Independent Auditor's Report

To the Plan Administrator
Interface Inc. Savings and Investment Plan
Atlanta, Georgia

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of Interface Inc. Savings and Investment Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C). The financial statements comprise the statements of net assets available for benefits as of December 31, 2024 and 2023, and the related statement of changes in net assets available for benefits for the year ended December 31, 2024, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA (ERISA Section 103(a)(3)(C) audit). As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency (qualified institution), provided that the investment information is prepared and certified to by the qualified institution in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

Management has obtained certifications from a qualified institution as of December 31, 2024 and 2023, and for the year ended December 31, 2024, stating that the certified investment information, as described in Note 8 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and the procedures performed as described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section of our report

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (GAAP); and
- the certified investment information in the accompanying financial statements agrees to, or is derived from, in all material respects, the information prepared and certified by a qualified institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

BDO USA, P.C., a Virginia professional corporation, is the U.S. member of BDO International Limited, a UK company limited by guarantee, and forms part of the International BDO network of independent member firms.

BDO is the brand name for the BDO network and for each of the BDO Member Firms.

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are available to be issued.

Management is responsible for maintaining a current plan instrument, including all plan amendments. Management is also responsible for administering the Plan and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the *Scope and Nature of the ERISA Section 103(a)(3)(C) Audit* section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certifications, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter – Supplemental Schedule Required by ERISA

The supplemental schedule of Schedule H, Line 4i, Schedule of Assets (Held at End of Year) as of December 31, 2024 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For

information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- the certified investment information in the supplemental schedule agrees to, or is derived from, in all material respects, the information prepared and certified by a qualified institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Interface, Inc.
Savings and Investment Plan
Notes to Financial Statements

NOTE 1 – DESCRIPTION OF PLAN

The following description of the Interface, Inc. Savings and Investment Plan (the “Plan”) provides only general information. Participants should refer to the Plan document for a more complete description of the Plan’s provisions.

General

The Plan is a defined contribution plan established on October 1, 1988 by Interface, Inc. (“the Company”) and has since been amended and restated. The Plan covers substantially all full-time employees of Interface, Inc. and adopting domestic subsidiaries who have six months of service and are age eighteen or older. The Plan also covers part-time employees of the Company who have six months of service (see Plan Amendments section below for effective date) and are age eighteen or older. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended (“ERISA”).

Trustee and Administration of the Plan

The trustee and recordkeeper of the Plan is T. Rowe Price Trust Company (the “Trustee”). The Interface, Inc. Administrative Committee serves as the Plan administrator and is responsible for oversight of the Plan, including the determination of the appropriateness of the Plan’s investment offerings and monitoring of the investment performance.

Plan Amendments

Effective January 1, 2024, the Plan was amended to remove the separate twelve month service requirement for part-time employees. As of the effective date of the Plan amendment, part-time employees who have six months of service and are age eighteen or older are eligible to participate in the Plan, consistent with the existing eligibility requirements for full-time employees.

Contributions

Employer Contributions

The Company makes matching contributions to the Plan determined as a percentage of participant deferrals made during the Plan year. Company matching contributions are 50 percent of the first six percent of eligible compensation that a participant contributes to the Plan. Additional profit-sharing amounts may be contributed to the Plan in the form of cash at the option of the Company’s Board of Directors. No profit-sharing amounts were contributed by the Company to the Plan during the year ended December 31, 2024. Contributions are subject to certain Internal Revenue Service (“IRS”) limitations, as well as provisions outlined by the Plan.

Participant Contributions

Each year, participants may contribute up to 40 percent of eligible compensation, as pre-tax or Roth contributions, as defined by the Plan, up to a maximum of \$23,000 for 2024. Participants who have attained age 50 before the end of the Plan year were eligible to make catch-up contributions of \$7,500 for 2024. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans (rollover). Participants direct the investment of their contributions into various investment options offered by the Plan.

The Plan includes an auto-enrollment provision whereby all newly eligible employees are automatically enrolled in the Plan unless they affirmatively elect not to participate in the Plan. Automatically enrolled participants have their deferral rate set at 3 percent of eligible compensation and their contributions are invested in the appropriate target date fund until changed by the participant. Deferral percentages for automatically enrolled participants increase one percent annually up to ten percent.

Participant Accounts

Each participant's account is credited with the participant's contributions and Company matching contributions, as well as allocations of the Company's profit-sharing contribution, if any, and earnings or losses on the investments within the participant's account. Participant's accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant account balances, as defined by the Plan. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are vested immediately in their contributions plus actual earnings thereon. Vesting in the Company's contribution portion of their accounts is based ratably on years of service, including non-successive periods of service as outlined in the Plan. A participant is 100 percent vested after five years of credited service beginning with 20 percent after year one.

