## Report of Independent Auditors

The Board of Trustees  
Douglas Fruit Company Salary Reduction and Savings Plan

### Report on the Audit of the Financial Statements

#### *Scope and Nature of the ERISA Section 103(a)(3)(C) Audit*

We have performed audits of the financial statements of Douglas Fruit Company Salary Reduction and Savings Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2024 and 2023, and the related statement of changes in net assets available for benefits for the year ended December 31, 2024, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Douglas Fruit Company Salary Reduction and Savings Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2024 and 2023, and for the year ended December 31, 2024, stating that the certified investment information, as described in Note 7 to the financial statements, is complete and accurate.

#### **Opinion**

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (GAAP).
- the information in the accompanying financial statements related to assets held by and certified to by qualified institutions agrees to, or is derived from, in all material respects, the information prepared and certified by institutions that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Baker Tilly Advisory Group, LP and Baker Tilly US, LLP, trading as Baker Tilly, are members of the global network of Baker Tilly International Ltd., the members of which are separate and independent legal entities. Baker Tilly US, LLP is a licensed CPA firm that provides assurance services to its clients. Baker Tilly Advisory Group, LP and its subsidiary entities provide tax and consulting services to their clients and are not licensed CPA firms.

### ***Basis for Opinion***

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Douglas Fruit Company Salary Reduction and Savings Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

### ***Responsibilities of Management for the Financial Statements***

Management is responsible for the preparation and fair presentation of the financial statements in accordance with GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Douglas Fruit Company Salary Reduction and Savings Plan's ability to continue as a going concern within one year after the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

### ***Auditor's Responsibilities for the Audit of the Financial Statements***

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- exercise professional judgment and maintain professional skepticism throughout the audit.
- identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

- obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Douglas Fruit Company Salary Reduction and Savings Plan's internal control. Accordingly, no such opinion is expressed.
- evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Douglas Fruit Company Salary Reduction and Savings Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certifications, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

***Other Matter***

*Supplemental Schedule Required by ERISA*

The supplemental schedule of assets (held at year end) as of December 31, 2024, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to the auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosures under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by qualified institutions agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

# Douglas Fruit Company Salary Reduction and Savings Plan

## Notes to Financial Statements

---

### Note 1 – Description of Plan

The following description of the Douglas Fruit Company Salary Reduction and Savings Plan (the Plan) provides only general information. Participants should refer to the Plan Agreement, as amended, for a more complete description of the Plan's provisions.

**General** – The Plan is a 401(k) salary deferral and profit sharing plan covering substantially all employees of Douglas Fruit Company, Inc., and Douglas Ag Services, Inc. (together, the Companies), and is subject to provisions of the Employee Retirement Income Security Act of 1974, as amended (ERISA). Western Materials, Inc. (a related party of the Companies), is the Plan's sponsor, and Douglas Fruit Company, Inc., serves as Plan administrator.

**Eligibility** – Effective October 15, 2024, employees of the Companies are eligible to participate in the Plan upon reaching age 21 and after completing 60 days of service worked. Prior to October 15, 2024, Employees of the Companies were eligible to participate in the Plan upon reaching age 21 and after completing one year of service in which at least 1,000 hours are worked. Eligible employees can join the Plan on the first day of each calendar month. Participants must complete at least 1,000 hours of service during the Plan year and be employed as of the last day of the Plan year to be eligible to receive any employer-paid profit sharing contributions.

### Contributions

*Participant contributions* – Each year, participants may contribute up to 100% of eligible compensation, as defined in the Plan, subject to regulatory limitations. Participants may also elect to make Roth contributions utilizing after-tax contributions. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans.

*Employer match and profit-sharing contributions* – The Companies may elect to make discretionary matching and profit sharing contributions to the Plan. For the year ended December 31, 2024, the Companies elected to match 100% of employee contributions, up to 6% of eligible compensation deferred into the Plan. Total employer match contributions for the year ended December 31, 2024, was \$827,276. For profit sharing contributions, contributions are allocated to participants' accounts based upon a uniform percentage of compensation. There were no profit-sharing contributions for the year ending December 31, 2024.

Contributions are subject to regulatory limitations.

**Participant accounts** – Each participant's account is credited with the participant's contributions and the employer's matching contributions, as well as allocations of any Companies' profit-sharing contributions and Plan earnings. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account. Participants may direct the investment of their account balances into various investment options offered by the Plan.

### **Notes to Financial Statements**

---

**Vesting** – Participants are fully vested in their salary deferrals and employer contributions plus actual earnings thereon upon meeting the required eligibility standards.

