INDEPENDENT AUDITOR'S REPORT

To the Board of Trustees of the
Local 1102 Retirement Fund

Opinion on the 2024 Financial Statements

We have audited the financial statements of the Local 1102 Retirement Fund (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), which comprise the statement of net assets available for benefits (in liquidation) as of December 31, 2024, and the related statement of changes in net assets available for benefits (in liquidation) for the year then ended, and the related notes to the financial statements.

In our opinion, the accompanying financial statements present fairly, in all material respects, the net assets available for benefits (in liquidation) of the Plan as of December 31, 2024, and the changes in its net assets available for benefits (in liquidation) for the year then ended, in accordance with accounting principles generally accepted in the United States of America.

Basis for Opinion on the 2024 Financial Statements

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the 2024 Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Responsibilities of Management for the 2024 Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all Plan amendments; administering the Plan; and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the 2024 Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Report on 2024 Supplemental Information

Our audit was conducted for the purpose of forming an opinion on the financial statements as a whole. The 2024 supplemental Schedule of Administrative Expenses, “supplemental information,” are presented for the purpose of additional analysis and are not a required part of the financial statements. Such information is the responsibility of the Plan's management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. In our opinion, the information is fairly stated in all material respects in relation to the financial statements as a whole.

2023 Financial Statements

The financial statements of the Local 1102 Retirement Fund as of December 31, 2023, were audited by other auditors whose report dated June 4, 2024 expressed an unmodified opinion on those statements.

LOCAL 1102 RETIREMENT FUND

NOTES TO FINANCIAL STATEMENTS

DECEMBER 31, 2024 AND 2023

NOTE 1. DESCRIPTION OF THE PLAN

The following brief description of the Local 1102 Retirement Fund (the Plan) is provided for general information purposes only. Participants should refer to the plan agreement for more complete information.

The Plan is a multiemployer defined benefit pension plan established under the provisions of an Agreement and Declaration of Trust between Local 1102 Retail, Wholesale, Department Store Union UFCW (the Union) and the various employers. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

The Plan provides normal and early retirement pension benefits. All persons, on whose behalf employers were contributing into the Plan and who otherwise qualify, as defined in the plan agreement, are eligible for benefits. Benefits are payable in the form of a life annuity or joint survivorship annuity. Participants' benefits were vested in accordance with the plan agreement. Benefit payments to participants are recorded upon distribution. Effective June 1, 2016, pension benefits were reduced to the maximum amounts guaranteed by the PBGC.

On August 31, 2005, all contributing employers withdrew from the Plan, and the Plan terminated as a result of this "mass withdrawal." The employers' obligation to continue to contribute to the Plan ceased for periods after August 31, 2005. As a result of the mass withdrawal, employers are subject to the mass withdrawal liability. The Plan became insolvent in May 2016, and the Pension Benefit Guaranty Corporation (PBGC) began providing financial assistance to the Plan in June 2016.

NOTE 2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Method of Accounting - The financial statements are prepared using the liquidation basis of accounting.

Withdrawal Liability Receivable - Withdrawal liabilities due and not paid prior to year end are recorded as withdrawal liability receivable. The Plan believes that the receivables are fully collectible; therefore, no allowance for credit losses is recorded.

NOTE 2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

Actuarial Present Value of Accumulated Plan Benefits - Accumulated plan benefits are those future periodic payments, including lump-sum distributions that are attributable under the Plan's provisions to the service which employees have earned through the date of termination. Accumulated plan benefits include benefits expected to be paid to (a) retired employees or their beneficiaries, if the election for joint survivorship was made, (b) terminated employees with five to 10 years of vested service, and (c) present employees with five years of vested service.

The accumulated plan benefits for active employees are based on their number of years of service on the date as of which the benefit information is presented (the valuation date). Benefits payable under all circumstances (retirement, death and disability) are included, to the extent they are deemed attributable to employee service rendered to the valuation date. The Plan uses a beginning-of-year valuation date.

Leases - The Plan elected the practical expedients not to separate lease components from nonlease components for its office lease and to apply the short-term lease exception, which does not require the capitalization of leases with terms of 12 months or less. The Plan has made an accounting policy election to apply a risk-free rate as the discount rate used to measure lease liabilities and ROU assets at commencement of a lease. A risk-free rate has been applied to the office lease.

