INDEPENDENT AUDITORS' REPORT

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of Stellar J 401(k) Retirement Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2024 and 2023, and the related statement of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of Stellar J 401(k) Retirement Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution, John Hancock Life Insurance Company (USA) the trustee as of and for the years ended December 31, 2024 and 2023, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date that the financial statements are issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter — Supplemental Schedules Required by ERISA

The supplemental schedules of assets held at end of year and delinquent participant contributions for the year ended December 31, 2024 are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion

- the form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedules related to assets held by and certified to by (USA) agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

STELLAR J 401(K) RETIREMENT PLAN
NOTES TO FINANCIAL STATEMENTS
December 31, 2024 and 2023

NOTE 1. DESCRIPTION OF PLAN

The following description of the Stellar J 401(K) Retirement Plan (the Plan) provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General

The Plan was established January 1, 2012, and is a defined contribution plan covering substantially all employees of Stellar J Corporation (the Company), except for certain employees covered under collective bargaining agreements. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Plan Formation and Merger

The Plan is a successor plan to the Stellar J Corporation Davis-Bacon Plan, established in 2001, which was merged into this Plan on January 1, 2012.

Plan Amendments and Restatements

On November 3, 2021 the Plan amended their adoption agreement to accept the January 1, 2021 amended and restated volume submitter plan provided by the Plan third party administrator, Pension Plan Specialists. Effective January 1, 2021 the plan made various changes to the plan elections that have been updated in the following description of the plan footnotes. One of the most significant changes is that the prevailing wage employer contribution will offset other employer contributions on behalf of the participant for the plan.

Contributions

Participants may contribute up to 100 percent of their annual compensation to the Plan but not to exceed \$23,000 and \$22,500 the years ended December 31, 2024 and 2023, respectively. Participants age 50 and over may also contribute an additional \$7,500 and \$7,500 of catch-up contributions for the years ended December 31, 2024 and 2023, respectively. The Company makes prevailing wage contributions for all employees hired under a prevailing wage contract. These contributions were \$1,022,858 and \$1,101,050 for the years ended December 31, 2024 and 2023. The Company may elect to make an employer matching or discretionary contributions. Employer matching contributions were \$199,680 and \$158,710 for the years ended December 31, 2024 and 2023. There were no discretionary contributions for the years ended December 31, 2024 and 2023.

Participants' Accounts

Each participant's account is credited with the participant's contribution, allocation of the employer's contribution and plan earnings, and is charged with an allocation of the Plan's administrative expenses. Allocations are based on participant's earnings or account balances, as defined in the plan document. The benefit to which a participant is entitled is the benefit that can be provided from the participant's account. Participants may direct the investment of their account balances into various investment options offered by the plan.

Employees working at least 1,000 hours in a plan year earn a year of service. Employees become 100% vested on death, disability, or normal retirement at age 65.

Payment of Benefits

On termination of employment or termination of service due to death, disability, or retirement, a participant may elect to receive an amount equal to the value of the participant's vested interest in his or her account either in annuity payments, a lump-sum amount, or in equal installments over a fixed time period. If the participant's vested account balance is less than \$5,000, the Plan must distribute the entire account balance. If the participant does not make timely distribution election then the plan will distribute the entire vested account balance in either a lump sum for balances of \$1,000 or less or an automatic distribution to an Individual Retirement Account (IRA) for balances less than \$5,000 but more than \$1,000.

Participants may elect to take a partial or total distribution when they reach age 59 ½ or at any time thereafter, even if they have not terminated employment with the Company.

In-Service Distributions

Hardship distributions are permitted from participants vested accounts based on certain financial needs.

NOTES TO FINANCIAL STATEMENTS
December 31, 2024 and 2023

NOTE 1. DESCRIPTION OF PLAN (Continued)

Forfeitures

Forfeitures of unvested benefits are available to pay Plan expenses or offset future employer contributions to the Plan. For the years ended December 31, 2024 and 2023 no forfeitures were used pay plan expenses or to offset employer contributions. The amounts of non-vested forfeitures held by the Plan were \$10,367 and \$651 as of December 31, 2024 and 2023, respectively.

NOTE 2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The financial statements have been prepared on the accrual basis of accounting with accounting principles generally accepted in the United States of America (GAAP).

Use of Estimates

The preparation of financial statements, in conformity with accounting principles generally accepted in the United States of America, requires the use of estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

Investment Valuation and Income Recognition

All plan investments are participant-directed and are stated at fair market value as determined by John Hancock Life Insurance Company (USA). Fair value is the price that would be received if an asset were sold or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See further discussion in the accompanying notes for fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants

Participants may borrow a minimum of \$1,000 up to a maximum of \$50,000. Loans may not exceed 50 percent of the participant's vested account balance. Each loan is secured by the vested balance in the participant's account and bears interest at a rate equal to the published Wall Street Journal the prime rate at the date the loan was issued. Principal and interest are paid ratably through payroll deductions. Loan terms may not exceed five years except for loan proceeds used to purchase a primary residence. As of December 31, 2024, the rates of interest on outstanding loans range from 3.25% to 8.50% with various maturities through November 2051.

