INDEPENDENT AUDITOR'S REPORT

To the Board of Directors of
Emma Willard School Defined Contribution and
Tax Deferred Annuity Retirement Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements of the Emma Willard School Defined Contribution and Tax Deferred Annuity Retirement Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) ("ERISA Section 103(a)(3)(C) audit"). The financial statements comprise the statements of net assets available for benefits as of December 31, 2024 and 2023, and the related statement of changes in net assets available for benefits for the year ended December 31, 2024, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Emma Willard School Defined Contribution and Tax Deferred Annuity Retirement Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2024 and 2023 and for the year ended December 31, 2024, stating that the certified investment information, as described in Note 4 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section—

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Emma Willard School Defined Contribution and Tax Deferred Annuity Retirement Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Emma Willard School Defined Contribution and Tax Deferred Annuity Retirement Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Emma Willard School Defined Contribution and Tax Deferred Annuity Retirement Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Emma Willard School Defined Contribution and Tax Deferred Annuity Retirement Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter – Supplemental Schedule Required by ERISA

The supplemental schedule of Schedule H, line 4i – Schedule of Assets (Held at End of Year) is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion—

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

INDEPENDENT AUDITOR'S REPORT

To the Board of Directors of
Emma Willard School Defined Contribution and
Tax Deferred Annuity Retirement Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements of the Emma Willard School Defined Contribution and Tax Deferred Annuity Retirement Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) ("ERISA Section 103(a)(3)(C) audit"). The financial statements comprise the statements of net assets available for benefits as of December 31, 2024 and 2023, and the related statement of changes in net assets available for benefits for the year ended December 31, 2024, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Emma Willard School Defined Contribution and Tax Deferred Annuity Retirement Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2024 and 2023 and for the year ended December 31, 2024, stating that the certified investment information, as described in Note 4 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section—

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Emma Willard School Defined Contribution and Tax Deferred Annuity Retirement Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Emma Willard School Defined Contribution and Tax Deferred Annuity Retirement Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Emma Willard School Defined Contribution and Tax Deferred Annuity Retirement Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Emma Willard School Defined Contribution and Tax Deferred Annuity Retirement Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter – Supplemental Schedule Required by ERISA

The supplemental schedule of Schedule H, line 4i – Schedule of Assets (Held at End of Year) is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion—

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

EMMA WILLARD SCHOOL DEFINED CONTRIBUTION AND TAX DEFERRED ANNUITY RETIREMENT PLAN

NOTES TO FINANCIAL STATEMENTS

December 31, 2024 and 2023

NOTE 1 — DESCRIPTION OF THE PLAN

The following description of the Emma Willard School Defined Contribution and Tax Deferred Annuity Retirement Plan (the Plan) is provided for general information purposes only. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution 403(b) plan adopted May 10, 1937 and established for employees of Emma Willard School (the School or Employer). The Plan is administered by management of the School. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended ("ERISA").

Teachers Insurance and Annuity Association is the Plan's recordkeeper, and together with College Retirement Equities Fund (collectively "TIAA") is the insurance company issuer of the annuity contracts to the Plan.

Eligibility

All employees are eligible to join the Plan and make participant contributions upon their date of employment. Employees, except for those employees who normally work less than 20 hours per week, are eligible to receive employer contributions beginning on the first day of the month following their date of hire.

Contributions

Each year, participants may contribute up to 100% of pretax annual compensation, as defined in the Plan. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans (rollover). Participants direct the investment of their contributions into various investment options offered by the Plan.

The School also contributes employer contributions to the Plan for each employee that meets the eligibility requirements. During 2024, non-elective employer contributions were 6% of eligible participants' eligible compensation, as defined in the Plan. However, if the participant contributes a minimum of 1% of their eligible compensation, the School provides an additional matching contribution of 4%, for a total employer contribution equal to 10% of the participant's annual eligible compensation.

For participants age 55 and over, if the participant contributes a minimum of 2.5% of their eligible compensation, the School provides an additional matching contribution of 6.5%, for a total employer contribution equal to 12.5% of the participant's annual eligible compensation. Contributions are subject to certain limitations under the Internal Revenue Code (IRC).

Participant Accounts

Each participant's account is credited with the participant's and employer contributions and optional participant rollovers, if any, plus allocations of Plan earnings (losses) and administrative expenses. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

**EMMA WILLARD SCHOOL DEFINED CONTRIBUTION AND
TAX DEFERRED ANNUITY RETIREMENT PLAN
NOTES TO FINANCIAL STATEMENTS
December 31, 2024 and 2023**

NOTE 1 — DESCRIPTION OF THE PLAN (Continued)

Vesting

Participants are immediately fully vested in their voluntary contributions and actual investment earnings and losses thereon. Effective January 1, 2018, employer contributions for participants become vested after 2 years of service is completed. All participants hired prior to January 1, 2018 were 100% vested. Forfeited balances may be used to reduce employer nonelective contributions. At December 31, 2024 and 2023, forfeited balance totaled \$31,647 and \$1,115, respectively. No amounts were used during the year ended December 31, 2024.