Notes Receivable from Participants

Participants may borrow from their accounts a minimum of \$1,000 up to a maximum amount equal to the lesser of \$50,000 or 50 percent of their vested account balance. Each loan is secured by the participant's account balance and bears interest at the prime rate plus one percent or at the local prevailing rate as determined by the Plan administrator. Principal and interest are paid ratably through payroll deductions over a term that may not exceed 5 years. Each participant may have no more than one loan outstanding at any time.

Payment of Benefits

On termination of service due to death, disability, retirement, or separation of service, a participant is eligible to receive a lump sum amount equal to the value of the participant's vested interest in his or her account. Vested balances less than \$5,000 may be automatically distributed after termination of employment, in accordance with provisions specified in the Plan. Effective January 1, 2024, the Plan adopted certain provisions of the Secure Act 2.0 to increase the threshold from \$5,000 to \$7,000 to automatically distribute account balances upon termination of employment. Withdrawals from the Plan may also be made upon circumstances of financial hardship, in accordance with provisions specified in the Plan. Participants may also withdraw all or part of vested account balances at age 59½, as outlined by the Plan.

Forfeited Accounts

At December 31, 2024 and 2023, the balance of forfeited accounts totaled \$4,631 and \$1,731, respectively. These account balances can be used to reduce future employer contributions and pay Plan administrative expenses. The Plan used \$106,777 of forfeited account balances during 2024 to reduce employer matching contributions. The Plan used \$24,855 of forfeited account balances to pay administrative expenses in 2024.

NOTE 2 – SUMMARY OF ACCOUNTING POLICIES

Basis of Accounting

The accompanying financial statements of the Plan are prepared under the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America (“U.S. GAAP”).

Use of Estimates

The preparation of financial statements in accordance with U.S. GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received upon sale of an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 3 entitled “Fair Value Measurements” for additional information on fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividend income is recorded on the ex-dividend date. Net appreciation in the fair value of investments includes the Plan’s gains on investments bought and sold as well as held during the Plan year.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses as they are incurred. If a participant ceases to make loan repayments and the Plan administrator deems the participant loan to be in default, the participant loan balance is reduced and a benefit payment is recorded.

Payment of Benefits

Benefit payments are recorded when paid.

Administrative Expenses

Certain expenses of maintaining the Plan are paid directly by the Company and are excluded from these financial statements. Fees related to the administration of notes receivable from participants, recordkeeping and other Plan expenses are charged directly to the participant’s account and are included in administrative expenses. Investment related expenses are included in net appreciation in fair value of investments.

NOTE 3 – FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a hierarchy that prioritizes the inputs to valuation techniques used to measure estimated fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under accounting standards are described below:

- | | |
|---------|---|
| Level 1 | Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in the active markets that the Plan has the ability to access. |
| Level 2 | Inputs to the valuation methodology include: <ul style="list-style-type: none">• Quoted prices for similar assets in active markets;• Quoted prices for identical or similar assets in inactive markets;• Inputs other than quoted prices that are observable for the asset; and• Inputs that are derived principally from or corroborated by observable data by correlation or other means. |
| Level 3 | Inputs to the valuation methodology are unobserved and significant to the fair value measurement. |

As required by accounting standards, assets are classified in their entirety based on the lowest level of input that is significant to the fair value measurement.

The techniques used to value the Plan’s investments are as follows:

Mutual Funds

Shares of mutual funds held by the Plan are valued at quoted market prices in an active market that represent the net asset value (“NAV”) of shares held by the Plan at year end, and accordingly, are classified as Level 1 investments.

Common Trust Funds

The Plan invests in units of common trusts which are valued at NAV per unit as a practical expedient to estimate fair value. The NAV, as determined by the Trustee at year end, is computed based on the value of the trust’s underlying assets, less liabilities of the trust, divided by the number of units outstanding. In accordance with applicable accounting standards, investments that are measured at NAV are not categorized within the fair value hierarchy.

The stable value common trust fund is comprised primarily of investments in synthetic investment contracts, which are fully benefit-responsive investment contracts. Participants may initiate unscheduled withdrawals from the trust at contract value; however, certain events may limit the ability to transact at contract value. Such events include, but are not limited to, partial or complete legal termination of the trust, tax disqualification of the trust, and certain trust amendments if consent is not obtained from the issuer. As of December 31, 2024, the occurrence of such an event is not considered probable.

