Chairman and Chief Executive Officer

**WELLMARK BLUE CROSS AND BLUE SHIELD
ELIGIBLE INDIRECT COMPENSATION DISCLOSURE FOR THE BLUECARD
PROGRAM**

Applicable to Self-funded ERISA Plans that file Schedule C for Plan Years beginning in 2009

One of the benefits your employees and their dependents (“members”) receive is access to health care services outside the geographic area served by Wellmark Blue Cross and Blue Shield of Iowa, Wellmark Blue Cross and Blue Shield of South Dakota, Wellmark Health Plan of Iowa (collectively “Wellmark”) serves under a Program known as BlueCard. Typically in that situation, members obtain care from health care providers that have a contractual agreement with the local Blue Cross and/or Blue Shield Licensee in that other geographic area (the “Host Blue”). Within that arrangement, Wellmark is referred to as the “Home Blue.” The BlueCard Program is established and operated pursuant to policies established and enforced by the Blue Cross and Blue Shield Association.

The Department of Labor has amended its regulations governing the Form 5500 annual reporting and disclosure requirements. A plan sponsor’s reporting requirements for a self-funded plan on Schedule C are significantly streamlined for “eligible indirect compensation” about which a service provider has shared certain information. As such, below is a list of eligible indirect compensation that has been and/or is likely to be received in connection with the BlueCard Program. Note that the fees and compensation subject to disclosure under the Department of Labor rules include amounts that are not necessarily passed on to your ERISA Plan or your members. The financial terms of the BlueCard Program passed on to your ERISA plan, and additional details about the Program, are described in your administrative services agreement.

1. BlueCard Access Fees: Access Fees are usually charged on a per-claim basis and are charged as a percentage of the savings that a Host Blue passes along to the Home Blue by virtue of its relationships with health care providers. These fees are paid by the Home Blue to the Host Blue. These fees are charged for making the Host Blue’s provider network available to the Home Blue’s members. The BlueCard Access Fees charged directly to your ERISA Plan in connection with your members’ claims are specified in your administrative services agreement.
If your ERISA Plan’s BlueCard arrangement with Wellmark is based on a per contract per month fee, the BlueCard Access Fees that Wellmark pays to Host Plans may be a negotiated per contract per month fee or will be one or more of the following arrangements, depending on the size and distribution of your ERISA Plan’s enrollment:

Access Fees for 2009:

Standard BlueCard Claims

7.16% of savings (max = \$2,000 per claim)

Reduced PPO Claims

3.98% of savings (max = \$2,000 per claim) - 1000 – 9999 enrolled PPO contracts

3.70% of savings (max = \$2,000 per claim) – 10,000+ enrolled PPO contracts

2. Administrative Expense Allowances (AEA): This is usually a flat per-claim fee paid by the Home Blue to the Host Blue. It is paid for administrative services that the Host Blue provides in processing the claim for benefits for a member of the Home Blue. The AEA fees charged directly to your ERISA Plan in connection with your members' claims are specified in your administrative services agreement. If your ERISA Plan's BlueCard arrangement with Wellmark is based on a per contract per month fee, the BlueCard Access Fees that Wellmark pays to Host Plans may be a negotiated per contract per month fee or will be one or more of the following arrangements, depending on the size and distribution of your ERISA Plan's enrollment:

AEA Fees for 2009:

Standard BlueCard Claims
Institutional \$11.00 per claim
Professional \$5.00 per claim

Reduced PPO Claims
Institutional \$9.75 per claim
Professional \$4.00 per claim

Note: To be considered for reduced PPO fees, the claim must be for an account whose total Blue PPO enrollment exceeds 1,000 contracts, and the claim must be incurred in a Host Plan's service area.

3. Use of Estimated or Average Pricing by Host Blues. As described in your administrative services agreement, some Host Blues use estimated or average prices to determine the negotiated price that is made available to us when plan participants access the Host Blue's participating provider network. This may result in a difference (positive or negative) between the price you pay on a specific claim and the actual amount paid to the provider by the Host Blue.

The following describes the formula used for determining an estimated or average price:

Estimated: A percentage is used to modify the claim price for covered services. This percentage (either positive or negative) allows Host Blues to incorporate adjustments and actuarial projections prospectively into the final price. The percentage is determined by figuring the aggregate cost to the Host Blue over a look-back period less any initial payments made to providers divided by the total of payments initially made to providers. The aggregate cost in the numerator includes all provider retrospective settlements, anti-fraud and abuse recoveries, provider refunds not applied on a claim-specific basis, performance-related bonuses or incentives, interest, other non-claim transactions and any positive or negative balance in the variance account. The percentage is then actuarially adjusted for anticipated changes in claims expenses for the prospective period. As of October 13, 2009, the modifying percentage applied to claims from those Host Blues that use estimated pricing ranged from -1.9% to +16.5%.

