REPORT OF INDEPENDENT CERTIFIED PUBLIC ACCOUNTANTS

Plan Administrator and Plan Participants
International Motors, LLC 401(k) Retirement Plan

Scope and nature of the ERISA Section 103(a)(3)(C) audit

We have performed audits of the financial statements of International Motors, LLC 401(k) Retirement Plan (f/k/a Navistar, Inc. Retirement Accumulation Plan) (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2024 and 2023, and the related statement of changes in net assets available for benefits for the year ended December 31, 2024, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2024 and 2023, and for the year ended December 31, 2024, stating that the certified investment information, as described in Note G to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (US GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of management for the financial statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's responsibilities for the audit of the financial statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with US GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with US GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other matter – supplemental schedule required by ERISA

The supplemental schedule of assets (held at end of year) as of December 31, 2024 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such supplementary information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to the auditing procedures applied in the audits of the financial statements and certain additional procedures. These additional procedures included comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with US GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

NOTE A - DESCRIPTION OF THE PLAN

The following description of the International Motors, LLC 401(k) Retirement Plan (f/k/a Navistar, Inc. Retirement Accumulation Plan) (the “Plan”) is provided for general information purposes only. Participants should refer to the Plan document for more complete information.

General

The Plan is sponsored by International Motors, LLC (f/k/a Navistar, Inc.) (the “Company”), the principal operating subsidiary of Navistar International Corporation (“Navistar”), to provide savings and retirement benefits for certain eligible salaried and hourly employees of the Company and of certain affiliates participating under the Plan. The Plan was established January 1, 1996 and has subsequently been amended to maintain qualification under Sections 401(a), 401(k) and 501 of the Internal Revenue Code of 1986, as amended (the “IRC”) and to modify the provisions of the Plan. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended (“ERISA”).

Effective October 1, 2024, the Company’s name changed from Navistar, Inc. to International Motors, LLC. In addition, effective October 1, 2024, the Plan’s name changed from the Navistar, Inc. Retirement Accumulation Plan to the International Motors, LLC 401(k) Retirement Plan.

Eligibility

Prior to July 1, 2009, participation in the Plan was limited to those eligible full time and part time salaried employees of the Company whose initial hire date was on or after January 1, 1996 and to eligible full time and part time salaried employees of certain affiliates. Effective July 1, 2009, participation includes those participants whose accounts were merged into the Plan, regardless of their initial date of hire.

Contributions and Vesting

New employees are automatically enrolled in the Plan at an employee pretax contribution rate of 6% of eligible compensation. In general, such automatic enrollment is effective the first pay period following the hire date, unless the employee elects to participate earlier or elects to opt out of enrollment until a future date. New employees who are automatically enrolled will have their contribution rate increased annually, on the participant’s enrollment date, by 1% up to a maximum of 15%, unless and until the employee elects otherwise.

Participant contributions may be made to the Plan on a pretax basis, a Roth basis, an after-tax basis, and/or any combination thereof. Those participants who were age 50 or older during the Plan year are permitted to contribute additional amounts on a pretax and/or Roth basis. Effective January 1, 2025, the Plan was amended to permit participants who were ages 60-63 before the

close of the Plan year to contribute additional amounts greater than the regular amount permitted for those age 50 or older.

Participant contributions may be elected at a minimum level of 1% of eligible compensation at any time. Total participant contributions cannot exceed 90% of eligible compensation. Participant contributions are limited to a prescribed IRC dollar limit; the additional contributions by participants who were age 50 or older and ages 60-63 are limited to separate prescribed IRC dollar limits.

Subject to Company approval, eligible employees are allowed to make rollover contributions to the Plan, if such contributions satisfy applicable regulations. Such employees are not required to be participants for any purpose other than their rollover account; however, no salary reduction contributions may be made until such time as such employee would otherwise become eligible to and does elect participation in the Plan. Participant salary reduction contributions and rollover contributions are fully vested immediately.

The Plan permits, but does not require, the Company or its affiliates to make matching and retirement contributions. Such contributions are subject to a vesting schedule based upon the participant's length of employment, and fully vest upon completion of five years of service.

For those participants who are eligible for such matching contributions, the Company currently matches 50% of the first 6% of eligible compensation deferred as combined pretax and/or Roth contributions by the participant. Additional compensation deferred by a participant who is age 50 or older is not matched by the Company. Company match contributions must be deposited at least annually; however, Company match contributions are deposited monthly without regard to whether the employee is employed by the Company as of the last day of that month or of that Plan year. A true-up Company matching contribution is calculated for those participants who save at least 6% in total for the calendar year. The true-up is deposited as soon as administratively practical following the plan year. In addition, any participant who is an active employee on or hired after January 1, 2023 is 100% vested in their employer matching contributions.

