheltered Annuity Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We were engaged to perform audits of the financial statements of The Scripps Research Institute Tax Sheltered Annuity Plan (“the Plan”), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (“ERISA”), as permitted by ERISA Section 103(a)(3)(C) (“ERISA Section 103(a)(3)(C) audit”). The financial statements comprise the statements of net assets available for benefits as of December 31, 2024 and 2023, the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan’s financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor’s Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (“investment information”) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor’s Rules and Regulations for Reporting and Disclosure under ERISA (“qualified institution”).

Management has obtained certifications from a qualified institution as of December 31, 2024 and 2023 and for the years then ended, stating that the certified investment information, as described in Note 6 to the financial statements, is complete and accurate.

Disclaimer of Opinion on the Financial Statements

We do not express an opinion on the accompanying financial statements of the Plan. Because of the significance of the matter described in the Basis for Disclaimer of Opinion on the Financial Statements section of our report, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion on the financial statements.

Basis for Disclaimer of Opinion on the Financial Statements

As described in Note 2, the Plan has excluded from investments in the accompanying statements of net assets available for benefits, certain annuity contracts and custodial accounts issued to current and former employees prior to January 1, 2009, as permitted by the DOL’s Field Assistance Bulletin No. 2009-02, *Annual Reporting Requirements for 403(b) Plans*. The investment income and distributions related to such accounts have also been excluded from the accompanying statement of changes in net assets available for benefits for the years ended December 31, 2024 and 2023. The amount of these excluded annuity and custodial accounts and the related income and distributions are not determinable. Accounting principles generally accepted in the United States of America require that these accounts and the related income and distributions be included in the accompanying financial statements.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the 2024 financial statements are issued or available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Our responsibility is to conduct an audit of the Plan's financial statements in accordance with auditing **standards generally accepted in the United States of America and to issue an auditors' report. THE SCRIPPS RESEARCH INSTITUTE TAX SHELTERED ANNUITY PLAN

NOTES TO FINANCIAL STATEMENTS

AS OF DECEMBER 31, 2024 AND 2023, AND FOR THE YEARS ENDED DECEMBER 31, 2024 AND 2023

1. DESCRIPTION OF THE PLAN

The following description of The Scripps Research Institute Tax Sheltered Annuity Plan (the “Plan”) is provided for general information purposes only. Participants should refer to the Plan document for more complete information.

General — The Plan is a defined contribution plan covering substantially all employees of The Scripps Research Institute (“TSRI” or “Plan Sponsor”) who work a minimum of 20 hours per week. The Benefits Administration Committee of TSRI controls and manages the operation and administration of the Plan. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (“ERISA”).

Custodians — Fidelity Management Trust Company (“Fidelity”) has been the primary asset custodian (“Custodian”) of the Plan since 2006. Other current and previous asset custodians of the Plan include: Teachers Insurance and Annuity Association (“TIAA”) and College Retirement Equities Fund (“CREF”) as agents for JP Morgan Chase Bank, N.A., Lincoln Financial Group (“Lincoln”), Metropolitan Life Insurance Company, Standard Financial Group, and Franklin Templeton Investments (collectively, “Grandfathered Vendors”).

Contributions — Participants may elect to make contributions to the Plan each pay period on a pretax or Roth basis for any dollar amount, subject to Internal Revenue Service (“IRS”) limits of \$23,000 and \$22,500 for Plan years 2024 and 2023, respectively. Catch-up contribution limits for participants aged 50 and up were \$7,500 for Plan years 2024 and 2023. Beginning January 1, 2009, TSRI makes a matching contribution of 50% of pretax contributions that do not exceed 6% of pay for the pay period for participants who are also eligible for the Scripps Research Employee Retirement Plan. In addition, for each Plan year, a true-up of matching contributions will be made in an amount equal to the difference, if any, between the eligible participant’s per pay period salary deferral contributions that does not exceed 6% of his or her compensation for the entire Plan year. Matching contributions for eligible employees begin after completing a year of eligibility service (see “General” above). Participants may make rollover contributions from other retirement plans as permitted by the Plan document.