In addition to these limitations, issuers of the synthetic investment contracts have certain rights to terminate a contract and settle at an amount that differs from contract value. Events and circumstances that would allow the issuer to terminate a contract include, but are not limited to, certain breaches by the trust of its obligations, representations or warranties, a prohibited transaction under ERISA, or other applicable law, if the trust suffers an insolvency, or if there is a change in law or accounting standards that makes it impermissible to account for an investment contract on a contract value basis.

There have been no changes in the valuation methodology used at December 31, 2024 and 2023.

The following tables set forth, by level within the fair value hierarchy, the Plan assets at fair value as of December 31, 2024 and 2023, respectively. Investments measured at NAV are presented in the tables below to permit reconciliation of the fair value hierarchy to the line items presented in the Statements of Net Assets Available for Benefits.

Assets at Fair Value as of December 31, 2024

Investment Type	Level 1	Total
Mutual funds ⁽¹⁾	\$ 172,755,047	\$ 172,755,047
Common trust ⁽²⁾	—	15,870,532
Total investments	\$ 172,755,047	\$ 188,625,579

⁽¹⁾ Total investments in fair value hierarchy

⁽²⁾ The common trust is measured at NAV, as a practical expedient, and is not categorized within the fair value hierarchy.

Assets at Fair Value as of December 31, 2023

Investment Type	Level 1	Total
Mutual funds ⁽¹⁾	\$ 153,178,604	\$ 153,178,604
Common trust ⁽²⁾	—	17,499,924
Total investments	\$ 153,178,604	\$ 170,678,528

⁽¹⁾ Total investments in fair value hierarchy

⁽²⁾ Common trust is measured at NAV, as a practical expedient, and is not categorized within the fair value hierarchy.

At December 31, 2024 and 2023, the Plan had no unfunded commitments related to common trust funds. The redemption of common trust funds is subject to the preference of the individual Plan participants and contains no restrictions on the timing of redemption; however, participant redemptions may be subject to certain redemptions fees.

NOTE 4 – RELATED PARTY AND PARTY-IN-INTEREST TRANSACTIONS

Plan investments include shares of mutual funds and units of a common trust managed by the Trustee, and therefore, these transactions qualify as party-in-interest. Certain fees incurred by the Plan for investment management services are included in net appreciation in fair value of the investment as they are paid through revenue sharing rather than a direct payment. The Company as the Plan sponsor pays directly certain other fees related to the Plan's operations.

The Plan also issues loans to participants that are secured by the balances in the respective participants' accounts. Administrative expenses for the year ended December 31, 2024, were \$209,383 and are included in deductions to net assets in the Statement of Changes in Net Assets Available for Benefits. These transactions are party-in-interest transactions, which are exempt from prohibited transaction rules.

NOTE 5 – PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100 percent vested in their employer contributions. The Company has the right under the Plan to discontinue its contributions at any time.

NOTE 6 – TAX STATUS

The Plan has received a determination letter from the IRS dated July 22, 2021, stating that the Plan, as amended and restated, and related trust are designed in accordance with applicable sections of the Internal Revenue Code (“IRC”). The favorable determination letter was subject to the adoption of an amendment proposed to the IRS, which was timely adopted by the Plan on August 31, 2021. The Plan has been amended since receiving the determination letter. However, the Plan administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC and, therefore, believes that the Plan is qualified, and the related trust is tax-exempt. Therefore, no provision for income taxes has been included in the Plan’s financial statements.

U.S. GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain tax position that more likely than not would not be sustained upon examination by the IRS. As of December 31, 2024, Plan management concluded that there are no uncertain tax positions requiring recognition of a tax liability or disclosure in the Plan’s financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits relative to the Plan for any tax periods in progress.

NOTE 7 – RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants’ account balances and the amounts reported in the Statements of Net Assets Available for Benefits.

NOTE 8 – CERTIFIED INVESTMENT INFORMATION

Certain information related to investments and notes receivable from participants disclosed in the accompanying financial statements and supplemental schedule, including investments held and notes receivable from participants at December 31, 2024 and 2023, and net appreciation in fair value of investments, interest, dividends and interest income on notes receivable from participants for the year ended December 31, 2024, was obtained by the Plan administrator and agreed to or derived from information certified as complete and accurate by the Trustee, a qualified institution.

NOTE 9 – SUBSEQUENT EVENTS

The Plan has evaluated subsequent events through July 23, 2025, the date the financial statements were available to be issued, and there were no subsequent events requiring adjustments to the financial statements or disclosures, except for the below Plan adoption.

Effective January 1, 2025, the Plan adopted certain provisions of the Secure Act 2.0, which increase catch up contributions from \$7,500 to \$10,000 for participants between 60 to 63 years of age.