Notes Receivable from Participants

The Plan permits participants, including terminated employees, to borrow from their participant accounts up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. All loans must be repaid on at least a quarterly basis over a five-year period unless the loan is for the purchase of a principal residence in which case the loan may be repaid over a fifteen-year period. The loans are secured by the balance of the participant's vested account and bear interest at a rate commensurate with market rates.

Plan Loans

The Plan allows participants to obtain loans up to a maximum amount that is equal to the lesser of \$50,000 or 50 percent of their vested account balance. No loans less than \$1,000 will be issued. Generally, note terms may range from 1-10 years and bear interest at the higher of (a) the Moody's Corporate Bond Yield Average for the calendar month ending two months before the note is issued or (b) the interest rate credited to the participant's annuity starting date, as stated in the applicable rate schedule, plus 1%.

Plan loans are issued directly from TIAA and not directly from a participant account. Adequate security is required and a portion of the participant's account is reserved, or held in collateral, to cover 110% of the outstanding loan in case of default. Accordingly, these loans are not presented as part of the Plan assets in the accompanying statements of net assets available for benefits. Total Plan loans were \$6,109 and \$27,635 at December 31, 2024 and 2023, respectively.

Payment of Benefits

Upon termination, a participant is entitled to receive an amount equal to the value of the participant's vested interest in their account. If the account is less than \$5,000, the benefit will be distributed in a single lump sum payment. If the account is \$5,000 or greater, participants may elect (a) a single lump sum payment, (b) monthly, quarterly, or annual installment payments, or (c) a distribution by an annuity contract. Benefits to terminated participants are recorded when paid.

In-service distributions may also be made from the Plan, these distributions may be made from a participant's vested account balance. Withdrawals from a participant's salary deferral account (excluding earnings) may also be made in the event of a financial hardship, in accordance with the provisions specified in the Plan. Withdrawals from a participant's accounts may also be made upon reaching age 59½, in accordance with the provisions specified in the Plan.

NOTE 2 — SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosures of contingent assets and liabilities. Actual results could differ from those estimates.

Investments Valuation and Income Recognition

Investments are reported at fair value (except for the fully benefit-responsive investment contracts, which are reported at contract value). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 3 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis and dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Fixed annuity contracts are primarily TIAA Traditional Annuity contracts (TIAA Traditional Annuity) that are unallocated and fully and unconditionally guaranteed by TIAA. TIAA Traditional Annuity within liquid contracts are benefit responsive. TIAA Traditional Annuity within illiquid contracts are non-benefit responsive. TIAA Traditional Annuity provides a guarantee of principal, a guaranteed minimum rate of interest (generally 3%, but in some contracts between 1% and 3%) and the potential for additional interest if declared by TIAA. Additional interest, when declared, remains in effect for the "declaration year," which begins each March 1. Additional interest is not guaranteed for future years. Contributions to a participant's account purchases a guaranteed amount of lifetime annuity income. When a participant's account in the TIAA Traditional Annuity is annuitized based on available options, the present value of the stream of payments is equal to the account balance. Certain contract types contain liquidity restrictions on the redemption of TIAA Traditional Annuity accumulations, which could impact the value realized upon exiting the contract.

TIAA Traditional Annuity, Benefit Responsive is reported at contract value. These annuities are fully benefit responsive and therefore, contract value is the relevant measurement attribute.

TIAA Traditional Annuity, Non-Benefit Responsive is reported at contract value, which approximates fair value.

The TIAA Stable Value is a fixed rate group annuity contract issued by TIAA and fully benefit responsive and therefore reported at contract value. Contributions are deposited into a non-unitized separate account. The contract provides a guaranteed minimum rate of interest of between 1% and 3%. Although the liability to provide contract guarantees and accumulations is backed by the assets in the separate account, any amount to be credited above the minimum guaranteed rate is determined by TIAA. Contract holders and plan participants do not participate in, and do not receive the earnings of, the assets in the separate account. All guarantees are based upon TIAA's claims-paying ability. events might limit the ability of the Plan to transact at contract value with the issuer. These events may be different under each contract. Such events include (1) amendments to the plan documents (including complete or partial plan termination or merger with another plan), (2) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions, (3) bankruptcy of the plan sponsor or other plan sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan, or (4) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA; or, (5) premature termination of the contract.

The fair value of the mutual funds and pooled separate account are equal to the net asset value reported by the funds of the shares or units held.

Payment of Benefits

Benefits are recorded when paid.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred.

Administrative Expenses

Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the School. Expenses that are paid by the School are excluded from these financial statements. Fees related to the administration of plan loans are charged directly to the participant's account. Investment related expenses are included in net appreciation of fair value of investments. The Plan has a revenue sharing agreement with TIAA which the Plan uses to offset certain plan expenses. For the year ended December 31, 2024, the revenue sharing credit was \$23,956.

Subsequent Events

The Plan has evaluated subsequent events through July 25, 2025, the date the financial statements were available to be issued.