The Plan determines if an arrangement is or contains a lease at inception, which is the date on which the terms of the contract are agreed to, and the agreement creates enforceable rights and obligations. A contract is or contains a lease when (i) explicitly or implicitly identified assets have been deployed in the contract and (ii) the Plan obtains substantially all of the economic benefits from the use of that underlying asset and directs how and for what purpose the asset is used during the term of the contract. The Plan also considers whether its service arrangements include the right to control the use of an asset.

The Plan recognizes most leases on its balance sheets as a ROU asset representing the right to use an underlying asset and a lease liability representing the obligation to make lease payments over the lease term, measured on a discounted basis. Leases are classified as either finance leases or operating leases based on certain criteria. Classification of the lease affects the pattern of expense recognition in the income statement.

For long-term leases, ROU assets and lease liabilities are measured based on the present value of future lease payments over the lease term at the commencement date of the lease. The ROU assets also include any initial direct costs incurred and lease payments made at or before the commencement date and are reduced by any lease incentives.

Payment of Benefits - Benefit payments to participants are recorded upon distribution.

Estimates - The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumption that affect certain reported amounts and disclosures in the financial statements. Actual results could differ from those estimates.

NOTE 3. PLAN TERMINATION

On August 31, 2005, the Plan was terminated by mass withdrawal as defined by ERISA Section 4041A (a)(2). The Trustees have exercised their right to terminate the Plan. Termination shall not permit any part of the Plan assets to be used for or diverted to purposes other than the exclusive benefit of the pensioners, beneficiaries and participants. The net assets of the Plan will be allocated to pay benefits in priorities as prescribed by ERISA and its related regulations. Whether or not a participant will receive full benefits after the Plan terminated in 2005 will depend on the sufficiency of the Plan's net assets at that time and the priority of those benefits.

The trustees of the Plan, by letter dated November 1, 2005, notified the PBGC that the Plan had terminated by mass withdrawal. During the year ended December 31, 2015, the Plan prepared a notice of insolvency to the PBGC. In connection with this notice, the Plan submitted an application for financial assistance, requesting that the PBGC provide supplemental funding for payment of benefits and reasonable administrative expenses incurred by the Plan after the depletion of existing plan assets.

In addition, certain benefits under the Plan are insured by the PBGC. Generally, the PBGC guarantees most vested normal age retirement benefits, early retirement benefits, and certain disability and survivor's pensions. The PBGC does not guarantee all types of benefits and the amount of any individual participant's benefit protection is subject to certain limitations. Some benefits may be fully or partially provided for while other benefits may not be provided at all. As of June 1, 2015, the trustees are required to limit payment of benefits to the level guaranteed by the PBGC.

The Plan became insolvent in May 2016, and the PBGC began providing financial assistance to the Plan in June 2016 so that the Plan could continue to operate and pay benefits. The Trustees of the Plan have signed a promissory note as a condition of receiving financial assistance from the PBGC. The agreement provides for the PBGC to provide the Plan additional amounts and that such amounts shall be added to the amount in the original agreement. Such amounts are evidenced by promissory notes. Quarterly, the Plan must provide the PBGC with: (a) an estimate of funds needed to pay benefits and administrative expenses for the following quarter, and (b) a reconciliation of financial assistance received from the PBGC and payments of benefits and administrative expenses of the prior quarter. In addition, PBGC premiums are no longer required to be remitted to the PBGC. However, the waived premiums are added to the promissory note.

The Plan has no resources nor does it expect to have resources in the future to repay these notes. Accordingly, such amounts have been included as additions to plan assets in the statements of changes in net assets available for benefits for the years ended December 31, 2024 and 2023 (in liquidation). Plan management believes that presenting the PBGC funding in this manner more accurately reflects the financial position and result of the Plan.

NOTE 4. TAX STATUS

The Plan obtained its latest determination letter on June 30, 2015, in which the Internal Revenue Service stated that the Plan, as then designed, was in compliance with the applicable requirements under Section 401(a) and was, therefore, exempt from Federal income taxes under the provisions of Section 501(a). The Plan Trustees and Plan Counsel believe that the Plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code.

