Independent Auditor's Report

To the Plan Administrator of
ServiceNet Employee Retirement Plan:

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We were engaged to perform audits of the financial statements of ServiceNet Employee Retirement Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2024 and 2023, and the related statement of changes in net assets available for benefits for the year ended December 31, 2024, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of ServiceNet Employee Retirement Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2024 and 2023, and for the year ended December 31, 2024, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Disclaimer of Opinion

We do not express an opinion on the accompanying financial statements of ServiceNet Employee Retirement Plan. Because of the significance of the matters described in the Basis for Disclaimer of Opinion section of our report, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion on the financial statements.

Basis for Disclaimer of Opinion

As described in Note 9 to the financial statements, ServiceNet Employee Retirement Plan has not maintained sufficient accounting records and supporting documents relating to certain annuity contracts and custodial accounts issued to current and former employees prior to January 1, 2009. Accordingly, we were unable to apply auditing procedures sufficient to determine the extent to which the accompanying financial statements may have been affected by these conditions.

Basis for Disclaimer of Opinion (Continued)

Further, as described in Note 9 to the financial statements, the ServiceNet Employee Retirement Plan has excluded from investments in the accompanying statements of net assets available for benefits certain annuity contracts and custodial accounts issued to current and former employees prior to January 1, 2009, as permitted by the Department of Labor's Field Assistance Bulletin No. 2009-02, *Annual Reporting Requirements for 403(b) Plans*. The investment income (loss) and distributions related to such accounts have also been excluded in the accompanying statement of changes in net assets available for benefits. The amount of these excluded annuity contracts and custodial accounts and the related income (loss) and distributions are not determinable. Accounting principles generally accepted in the United States of America require that these accounts and the related income and distributions be included in the accompanying financial statements.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about ServiceNet Employee Retirement Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Our responsibility is to conduct an audit of ServiceNet Employee Retirement Plan's financial statements in accordance with auditing standards generally accepted in the United States of America and to issue an auditor's report. However, because of the matters described in the Basis for Disclaimer of Opinion section of our report, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion on these financial statements.

We are required to be independent of ServiceNet Employee Retirement Plan, and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits.

Other Matter - Supplemental Schedule Required by ERISA

The supplemental schedule, Form 5500, Schedule H, Part IV, Line 4i - Schedule of Assets Held at End of Year as of December 31, 2024, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. Because of the significance of the matters described in the Basis for Disclaimer of Opinion section, it is inappropriate to and we do not express an opinion on the supplemental schedule referred to above.

SERVICENET EMPLOYEE RETIREMENT PLAN

Notes to Financial Statements
December 31, 2024 and 2023

1. DESCRIPTION OF THE PLAN

The following description of ServiceNet Employee Retirement Plan (the Plan) provides only general information. Participants should refer to the plan document for a more complete description of the Plan's provisions.

a. General

The Plan is a defined contribution 403(b) plan covering substantially all employees of ServiceNet, Inc. (the Agency) (the Plan Sponsor). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The Board of Directors of the Plan Sponsor is responsible for the oversight of the Plan. The Plan Administrator determines the appropriateness of the Plan's investment offerings, monitors investment performance and reports to the Plan Sponsor's Board of Directors.

b. Eligibility

Employees become eligible to participate in the Plan upon being hired by the Agency. Employees become eligible for Agency discretionary matching contributions after completing one year of service and are expected to work at least 1,000 hours of service during the first year of employment. Relief workers are not eligible to receive discretionary matching contributions.

c. Contributions

Each year, participants upon being hired may contribute a percentage up to 100% of pre-tax annual compensation, subject to statutory limitations. The Plan provides for participants to contribute post-tax (Roth) contributions and rollover contributions from other qualified retirement plans. The Plan allows for catch-up employee contributions for those participants who are 50 years or older as of the end of the plan year. Participants direct the investment of their contributions into various investment options offered by the Plan.