Loans to participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. All loans are current and no valuation allowance is required for the years ended December 31, 2024 and 2023. Loans are fully secured by participant account balances and are treated as taxable distributions from the participant's account in the event of default, typically following termination of employment.

NOTE 2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Administrative Expenses

As provided in the Plan agreement, administrative expenses of the Plan may be paid either by the Plan or the Company. Certain expenses of plan administration, including computer services, office supplies and payroll expenses of administration and clerical personnel are provided by the Company without charge to the Plan. Loan administration fee(s) to the Plan's third party administrator for notes receivable from participants are withheld from the participants' loan proceeds. In addition, certain investment related expenses are included in net appreciation (depreciation) of fair value of investments.

Payment of Benefits

Distributions are recorded when paid. Corrective distributions are accrued in the year to which they relate.

Subsequent Events

The Plan has evaluated all subsequent events through July 29, 2025, the date the financial statements were available to be issued.

NOTE 3. INFORMATION CERTIFIED BY TRUSTEE

The Plan administrator has elected the method of compliance permitted by Section 2520.203-8 of the Department of Labor Rules and Regulations for Reporting and Disclosures under ERISA. The Plan administrator has obtained a certification from John Hancock Life Insurance Company (USA), the trustee of the Plan, as of December 31, 2024 and 2023 and for the years then ended December 31, 2024 and 2023 that the following information provided to the Plan administrator by the Trustee is complete and accurate:

- Investments, at fair value
- Notes receivable from participants
- Net depreciation in fair value of investments
- Interest and dividends
- Interest income on notes receivable from participants

Gains and losses (realized and unrealized) included in changes in net assets available for benefits for the years ended December 31, 2024 and 2023 are reported in net increases or decrease in fair value of investments.

NOTE 4. FAIR VALUE MEASUREMENTS

The Plan uses fair value measurements to record certain assets and liabilities at fair value on a recurring basis, such as investments. The Plan uses the fair value hierarchy established in accounting literature that consists of three levels. These levels are based on the markets in which assets and liabilities are traded and the reliability of the assumptions used to determine fair value. These levels are:

Level 1: Prices determined using unadjusted, quoted prices in active markets for identical assets or liabilities.

Level 2: Prices determined using significant other observable inputs. The observable inputs valuation methodology include:

- 1) Quoted prices for similar assets or liabilities in active markets.
- 2) Quoted prices for identical or similar assets or liabilities in inactive markets.
- 3) Inputs other than quoted prices that are observable for the asset or liability.
- 4) Inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specific (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Prices determined using significant unobservable inputs. In situations where quoted prices or observable inputs are unavailable (for example, when there is little or no market activity), unobservable inputs may be used. Unobservable inputs reflect the Plan's own assumptions about the factors that market participants would use in pricing the asset or liability, and are based on the best information available in the circumstances.

Level 1 Investments at Fair Value

Mutual Funds: The fair value of mutual funds is based on quoted net asset values of shares as reported by the fund. The mutual funds held by the Plan are open-ended mutual funds registered with the U.S. Securities and Exchange Commission (SEC). The funds must publish their daily net asset value and transact at the prices. The mutual funds held by the Plan are considered to be actively traded.

Stable Value Fund: The investment is valued at net asset value (NAV) which is composed of primarily of publicly traded securities. This investment is not fully benefit responsive, and is required to be reported at fair value. Since NAV is available to current investors and basis for current transactions the fair value is readily determinable. NAV is the practical expedient of fair market value for these funds.

Investments measured at NAV				<u>584,398</u>

NOTE 5. PARTY IN INTEREST TRANSACTIONS

John Hancock Life Insurance Company (USA) manages the plan investments, individual accounts and is the custodian of the Plan. Pension Plan Specialists provides plan administration services and is paid transaction fees for processing. These transactions qualify as party-in-interest transactions. Fees paid from plan assets were as follows:

	<u>2024</u>	<u>2023</u>
John Hancock Life Insurance Company (USA)	\$ 87,021	\$ 72,160
Pension Plan Specialists	<u>14,000</u>	<u>7,700</u>
	<u>\$ 101,021</u>	<u>\$ 79,860</u>

NOTE 6. CONCENTRATIONS OF CREDIT RISK

The Plan has placed its investments with John Hancock Life Insurance Company (USA). This institution has professionally managed money market funds and investment funds whose investments consist of a very numerous and diverse product mix. As part of the Plan's investment strategy, the custodian performs periodic evaluations of the relative credit standing and investment performance of financial institutions.

NOTE 7. TAX STATUS

The Plan uses a volume submitter document. The volume submitter obtained its latest opinion letter, dated June 30, 2020, in which the Internal Revenue Service stated that the Plan, as then designed, was in compliance with the applicable requirements of the Internal Revenue Code (IRC). The Plan has been amended since receiving the opinion letter. However, the plan administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC.

NOTE 8. RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of the investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

NOTE 9. PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in their employer contributions.