Forfeitures — Any participant who terminates employment prior to the normal retirement date for reasons other than death or disability forfeits all nonvested employer contributions. Forfeited nonvested accounts totaled \$8,904 and \$13,342, as of December 31, 2024 and 2023, respectively. As provided by the Plan document, forfeitures may be used to offset future employer contributions and/or to pay Plan expenses. For the years ended December 31, 2024 and 2023, forfeitures used to offset employer contributions and/or pay Plan expenses from forfeited nonvested accounts were \$46,513 and \$48,365, respectively.

Vesting — Participants are immediately vested in elective deferrals contributions and rollover amounts, as well as earnings thereon. Participants become 100% vested in the TSRI matching contribution after completing three years of service or in the event of death, permanent disability, or attaining the age of 65 while employed by TSRI. If a participant becomes ineligible before becoming 100% vested but again becomes eligible within five years, the forfeiture will be reinstated (without interest) and the prior service will be counted in determining the vesting percentage thereafter.

NOTES TO FINANCIAL STATEMENTS

AS OF DECEMBER 31, 2024 AND 2023, AND FOR THE YEARS ENDED DECEMBER 31, 2024 AND 2023

1. DESCRIPTION OF THE PLAN, CONT'D

Payment of Benefits — Participants are entitled to distribution of the vested portion of their accounts upon retirement, termination of employment, or in the event of death or disability. Payment types are determined by the terms and conditions of the contracts with the Custodian or Grandfathered Vendor with which the participant has an annuity contract or custodial account. In general, payments may be made in a single lump-sum payment or monthly, quarterly, semiannual, or annual installments payable over a specified period of time; a combination of lump-sum and installment payments; partial withdrawal with the remainder paid in a form described above; or a nontransferable deferred annuity contract at the election of the participant.

Participant Accounts — Individual accounts are maintained for each Plan participant. A participant's account is credited with the participant's contributions, any rollover amounts, allocation of the Plan Sponsor's contribution and allocation of Plan earnings, and charged with withdrawals and an allocation of Plan losses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participants' vested balance.

Notes Receivable From Participants — Loans are available through Fidelity, which is currently the only authorized Custodian allowing new loans in the Plan. Participants may borrow from their fund accounts a minimum of \$1,000 to a maximum of the lesser of 50% of vested accounts or \$50,000. The loans are secured by the balance in the participant's account and bear interest at a rate commensurate with local prevailing rates as determined by Fidelity. Principal and interest are paid directly to Fidelity. The term of any loan to a participant shall be no greater than five years, except for special loans to participants for the purchase of a principal residence, which may have a term up to 30 years. The limitations on the types and amounts of loans are determined by Fidelity. At December 31, 2024, interest rates ranged from 4.25% to 9.50% on the participants' loan balances, which mature through August 2050.

Plan Loans — Loans were available to participants through TIAA, subject to certain limitations. Plan loans are issued directly from the funds owned by TIAA and loan proceeds are not removed from a participant's account balance. However, a portion of a participant's TIAA Traditional Annuity account balance is reserved, or held in collateral, to cover the outstanding loan amount for the period of time the loan is outstanding.

For active loans, investments equal to 110% of the outstanding loan amount are reflected in the statements of net assets available for benefits and serve as collateral for the loan. Investments underlying defaulted loan balances are reflected in the statements of net assets available for benefits until a distribution event occurs.

At December 31, 2024 and 2023, participants had outstanding Plan loan balances due to TIAA of \$14,711 and \$13,971, respectively. Additionally, included in the TIAA Traditional Annuity accounts as of December 31, 2024 and 2023, are defaulted loan amounts of \$14,711 and \$13,971, respectively. Once a participant has a distributable event, these amounts will be redeemed by TIAA as settlement of defaulted Plan loans.

Plan Termination — Although it has not expressed any intent to do so, TSRI has the right to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants become 100% vested in their accounts.

