July 17, 2025

To the Trustees of
Automotive Credit-Michael Andrews & Associates 401(k) Plan
26261 Evergreen Road, Suite 300
Southfield, MI 48076

We have conducted an ERISA Section 103(a)(3)(C) audit of the financial statements of Automotive Credit-Michael Andrews & Associates 401(k) Plan as of and for the year ended December 31, 2024 and have issued our report thereon dated July 17, 2025. Professional standards require that we provide you with the following information related to our audit.

Our Responsibility in Relation to the Financial Statement Audit

As communicated in our engagement letter dated May 12, 2025, our responsibility, as described by professional standards, is to conduct our audit in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Therefore, as permitted by ERISA Section 103(a)(3)(C), the audit need not extend to any statements of information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution). For an ERISA Section 103(a)(3)(C) audit, the audit will not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirement of accounting principles generally accepted in the United States of America (GAAP). Accordingly, the objective of the ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with GAAP.

The ERISA-required supplemental schedule, other than that agreed to or derived from the certified investment information, was subjected to the audit procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS.

Our responsibility, as prescribed by professional standards, is to plan and perform our audit to obtain reasonable, rather than absolute, assurance about whether the financial statements are free of material misstatement. An audit of financial statements includes consideration of internal control over financial reporting as a basis for designing audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the plan's internal control over financial reporting. Accordingly, as part of our audit, we considered the internal control of the Plan solely for the purpose of determining our audit procedures and not to provide any assurance concerning such internal control.

We are also responsible for communicating significant matters related to the audit that are, in our professional judgment, relevant to your responsibilities in overseeing the financial reporting process. However, we are not required to design procedures for the purpose of identifying other matters to communicate to you.

Our responsibility also includes communicating to you any information which we believe is a material misstatement of fact. Nothing came to our attention that caused us to believe that such information, or its manner of presentation, is materially inconsistent with the information, or manner of its presentation, appearing in the financial statements.

Planned Scope and Timing of the Audit

We conducted our audit consistent with the planned scope and timing we previously communicated to you.

Compliance with All Ethics Requirements Regarding Independence

The engagement team and others in our firm, as appropriate, have complied with all relevant ethical requirements regarding independence.

Significant Risks Identified

We have identified the following significant risk: Management override of controls, which is a presumed significant risk defined by auditing standards.

Qualitative Aspects of Accounting Practices

Management is responsible for the selection and use of appropriate accounting policies. The significant accounting policies used by Automotive Credit-Michael Andrews & Associates 401(k) Plan are described in Note 1 to the financial statements. There have been no initial selection of accounting policies and no changes in significant accounting policies or their application during 2024. No matters have come to our attention that would require us, under professional standards, to inform you about (1) the methods used to account for significant unusual transactions and (2) the effect of significant accounting policies in controversial or emerging areas for which there is a lack of authoritative guidance or consensus.

Accounting Estimates

Accounting estimates are an integral part of the financial statements prepared by management and are based on management's current judgments. Those judgments are normally based on knowledge and experience about past and current events and assumptions about future events. Certain accounting estimates are particularly sensitive because of their significance to the financial statements and because of the possibility that future events affecting them may differ markedly from management's current judgments.

Form 5500 Procedures

We are required to obtain and read a substantially complete draft of Form 5500 prior to dating our auditor's report. The purpose of this procedure is to identify any material inconsistencies between the draft Form 5500 and the Plan's financial statements. We identified no material inconsistencies in performing and completing our audit.

Difficulties Encountered in Performing the Audit

We encountered no significant difficulties in dealing with management in performing and completing our audit.

Corrected and Uncorrected Misstatements

Professional standards require us to accumulate all known and likely misstatements identified during the audit, other than those that are trivial, and communicate them to the appropriate level of management. We found no misstatements during the course of our audit.

