INDEPENDENT AUDITOR'S REPORT

To the Retirement Plan Committee of the
Ronald Reagan Presidential Foundation 403(b) DC Plan:

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of the Ronald Reagan Presidential Foundation 403(b) DC Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C) ("ERISA Section 103(a)(3)(C) audit"). The financial statements comprise the statements of net assets available for benefits as of December 31, 2024 and 2023, and the related statement of changes in net assets available for benefits for the year ended December 31, 2024, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's ("DOL") Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan ("investment information") by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency ("qualified institution"), provided that the investment information regarding assets so held is prepared and certified to by the qualified institution in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

Management has obtained certifications from qualified institutions as of December 31, 2024 and 2023, and for the year ended December 31, 2024, stating that the certified investment information, as described in Note 4 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section of our report

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America ("GAAP").
- the information in the accompanying financial statements related to assets held by and certified to by qualified institutions agrees to, or is derived from, in all material respects, the information prepared and certified by institutions that management determined meet the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (“GAAS”). Our responsibilities under those standards are further described in the *Auditor’s Responsibilities for the Audit of the Financial Statements* section of our report. We are required to be independent of the Plan and to meet our ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management’s election of the ERISA Section 103(a)(3)(C) audit does not affect management’s responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, to raise substantial doubt about the Plan’s ability to continue as a going concern within one year after the date the financial statements are issued or available to be issued.

Management is also responsible for maintaining a current Plan instrument, including all Plan amendments, administering the Plan, and determining that the Plan’s transactions that are presented and disclosed in the financial statements are in conformity with the Plan’s provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor’s Responsibilities for the Audit of the Financial Statements

Except as described in the *Scope and Nature of the ERISA Section 103(a)(3)(C) Audit* section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor’s report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information and to assess whether they are in accordance with the presentation and disclosure requirements of GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that were identified during the audit.

Other Matter – Supplemental Schedules Required by ERISA

The supplemental schedules of Schedule H, Line 4i - Schedule of Assets (Held at End of Year) as of December 31, 2024 and Schedule H, Line 4a - Schedule of Delinquent Participant Contributions for the year ended December 31, 2024 are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion

- the form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to, or is derived from, the certified investment information, are presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedules related to assets held by and certified to by qualified institutions agrees to, or is derived from, in all material respects, the information prepared and certified by institutions that management determined meet the requirements of ERISA Section 103(a)(3)(C).

NOTES TO FINANCIAL STATEMENTS

DECEMBER 31, 2024

1. PLAN DESCRIPTION

The following description of the Ronald Reagan Presidential Foundation 403(b) DC Plan (the "Plan") provides only general information. Participants and other interested parties should refer to the Plan document for a more complete description of the Plan's provisions.

General - The Plan is a 403(b) defined contribution plan which was established for the benefit of the employees of Ronald Reagan Presidential Foundation and Institute (the "Organization" and the "Plan Sponsor") and meets all the requirements for plan qualifications under Section 403(b) of the Internal Revenue Code ("IRC"). All employees of the Organization, as defined in accordance with universal availability standards, are eligible to enroll on their date of hire. In addition, employees who have completed one year of service with at least 1,000 hours during the Plan year and have attained 21 years of age are eligible to receive discretionary Organization nonelective contributions. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA"), as amended.

Contributions - Each year, participants may contribute up to 100 percent of pretax annual compensation, as defined and subject to certain limitations under the IRC. Effective January 1, 2024, the Plan was amended to allow Roth contributions. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other eligible retirement plans, as defined. Participants direct the investment of their contributions into various investment options offered by the Plan.

The Organization provides for discretionary nonelective contributions to eligible participants equal to 10 percent of eligible compensation, as defined. The Organization made nonelective contributions of \$695,520, for the year ended December 31, 2024.

Participant Accounts - Each participant's account is credited with the participant's contributions as well as allocations of the Organization's nonelective contributions and Plan earnings, and charged with any withdrawals or distributions requested by the participant, investment losses and allocation of administrative expenses, if applicable. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting - Participants are vested immediately in their contributions plus actual earnings thereon. Vesting in the Organization's contribution portion of their accounts is based on years of service. Participants are vested in Organization contributions at 20 percent after one year of service, and an additional 20 percent each year thereafter until 100 percent vested upon five years of service. While still employed with the Organization, if a participant becomes disabled, dies or reaches normal retirement age, the participant becomes 100 percent vested.

