Independent Auditors' Report

To the Participants and Incentive Savings Plan Committee of
the Grange Enterprise Incentive Savings Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements of the Grange Enterprise Incentive Savings Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2024 and 2023, and the related statement of changes in net assets available for benefits for the year ended December 31, 2024, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2024 and 2023, and for the year ended December 31, 2024, stating that the certified investment information, as described in Note 7 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Grange Enterprise Incentive Savings Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Grange Enterprise Incentive Savings Plan's ability to continue as a going concern for one year after the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Grange Enterprise Incentive Savings Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Grange Enterprise Incentive Savings Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matters - Supplemental Schedule Required by ERISA

The supplemental schedule of assets (held at end of year) as of December 31, 2024 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Independent Auditors' Report

To the Participants and Incentive Savings Plan Committee of
the Grange Enterprise Incentive Savings Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements of the Grange Enterprise Incentive Savings Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2024 and 2023, and the related statement of changes in net assets available for benefits for the year ended December 31, 2024, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2024 and 2023, and for the year ended December 31, 2024, stating that the certified investment information, as described in Note 7 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Grange Enterprise Incentive Savings Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Grange Enterprise Incentive Savings Plan's ability to continue as a going concern for one year after the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Grange Enterprise Incentive Savings Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Grange Enterprise Incentive Savings Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matters - Supplemental Schedule Required by ERISA

The supplemental schedule of assets (held at end of year) as of December 31, 2024 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

INCENTIVE SAVINGS PLAN**

NOTES TO THE FINANCIAL STATEMENTS

Note 1. Plan Description

The following description of the Grange Enterprise Incentive Savings Plan (the Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

- A. General - The Plan, a defined contribution plan, as amended and restated effective January 1, 2021, was established to provide a savings plan for the benefit of substantially all employees of Grange Insurance Company (the Employer) and to provide participants an opportunity to contribute according to the provisions of Section 401(k) of the Internal Revenue Code (IRC). The Plan is in conformity with the provisions of the Employee Retirement Income Security Act of 1974, as amended (ERISA).
- B. Automatic Enrollment - Following thirty days of employment, new employees who have not made an election whether or not to participate in the Plan will automatically be enrolled to participate in the Plan. The default contribution percentage under the automatic enrollment process is 6% of the employee's base compensation. The default investment vehicle for automatically enrolled participants is the Vanguard Target Retirement Fund option available under the Plan that most closely coincides with the participant's approximate retirement date. New employees may opt out of the automatic enrollment process. In addition, all Plan participants experience an automatic step-up in contribution percentage by 1% each year beginning with the first contribution made in March, capping out at a total contribution percentage of 15% of the employee's base compensation. Participants have the option to opt out of the automatic step-up process. At any time, a participant may change their contribution percentage, change the investment vehicles into which contributions are deposited or opt out of participation in the Plan.
- C. Contributions and Forfeitures - In accordance with the terms of the amended Plan, a participant may authorize payroll deductions ranging from 1% to 50% of their base salary (in 1% increments) utilizing one or more of the following contribution options available within the Plan: 1) basic contributions (before-tax contributions); 2) Roth contributions; 3) after-tax contributions; and 4) catch-up contributions, if the participant is age 50 or older. The total dollar amount that may be contributed by a participant each calendar year is subject to certain limitations, as defined by the Plan. In addition, the total percentage contributed may not exceed 50% of a participant's base salary. Effective January 1, 2021, as a matching contribution for those employees hired on or after January 1, 2007 and not eligible to participate in the Employer's defined benefit pension plan, the Employer contributes 100% of each participant's basic and/or Roth contributions that do not exceed 6% of compensation, or 50% of each participant's contributions that do not exceed 6% of compensation for employees who are eligible to participate in the Employer's defined benefit pension plan. Effective January 1, 2021, the Employer approved a 3-year Employer transition contribution amount to certain eligible employees for each plan year beginning on January 1, 2021 and ended on December 31, 2023.

Note 1. Plan Description (Continued)

- C. Contributions and Forfeitures (Continued) – For certain eligible employees, the transition contribution utilizes a combination of the employee’s age and years of credited service to determine the annual contribution made by the Employer. To be eligible for a transition contribution, the participant had to be employed on the last day of the calendar year or had retired (after attaining at least age 55 with 3 years of service), become disabled, or died during the year. The transition contribution was recorded as a receivable at December 31, 2023.

Participants may also contribute to the Plan amounts representing distributions from other qualified defined benefit or defined contribution plans as a rollover contribution.