NOTES TO FINANCIAL STATEMENTS

AS OF DECEMBER 31, 2024 AND 2023, AND FOR THE YEARS ENDED DECEMBER 31, 2024 AND 2023

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting — The accompanying financial statements have been prepared in accordance with accounting principles generally accepted in the United States of America (“GAAP”).

GAAP basis financial statements were not required to be filed with the Department of Labor (“DOL”) until 2009. Accordingly, the Plan has not maintained sufficient accounting records and supporting documents relating to certain annuity contracts, and custodial accounts issued to current and former employees prior to January 1, 2009, and held by Grandfathered Vendors (“Grandfathered Assets”). The Plan’s auditors were unable to apply auditing procedures to determine the extent to which the accompanying financial statements and supplemental schedule may have been affected by these conditions.

The Plan has excluded from investments in the accompanying statements of net assets available for benefits, certain Grandfathered Assets, as permitted by the DOL’s Field Assistance Bulletin No. 2009-02, *Annual Reporting Requirements for 403(b) Plans*. The investment income and distributions related to such Grandfathered Assets have also been excluded in the accompanying statement of changes in net assets available for benefits. GAAP requires that these Grandfathered Assets and the related income and distributions be included in the accompanying financial statements. The effects of these excluded Grandfathered Assets and the related income and distributions on the financial statements are not reasonably determinable.

Accounting Standards Updates Not Yet Effective — Accounting standards updates not effective until after December 31, 2024, are not expected to have a significant effect on the Plan’s statements of net assets available for benefits or the statement of changes in net assets available for benefits.

Investment Valuation — In general, the Plan’s investments in mutual funds are stated at fair value. Significant transfers between fair value hierarchy are recognized on the actual date of the event or change in circumstance that caused the change. Shares of mutual funds are valued at quoted market prices, which represent the net asset value (“NAV”) of shares held by the Plan at year end.

The fair values of accumulation units held by the Plan in CREF Variably Annuity accounts are based on each account’s daily NAV, which is considered by Plan management to be the best approximation of fair value. Investments valued at contract value or net asset value are not classified in the hierarchy.

Purchases and sales of securities are reflected on a trade-date basis. Interest income is recorded as earned on an accrual basis, and dividend income is recorded on the ex-dividend date.

The Plan presents, in the statement of changes in net assets available for benefits, the net appreciation or depreciation in the fair value of its investments, which consists of the realized gains or losses and the unrealized appreciation or depreciation on those investments.

Management fees and operating expenses charged to the Plan for investments in the mutual funds are deducted from income earned on a daily basis and are not separately reflected. Consequently, management fees and operating expenses are reflected as a reduction of investment return for such investments.

Administrative Expenses — The Plan’s expenses are paid by TSRI or the Plan, as provided by the Plan document. For the years ended December 31, 2024 and 2023, the Plan paid administrative expenses of \$153,083 and \$161,261, respectively

NOTES TO FINANCIAL STATEMENTS

AS OF DECEMBER 31, 2024 AND 2023, AND FOR THE YEARS ENDED DECEMBER 31, 2024 AND 2023

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES, CONT'D

Payment of Benefits — Benefit payments are recorded when paid. There were no amounts allocated to accounts of people who have elected to withdraw from the Plan but have not yet been paid at December 31, 2024.

Use of Estimates — The preparation of the Plan's financial statements in conformity with GAAP requires Plan management to make estimates and assumptions that affect the reported amounts of assets, liabilities, net assets and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Risks and Uncertainties — The Plan utilizes various investment instruments, including mutual funds and investment contracts. Investment securities, in general, are exposed to various risks, such as interest rate, credit, and overall market volatility. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the amounts reported in the financial statements.

Subsequent Events — Plan management has evaluated and disclosed subsequent events through July 25, 2025, the date of the release of these financial statements.