Forfeitures - Forfeitures of Organization contributions may be used to pay Plan administrative expenses or to reduce future Organization contributions and total \$61,348 and \$46,473 as of December 31, 2024 and 2023, respectively. During the year ended December 31, 2024, no forfeitures were utilized.

RONALD REAGAN PRESIDENTIAL FOUNDATION 403(b) DC PLAN

NOTES TO FINANCIAL STATEMENTS

DECEMBER 31, 2024

Plan Loans - Plan loans are made available to participants with loans issued directly from funds owned by Teachers Insurance and Annuity Association of America ("TIAA") and not directly from a participant's account. Generally, participants may borrow a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 45 percent of their account balance subject to annuity contract and Plan provisions. Loan terms range from one to five years in one-year increments (up to ten years for the purchase of the participant's primary residence). The loans are collateralized using the participant's TIAA Traditional Annuity account balances in an amount equal to 110 percent of the outstanding loan balances. Loans bear interest at rates that may be fixed or variable depending on the annuity contract provisions and state insurance regulations. Principal and interest are paid ratably by the participant to TIAA and each payment will reduce amounts collateralized by the borrowing participant's TIAA Traditional Annuity account. The amount of such outstanding loans was \$116,171 and \$110,389 as of December 31, 2024 and 2023, respectively. The collateralized balance is not available for transfer, withdrawal, retirement or survivor benefits. Because the Plan loan relationship is between TIAA and the participant, Plan loans are not considered to be Plan assets. However, both the statements of net assets available for benefits and statement of changes in net assets available for benefits reflect the collateral associated with non-distributable Plan loans in default status.

Payment of Benefits - On termination of service for any reason, a participant or their beneficiaries, as applicable, may elect to receive either a lump-sum amount equal to the value of the participant's vested interest in their account, partial withdrawals, an annuity or installment payments as permitted under the Plan. Effective January 1, 2024, the Plan provides for a mandatory cash-out following severance of employment for account balances less than \$5,000. Effective June 27, 2024, the Plan increased the mandatory cash-out threshold following severance of employment from account balances of less than \$5,000 to less than \$7,000.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting - The accompanying financial statements have been prepared on the accrual basis of accounting, in accordance with accounting principles generally accepted in the United States of America.

Estimates - The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the plan administrator to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Contributions - Contributions from Plan participants and the discretionary nonelective contributions from the Organization are recorded in the year in which the participant contributions are withheld from compensation.

Investment Valuation and Income Recognition - The Plan's investments are reported at fair value (except for fully benefit-responsive investment contracts, which are reported at contract value). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date.

Investments are valued daily. Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on an accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

RONALD REAGAN PRESIDENTIAL FOUNDATION 403(b) DC PLAN

NOTES TO FINANCIAL STATEMENTS

DECEMBER 31, 2024

Notes Receivable from Participants - Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred.

Administrative Expenses - Certain administrative expenses incidental to the administration of the Plan may be paid by the Plan, unless otherwise paid by the Organization. Administrative expenses paid by the Organization are excluded from these financial statements.

Most investment options have fees which reduce the overall return on assets. The net appreciation of investments is reflected net of these fees.

Benefits Payable to Participants - Benefits are recorded when paid.

Subsequent Events - The Organization has evaluated subsequent events through July 30, 2025, which is the date that the financial statements were available to be issued, and determined that there were no subsequent events or transactions that required recognition or disclosure in the financial statements.

3. FAIR VALUE

The Plan accounts for its financial instruments using a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3).

- Level 1 – Inputs to the valuation methodology that are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.
- Level 2 – Inputs other than Level 1 that are observable, either directly or indirectly, such as quoted prices for similar assets or liabilities in active markets; quoted prices for identical or similar assets or liabilities in markets that are inactive; or other inputs that are observable or can be corroborated by observable market data for substantially the full term of the assets or liabilities.
- Level 3 – Inputs to the valuation that are unobservable and significant to the fair value measurement.

A financial instrument's categorization within the valuation hierarchy is based upon the lowest level of input that is significant to the fair value measurement.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2024 and 2023.

Mutual Funds – This category consists of publicly traded funds of registered investment companies. The net asset value ("NAV") of the mutual fund's shares is quoted on the exchange where the fund is traded and therefore classified as Level 1 within the valuation hierarchy.