Disagreements with Management

For purposes of this letter, professional standards define a disagreement with management as a matter, whether or not resolved to our satisfaction, concerning a financial accounting, reporting, or auditing matter, which could be significant to Automotive Credit-Michael Andrews & Associates 401(k) Plan's financial statements or the auditor's report. No such disagreements arose during the course of the audit.

Management Representations

We have requested certain representations from management that are included in the management representation letter dated July 17, 2025.

Management Consultations with Other Independent Accountants

In some cases, management may decide to consult with other accountants about auditing and accounting matters. Management informed us that, and to our knowledge, there were no consultations with other accountants regarding auditing and accounting matters.

Other Audit Findings or Issues

In the normal course of our professional association with Automotive Credit-Michael Andrews & Associates 401(k) Plan, we generally discuss a variety of matters, including the application of accounting principles and auditing standards, significant events or transactions that occurred during the year, business conditions affecting the plan, and business plans and strategies that may affect the risks of material misstatement. None of the matters discussed resulted in a condition to our retention as Automotive Credit-Michael Andrews & Associates 401(k) Plan's auditors.

Internal Control

Except as discussed in the following paragraph, in planning and performing our audit of the financial statements of Automotive Credit-Michael Andrews & Associates 401(k) Plan as of and for the year ended December 31, 2024, in accordance with auditing standards generally accepted in the United States of America, we considered Automotive Credit-Michael Andrews & Associates 401(k) Plan's internal control over financial reporting (internal control) as a basis for designing our auditing procedures that are appropriate in the circumstances for the purpose of expressing our opinion on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, we do not express an opinion on the effectiveness of the Plan's internal control.

Management has determined it is permissible in the circumstances and has elected to have the audit of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Therefore, as permitted by ERISA Section 103(a)(3)(C), the audit need not extend to any statements of information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct misstatements on a timely basis. A material weakness is a deficiency or combination of deficiencies in internal control over financial reporting, such that there is a reasonable possibility that a material misstatement of the plan's financial statements will not be prevented or detected and corrected on a timely basis. A reasonable possibility exists when the likelihood of an event occurring is either reasonably possible or probable as defined as follows:

- Reasonably possible. The chance of the future event or events occurring is more than remote but less than likely.
- Probable. The future event or events are likely to occur.

Our consideration of internal control was for the limited purpose described in the preceding paragraphs and was not designed to identify all deficiencies in internal control that might be material weaknesses. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

Our audit was also not designed to identify deficiencies in internal control that might be significant deficiencies. A significant deficiency is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance. We consider the following deficiencies in Automotive Credit-Michael Andrews & Associates 401(k) Plan's internal control to be significant deficiencies:

As is customary with plans of this size, we noted that the Plan does not have the specific specialized expertise to prepare employee benefit plan financial statements including the required disclosures in accordance with accounting principles generally accepted in the United States of America.

We believe that these issues are already known to management and the board and represent a conscious decision to accept the risk because of desired personnel efficiencies, cost considerations and other mitigating circumstances.

This communication is intended solely for the information and use of management, board of directors, and others within the organization, and is not intended to be and should not be used by anyone other than these specified parties.

We thank you for the opportunity to serve Automotive Credit-Michael Andrews & Associates 401(k) Plan for the year ending December 31, 2024. We also sincerely appreciate the courtesy and cooperation extended throughout our audit by the staff of Automotive Credit-Michael Andrews & Associates 401(k) Plan. Should you like to discuss any of these points further, please do not hesitate to contact us.

Very truly yours,

Gordon Advisors, P.C.

INDEPENDENT AUDITOR'S REPORT

To the Plan Trustees of
Automotive Credit – Michael Andrews &
Associates 401(K) Plan
Southfield, Michigan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of Automotive Credit-Michael Andrews & Associates 401(k) Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2024 and 2023, and the related statement of changes in net assets available for benefits for the year ended December 31, 2024, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of Automotive Credit-Michael Andrews & Associates 401(k) Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2024 and 2023, and for the year ended December 31, 2024, stating that the certified investment information, as described in Note 6 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section.