Average: An average price is determined for a defined category of provider (*e.g.*, institutional, professional, etc.) of a Host Blue in a given geographic area. The average is determined as follows:

Total amount paid to such providers over a look-back period, including initial payments as well as applicable claim and non-claim related transactions, which may include but are not limited to provider retrospective settlements, anti-fraud and abuse recoveries, provider refunds not applied on a claim-specific basis, performance-related bonuses or incentives, interest, etc., and any positive or negative balance in the variance account

divided by

Total amount of such providers' corresponding charges for covered services over the same look-back period (claims for non-covered services are not included in the calculation)

This result is an average price that is applied to each claim for the defined category of provider of the Host Blue in the geographic area and presented as the negotiated price.

Although use of these pricing methods may result in a difference (positive or negative) between the price you pay and the amount actually paid to the provider, the price used to determine your payment is a final price. Any positive or negative differences are accounted for in a variance account held by the Host Blue. Host Blues may prospectively increase or reduce estimated or average prices to correct for over- or underestimation of past prices (*i.e.*, prospective adjustments may mean that a current price reflects additional amounts or credits for claims already paid to providers or anticipated to be paid to or received from providers). Because all amounts paid are final, neither variance account funds held to be paid, nor the funds expected to be received, are due to or from your ERISA Plan. Such payable or receivable would be eventually exhausted by health care provider settlements and/or through prospective adjustment to the negotiated prices.

4. Fee for Recovery of Overpayments: In some cases, a Host Blue will undertake recovery efforts from its participating providers on behalf of Home Blues. These recoveries from a Host Blue can arise in several ways, including, but not limited to, anti-fraud and abuse investigations, provider/hospital audits, credit balance audits, utilization review refunds, and unsolicited refunds. In addition, the Host Blue may engage a third party vendor to assist in identification or collection of recovery amounts. The fees of such a third party may be netted against the recovery and could be up to 35% of the recovered amount or could be assessed at up to 28% of total claims dollars to be audited. Recovery amounts, net of fees, if any, will be applied in accordance with applicable BlueCard Program Policies, which generally require correction on a claim-by-claim or prospective basis.

5. BlueCard Worldwide Program. The BlueCard Worldwide Program provides members with access to an international network of inpatient, outpatient and professional providers. Medical assistance and claims support services are also provided under the program by Mondial Assistance. The fees that the Host Blue pays to Mondial are as follows:

Design

Kent Corporation's Employee Assistance Program model consists of a 1-6 session short-term counseling and problem resolution model.

SupportLinc's Employee Assistance Program is accessible to members via a toll-free telephone number 24 hours a day, seven days a week, 365 days a year. All calls are answered directly by a licensed EAP counselor. The caller will speak with one of SupportLinc's licensed EAP counselors, who will conduct a thorough clinical assessment. This assessment is usually followed by either a referral to a local clinician for in-person consultation or further telephonic counseling from a licensed SupportLinc EAP counselor. If the caller is referred to an affiliate provider for in-person consultation, the first session is generally spent doing additional evaluation. Subsequent sessions are used to provide short-term counseling and problem-solving. After the EAP sessions are exhausted, the case will either be closed, or the member will be referred on for ongoing treatment through either the medical plan or community resources. In the event that the caller needs Work-Life services, the Case Manager will make the appropriate referral immediately.

The program also includes work-life services, which consists of Legal Assist (free telephonic legal advice as well as referrals to in-network attorneys), Financial Assist (access to financial counselors who can address questions on many issues relating to financial management) and Family Assist (childcare services, elder care services and convenience services).

In addition, SupportLinc's website, located at www.supportlinc.com, offers members a wide array of search engines, articles, tip sheets, web-based training tools, audio 'how-to' files, financial calculators, personal assessment tests and external resource links. The SupportLinc website can be customized with the client's logo and links to the organization's other benefits providers, intranet, and events.

eConnect® (Behavioral Telehealth)

CuraLinc Healthcare's innovative eConnect® distance counseling platform is included with all SupportLinc programs. eConnect® is a confidential and secure web-based counseling product that complements the program's existing face-to-face services by providing members with video, phone, and web chat access to treatment. eConnect® is staffed with licensed masters- and doctorate-level behavioral health professionals who possess a DCC (Distance Credentialed Counselor certification), as well as experience in distance counseling.