The Plan Sponsor made discretionary matching contributions of up to 4% of eligible compensation for the year ended December 31, 2024, totaling \$1,014,165.

d. Participant Accounts

Each participant's account is credited with the participant's contributions, the Agency's matching contributions, and an allocation of plan earnings, and is charged with an allocation of administrative expenses paid by the Plan. Allocations are based on participant earnings or account balances, as defined in the plan document. The accounts are participant directed. The benefit to which a participant is entitled to is the benefit that can be provided from the participant's vested account.

e. Vesting

Participants are immediately vested in their voluntary contributions and actual earnings or losses thereon. Participants become fully vested upon death or disability. The Plan follows the vesting schedule below for the Agency's discretionary matching contributions:

<u>Years of Credited Services</u>	<u>Vesting Schedule</u>
1 year of service	20%
2 years of service	40%
3 years of service	60%
4 years of service	80%
5 years of service or more	100%

SERVICENET EMPLOYEE RETIREMENT PLAN

Notes to Financial Statements
December 31, 2024 and 2023

1. DESCRIPTION OF THE PLAN (Continued)

f. Notes Receivable from Participants

Participants may borrow a minimum of \$1,000 up to a maximum loan amount, which is the lesser of \$50,000 or 50% of the participants' vested account balance. Loans are secured by the portion of the participant' vested account balance that the Plan Administrator deems appropriate. Participants may only have one outstanding loan at a time. Loan terms range up to five years, unless for the purchase of a primary residence, in which case the term may be up to twenty-five years. Interest is due on the outstanding principal balance at the prime rate plus 1%. Principal and interest are paid ratably through payroll deductions.

g. Payment of Benefits

The Plan provides for a normal retirement benefit to be paid to participants who have reached the age of 65, with no option for early retirement. Upon termination of service, a participant receives a lump-sum amount equal to the value of their account or as annual or more frequent installments over a period that does not extend beyond the life expectancy of the participant. There are also retirement benefits available upon late retirement, disability and death. Beneficiaries are entitled to receive benefit payments on behalf of the participant upon the death of the participant. Upon termination of employment, the Plan allows for payout of participant accounts between \$1,000 and \$5,000 into an individual retirement account in the participant's name. Effective January 1, 2024, the involuntary distribution amount was increased to \$7,000 as permitted under SECURE Act 2.0.

The Plan allows in-service withdrawals upon attainment of age 59 ½. A participant may also request a withdrawal upon demonstration to the Plan Administrator that they are suffering a "hardship". Hardship is defined in applicable regulations promulgated or to be promulgated pursuant to the applicable section of the Internal Revenue Code (IRC) or standards established by the Secretary of the Treasury or their delegate.

h. Forfeited Accounts

Forfeitures represent non-vested Agency discretionary matching contributions forfeited by participants who terminated their employment or who withdraw from the Plan. Forfeitures are retained by the Plan and may be used to reduce future Agency discretionary matching contributions and pay for plan expenses. The Plan had \$7 and \$25 of unallocated forfeitures as of December 31, 2024 and 2023, respectively. The Plan used \$37,633 of forfeitures to reduce Agency discretionary matching contributions during the year ended December 31, 2024.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Presentation

The Plan prepares its financial statements in accordance with generally accepted accounting principles (U.S. GAAP) established by the Financial Accounting Standards Board (FASB). References to U.S. GAAP in these notes are to the FASB Accounting Standards Codification (ASC).

Use of Estimates

The preparation of financial statements in accordance with U.S. GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities at the date of the financial statements. Actual results could differ from those estimates.

December 31, 2024 and 2023

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Investment Valuation and Income Recognition

Mutual funds are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan Sponsor determines the Plan's valuation policies utilizing information provided by the investment advisors and qualified institution. See Note 4 for discussion of fair value measurement.