Retirement contributions are allocated to eligible participants and are calculated as a percentage of eligible compensation, based on the participant's age. Retirement contributions are deposited into participant accounts on an annual basis, as soon as administratively practical after the close of the Plan year. A participant who has terminated employment prior to the end of the calendar year for any reason except death, involuntary termination or "retirement" as defined under the Plan, will not receive any Company retirement contributions for that year.

NOTE A - DESCRIPTION OF THE PLAN - Continued

Contributions and Vesting - Continued

Participant and Company contributions are subject to the combined annual addition limitation of IRC Section 415.

Non-vested Company retirement contributions are forfeited when a participant terminates service. Such forfeitures may be used to offset future Company contributions. At December 31, 2024 and 2023, forfeited non-vested accounts approximated \$1,035,000 and \$715,000, respectively. For the employer contributions recognized for the Plan year ended December 31, 2024, approximately \$960,000 of forfeitures were used to offset Company contributions.

Investment Options

Participants direct the investment of their account balances and future contributions. Investment options during 2024 and 2023 consisted of funds classified as registered investment companies, collective trusts and a group variable annuity contract, which is invested in a separate account that holds one collective trust.

Participant Accounts

Individual accounts are maintained for each Plan participant. Realized gains and losses, unrealized appreciation and depreciation, and dividends and interest are allocated to participants based on their proportionate share of the funds. Fund managers' fees are charged to participants' accounts as a reduction of the return earned on each investment option. In addition, participant accounts are assessed a quarterly recordkeeping fee.

Notes Receivable from Participants

Participants may borrow from their fund accounts a minimum of \$1,000 up to the lesser of 50% of their pretax, Roth, after-tax and rollover account balance or \$50,000, with no more than two loans outstanding at a time. Company matching and retirement contributions are not available for loans. Loan transactions are treated as a transfer between the applicable investment funds and the loan fund. Loan terms range from one to five years, with the exception of loans made for the purchase of a principal residence, which may be repaid in installments over a period of up to ten years. The loans are secured by the balance in the participant's account and bear interest at a rate equal to prime as of the date of loan origination, plus one percentage point.

Payment of Benefits

Participants may request either an in-service or hardship withdrawal of certain assets in their account. Participants may only withdraw authorized pretax and Roth salary reduction contributions

after attaining age 59 ½, or on a hardship basis prior to attaining age 59 ½. Participants may also withdraw earnings on authorized pretax and Roth salary reduction contributions after attaining age 59 ½, or on a hardship basis prior to attaining age 59 ½. Company matching and retirement contributions and investment earnings thereon are not eligible for in-service withdrawal. In addition, the Plan was amended effective April 1, 2024, to permit participants who are victims of domestic abuse to withdraw up to \$10,000 from their accounts without being subject to the 10% early withdrawal penalty.

A participant's vested account is distributable at the time a participant separates from service with the Company, suffers a total and permanent disability or dies. When the participant terminates employment prior to reaching normal retirement age with a vested balance of \$7,000 or less (prior to April 1, 2024, \$5,000 or less) and does not elect to have the distribution paid directly to an eligible retirement plan or receive a distribution, then the balance will be rolled over to an individual retirement plan designated by the Plan administrator.

If the vested balance is more than \$7,000 (prior to April 1, 2024, more than \$5,000), the participant has the option of receiving the account upon separation or deferring commencement until a later date. If the participant elects to receive a check and the check remains uncashed after 180 days, the Plan administrator will notify the participant that the check remains uncashed. Following an administrative period, if the check remains uncashed, the check will be void and the funds will be placed in the Plan's unallocated asset account until such time the participant contacts the recordkeeper to have the check reissued.

If the participant elects to defer commencement, the deferral generally cannot go beyond April 1 of the calendar year following the year in which the participant attains age 73 or retires, whichever is later. At that time, the participant must begin to receive a required minimum distribution. Accounts are distributed in a single sum prior to this date or may be distributed at this date as a lump sum or a required minimum distribution. Accounts may also be distributed as partial lump sums for those who are not subject to a mandatory distribution, subject to rules and limits established by the Plan administrator in its discretion.

Administrative Fees

Certain Plan administrative expenses are paid by the Company and are not reflected in the Plan's financial statements. Fees paid by the Plan for investment management services are computed as a basis point reduction of the return earned on each investment option and are included in the net investment gains or losses of the Master Trust. All other administrative expenses of the Plan are paid by the Plan and charged to the participants' accounts.

NOTE B – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Presentation

The financial statements of the Plan are presented on the accrual basis of accounting.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities, and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Risks and Uncertainties

Investment securities, in general, are exposed to various risks, such as interest rate, credit and overall market volatility. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near term, and that such changes could materially affect the amounts reported in the financial statements.