Program Management

Kent Corporation has been assigned a dedicated Account Manager who is responsible for overseeing the program and ensuring that workplace and plan needs are addressed. This is accomplished by maintaining regular contact between the Account Manager and the Plan Sponsor.

Each quarter a utilization report will be compiled and will outline the most pertinent program development and management goals. CuraLinc's comprehensive reports are reviewed with the Kent Corporation's plan sponsors each quarter. From this review, changes may be made to the company's EAP promotional plan and/or training initiatives. In addition to an Executive Summary, the reports include data on EAP clinical utilization, work-life utilization, training participation, critical incident responses, account services and web (www.supportlinc.com) utilization. Before presenting the report to Kent Corporation, the CuraLinc Account Manager will review the data and identify positive or negative trends that may be developing in the workplace.

As trends become evident, the Account Manager will be responsible for identifying areas that require attention and plan development, including potential communication campaigns aimed at particular user groups, utilization of specific program services or utilization of the benefit as a whole.

In addition, satisfaction surveys are provided to the key client liaison and to the individual participants to assist in measuring the program's impact on the organization.

Program Promotion

SupportLinc provides Kent Corporation with a variety of communication materials aimed at driving awareness of the program. In addition, Kent Corporation's dedicated Account Manager will develop an annual or quarterly promotional plan that is tailored to the culture and needs of the organization.

Kent Corporation will receive monthly posters (in electronic form for ease of transmission) pertaining to work-life issues. There is also a monthly webinar available to all Kent Corporation members. The monthly poster and webinar relate to the same topic, as does the front page of the website.

Quarterly employee newsletters are provided to SupportLinc clients. The articles in these newsletters cover a wide variety of topics on life management, such as Teamwork, Addictions in the Workplace, and Communicating with Power. SupportLinc also provides client organizations with quarterly supervisory newsletters, which include articles on developing knowledge and skills for managing employees.

Also on a quarterly basis, Kent Corporation will receive hard copy posters that address behavioral health issues such as stress or anxiety.

Other promotional materials such as web/email blasts, PTS eLearning modules and health fair attendance may also be used and may incur additional costs to the organization.

Organizational Development

CuraLinc provides customized workshops and training modules designed to make the staff and supervisors at Kent Corporation more effective. All modules are fifty to sixty minutes in length and are tailored to meet a client's goals and objectives for the program.

Critical Incident Response Services

ResponseLinc is the Critical Incident Stress Debriefing (CISD) service offered by CuraLinc to client members following a disaster or trauma. Studies have shown that providing Critical Incident Responses to members following a workplace trauma such as robbery, assault, death of a coworker or other disruptive situations speeds recovery, averts potential worker's compensation claims and gets the workplace back up and running productively. Downtime in operations is reduced, and a well-orchestrated response places the *employer* in charge during chaotic times.

Access to Critical Incident Services is through the toll-free phone number, 24 hours a day, seven days a week, 365 days a year. Once the call is received, ResponseLinc will immediately start gathering information as to the nature of the event and will begin making recommendations for what type of response is most appropriate. The response may be as simple as supplying information and support, or as extensive as sending out a team of counselors to meet with affected members.

ResponseLinc's experience shows that the most effective CISDs occur two or three days after the event. At that time, the client members are more likely to address their emotions or thoughts about the incident. ResponseLinc uses the Mitchell model for all Critical Incident responses.

*The Hartford pays compensation to Reuben Warner for the services they perform for The Hartford as a General Agent and that compensation is not priced directly into the Policyholder's premium, but represents an overhead cost to The Hartford.

(1) Bonus Paid represents an allocation of contingent compensation (cash or non-cash) payable to the named producer on all policies that were considered in determining the producer's eligibility for and/or the actual calculation of any such bonus payment. These amounts are not directly charged to your policy premium rates but represent overhead expense incurred by The Hartford.

(2) Additional Compensation represents an allocation of non-contingent compensation (cash or non-cash) payable to the named producer on all policies that were considered in determining the producer's eligibility for and/or the actual calculation of any such additional compensation. These amounts are not directly charged to your policy premium rates but represent overhead expense incurred by The Hartford.

The Hartford compensates producers for the sale and service of our products. In most cases, producers are paid a commission, which is fixed or based on a percentage of the premium. In addition, producers may be eligible for various forms of incentive compensation, including contingent commission and other non-cash awards. Incentive compensation is based upon a variety of factors that may include the level of premium written, retention and growth of premium, overall profitability, or other performance measures. Some of our producers elect not to accept some or all forms of compensation from The Hartford. Please direct specific questions about your insurance producer's compensation to your producer.