NOTE 3 — FAIR VALUE MEASUREMENTS

The fair value measurement accounting literature establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. This hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy are as follows:

- Level 1 – inputs are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access;

NOTES TO FINANCIAL STATEMENTS

December 31, 2024 and 2023

NOTE 3 — FAIR VALUE MEASUREMENTS (Continued)

- Level 2 – inputs include: quoted prices for similar assets in active markets; quoted prices for identical or similar assets in inactive markets; inputs other than quoted prices that are observable for the asset and; inputs derived principally from or corroborated by observable market data by correlation or other means. If the asset has a specified contractual term, the level 2 input must be observable for substantially the full term of the asset.
- Level 3 – inputs are unobservable and cannot be corroborated by observable market data.

The asset's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for investments measured at fair value. There have been no changes in the methodologies used.

Mutual funds: Mutual funds are valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Pooled separate accounts: The pooled separate account investments are valued daily at the net asset value of the units held and is comprised of investments in the TIAA Real Estate Account (REA), an insurance company separate account, of TIAA investing mainly in real estate and real estate-related investments. The REA generally invests in real estate properties and real estate-related investments. The REA's value is principally derived from the market value of the underlying real estate holdings or other real estate-related investments. Real estate holdings are valued principally using external appraisals, which are estimates of property values based on a professional's opinion. The REA sometimes holds securities as well. These are generally priced using values obtained from independent pricing sources. The TIAA general account provides the REA with a liquidity guarantee. Units in the REA are available for transactions daily at the closing net asset value. Transfers out of the REA are limited to one per calendar quarter.

Fixed annuity contracts, non-benefit responsive: Reported at contract value, which approximates fair value. The contract value of the TIAA Traditional Annuity equals the accumulated cash contributions and interest credited to the Plan's contracts, and transfers, less any withdrawals and transfers. Contract value approximates a discounted cash flow value calculated using an appropriate risk-adjusted market discount rate. The TIAA Traditional Annuity is not available for sale or transfer on any securities exchange, accordingly, transactions in similar investment instruments are not observable.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Total investments at fair value	\$39,097,450	\$ -	\$ 8,272,717	\$47,370,167

There were no transfers into or out of level 3 investments for the year ended December 31, 2024. Purchases of level 3 investments were approximately \$679,100 for the year ended December 31, 2024.

Quantitative Information Regarding Level 3 Fair Value Measurements

The following table presents information about significant unobservable inputs related to the Plan's investment in assets categorized as Level 3 in the fair value hierarchy at December 31:

2024				
Type	Fair value	Valuation technique	Significant unobservable inputs	Range
TIAA Traditional Annuity, Non-Benefit Responsive	\$ 8,493,440	Discounted cash flow Theoretical transfer (exit value)	Risk-adjusted discount rate applied*	RC- 3.90% - 6.75% RA- 3.65% - 6.50%

2023				
Type	Fair value	Valuation technique	Significant unobservable inputs	Range
TIAA Traditional Annuity, Non-Benefit Responsive	\$ 8,272,717	Discounted cash flow Theoretical transfer (exit value)	Risk-adjusted discount rate applied*	RC- 4.25% - 7.00% RA- 4.00% - 6.75%

* Unobservable inputs include discount rate applied.

The Plan reviews fair value estimates which are certified by the insurance company.

NOTE 4 — INFORMATION CERTIFIED BY TIAA AND CREF

The Plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Teachers Insurance and Annuity Association of America ("TIAA") and College Retirement Equity Fund ("CREF"), have furnished certain financial information to the Plan administrator and certified as to its completeness and accuracy. These certifications are as of December 31, 2024 and 2023 and for the year ended December 31, 2024, and include investment information related to accompanying statements of net assets available for benefits as of December 31, 2024 and 2023, the Schedule of Assets Held (At End of Year) as of December 31, 2024, and the related investment activity reflected in the statement of changes in net assets available for benefits for the year ended December 31, 2024.

NOTE 5 — PARTY-IN-INTEREST TRANSACTIONS

The Plan allows participants of the Plan to invest in certain funds that are managed by TIAA. As such, transactions between the participants investing in these funds and the Plan qualify as party-in-interest transactions.

In addition, the Plan allows participants to receive plan loans directly from funds owned by TIAA. As such, transactions between the participants that have Plan loans and the Plan qualify as party-in-interest transactions.

NOTE 6 — PLAN TERMINATION

Although it has not expressed any intent to do so, the School has the right under the Plan to terminate the Plan at any time subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in their employer contributions.

NOTE 7 — TAX STATUS

The Plan has adopted the volume submitter 403(b) plan sponsored by TIAA. That plan obtained its latest opinion letter dated August 7, 2017, in which the Internal Revenue Service (IRS) stated that the plan, as then designed, was in compliance with the applicable requirements of the IRC and therefore, the Plan is exempt from federal income tax under Section 403(b) of the Code. The Plan is required to operate in conformity with the IRC to maintain its tax-exempt status for Plan participants. The Plan Administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC. Therefore, no provision for income tax has been included in the Plan's financial statements.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

NOTE 8 — RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participant account balances and the amount reported in the statements of net assets available for benefits.