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Automotive Credit-Michael Andrews & Associates 401(k) Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Automotive Credit-Michael Andrews & Associates 401(k) Plan's ability to continue as a going concern for one year after the date that the financial statements are issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Automotive Credit-Michael Andrews & Associates 401(k) Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Automotive Credit-Michael Andrews & Associates 401(k) Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter - Supplemental Schedule Required by ERISA

Schedule H, Line 4i – Schedule of Assets (Held at End of Year) – December 31, 2024, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Notes to the Financial Statements
For The Years Ended December 31, 2024 and 2023

NOTE:

1. Summary of Significant Accounting Policies

Basis of Accounting – The financial statements of Automotive Credit-Michael Andrews & Associates 401(k) Plan (the Plan) are prepared under the accrual method of accounting.

Investments – Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation or depreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable From Participants – Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2024 or 2023.

Contributions – Contributions from Plan participants and the matching contributions from the employer are recorded in the year in which the employee contributions are withheld from compensation.

Payment of Benefits – Benefits are recorded when paid.

Use of Estimates – The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the Plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

Administrative Expenses – Administrative expenses in the amount of \$47,834 are shown on the Statement of Changes in Net Assets Available for Benefits. This amount represents administrative costs paid to third-party service providers for financial advisory, legal consultation, and recordkeeping services.

Risk and Uncertainties – The Plan provides for various investment options. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least probable that changes in values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and amounts reported in the statement of net assets available for benefits.

Subsequent Events – The Plan has evaluated events and transactions that occurred through July 17, 2025, which is the date the financial statements were available for issue.

2. Plan Description

The following description of Automotive Credit-Michael Andrews & Associates 401(k) Plan is provided for general information purposes only. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General – Effective July 1, 1998, Automotive Credit-Michael Andrews & Associates (the Company), adopted the defined contribution plan covering substantially all employees. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Eligibility – Employees of the employer who have attained the age of 18 years and have completed six months of service are eligible to make voluntary deferrals.

NOTE:**2. Plan Description (Continued)**

Contributions – Contributions to participants' accounts may be made through voluntary reductions in their compensation, rollover contributions from other qualified plans, as well as discretionary employer matching contributions. Employees participating in the Plan may contribute up to 100% of their before-tax compensation up to the limit in effect for the year (\$23,000 in 2024). Participants aged 50 or older may make an additional "catch-up" contribution (\$7,500 for 2024). From January 1, 2023 through July 27, 2023, the employer made matching contributions of 50% of the first 6% of elective contributions, not to exceed 3% of compensation. For the remainder of 2023 and all of 2024 no employer matching contributions were made.

Effective July 1, 2024, the Plan includes an automatic salary deferral feature, which enrolls newly eligible employees at a set pretax deferral contribution rate of 3% on their entry date, unless they elect otherwise. The automatic deferral provisions apply to all participants who become a participant in the Plan after the effective date of the automatic deferral provisions.

Participant Accounts – Each participant's account is credited with the participant's contribution and an allocation of the (a) employer's contribution, (b) Plan earnings, and (c) administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account. All contributions are invested based on participant-directed investment programs.

Investment Options – Participants' accounts are self-directed within a limited number of mutual funds.

Vesting – Participants are immediately vested in their voluntary deferrals plus actual earnings thereon. Vesting in the portion of their accounts funded by employer's contributions plus earnings thereon is based on years of continuous service according to the following schedule:

<u>Years of Service</u>	<u>Percentage Vested</u>
0	0%
1	10%
2	25%
3	50%
4	75%
5 or more	100%

Forfeitures – As of December 31, 2024 and 2023 forfeited non-vested amounts totaled \$29,674 and \$38,717, respectively. These amounts will be used to offset future administrative expenses or employer matching contributions. For the year ended December 31, 2024, eligible employer contributions and plan expenses were reduced by \$37,118 from forfeited accounts.

