INDEPENDENT AUDITOR'S REPORT

Plan Administrator
Charles Gabus Ford, Inc., 401(k) Plan
Des Moines, Iowa

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of Charles Gabus Ford, Inc., 401(k) Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C). The financial statements comprise the statements of net assets available for plan benefits as of December 31, 2024 and 2023, and the related statement of changes in net assets available for benefits for the year ended December 31, 2024, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA (ERISA Section 103(a)(3)(C) audit). As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from qualified institutions as of December 31, 2024 and 2023, and for the year ended December 31, 2024, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP).

Opinion (Continued)

- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with U.S. GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are issued or available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

Auditor's Responsibilities for the Audit of the Financial Statements (Continued)

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certifications, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of U.S. GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with U.S. GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control related matters that we identified during the audit.

Other Matters

Supplemental Schedule Required by ERISA

The supplemental Schedule H, Item 4i - Schedule of Assets Held for Investment Purposes as of December 31, 2024, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

Supplemental Schedule Required by ERISA (Continued)

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

CHARLES GABUS FORD, INC., 401(k) PLAN

NOTES TO FINANCIAL STATEMENTS

Note 1. Description of the Plan

The following description of Charles Gabus Ford, Inc., (the Company) 401(k) Profit-Sharing Plan (the Plan) provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General: The Plan is a defined contribution 401(k) profit-sharing plan covering all eligible employees of Charles Gabus Ford, Inc., who have attained the age of eighteen and completed one month of service. Eligible employees begin to participate on the first day of the month following completion of the age and service requirements. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions: Each year, participants may contribute any percentage of compensation up to the maximum amount allowed by law. Contributions are subject to certain annual limitations imposed by the Internal Revenue Code. Participants who attain age 50 by the end of the Plan year are eligible to make additional (catch-up) contributions. Participants may also contribute amounts representing distributions from other qualified plans (rollovers). The Plan also includes a Roth 401(k) deferral option and after-tax contributions.

The employer makes a safe harbor matching contribution equal to 100% of the first 3% of compensation that each participant contributes on a pre-tax or Roth basis, plus 50% of the next 2% of compensation that each participant contributes on a pre-tax or Roth basis. The employer may also make discretionary non-elective contributions. Employer discretionary contributions are allocated to participants employed on the last day of the Plan year in the same ratio as each participant's eligible compensation for the Plan year bears to the total eligible compensation for all participants for the Plan year.

Participant Accounts: Each participant's account is credited with the participant's contributions and allocations of (a) the employer's matching contributions (b) any employer discretionary contributions, and (c) an allocation of Plan earnings or losses, net of administrative expenses. Allocations are based on participant earnings or account balances, as defined by the Plan. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Participant Investment Options: Participants may direct the investment of contributions into various investment options offered by the Plan. Participants may change their investment allocation at any time.

Vesting: Participants are immediately vested in their entire account balance, including their own contributions and any employer matching contributions.

Participant Loans: Participants may have two loans outstanding at a time and may borrow from their accounts the lesser of \$50,000 or 50% of their vested account balance, reduced by the participants highest outstanding loan balance during the last 12 months. The minimum loan available is \$1,000. Loan terms range from one to five years. Interest rates on the participant loans are set at the prime rate in effect on the first business day of the month the loan is originated plus one percent. Loans are secured by the vested balance in a participant's account. Loan repayments must be paid directly to the Plan through payroll withholdings and are then credited to the participant's account.

CHARLES GABUS FORD, INC., 401(k) PLAN

NOTES TO FINANCIAL STATEMENTS

Note 1. Description of the Plan (Continued)

Payment of Benefits: A participant shall be entitled to receive the balance held in his or her account upon reaching normal retirement at age 62, death, disability, or termination of employment. Participant benefits will be made in a lump sum or in installments. Distributions may be deferred until the participant reaches the age of 72, if the value of the distribution is not less than \$5,000; however, the Plan document stipulates that distributions must commence no later than April 1 of the year following the year in which the participant reaches age 72. In-service distributions are available to participants after reaching the age of 59-1/2. Hardship withdrawals are also permitted subject to limitations as to amounts and types of contributions that may be withdrawn.