**Notes receivable from participants** – Participants can borrow from their accounts only upon the demonstration of a hardship event. The loans are issued by the Plan and secured by the balance of the participant's account. Under the terms of the Plan Agreement, plan loans will have an interest rate of Prime plus 1%. Principal and interest are paid ratably through payroll deductions. As of December 31, 2024, the rate of interest on outstanding loans ranged from 4.25% to 9.50%, with various maturities through October 2029.

**Payment of benefits** – On termination of service due to death, disability, or retirement, a participant may elect to receive either a lump-sum amount equal to the value of the participant's vested interest in his or her account, or annual installments over a period of time as determined by each participant. For termination of service for other reasons, a participant may receive the value of the vested interest in his or her account as a lump-sum distribution. The Plan also allows for in-service distributions once participants reach the age of 59½ and hardship withdrawals in accordance with plan provisions.

**Forfeitures** – Forfeitures are the nonvested portion of a participant's account that are lost upon termination of employment. Forfeitures are retained in the Plan, and will first be used to pay all, or a portion of Plan administrative expenses, with any remaining amount used to reduce future employer contributions. For the year ended December 31, 2024, no forfeitures were used to reduce the Companies' matching contributions or for payment of administrative expenses. For the year ended December 31, 2024 the forfeiture fund balances was \$0.

#### **Note 2 – Summary of Significant Accounting Policies**

**Basis of accounting** – The financial statements of the Plan have been prepared in accordance with accounting principles generally accepted in the United States of America, using the accrual method of accounting.

**Use of estimates** – The preparation of financial statements in accordance with generally accepted accounting principles requires the use of estimates and assumptions that may affect certain amounts and disclosures. Accordingly, actual results could differ from those estimates.

**Investment valuation** – The investments are reported at fair value and contract value. Empower Annuity Insurance Company of America (EAICA), under power of attorney, certifies the contract value of the guaranteed investment account and the fair value of the pooled separate accounts, and the Plan's custodian, Empower Trust Company (ETC), certifies the fair value of the remaining investments.

Fair value is the price that would be received to sell an asset or paid to transfer a liability (exit price) in an orderly transaction between market participants at the measurement date.

Contract value is the relevant measurement for assets invested in fully benefit-responsive investment contracts because contract value is the amount participants normally would receive if they were to initiate permitted transactions under the terms of the Plan.

### Notes to Financial Statements

---

**Income recognition** – Purchases and sales of securities are recorded on a trade-date basis. Dividends are recorded on the ex-dividend date. Interest income is recorded on the accrual basis. The net appreciation in fair value of investments consists of both the realized gains or losses and unrealized appreciation and depreciation of those investments.

**Notes receivable from participants** – Notes receivable from participants are measured at amortized cost, which represents unpaid principal balance plus accrued but unpaid interest. Delinquent notes receivable from participants are reclassified as distributions upon the occurrence of a distributable event, based on the terms of the Plan Agreement.

**Payment of benefits** – Benefits are recorded when paid.

**Expenses** – Certain administrative expenses are paid by the Plan and are deducted as incurred from specific participant accounts. All other administrative expenses, including legal and audit fees, are paid by the Companies and are excluded from these financial statements. Investment management, distribution, and loan transaction fees are paid by the Plan participants.

**Subsequent events** – Subsequent events are events or transactions that occur after the statement of net assets available for benefits date but before the financial statements are available to be issued. The Plan recognizes in the financial statements the effects of all subsequent events that provide additional evidence about conditions that existed at the date of the statement of net assets available for benefits, including the estimates inherent in the process of preparing the financial statements. The Plan's financial statements do not recognize subsequent events that provide evidence about conditions that did not exist at the date of the statement of net assets available for benefits but arose after the statement of net assets available for benefits date and before the financial statements are available to be issued.

The Plan has evaluated subsequent events through July 30, 2025, which is the date the financial statements were available to be issued.

### **Note 3 – Investments**

Following is a description of the valuation techniques used for assets measured at fair value. There have been no changes in the techniques used at December 31, 2024 and 2023.

*Collective trusts* – Units held in collective trusts (CTs) are valued using the net asset value practical expedient (NAV practical expedient) of the CTs as reported by the CT managers. The NAV practical expedient is based on the fair value of the underlying assets owned by the CTs, minus its liabilities, and then divided by the number of units outstanding. The CTs can be redeemed daily, and there are no redemption restrictions or notice requirements.

*Pooled separate accounts* – Units held in pooled separate accounts (PSAs) are valued using the net asset value (NAV) practical expedient of the PSA as reported by the account managers. The NAV practical expedient is based on the fair value of the underlying assets owned by the PSA, minus its liabilities, and then divided by the number of units outstanding.