NOTE 4. TAX STATUS (continued)

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that, more likely than not, would not be sustained upon examination by the U.S. Federal, state, or local taxing authorities. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. Typically, plan tax years will remain open for three years; however, this may differ depending upon the circumstances of the Plan.

NOTE 5. RELATED PARTY AND PARTY-IN-INTEREST TRANSACTIONS

Identification of Related Organizations

The Plan has the following related entities with which it has transactions:

- Local 1102 RWDSU UFCW
- Local 1102 Health and Benefit Fund
- Local 1102 401(k) Retirement Plan
- Local 1102 Retirement Trust
- Local 1102 Amalgamated Pension Fund
- Storeworkers Retirement Fund

All the above entities qualify as tax-exempt organizations. The entities listed above share common Trustees or officers with this Plan.

Administration Expenses

The Plan occupies premises and participates on an allocated basis with the Union and other affiliated entities in the administrative costs, rental expenses, and certain other costs. The trustees have adopted a method of allocating these expenses as provided by an independent study. Due to affiliated entities represents the balance of these reimbursements As of December 31, 2024 and 2023 the Plan owed affiliated entities \$15,665 and \$11,813, respectively.

The Plan reimburses the Union and Local 1102 Retirement Trust for administrative costs, which include salaries and payroll taxes. The reimbursed amounts for the years ended December 31, 2024 and 2023 were \$132,347 and \$108,700, respectively.

On January 1, 2015, the Plan entered into a lease agreement with the Union which expires on December 31, 2026 for its administrative headquarters (Note 8). The Union has the option of extending the lease an additional five years prior to the expiration of the lease. The lease requires the Plan to pay its allocable share of electric charges and real estate taxes, and provides for periodic adjustments for increases in the cost of living.

NOTE 6. RISKS AND UNCERTAINTIES

At various times throughout the year, the Plan had on deposit in banks amounts in excess of FDIC insurance limits. The Plan has not experienced any losses in such accounts, and the trustees believe it is not exposed to any significant credit risk.

Withdrawal liability payments are made and the actuarial present value of accumulated plan benefits are reported based on certain assumptions pertaining to interest rates, inflation rates and participant demographics, all of which are subject to change. Due to uncertainties inherent in the estimations and assumptions process, it is at least reasonably possible that changes in these estimates and assumptions in the near term would be material to the financial statements.

NOTE 7. ACTUARIAL INFORMATION

Actuarial valuations of the Plan were made by the consulting actuary as of December 31, 2023. Information shown in the reports included the following:

Actuarial present value of accumulated plan benefits:

Vested benefits:

Participants currently receiving benefits	\$ 2,487,509
Other vested benefits	<u>2,133,004</u>
Total actuarial present value of accumulated plan benefits	<u>\$ 4,620,513</u>

As reported by the actuary, the changes in the actuarial present value of accumulated plan benefits during the year ended December 31, 2023 were as follows:

Actuarial present value of accumulated plan benefits as of December 31, 2022	<u>\$ 4,796,946</u>
Increase (decrease) during the year attributable:	
Net experience gain or loss, changes in data	48,806
Benefits paid	<u>(225,239)</u>
Net increase	<u>(176,433)</u>
Actuarial present value of accumulated plan benefits as of December 31, 2023	<u><u>\$ 4,620,513</u></u>

The Plan's present value of accrued vested benefits as of December 31, 2023 totaled \$4,620,513. The net assets available for benefits as of the same dates amounted to \$681,552. The value of nonforfeitable benefits exceeds the value of Plan assets by \$3,938,961 at December 31, 2023.

NOTE 7. ACTUARIAL INFORMATION (continued)

The Trustees of the Plan are required under Section 4281(b) of the Employee Retirement Income Security Act of 1974 (ERISA), as amended, to determine annually whether the value of nonforfeitable benefits exceed the value of Plan assets including claims for withdrawal liability owed to the Plan. When the value of the benefits exceeds the value of assets, the Plan shall be amended to reduce benefits to the extent necessary to ensure that the Plan's assets are sufficient to discharge, when due, all of the Plan's obligations with respect to nonforfeitable benefits.