3. INVESTMENT OPTIONS

Under provisions of the Plan, participants may direct contributions made on their behalf to specific investment funds offered by the Plan as follows:

- The Principal Fixed Interest Plus Annuity is an investment contract underwritten and managed by Principal Mutual Life Insurance Company.
- All core menu of funds consisting of money market, bond and mutual funds managed by Fidelity Management Trust Company.
- Fidelity Brokerage Link, which has more than 2,000 mutual funds available.
- Assets held at certain Grandfathered Vendors will remain invested per annuity contract or custodial account provided by the Grandfathered Vendors.

4. FAIR VALUE MEASUREMENTS

The Plan classifies its investments, reported at fair value, into Level 1, which refers to securities valued using quoted prices from active markets for identical assets; Level 2, which refers to securities not traded on an active market but for which observable market inputs are readily available; and Level 3, which refers to securities valued based on significant unobservable inputs. Assets and liabilities are classified in their entirety based on the lowest level of input that is significant to the fair value measurement. Investments valued at contract value or net asset value are not classified in the hierarchy. The following are descriptions of the valuation methods and assumptions used by the Plan to measure the fair values of the investments:

Mutual Funds — Mutual funds are valued using quoted prices listed on nationally recognized securities exchanges (Level 1 inputs).

AS OF DECEMBER 31, 2024 AND 2023, AND FOR THE YEARS ENDED DECEMBER 31, 2024 AND 2023

4. FAIR VALUE MEASUREMENTS, CONT'D

CREF Variable Annuities — The fair values of accumulation units held by the Plan in CREF accounts (registered investment companies) are based on each account's daily NAV, which Plan management considers to be the best approximation of fair value. Data for NAVs are available daily to Plan administrators and client investors on TIAA's website and provide sufficient corroborative evidence to ascertain the relationship between each fund's NAV and the values of individual underlying holdings. Underlying holdings are primarily valued using market quotations or prices obtained from independent pricing sources. There are no unfunded commitments from participants in the Plan who invest in these accounts.

TIAA Traditional Annuity — Investments in TIAA Traditional Annuity contracts are reported at contract value. The contract value of the TIAA Traditional Annuity equals the accumulated cash contributions and interest credited to the Plan's contracts, less any withdrawals. The TIAA Traditional Annuity is not available for sale or transfer on any securities exchange.

Lincoln Fixed Annuity — Investments in Lincoln Fixed Annuity contracts are reported at contract value. The contract value of the Lincoln Fixed Annuity equals the accumulated cash contributions and interest credited to the Plan's contracts, less any withdrawals. The Lincoln Fixed Annuity is not available for sale or transfer on any securities exchange.

Principal Fixed Account — The investment in Principal Fixed Accounts is a guaranteed investment contract that is not publicly traded on an open market and available only to certain retirement plans and institutional investors. Investment in Principal Fixed Accounts is recorded at contract value. According to terms of the investment contract, Principal reports the contract value as the book value of deposits, plus accrued interest, less any payments due.

The following tables set forth, by level within the fair value hierarchy, a summary of the Plan's investments measured at fair value on a recurring basis at December 31, 2024 and 2023.

The major categories for debt and equity securities on the basis of the nature and risk of the investments at December 31, 2024, are included in the table as follows:

7. INVESTMENT CONTRACT — TIAA TRADITIONAL ANNUITY

The TIAA Traditional Annuity is a guaranteed fixed annuity contract available as an investment option to Plan participants. Each contract is fully and unconditionally guaranteed by TIAA. The TIAA Traditional Annuity is offered through a variety of contract types, including Retirement Annuities, Group Retirement Annuities (“GRA”), Supplemental Retirement Annuities, and Group Supplemental Retirement Annuities (“GSRA”). The Plan offered contract types GSRA and GRA to participants prior to 2006. Certain participants in the Plan still maintain these contracts with TIAA. The type of contract through which a participant invests in the TIAA Traditional Annuity determines the applicability of certain account features, such as the guaranteed minimum interest rate, additional interest declarations, the degree of liquidity of the participant’s account, and the options for receiving income upon retirement.