Forfeited Accounts: Forfeited non-vested accounts are used to pay administrative fees or reduce the employer match contribution. Forfeited accounts amounted to \$2,149 and \$2,092, at December 31, 2024 and 2023, respectively. No forfeitures were used in 2024 to pay administrative expenses.

Administrative Expenses: The administrative expenses of the Plan are paid by the Plan unless paid by the Company. Accordingly, those expenses paid by the Company are not reflected in the accompanying financial statements.

Note 2. Summary of Significant Accounting Policies

Basis of Accounting: The financial statements of the Plan are prepared under the accrual method of accounting.

Use of Estimates: The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts net assets available for benefits and changes therein. Accordingly, actual results could differ from those estimates.

Investment Valuation and Income Recognition: The Plan's investments in registered investment companies and collective investment trusts are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation or depreciation in the fair value of investments includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants: Notes receivable from participants are measured at the unpaid principal balances plus any accrued interest. Delinquent loans are treated as distributions based upon the terms on the Plan document surrounding defaulted loans.

Payment of Benefits: Benefits are recorded when paid.

NOTES TO FINANCIAL STATEMENTS

Note 2. Summary of Significant Accounting Policies (Continued)

Subsequent Events: In preparing these financial statements, the Plan Sponsor has evaluated events and transactions for potential recognition or disclosure through July 28, 2025, the date the financial statements were available to be issued. See Note 10.

Note 3. Information Certified by the Trustee

Certain information related to investments and notes receivable from participants disclosed in the accompanying financial statements and ERISA-required supplemental schedule, including investments and notes receivable from participants held at December 31, 2024 and 2023, and net appreciation in fair value of investments, interest and dividends and interest income on notes receivable from participants for the year ended December 31, 2024, was obtained by management and agreed to information certified as complete and accurate by Empower Trust Company, LLC, (the trustee of the Plan).

Note 4. Investments and Fair Value Measurements

The Plan measures on a recurring basis its investments at fair value in accordance with Financial Accounting Standards Board (FASB) codification *Fair Value Measurement*, which provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value.

The three levels of the fair value hierarchy are as follows:

- Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets in active markets that are accessible to the Plan. These generally provide the most reliable evidence and are used to measure fair value whenever available.

- Level 2 Inputs to the valuation methodology include significant inputs, other than Level 1 inputs, that are observable either directly or indirectly for substantially the full term of the asset through corroboration with observable market data. Level 2 inputs include quoted prices for similar assets in active markets, quoted market prices in markets that are not active for identical or similar assets, and other observable inputs.

- Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

CHARLES GABUS FORD, INC., 401(k) PLAN

NOTES TO FINANCIAL STATEMENTS

Note 4. Investments and Fair Value Measurements (Continued)

The asset's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The inputs or methodology used for valuing investments are not an indication of the risk associated with investing in those securities.

The Plan's investments, consisting of registered investment companies and collective investment trusts, are held by Empower Trust Company, LLC. The following is a description of valuation methodologies used for assets at fair value. There have been no changes in the methodologies used at December 31, 2024 and 2023.

Registered Investment Companies: Shares of registered investment companies (mutual funds) are valued at the daily closing prices as reported by the funds. The funds held by the Plan are open-end mutual funds registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value and to transact at that price. Mutual funds held by the Plan are deemed to be actively traded.

Collective Investment Trusts: The Plan invests in various collective investment trusts offered separately by State Street Global Advisors, Empower Trust Company, LLC, Great Gray Collective Trust (previously named Wilmington Trust) and Northern Trust Investments, Inc. The collective investment trusts are valued based upon the net asset value (NAV) per unit times the number of units held by the Plan at year-end. Net asset value is used as a practical expedient to estimate fair value because it is unlikely that the trust would sell the investment for an amount different than the reported net asset value. The units of each share class of the collective trusts are valued daily based on the closing market prices of the underlying investments. The NAV per unit is computed by dividing the total assets of the trust, less its liabilities, by the total number of units outstanding as of the valuation date. Investment income earned is reinvested in the trust and included in the determination of unit values.