The significant actuarial assumptions used in the valuations as of December 31, 2023: (a) life expectancy of participants the RP-2014 (2006 base rates) mortality table with blue-collar adjustment projected with scale MP-2021 on a fully generational basis for healthy participants the RP-2014 (2006 base rates) disabled retiree mortality table projected with scale MP-2021 on a fully generational basis for disabled participants), and (b) retirement age assumptions (the assumed retirement age used of 65 with at least five years of service).

Benefits are computed in accordance with the terms and provisions of the Plan on the date the participant left employment of the participating employer. At date of termination, the normal retirement benefit was \$12.00 per month per year of service up to a maximum of \$360.00 per month. No benefits accrue after December 31, 2001.

NOTE 8. LEASES

The Plan leases office space under an operating lease agreement that expires December 31, 2026. The lease agreement contains a renewal option and does not contain a guarantee of the residual value at the end of the lease term or restrictive financial or other covenants. Lease payments related to periods subject to renewal options are excluded from the amounts used to determine the present value of the remaining lease payments unless the Plan is reasonably certain to exercise the option to extend the lease.

The components of lease expense for the years ended December 31, 2024 and 2023 were as follows:

	<u>2024</u>	<u>2023</u>
Operating lease expense	<u>\$ 10,738</u>	<u>\$ 10,738</u>

Cash flow information related to leases for the years ended December 31, 2024 and 2023 were as follows:

Cash paid for amount included in the measurement of lease liabilities		
Operating cash flows from operating lease	<u>\$ 10,728</u>	<u>\$ 10,452</u>

NOTE 8. LEASES (continued)

Statement of net assets available for benefits position information related to leases as of December 31, 2024 and 2023 were as follows:

	<u>2024</u>	<u>2023</u>
Operating lease		
Right of use assets - gross	\$ 51,884	\$ 51,884
Right of use assets - accumulated	(30,701)	(20,330)
Right of use assets - net	<u>\$ 21,183</u>	<u>\$ 31,554</u>
Operating lease liabilities	<u>\$ 22,028</u>	<u>\$ 32,389</u>
Weighted average remaining lease term		
Operating lease	2 years	3 years
Weighted average discount rate		
Operating lease	1.37%	1.37%

Future undiscounted cash flows for each of the next three years and a reconciliation to the lease liabilities recognized on the statement of net assets available for benefits are as follows as of December 31, 2024:

<u>Year Ending December 31,</u>	<u>Operating lease</u>
2025	\$ 11,016
2026	11,304
Total undiscounted cash flows	<u>22,320</u>
Less: present value discount	(292)
Total lease liabilities	<u>\$ 22,028</u>

NOTE 9. WITHDRAWAL LIABILITY

On August 31, 2005, all contributing employers withdrew from the Plan, and the Plan terminated as a result of this "mass withdrawal." The employers' obligation to continue to contribute to the Plan ceased for periods after August 31, 2005. As a result of the mass withdrawal, employers are subject to the mass withdrawal liability. The aggregate amount of the mass withdrawal liability due the Plan was estimated at \$2,629,648. Each employer was assessed its share of the estimated mass withdrawal liability. The term over which the mass withdrawal liability payments will be satisfied is as long as 40 years for certain employers. The employers' mass withdrawal liability receivable as of December 31, 2024 and 2023 was \$602,340 and \$621,590, respectively.

NOTE 9. WITHDRAWAL LIABILITY (continued)

The mass withdrawal liability represents the amounts due from withdrawing employers after evaluating collectability at the end of each year. There were no credit loss write-offs for the years ended December 31, 2024 and 2023. All remaining withdrawal liability payments are current, and management believes they are fully collectible at December 31, 2024 and 2023. Employer deposit payable of \$20,000 at December 31, 2024 and 2023 represents withdrawal liability contributions held in escrow, pursuant to a payout agreement with a withdrawing employer.

NOTE 10. SUBSEQUENT EVENTS

The Plan has evaluated subsequent events through June 9, 2025, the date the financial statements were available to be issued, and they have been evaluated in accordance with relevant accounting standards.