When participants choose to allocate a portion of their retirement savings to the TIAA Traditional Annuity during the accumulation phase of the contract, their contributions purchase a specific amount of lifetime income based on the contractual rate schedule in effect at the time the premium is paid. The participant’s principals, plus a specified minimum rate of interest, are guaranteed by TIAA’s claims-paying ability. The TIAA Traditional Annuity also provides the potential for additional interest if declared by TIAA’s board of trustees. Additional interest, when declared, remains in effect for the declaration year, which begins each March 1st for accumulating annuities and January 1st for lifetime payout annuities. Additional interest is not guaranteed for future years.

Together, the guaranteed minimum and additional amounts make up the crediting interest rate. The contract value as of December 31, 2024 and 2023 was \$2,641,472 and \$2,981,287, respectively.

All GRA contracts may be withdrawn in a single lump sum within 120 days of termination of employment; this transaction is subject to a 2.50% surrender charge. All GSRA contracts provide for full participant-directed liquidity. When a participant’s accumulation in the TIAA Traditional Annuity is converted to a lifetime payout annuity, the present value of the stream of payments is equal to the accumulated balance, and the entire amount is recorded as a distribution in the statement of changes in net assets available for benefits.

AS OF DECEMBER 31, 2024 AND 2023, AND FOR THE YEARS ENDED DECEMBER 31, 2024 AND 2023

8. INVESTMENT CONTRACT — PRINCIPAL LIFE INSURANCE COMPANY

The Plan has a fully benefit-responsive investment contract with Principal Life Insurance Company (“Principal”). Principal maintains the contributions in a general account, which is credited with earnings on the underlying investments and charged with participant withdrawals and administrative expenses. The investment contract is included in the financial statements at contract value reported to the Plan by Principal. Contract value represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. The contract value as of December 31, 2024 and 2023 was \$7,935,791 and \$9,143,229, respectively. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

The contract has certain restrictions that affect the ability to collect the full contract value; for example, each year participants may not transfer more than 20% of the beginning-of-year balance of their investment in the contract to a competing investment fund without incurring a penalty. Plan management believes that the occurrence of events that would cause the Plan to transact at less than contract value is not probable. Principal may not terminate the contract at any amount less than contract value.

Principal is contractually obligated to pay the principal and specified interest rate that is guaranteed to the Plan. The crediting interest rate is based on a formula agreed upon with the issuer but may not be less than 1.00%. Such interest rates are reviewed on an annual basis for resetting. The crediting rate of the contract is to track current market yields on a trailing basis.

9. INVESTMENT CONTRACT — LINCOLN FIXED ANNUITY

The Plan has an investment contract with a subsidiary company of Lincoln, UNUM Pension and Insurance Company. The contract permits Plan participants to either invest at a fixed interest rate until contract maturity or purchase an annuity.

Contract value represents the contributions made under the contract, plus earnings, less participant withdrawals. Partial or full withdrawals are permitted, with participants entitled to receive up to 95%–100% of their account balance depending upon withdrawal circumstances and years of participation. Investments contracts are at contract value. In October 2022, Lincoln Financial Group terminated certain participant accounts due to contribution inactivity. Accordingly, terminated participant account balances were transferred to the Tax Sheltered Annuity 403(b) Plan at Fidelity. The total value of transferred participant balances was \$9,020,445. The contract value as of December 31, 2024 and 2023 was \$380,076 and \$378,867, respectively.

10. EXEMPT PARTY-IN-INTEREST TRANSACTIONS

Certain Plan investments are shares of mutual funds managed by the Asset Custodians, and therefore, these purchases and sales transactions qualify as exempt party-in-interest transactions. Members of the Plan Sponsor’s Benefits Administration Committee are also eligible to participate in the Plan.

11. INCOME TAX STATUS

The Plan has been designed to qualify under Section 403(b) of the Internal Revenue Code (the “IRC”). The Plan administrator and the Plan’s tax counsel believe that the terms of the Plan have been prepared to conform with the requirements of Section 403(b) of the IRC, and is currently being operated in conformity with the applicable requirements of the IRC and, therefore, believe that the Plan is qualified.