Purchases and sales of investments are recorded on a trade-date basis. Interest and dividend income is recorded when posted by the Plan's qualified institution. Net appreciation of mutual funds, at fair value, includes the Plan's gains and losses on investments bought and sold, as well as held during the year.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income on notes receivable from participants is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2024 and 2023. If a participant ceases to make loan repayments and the Plan Administrator deems the participant loan to be in default, the participant loan balance is reduced, and a benefit payment is recorded. There were \$29,102 of defaulted loans for the year ended December 31, 2024, which are included in benefits paid to participants in the accompanying statement of changes in net assets available for benefits.

Contributions

Contributions from plan participants are recorded in the year which the participants' contributions are withheld from compensation. Agency discretionary matching contributions are recorded when such contributions are authorized by the Plan Sponsor.

Payment of Benefits

Benefits are recorded when paid.

Administrative Expenses

Certain expenses of maintaining the Plan are paid directly by the Agency and are excluded from these financial statements. The Plan also has a plan expense account used to pay certain administrative expenses. The Plan had \$38,608 and \$39,366 held within the account, which is included in the Vanguard Federal Money Market Fund, as of December 31, 2024 and 2023, respectively. Fees related to plan recordkeeping, investment advisory services, and the administration of notes receivable from participants and processing of distributions are charged directly to the participant's account and are included in administrative expenses. Investment-related expenses are included in the net appreciation of mutual funds, at fair value.

Subsequent Events

Subsequent events have been evaluated through July 29, 2025, which is the date the financial statements were available to be issued. Except as disclosed in Note 10, there were no other events that met the criteria for recognition or disclosure in the financial statements.

3. INFORMATION PREPARED AND CERTIFIED BY THE PLAN'S QUALIFIED INSTITUTION

The Plan Administrator has elected the method of annual reporting compliance permitted by ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Empower Trust Company, LLC, the qualified institution, has certified to the completeness and accuracy of all investments and notes receivable from participants reported in the accompanying statements of net assets available for benefits as of December 31, 2024 and 2023, and the supplemental schedule, Form 5500, Schedule H, Part IV, Line 4i - Schedule of Assets Held at End of Year as of December 31, 2024, and the related investment transactions and investment income and interest income on notes receivable from participants reported in the accompanying statement of changes in net assets available for benefits for the year ended December 31, 2024.

At the request of the Plan Administrator, the Plan's independent auditors did not perform auditing procedures with respect to certified investment information, except for comparing such certified investment information included in the accompanying financial statements and supplemental schedule.

4. FAIR VALUE MEASUREMENT

Fair value is defined as the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants as of the measurement date. *Fair Value Measurement* establishes a hierarchy of the valuation techniques based upon whether the inputs to those valuation techniques reflect assumptions other market participants would use based upon market data obtained from independent sources (also referred to as observable inputs). The fair value hierarchy is as follows:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 - Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability; and
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodology used for assets measured at fair value:

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-ended mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded and measured using Level 1 inputs.

4. FAIR VALUE MEASUREMENT (Continued)

There has been no change in the methodology used as of December 31, 2024 and 2023.

The preceding method described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation method is appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table presents by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31:

<u>Description</u>	<u>2024</u>			<u>Total</u>
	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>	
Mutual funds, at fair value	<u>\$ 30,085,923</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$ 30,085,923</u>

<u>Description</u>	<u>2023</u>			<u>Total</u>
	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>	
Mutual funds, at fair value	<u>\$ 26,350,842</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$ 26,350,842</u>

5. TAX STATUS

The Plan Sponsor has obtained an opinion letter dated March 31, 2017, in which the Internal Revenue Service (IRS) stated that the restated prototype plan document was in compliance with applicable requirements of the IRC. The Plan Administrator timely adopted the restated prototype plan. Although the Plan has been amended since receiving the opinion letter, the Plan Administrator believes that the Plan is currently being operated in accordance with the IRC.