### **Notes to Financial Statements**

---

The Plan has investments in the following PSAs with investment objectives as follows:

MM S&P 500(R) Index. This investment seeks to approximate as closely as practicable (before fees and expenses) the capitalization-weighted total rate of return of that portion of the U.S. market for publicly-traded common stocks composed of larger-capitalized companies. The fund invests at least 80% of its net assets in the equity securities of companies included within the S&P 500(R) Index. It invests in the equity securities of companies included in the index in weightings that approximate the relative composition of the securities contained in the index, and in S&P 500 Index futures contracts.

MassMutual Blue Chip Growth. The investment seeks growth of capital over the long term. Under normal circumstances, the fund invests at least 80% of net assets (plus the amount of any borrowings for investment purposes) in the common stocks of large- and medium-sized blue chip growth companies. The fund's sub-advisers currently define blue chip growth companies to mean firms that, in their view, are well-established in their industries and have the potential for above-average earnings growth. It is non-diversified.

For pooled separate accounts, the redemption frequency is daily, there is no redemption notice period, and there are no redemption restrictions.

#### **Note 4 – Guaranteed Interest Accounts with Insurance Company**

The Plan holds a fully benefit-responsive investment contract (FBRIC) with Empower Annuity Insurance Company of America (Empower). Empower maintains the contributions in a general account. The account is created with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan. The crediting rate is based on a formula established by the contract issuer but may not be less than 1.00%. The crediting rate is reviewed on semi-annual basis for resetting, for the period ended December 31, 2024 the crediting rate was 3%. The FBRIC does not permit the insurance company to terminate the agreement prior to the scheduled maturity date.

The contract meets the FBRIC criteria and therefore is reported at contract value. Contract value is the relevant measure for FBRICs because this is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan. Contract value, as reported to the Plan by Empower, represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

The Plan's ability to receive amounts due is depended on the issuer's ability to meet its financial obligations, which may be affected by future economic and regulatory developments.

## **Douglas Fruit Company Salary Reduction and Savings Plan**

### **Notes to Financial Statements**

---

Certain events might limit the ability of the Plan to transact at contract value with the issuer. Such events include the following: (1) amendments to the Plan documents (including complete or partial Plan termination or merger with another plan); (2) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions; (3) bankruptcy of the Plan sponsor or other Plan sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan; (4) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA; or (5) premature termination of the contract. No events are probable of occurring that might limit the Plan's ability to transact at contract value with the contract issuer and that also would limit the ability of the Plan to transact at contract value with the participants.

In addition, certain events allow the issuer to terminate the contract with the Plan and settle at an amount different from contract value. Examples of such events include the following: (1) an uncured violation of the Plan's investment guidelines; (2) a breach of material obligation under the contract; (3) a material misrepresentation; or (4) a material amendment to the agreements without the consent of the issuer.

#### **Note 5 – Tax Status**

The Plan document is a volume submitter defined contribution plan that received a favorable opinion letter from the Internal Revenue Service on November 14, 2022, which stated the Plan, as then designed, was in accordance with applicable sections of the Internal Revenue Code (IRC). The Plan administrator believes that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC and, therefore, believes that the Plan is qualified, and the related trust is tax-exempt.

In accordance with guidance on accounting for uncertainty in income taxes, the Plan administrator evaluated the Plan's tax positions and does not believe the Plan has any uncertain tax positions that require disclosure or adjustment to the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

#### **Note 6 – Risks and Uncertainties**

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market volatility, and credit risks. It is reasonably possible, given the level of risk associated with investment securities, that changes in the near term could materially affect a participant's account balance and the amounts reported in the statements of net assets available for benefits.

#### **Note 7 – Certified Investment Information**

The following information related to investments was obtained by management and agreed to or derived from information certified as complete and accurate by Empower, a qualified institution:

- The investments and notes receivable from participants reflected on the accompanying statements of net assets available for benefits as of December 31, 2024 and 2023.

- Net appreciation in fair value of investments, interest and dividend income, and interest income on notes receivable from participants, reflected on the accompanying statement of changes in net assets available for benefits for the year ended December 31, 2024.
  
- Investments reflected on the supplemental schedule of assets (held at year end).

#### **Note 8 – Party-in-Interest Transactions**

Plan investments include a guaranteed interest account and pooled separate accounts managed by Empower Annuity Insurance Company of America. Empower Annuity Insurance Company of America is a custodian and therefore, transactions with this entity qualify as exempt party-in-interest transactions.

Fees paid by the Plan for administrative expenses were approximately \$6,900 for the year ended December 31, 2024.

#### **Note 9 – Plan Termination**

Although it has not expressed any intention to do so, the Companies have the right to terminate the Plan and discontinue their contributions at any time.

#### **Note 10 – Reconciliation to Form 5500**

The Form 5500 has certain items that differ from amounts shown on the accompanying financial statements. These differences relate to classification only and have no effect upon net assets available for benefits for either period.
