## INDEPENDENT AUDITORS' REPORT

To the Benefits Committee of Kforce, Inc., Participants, and Plan Administrator  
Kforce 401(k) Retirement Savings Plan

### Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements of the Kforce 401(k) Retirement Savings Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) [ERISA Section 103(a)(3)(C) audit]. The financial statements comprise the statements of net assets available for benefits as of December 31, 2024 and 2023, and the related statement of changes in net assets available for benefits for the for the year ended December 31, 2024, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2024 and 2023, and for the year ended December 31, 2024, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

### Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the Financial Statements section:

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

### Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

### **Responsibilities of Management for the Financial Statements**

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the Plan; and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

### **Auditors' Responsibilities for the Audit of the Financial Statements**

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

**Other Matter - Supplemental Schedule Required by ERISA**

The supplemental Schedule H, Line 4i – Schedule of Assets (Held at End of Year) is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

## KFORCE 401(k) RETIREMENT SAVINGS PLAN

### NOTES TO FINANCIAL STATEMENTS

#### Note 1 - Description of the Plan

##### *General*

The Kforce 401(k) Retirement Savings Plan (the "Plan") is a defined contribution plan sponsored by Kforce Inc. ("Kforce"). Substantially all employees of Kforce are eligible under the Plan, except employees that meet certain exceptions, as defined below. Empower Annuity Insurance Company ("Empower" or "EAIC" or the "Trustee") is the Plan's trustee, custodian and record-keeper.

The following description of the Plan is provided for general information purposes. If there are any discrepancies between the terms of the Plan and this description, the terms of the Plan shall prevail. The Plan is subject to the provisions of the ERISA.

##### *Eligibility*

All employees of Kforce are eligible to participate in the Plan with the exception of employees who are:

- Leased employees under Section 414(n) of the Internal Revenue Code (the "Code");
- Covered by a collective bargaining agreement that does not provide for participation in the Plan;
- Nonresident aliens with no U.S. source earned income;
- Not residents of the U.S.; or
- Not on the U.S. payroll of Kforce.

Additionally, individuals who are independent contractors, regardless of whether they are subsequently determined to be common law employees, are not eligible to participate.

##### *Contributions*

Employee contributions are recorded in the period in which the payroll deductions are withheld from the participant's earnings. Participants may contribute up to 75% of their compensation for the year subject to the limitations provided in the Code, which was \$23,000 for those under age 50 and \$30,500 for those age 50 and above for 2024. Under the Plan, participants can elect to have their contribution rate automatically increased by 1% annually (up to a maximum of 8%), excluding highly compensated employees. A participant may elect at any time to stop contributing or to change the contribution rate percentage.

Kforce provides a matching employer contribution at the discretion of the Board of Directors. Kforce matching employer contributions, if any, are funded annually in cash to the Plan for eligible participants who, as of the last day of the Plan year, are employed and have completed at least 1,000 hours. Employees are also considered eligible participants if their employment was terminated due to death, total disability or retirement after reaching age 55. For the year ended December 31, 2024, Kforce made matching employer contributions equal to 10% of each eligible participant's contributions and are reported as Employer contribution, net of forfeitures, receivables on the Statements of Net Assets Available for Benefits.

##### *Rollovers*

All employees who meet the Plan eligibility requirements are eligible to make rollover contributions to the Plan from a previous employer's qualified retirement plan or a conduit IRA.

##### *Participant Accounts*

Participants direct the investment of their contributions into various investment options offered by the Plan. Each participant's account is credited or charged with the participant's contributions, allocations of Kforce's matching employer contributions, Plan earnings or losses, rollovers and transfers into or withdrawals out of the Plan. In 2015, the Plan eliminated the participant's ability to make new investments in Kforce Inc. common stock.

##### *Vesting*

Participants are fully vested in their contributions plus actual earnings thereon, if any. Vesting in Kforce's matching employer contributions and earnings, if any, is based on years of continuous service. Participants vest at the rate of 20%, 40%, 60% and 100% after two, three, four and five years of service completed, respectively. A participant is 100% vested after five years of credited service or upon death, total disability, normal retirement age or Plan termination.

### ***In-Service Withdrawals***

Participants may request the following types of in-service withdrawals from the Plan during any given calendar month:

- Age 59-1/2,
- Financial hardship,
- Rollover distributions, or
- Qualified reservist distributions.

Pursuant to the Setting Every Community Up for Retirement Enhancement Act (SECURE Act) enacted, effective January 1, 2020, as amended in the Plan, the age at which required minimum distributions must begin was increased from 70½ to 72.

In December 2022, Congress passed the SECURE 2.0 Act of 2022, which also contained numerous reforms to existing retirement law, including some mandatory and some optional provisions. Plan documents are required to be formally amended for these changes by the end of the first plan year beginning on or after January 1, 2025. The Plan Sponsor operationally implemented various changes and will be amending the Plan for these changes.