The Plan also provides that additional discretionary contributions (as defined) may be made by the Employer in such amounts as approved by the Employer’s Board of Directors (Board). Participants are eligible to receive an additional discretionary contribution only if they have made basic and/or Roth contributions during the calendar year and are either actively employed on the last day of the calendar year or have retired, become disabled, or died during the calendar year. Participants that are deemed to be Highly Compensated Employees (as defined by the Internal Revenue Service (IRS)) are not eligible to receive additional discretionary contributions. Additional discretionary contributions approved by the Board in 2024 and 2023 were \$1,876,160 and \$214,029, which were recorded as a receivable at December 31, 2024 and 2023, respectively.

Participants are always 100% vested in their own contributions, including basic, Roth, after-tax, catch-up, and rollover contributions. Participants are fully vested in Employer matching contributions, transition contributions, and additional discretionary contributions after completing two consecutive twelve-month periods of service of at least 1,000 hours per year. Participants are fully vested in Retirement Accumulation Account contributions, which was a benefit type eliminated by the Plan at the end of 2020, after completing three consecutive twelve-month periods of service of at least 1,000 hours per year.

At December 31, 2024 and 2023, forfeited nonvested accounts totaled \$507 and \$11,465, respectively. These accounts will be used to reduce future Employer matching contributions. During 2024, \$209,347 of forfeitures were used to reduce Employer matching contributions.

All contributions are invested in investment options as directed by each participant. Participants are permitted to divide their contributions among the investment options in 1% increments. The investment options are managed by Vanguard Fiduciary Trust Company (Vanguard).

Note 1. Plan Description (Continued)

- D. Distributions - In accordance with the Plan, a participant may receive the full value of their participant and vested employer accounts upon early retirement, normal retirement at age 59 ½, total disability or termination of employment. Upon the death of a participant, their beneficiary shall be entitled to the full value of the participant and vested employer accounts. Distributions may be made in the form of a lump sum, installment payments over 20 years or less, or a combination of those options.

Participants may elect at any time to withdraw any or all of their after-tax contributions. A participant may elect to withdraw any or all of their basic, Roth, catch-up, rollover, Employer matching, and additional discretionary contributions in the event of financial hardship (as determined under the rules established by the Incentive Savings Plan Committee). The Incentive Savings Plan Committee must approve all participant hardship withdrawals. The Plan also allows for distributions of pre-tax and Roth contributions at age 59 ½.

- E. Investment Income - Investment income (including any appreciation or depreciation in the fair value of each investment fund) is allocated to participant accounts at the end of each business day based upon the ratio of each participant's account to the total of all participant accounts.
- F. Participant Notes Receivable - Notes are permitted under certain circumstances and are subject to limitations. Participants may borrow from their funds up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance (excluding the Retirement Accumulation Account balance). Notes are repaid over a period not to exceed 5 years with exceptions for the purchase of a primary residence. The notes are secured by the balance in the participant's account and bear interest rates comparable to the rates charged by commercial lending institutions for similar types of transactions. Principal and interest are paid ratably through payroll deductions. Participants with outstanding principal balances are assessed a nominal administration fee annually. Upon default, the plan administrator treats the default as a distribution and offsets the outstanding balance of the note against the participant's account balance.

Note 2. Summary of Significant Accounting Policies

- A. Basis of Presentation - The accompanying financial statements have been prepared in accordance with U.S. generally accepted accounting principles (GAAP) and present the net assets available for benefits and changes in net assets available for benefits on the accrual basis of accounting.
- B. Participant Notes Receivable – Notes receivable from participants are measured at their unpaid balance plus any accrued but unpaid interest. Delinquent participant notes are reclassified as distributions based upon the terms of the plan document.

Note 2. Summary of Significant Accounting Policies (Continued)

- C. Investment Valuation and Interest and Dividend Income – The Plan’s investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 3 for discussion of fair value measurements.

Interest and dividend income is recognized on the accrual basis. Investment income includes unrealized appreciation or depreciation in the investment funds. Investment transactions are recorded on the trade date. Realized gains or losses on investment funds sold are accounted for using the average cost method on a trade date basis.