U.S. GAAP requires plan management to evaluate tax positions taken by the Plan and recognizes a tax liability (or asset) if the Plan has taken an uncertain position that more-likely-than-not would not be sustained upon examination by the applicable authorities. The Plan is subject to routine audits by taxing jurisdictions, however, there are currently no audits for any tax periods in progress.

6. PLAN TERMINATION

Although it has not expressed any intent to do so, the Agency has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of plan termination, all participants will become fully vested and all accrued benefits shall be paid to participants in accordance with provisions of the Plan.

7. RELATED PARTY AND PARTY-IN-INTEREST TRANSACTIONS

Section 3(14) of ERISA defines a party-in-interest to include, among others, fiduciaries or employees of the Plan, any person who provides services to the Plan or an employer whose employees are covered by the Plan. Accordingly, transactions with investment funds managed and held by the qualified institution are considered party-in-interest transactions.

The Plan also allows for a revenue sharing credit, which is used to offset certain amounts owed to the qualified institution for its administrative services to the Plan. During 2024, the Plan paid the qualified institution and investment advisor administrative expenses totaling \$210,630, which is presented net of \$50,208 of the revenue sharing credit in the statement of changes in net assets available for benefits.

8. RISKS AND UNCERTAINTIES

The Plan provides for various investment options in a number of investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that these changes could materially affect the amounts reported in the statements of net assets available for benefits.

9. PARTICIPANT ACCOUNT BALANCES

In November 2007, the DOL issued amended regulations eliminating an exemption granted to 403(b) plans from the annual Form 5500 reporting, disclosure and audit requirements under Part 1 of Subtitle B of Title I of ERISA, as amended. The DOL acknowledged in its Field Assistance Bulletin No. 2009-02, Annual Reporting Requirements for 403(b) Plans, that full annual reporting compliance “may not be possible” and “the guiding principle must be to ensure that the appropriate efforts are made to act reasonably, prudently, and in the interest of the Plan’s participants and beneficiaries”. Notwithstanding, the DOL’s specific recognition of the “compliance challenges” engendered by its new requirements, U.S. GAAP provides no such relief requiring all contracts and custodial accounts to be included and maintained.

Prior to the amended regulations and the amendment of the plan document, the Plan was not viewed as a separate reporting entity. Historically, the Plan was viewed as a collection of individual accounts with which participants could engage in a range of actions with limited involvement, if any, by the Plan Sponsor. Accordingly, various accounting and payroll records related to the Plan’s 403(b) annuity contracts and custodial accounts issued to employees prior to January 1, 2009, were not required to be maintained by the Plan, nor were they required to be maintained or retained by service providers at the plan level. Consequently, the Plan’s financial statements have been prepared based on the available records, which were accessed using reasonable means and then analyzed by the Plan Sponsor. As certain records were not available dating back to the inception of the Plan, the effect, if any, on the completeness of opening balances, and thus on the accuracy of the Plan’s financial statements, cannot be determined.

In addition, the Plan has identified and excluded from investments in the accompanying statements of net assets available for benefits certain annuity and custodial accounts issued to current or former employees prior to January 1, 2009, as permitted by the DOL’s Field Assistance Bulletin No. 2009-02, *Annual Reporting Requirements for 403(b) Plans*. The investment income (loss) and distributions related to such accounts have also been excluded in the accompanying statement of changes in net assets available for benefits. U.S. GAAP requires that these accounts and the related income (loss) and distributions be included in the accompanying financial statements. The amount of these excluded annuity contracts and custodial accounts and the related income (loss) and distributions have not been determined.

10. SUBSEQUENT EVENTS

Effective October 25, 2024, the Plan Sponsor merged with Pathlight Inc. The Pathlight Inc. 403(b) Retirement Savings Plan is expected to be merged into the ServiceNet Employee Retirement Plan. The Plan Sponsor expects the merger to occur on August 7, 2025.

Subsequent to year end, the Plan Sponsor changed its qualified institution from Empower Trust Company, LLC to Delaware Charter Guarantee and Trust Company d/b/a Principal Trust Company.