### ***Notes Receivable from Participants***

Participants may borrow money from their vested account balance up to the lesser of 50% of the participant's vested account balance or \$50,000 (reduced by the participant's highest note receivable balance outstanding within the last 12 months, prior to the date of the note receivable). The notes receivable are collateralized by the balance in the participant's account and bear interest at a reasonable fixed rate of interest as defined by the Plan. Principal and interest are generally paid ratably through the participant's payroll deductions, but may also be paid directly to the Trustee. Notes receivable must have a definite repayment period greater than 12 months, but not to exceed five years, unless the note receivable is for the purchase of a principal residence, in which case the repayment period must not exceed 15 years.

A participant who terminates employment with an outstanding note receivable has 90 days to pay off the outstanding balance of the note receivable. Upon expiration of the 90 days, the remaining outstanding balance of the note receivable is deemed to be a distribution to the participant. Notes receivable from participants, including interest thereon, are taxable to the participant and subject to applicable excise penalties upon default.

### ***Benefit Payments***

The participant is entitled to receive the vested portion of his or her account upon termination of employment. If the vested amount is \$1,000 or less, the account is automatically paid to the participant within a reasonable time frame through a distribution. If the vested amount is greater than \$1,000 and less than \$5,000, the account is automatically paid to the participant within a reasonable time frame through a rollover into an IRA. If the vested amount is more than \$5,000, the participant is required to consent to the distribution. Withdrawals from the Plan are paid in cash, or in Kforce Inc. common stock to the extent that the vested balance is invested in Kforce Inc. common stock.

At December 31, 2024, there was a distribution payment in the amount of \$65 thousand that was processed and approved for payment by the Plan, but not yet paid to the participant. At December 31, 2023, there were no distribution payments that were processed and approved for payment by the Plan, but not yet paid to participants.

### ***Forfeited Accounts***

Non-vested balances resulting from Kforce contributions and earnings are forfeited upon distribution or the date the participant incurs five consecutive one-year breaks in service. A one-year break in service includes any year a participant works less than 500 hours. For terminated employees who receive a distribution, but who are re-employed during the five consecutive years following termination, the forfeiture amount shall be restored to the participant's account if the participant pays back the full amount of the distribution within five years of the re-employment date.

Forfeited non-vested balances are used first to fund any restorations. Any unallocated forfeitures shall be used to reduce administrative expenses payable by the Plan and/or matching employer contributions, if any, then to reduce employer qualified non-elective contributions, and/or to increase the matching employer contributions. Any remaining forfeitures shall be credited to a suspense account to be used for future restorations. During the year ended December 31, 2024, there was approximately \$306 thousand in matching employer contributions made using forfeited funds. Forfeited funds in the suspense account at December 31, 2024 and 2023 were approximately \$342 thousand and \$340 thousand, respectively, which was maintained in the Guaranteed Income Fund.

### ***Plan Termination***

Although it has not expressed any intent to do so, Kforce has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts and the trust shall continue until all participants' accounts have been completely distributed to each participant (or their designated beneficiary) in accordance with the Plan.

## **Note 2 - Summary of Significant Accounting Policies**

### ***Basis of Accounting***

The accompanying financial statements have been prepared in accordance with accounting principles generally accepted in the United States ("GAAP").

### ***Use of Estimates***

The preparation of financial statements in conformity with GAAP requires the Plan Administrator as defined in the Plan ("Plan Administrator") to make estimates and assumptions that affect the reported amounts of net assets available for benefits and changes therein. Actual results could differ from those estimates.

### ***Investment Valuation and Income Recognition***

The Plan's mutual funds, Kforce Inc. common stock and self-directed brokerage accounts are stated at fair value based upon quoted market prices. The group annuity contract (a separately-managed account fund investment) is stated at contract value. Pooled separate accounts are valued at estimated net asset value as provided by Empower.

The group annuity contract includes contributions plus earnings and participant transfers into the fund, less participant withdrawals, administrative expenses and participant transfers out of the fund. Refer to Note 4 - "Group Annuity Contract with Insurance Company" for further discussion on the fully benefit-responsive investment contract.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation in fair value of investments includes the Plan's gains and losses on investments bought and sold as well as held during the year.

### ***Valuation of Notes Receivable from Participants***

Notes receivable from participants are measured at the unpaid principal balance plus any accrued and unpaid interest. Delinquent notes receivable are recorded as distributions in accordance with the terms of the Plan document.

### ***Benefit Payments***

Benefit payments and withdrawals are recorded when paid.

### ***Administrative Expenses***

The Plan's administrative expenses are paid by Kforce, the Plan and/or unallocated forfeitures. The Plan has a revenue-sharing agreement with Empower under which an ERISA expense account receives reimbursements from Empower to the Plan Sponsor. This account pays fees, such as Form 5500 preparation and audit fees, and reallocates amounts to participants. Earnings on this account balance is included in Other income in the financial statements. At December 31, 2024 and 2023, the account balance was approximately \$283 thousand and \$99 thousand, respectively. During the plan year ended December 31, 2024, the account paid approximately \$138 thousand in fees.

Certain management fees and operating expenses charged to the Plan for investments in mutual funds and mutual funds held in the self-directed accounts are deducted from income or loss on a daily basis and are not separately reflected. These investment-related expenses are included in Net appreciation in fair value of investments in the accompanying Statement of Changes in Net Assets Available for Benefits.