- D. Contributions - Participant contributions are recognized when due to the Plan through salary withholding. Employer matching contributions are recognized when the related participant contributions are recognized. Employer transition contributions are recognized when due to the Plan for those participants that meet the criteria described in Note 1(C). Additional discretionary contributions approved by the Employer’s Board are recognized in the year of service for those participants that meet the criteria described in Note 1(C).
- E. Payments of Benefits - Distributions are recognized when paid.
- F. Administrative Expenses - Administrative expenses are fees paid directly by the Plan for the administration of the Plan and maintenance of participant accounts, including outstanding participant notes receivable. Other administrative expenses are paid by the Employer and are excluded from these financial statements.
- G. Use of Estimates - The preparation of financial statements in conformity with GAAP requires the plan administrator to make certain estimates and assumptions that affect the reported amounts of net assets available for benefits as of the date of the financial statements and the changes in net assets available for benefits for the reporting period. Actual results could differ from those estimates and assumptions.
- H. Risks and Uncertainties - The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants’ account balances and the amounts reported in the Statements of Net Assets Available for Benefits.
- I. Subsequent Events - The Plan evaluated subsequent events through July 29, 2025, the date financial statements were available to be issued and there were no subsequent events that require adjustment to or disclosure in the financial statements.

Note 3. Fair Value

Financial Accounting Standards Board (FASB) *Accounting Standards Codification* (ASC) 820, *Fair Value Measurements and Disclosures*, provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements).

The three levels of fair value hierarchy under FASB ASC 820 are described as follows:

- Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the plan has the ability to access.
- Level 2: Inputs to the valuation methodology include: quoted prices for similar assets or liabilities in active markets; quoted prices for identical or similar assets or liabilities in inactive markets; inputs other than quoted prices that are observable for the asset or liability; inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.
- Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following are descriptions of the valuation methodologies used for assets at fair value. There have been no changes in the methodologies used at December 31, 2024 and 2023:

- Registered investment companies: Valued at observable market quotations for identical assets and are priced on a daily basis.
- Common collective trusts: Valued using the net asset value (NAV) provided by the funds trustee based on the value of the underlying assets owned by the trust, minus its liabilities, and then divided by the number of shares outstanding. The NAV is used as a practical expedient to estimate fair value. The practical expedient would not be used if it is determined to be probable that the funds will sell the investment for an amount different than the reported NAV. There are no unfunded commitments related to the common collective trusts and units are redeemable at NAV daily.

Note 3. Fair Value (Continued)

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2024 and 2023:

December 31, 2024	<u>Total</u>	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>
Investments, at fair value -				
Registered investment companies	\$ 221,524,157	\$ 221,524,157	\$ -	\$ -

	<u>\$ 390,272,817</u>	<u>\$ 221,524,157</u>	<u>\$ -</u>	<u>\$ -</u>
December 31, 2023	<u>Total</u>	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>
Investments, at fair value -

	<u>\$ 368,473,233</u>	<u>\$ 340,659,783</u>	<u>\$ -</u>	<u>\$ -</u>

The following tables summarize investments measured at fair value based on a NAV per share practical expedient as of December 31, 2024 and 2023, respectively:

December 31, 2024	<u>Fair Value</u>	<u>Unfunded Commitments</u>	<u>Redemption Frequency (if eligible)</u>	<u>Redemption Notice Period</u>
Common collective trusts	\$ 168,748,660	n/a	Daily	Daily
December 31, 2023	<u>Fair Value</u>	<u>Unfunded Commitments</u>	<u>Redemption Frequency (if eligible)</u>	<u>Redemption Notice Period</u>
Common collective trust	\$ 27,813,450	n/a	Daily	Daily

Note 4. Plan Termination

Although the Employer has not expressed any intent to do so, it has the right, subject to resolution by its Board, to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. If the Plan is terminated, the interest of each participant will be distributed, used to purchase annuities or continue to be held in trust at the discretion of the Incentive Savings Plan Committee.

Note 5. Tax Status

The IRS has determined and informed the Employer by a letter dated August 25, 2022, that the Plan is designed in accordance with applicable sections of the IRC and, therefore, is exempt from federal income taxes. Although the Plan has been amended since receiving the determination letter, the plan administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC, and, therefore, believes that the Plan is qualified and the related trust is tax exempt.

Note 6. Party-in-Interest Transactions

All Plan investments are in shares of registered investment companies and common collective trusts managed by an affiliate of Vanguard. Vanguard is the trustee and, therefore, these transactions qualify as party-in-interest transactions.

Note 7. Information Certified by the Plan's Trustee

The Plan's administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Vanguard, the trustee of the Plan, has certified to the completeness and accuracy of all investments and notes receivable from participants reflected in the accompanying statements of net assets available for benefits as of December 31, 2024 and 2023 and the supplemental schedule of assets (held at end of year) as of December 31, 2024 and the related investment activity and interest income on notes receivable from participants reflected in the statement of changes in net assets available for benefits for the year ended December 31, 2024.