RONALD REAGAN PRESIDENTIAL FOUNDATION 403(b) DC PLAN

NOTES TO FINANCIAL STATEMENTS

DECEMBER 31, 2024

CREF Accounts – These accounts are variable annuities offered by College Retirement Equities Fund (“CREF”), an insurance company registered with the SEC under the Investment Company Act of 1940 as an open-end diversified management investment company. The accounts are invested principally in equity securities, fixed-income instruments and short-term investments in accordance with each portfolio’s investment objectives.

Contributions to the CREF variable annuity accounts buy accumulation units whose value is calculated every business day in the CREF Accounts selected by the participant based on each account’s daily NAV. The unit value of a participant’s investment rises and falls with the returns on the assets in the portfolios of the investment options selected. The accounts are primarily valued by TIAA and CREF using market quotations or prices obtained from independent pricing sources who may employ various pricing methods to value the investments, including matrix pricing. The unit values for the CREF Accounts are listed on NASDAQ’s website. The unit values are updated overnight for each day that NASDAQ is open. There are no unfunded commitments related to this investment.

TIAA Access Accounts – These accounts are variable annuities offered by TIAA through the TIAA Separate Account, a separate investment account of TIAA registered under the Investment Company Act of 1940, which invests in proprietary and nonproprietary mutual funds through various subaccounts. Subaccount NAV is calculated daily and are available on the TIAA website and is only available to participating plans under variable-annuity contracts. There are no unfunded commitments related to these investments.

TIAA Real Estate Account – This account is an insurance company separate account of TIAA which invests in real estate properties and real estate-related investments. The account’s NAV is derived from the market value of the underlying real estate holdings or other real estate-related investments, along with the income generated by those assets. The TIAA Real Estate Account is valued by TIAA principally using external appraisals, which are estimates of property values based on a professional’s opinion.

This account sometimes also holds securities, which are generally priced by TIAA using values obtained from independent pricing sources. Contributions to the TIAA Real Estate Account buy accumulation units whose value is calculated every business day. The unit values for the TIAA Real Estate Account are listed on NASDAQ’s website. The unit values are updated overnight for each day that NASDAQ is open. There are no unfunded commitments related to these investments.

RONALD REAGAN PRESIDENTIAL FOUNDATION 403(b) DC PLAN

NOTES TO FINANCIAL STATEMENTS

DECEMBER 31, 2024

Guaranteed Interest Contract – The TIAA Traditional Annuity (nonbenefit-responsive) is reported at contract value, which approximates fair value, which equals the accumulated cash contributions and interest credited to the Plan's contract, less any withdrawals. The TIAA Traditional Annuity is offered through a variety of contract types, including Retirement Choice ("RC") and Group Retirement Annuity ("GRA"), as well as fully benefit-responsive Group Supplementary Retirement Account ("GSRA") contracts. The RC and GRA contracts above are subject to fair value reporting. The fair value is determined by discounting the expected cash flows to the valuation date using current crediting rates issued by TIAA and are based on unobservable inputs and therefore classified as Level 3 within the valuation hierarchy. The discounted cash flow method used to value the Guaranteed Interest Contract is based on the theory that the current value of an investment is based on the expected receipt of future economic benefits. The primary components to this approach are: (1) calculate the expected maturity value using the credited rate established at inception; (2) discount that balance to the valuation date using TIAA crediting rates for similar contracts. The GSRA contracts are fully benefit-responsive and are reported at contract value.

The type of contract through which a participant invests in the TIAA Traditional Annuity determines the applicability of certain account features, such as guaranteed minimum interest rate, additional amounts paid, the degree of liquidity of the participant's account, and the options for receiving income upon retirement.

For accumulating RC contracts, the crediting interest rates were five and one-half percent and seven percent as of December 31, 2024 and 2023, respectively. For accumulating GRA contracts, the crediting rates were five and one-quarter percent and six and three-quarter percent as of December 31, 2024 and 2023, respectively. For accumulating GSRA contracts, the crediting rates were four and one-half percent and six percent as of December 31, 2024 and 2023, respectively. The guaranteed minimum rate of interest for GRA and GSRA contracts is three percent while the RC contracts is one to three percent. Additionally, the discretionary rate applied to contributions received during a reporting period may vary from the discretionary rate applied to account balances at the end of the prior reporting period.