Payment of Benefits – Participants or their beneficiaries may receive distributions of their vested account balance in a lump sum upon the earlier of reaching age 59 1/2, disability, death or termination of service, as defined in the Plan. If a participant's vested balance is less than \$5,000, the balance will be distributed in a lump-sum amount, regardless of consent to receive it.

Notes Receivable from Participants – Participants may borrow from their fund accounts in an amount equal to the lesser of \$50,000 or 50% of their vested account balance. Loan terms range from 1-5 years. The loans are secured by the balance in the participant's account and bear interest at a rate determined to be reasonable based upon similar loans offered by other lenders. Principal and interest are paid through payroll deductions.

NOTE:

3. Related Party and Party-In-Interest Transactions

Certain Plan investments are managed by Ascensus, LLC, as an authorized representative of Ascensus Trust Company and Newport Trust Company, LLC, the trustee, and therefore, these transactions are considered to be party-in-interest transactions. Fees paid by the Plan for investment management services are included as a reduction of the return earned on each fund. Certain administrative costs incurred by the Plan are paid by the plan sponsor. The Plan uses the staff, resources, and facilities of the plan sponsor to perform certain administrative activities related to the Plan. These transactions qualify as party-in-interest transactions. Participant notes receivable are classified as both related party and party-in-interest transactions.

4. Tax Status

The underlying standardized volume submitter plan has received an opinion letter from the Internal Revenue Service dated June 30, 2020, stating that the form of the document is acceptable under Section 401(a) of the Internal Revenue Code. Therefore, the related trust is exempt from taxation. Once qualified, the Plan is required to operate in conformity with the Code to maintain its qualification. The plan administrator believes the Plan is designed and currently being operated in compliance with the applicable requirements of the Internal Revenue Code. Therefore, no provision for income tax has been included in the Plan's financial statements.

5. Termination of the Plan

Although it has not expressed any intent to do so, the employer has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

6. Certification of Financial Information

The following information included in the accompanying financial statements and supplementary schedule as of December 31, 2024 and 2023 and for the year ended December 31, 2024 was obtained by management and agreed to or derived from information certified as complete and accurate by Ascensus, LLC, as an authorized representative of Ascensus Trust Company and Newport Trust Company, LLC, the trustee of the Plan: investments at fair value, notes receivable from participants, interest and dividends, and net appreciation in fair value of investments.

7. Nonparticipating Participant Account Balances

Included in the net assets available for benefits at December 31, 2024 and 2023 are balances due to participants who had terminated employment with the employer and therefore, are no longer participating. These accounts are payable on request.

8. Subsequent Events

Effective April 1, 2025, the Plan entered into a trust agreement with Principal Financial Group and the Plan document was restated. A blackout period occurred from March 20, 2025 to April 21, 2025 in order to transfer assets to the new trustee.

NOTE:**9. Fair Value Measurements**

Financial Accounting Standards Board (FASB) Accounting Standards Codification (ASC) 820, *Fair Value Measurements and Disclosures*, provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurement) and the lowest priority to unobservable inputs (Level 3 measurement). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Inputs to the valuation methodology include: 1) quoted prices for similar assets or liabilities in active markets, 2) quoted prices for identical or similar assets or liabilities in inactive markets, 3) inputs other than quoted prices that are observable for the asset or liability, 4) inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2024.

Mutual Funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are op-end mutual funds that are registered with the SEC. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

The preceding methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table presents the balances of the assets and liabilities measured at fair value on a recurring basis as of December 31, 2024 and 2023:

Fair Value Measurements at Reporting Date Using

<u>December 31, 2024</u>	<u>Amount</u>	Quoted Prices In Active Markets for Identical Assets (Level 1)	Significant Other Observable Inputs (Level 2)	Significant Unobservable Inputs (Level 3)
Mutual Funds	\$10,643,890	\$ 10,643,890	\$ 0	\$ 0
<u>December 31, 2023</u>	<u>Amount</u>	Quoted Prices In Active Markets for Identical Assets (Level 1)	Significant Other Observable Inputs (Level 2)	Significant Unobservable Inputs (Level 3)