Empower Trust Company, LLC ("Empower"), offers a stable value option with the Drive Income Fund. Empower, as Trustee, determines the value of Fund units daily, before taking into account purchases or redemptions of units as follows: 1) The Trustee determines the value of the Fund by applying the current crediting rate in accordance with valuation rules established by the Trustee, 2) the Trustee subtracts from the value of Fund assets any ordinary or extraordinary expenses, costs, charges or other liabilities incurred or accrued by the fund through the date of the calculation to determine the net value of fund assets and 3) the Trustee divides the result by the total number of units of the fund in existence as of the valuation date to arrive at the net asset value of the units.

CHARLES GABUS FORD, INC., 401(k) PLAN

NOTES TO FINANCIAL STATEMENTS

Note 4. Investments and Fair Value Measurements (Continued)

Collective Investment Trusts (Continued): Empower offers a balanced fund with the Drive Balanced Fund: Empower determines the value of Fund units daily, before taking into account purchases or redemptions of units with the following procedures: 1) The Trustee determines the value of the Fund in accordance with valuation rules established by the Trustee and relies on the value or price last reported to the Trustee or manager of the underlying investments in accordance with the valuation policies and procedures of the underlying investment, 2) the Trustee subtracts from the value of Fund assets any ordinary or extraordinary expenses, costs, charges or other liabilities incurred or accrued by the fund through the date of the calculation to determine the net value of fund assets, and 3) the Trustee divides the result by the total number of units of the fund in existence as of the valuation date to arrive at the net asset value of the units.

Great Gray Collective Investment Trust Funds sub-advised by MFS Institutional Advisors, Inc. offers MFS Mid Cap Value Fund CIT whose objective is capital appreciation. Purchases or sales are executed at NAV typically determined as of the close of trading on the trade date. The fair value of the collective investment trusts is based on the fair value of the collective trust's underlying investments as reported by the fund manager to the Trustee, net of accrued account level fees. Great Gray also offers a T. Rowe Price Retirement Blend Select Trust Series with each fund seeking to provide the highest total return over time consistent with capital and income growth based on expected retirement dates.

Northern Trust Investments Collective Investment Trust Funds offers a variety of collective investments trusts, including international, fixed income and domestic funds. Purchases or sales are executed at NAV typically determined as of the close of trading on the trade date. The fair value of the collective investment trusts is based on the fair value of the collective trust's underlying investments as reported by the fund manager to the Trustee, net of accrued account level fees.

State Street Global Advisors (SSGA) provides investment management services through several bank maintained collective trust funds. Purchases or sales are executed at NAV for each series fund typically determined as of the close of trading on the trade date. The fair value of the collective investment trusts is based on the fair value of the collective trust's underlying investments as reported by the fund manager to the Trustee, net of accrued account level fees. The underlying investments vary with each fund series.

The preceding methods may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine fair value of certain investments or financial instruments could result in a different fair value measurement at the reporting date.

NOTES TO FINANCIAL STATEMENTS

Note 5. Related Party and Party-in-Interest Transactions

Certain Plan investments in collective investment trusts are managed by Empower Trust Company, LLC. Empower Trust Company, LLC is the current Trustee of the Plan and, therefore, these transactions qualify as party-in-interest transactions.

Note 6. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100 percent vested in their accounts.

Note 7. Tax Status

The Plan adopted a non-standardized Pre-Approved Profit Sharing Plan sponsored by Empower Retirement LLC. The Pre-approved plan has received an opinion letter from the Internal Revenue Service dated November 14, 2022, as to the Plan's qualified status. Although the Plan has since been amended, the Plan Administrator believes the Plan is designed and is being operated in compliance with the applicable provisions of the Internal Revenue Code.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the organization has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The Plan Administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2024, there are no uncertain positions taken or expected to be taken that would require recognition or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax period in progress.

Note 8. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in risks could occur in the near term and that such changes could materially affect participants' account balances, and the amounts reported in the Statements of Net Assets Available for Plan Benefits.