### ***Risks and Uncertainties***

The Plan utilizes various investment instruments, including common stock, mutual funds and an annuity contract. Investment securities, in general, are exposed to various risks, such as interest rate risk, credit risk and overall market volatility. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities could occur in the near term and that such changes could materially affect the amounts reported in the financial statements.

### ***Subsequent Events***

The Plan Administrator has evaluated subsequent events through the date the financial statements were available to be issued and determined there were no subsequent events requiring adjustments to the financial statements or disclosures.

## **Note 3 - Information Certified by the Trustee and Custodian**

Certain information related to investments from participants disclosed in the accompanying financial statements and the ERISA-required supplemental schedule, including investments held as of December 31, 2024 and net appreciation in fair value of investments and interest and dividend income for the year then ended, was obtained by management and agreed to, or derived from, information certified as complete and accurate by EAIC.

#### Note 4 - Group Annuity Contract with Insurance Company

The Plan invests in the Guaranteed Income Fund ("GIF"), a fully benefit-responsive group annuity contract with EAIC. EAIC maintains the contributions in its general account, which is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. Participants may direct the withdrawal or transfer of all, or a portion of their investment, at contract value.

Since the GIF is fully benefit-responsive, contract value is the relevant measurement. Contract value represents contributions plus earnings and participant transfers into the fund, less participant withdrawals, administrative expenses and participant transfers out of the fund.

The contract has certain restrictions that impact the ability to collect the full contract value, for example, the Plan may not withdraw more than 10% of the value of the general account without incurring a penalty. The Plan Administrator believes that the possibility of the occurrence of events that would cause the Plan to transact at less than contract value is remote. In the case of termination of the investment contract, the contract value would be paid no later than 90 days from the date the Plan sponsor provides notice to discontinue. EAIC may not terminate the contract at any amount less than contract value.

#### Note 5 - Fair Value Measurements

Fair value is defined as the price that would be received to sell an asset or paid to transfer a liability (an exit price) in the principal or most advantageous market for the asset or liability in an orderly transaction between market participants at the measurement date. The fair value hierarchy uses a framework which requires categorizing assets and liabilities into one of three levels based on the inputs used in valuing the asset or liability.

- Level 1: inputs are unadjusted, quoted market prices in active markets for identical assets or liabilities.
- Level 2: inputs are observable inputs other than quoted prices included in Level 1, such as quoted prices for similar assets or liabilities in active markets or quoted prices for identical assets or liabilities in inactive markets.
- Level 3: inputs include unobservable inputs that are supported by little, infrequent or no market activity and reflect management's own assumptions about inputs used in pricing the asset or liability.

Level 1 provides the most reliable measure of fair value, while Level 3 generally requires significant management judgment. Assets and liabilities are classified in their entirety based on the lowest level of input that is significant to the fair value measurement.

The Plan's valuation methodology used to measure the fair value of the mutual funds, Kforce Inc. common stock and self-directed brokerage accounts were derived from quoted market prices, which are considered Level 1 inputs.

Pooled separate accounts are measured based on net asset values ("NAV") of the underlying assets, as provided by the Trustee, who administers the fund. These accounts are measured at NAV per unit (or its equivalent) using the NAV practical expedient in accordance with FASB's fair value measurement guidance and, therefore, do not require categorization within the fair value hierarchy. There are no restrictions or redemption requirements associated with these investments.

The following table sets forth by level, within the fair value hierarchy, the Plan's investments measured at fair value on a recurring basis at December 31, 2024 and 2023:

Description of Investment	Fair Value Measurements at December 31, 2024

## **Note 6 - Federal Income Tax Status**

The Internal Revenue Service has issued a favorable determination letter dated November 6, 2017, determining that the Plan and related trust were designed in accordance with applicable requirements of the Code and underlying regulations. The Plan has been amended since receiving the favorable determination letter. Kforce and the Plan Administrator believe that the Plan has been and is currently designed and operated in compliance with the applicable requirements of the Code and underlying regulations and that the Plan and related trust continue to be tax-exempt. As such, no provision for income taxes has been included in the Plan's financial statements.

GAAP requires the Plan Administrator to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing authorities; however, there are currently no audits for any tax periods in progress.

## **Note 7 - Exempt Party-In-Interest Transactions**

Certain Plan investments include a group annuity contract and pooled separate accounts managed by the Trustee (refer to Note 3), as defined by the Plan and, therefore, these transactions qualify as exempt party-in-interest transactions. Fees paid by the Plan participants for the investment management services were included as a reduction of the return earned on each investment.

At December 31, 2024 and 2023, the Plan held approximately 77 thousand shares and 85 thousand shares, respectively, of common stock of Kforce, party-in-interest as the sponsoring employer, with a fair value of approximately \$4.4 million and \$5.7 million, respectively. During the year ended December 31, 2024, the plan recorded approximately \$121 thousand in dividend income related to the Kforce Inc. common stock. Additionally, the notes receivable from participant employees of Kforce are considered exempt party-in-interest transactions.