Participant liquidity restrictions apply to the TIAA Traditional Annuity in the RC and GRA contracts. For RC contracts, lump-sum withdrawals are available only within 120 days after termination of employment and are subject to a surrender charge and all other withdrawals must be paid in 84 monthly installments. For GRA contracts, lump-sum withdrawals are available only within 120 days after termination of employment and are subject to a surrender charge and all other withdrawals must be paid in 10 annual installments.

There is no guarantee, however, that TIAA will always be financially able to fulfill its various guarantees related to this investment.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

4. FINANCIAL DATA CERTIFIED BY THE CUSTODIANS

The plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, as permitted under such election, the following information was obtained by management and agreed to or derived from information certified as complete and accurate by TIAA and CREF, as an insurance company and issuer of certain annuity contract investments, and TIAA Trust, N.A., as a directed custodian (collectively, the "Custodians") and was not subjected to any auditing procedures performed by the independent public accountants:

- a. Investments, at fair value and contract value, and notes receivable from participants as shown in the accompanying statements of net assets available for benefits as of December 31, 2024 and 2023.
- b. Net appreciation of investments, dividend and interest income on investments, and interest income on notes receivable from participants as shown in the accompanying statement of changes in net assets available for benefits for the year ended December 31, 2024.
- c. Investments, nonbenefit-responsive investment contract, fully benefit-responsive investment contract, and participant loans as listed in the accompanying Schedule H, Line 4i - Schedule of Assets (Held at End of Year) as of December 31, 2024.

5. NOTES RECEIVABLE FROM PARTICIPANTS

Participants may borrow from their fund accounts up to a maximum equal to the lesser of \$50,000 less the highest outstanding loan balance during the prior 12 months or 50 percent of their vested account balance. Loans are generally issued with a maturity of up to five years. The term of any loans for the purpose of purchasing a primary residence may be greater than five years. The loan interest rate is set at one percent above the prime rate, as defined. Principal and interest are paid directly to TIAA by the participants.

6. RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market and credit risks. Market risks include global events which could impact the value of investment securities, such as a pandemic or international conflict. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

RONALD REAGAN PRESIDENTIAL FOUNDATION 403(b) DC PLAN

NOTES TO FINANCIAL STATEMENTS

DECEMBER 31, 2024

7. REVENUE CREDIT ACCOUNT

Certain Plan investments maintain revenue sharing arrangements with TIAA. Under these arrangements, revenue generated from the Plan in excess of TIAA's revenue requirement are held in a revenue credit account ("RCA"). The RCA is only used to offset certain direct, reasonable and necessary Plan expenses. In addition, at the direction of the Organization, TIAA facilitates an annual administrative fee of 25 basis points for reasonable and necessary services rendered to the Plan and agreed to by the Organization. Such fees are deducted pro rata from the annuity contracts and mutual funds held in participant accounts and are collected in arrears on a quarterly basis and deposited into the RCA. During the year ended December 31, 2024, TIAA transferred \$1,695 in revenue credits to the RCA. As of December 31, 2024 and 2023, there was \$5,531 and \$3,749, respectively, in the RCA.

8. PLAN TERMINATION

The Organization has the right under the Plan to discontinue its contributions at any time and to terminate the Plan, subject to the provisions of ERISA. In the event of Plan termination, participants would become 100 percent vested in their Organization contributions.

9. TAX STATUS

The Organization adopted a volume submitter plan that is the subject of a favorable tax opinion letter from the IRS dated August 7, 2017. The plan administrator believes the Plan is currently being operated in accordance with the applicable provisions of the IRC and, accordingly, the plan administrator believes that the Plan is exempt from income taxes.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Organization has taken a significant uncertain position that more likely than not would not be sustained upon examination by the IRS. The plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2024, there are no uncertain positions taken or expected to be taken. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

10. RELATED PARTY AND PARTY IN INTEREST TRANSACTIONS

Certain Plan investments are managed by the Custodians. Transactions with the Custodians qualify as party in interest transactions for which exemptions exist. The Custodians received \$26,318 for Plan administration fees which were paid by the participants through the Plan and also received indirect compensation. In addition, the Plan utilizes an investment advisor that received direct compensation of \$21,153, which was paid by the participants through the Plan.

11. DELINQUENT PARTICIPANT CONTRIBUTIONS

Certain contributions were not remitted timely to the Custodian, as required by the Department of Labor's regulations. These late remittances are detailed in the attached Schedule H, Line 4a - Schedule of Delinquent Participant Contributions.