Investment Valuation

The Plan follows guidance on accounting for fair value measurements which defines fair value as the price that would be received to sell an asset or paid to transfer a liability (an exit price) in an orderly transaction between market participants at the measurement date and establishes a framework for measuring fair value. The Plan uses a three-level hierarchy of measurements based upon the reliability of observable and unobservable inputs used to arrive at fair value. Observable inputs are independent market data, while unobservable inputs reflect the Plan management's assumptions about valuation. Depending on the inputs, the Plan classifies each fair value measurement as follows:

- Level 1 – based upon quoted prices for *identical* instruments in active markets,
- Level 2 – based upon quoted prices for *similar* instruments, prices for identical or similar instruments in markets that are not active, or model-derived valuations all of whose significant inputs are observable, and
- Level 3 – based upon one or more significant unobservable inputs.

NOTES TO FINANCIAL STATEMENTS
December 31, 2024 and 2023**

NOTE B – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES – Continued

Investment Valuation – Continued

The following describes the methods and significant assumptions used to estimate fair value of the Plan's investments:

The Plan's interest in the Navistar, Inc. Defined Contribution Plans Master Trust ("Master Trust") is presented at fair value, which has been determined based on the fair value of the underlying investments of the Master Trust.

The investments held by the Master Trust are valued as follows:

Collective trusts: Valued at the net asset value ("NAV") as provided by the administrator of the fund. The NAV is generally based on the fair value of the underlying assets owned by the fund, minus its liabilities, divided by the number of shares outstanding.

Group variable annuity contract: Valued at the unit value of the separate account in which the assets are held multiplied by the Plan's units of participation. The group variable annuity contract's separate account holds one collective trust.

Registered investment companies (mutual funds): Valued at the NAV of shares held by the Plan at year end, which is obtained from an active market.

See Note C - Master Trust for the Master Trust's investments by level within the fair value hierarchy as of December 31, 2024 and 2023.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2024 or 2023. If a participant ceases to make loan repayments and the Plan administrator deems the participant loan to be in default, the participant loan balance is reduced and a benefit payment is recorded.

Income Recognition

Security transactions are accounted for on the trade-date basis. Dividend income is accrued on the ex-dividend date. Interest income is recorded on the accrual basis. Net realized and unrealized appreciation (depreciation), along with dividend income and interest income (excluding notes receivables from participants) are recorded in the accompanying statement of changes in net assets available for benefits as change in Plan's interest in Master Trust.

NOTE B - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES - Continued

Contributions

Participant contributions are recorded in the year in which the employee's compensation is earned. Employer contributions from the Company are recorded and accrued in the year in which they are earned.

Participant Withdrawals

As of December 31, 2024 and 2023, there were no benefits due to former participants who have withdrawn from participation in the Plan. Benefits are recorded when paid.

Transfers

Transfers between the Plan and the International Motors, LLC 401(k) Plan for Represented Employees (f/k/a Navistar, Inc. 401(k) Plan for Represented Employees) ("Represented Plan") which participates in the Master Trust occur when a participant incurs a change in job status or a job transfer to another affiliate that makes the participant ineligible to participate in their current plan and requires the transfer of their account balance to another plan within the Master Trust for which they are eligible. Net transfers to the Plan for 2024 are \$246,721.

NOTE C - MASTER TRUST

Empower Trust Company, LLC (the "Trustee") is the trustee for the Plan. All of the Plan's investment assets are held in a trust account at the Trustee and consist of a divided interest in an investment account of the Master Trust, a master trust established by the Company and administered by the Trustee. Use of the Master Trust permits the commingling of Plan assets with the assets of another defined contribution plan sponsored by the Company and its affiliated companies for investment and administrative purposes. Although assets of the plans are commingled in the Master Trust, the Trustee maintains supporting records for the purpose of allocating the net gain or loss of the investment account to the participating plans. The net investment income or loss of the investment assets is allocated by the Trustee to each participating plan based on the relationship of the interest of each plan to the total of the interests of the participating plans.

Participants may make daily redemptions from the collective trusts. The collective trusts generally provide for the Plan to fully redeem daily with 5-30 days written notice except for the Goldman Sachs Stable Value Fund (“Goldman Fund”) valued at \$153,398,393 and \$137,889,338 as of December 31, 2024 and 2023, respectively. The Goldman Fund may impose a 12-month put if the Plan opts to fully withdraw from the Goldman Fund. If the Goldman Fund elects the 12-month put, it has the right to hold the current assets for 12 months before transferring them in bulk.

Participants may make daily redemptions from the group variable annuity contract. The Plan may terminate the contract and fully withdraw upon written notice. Disbursement of the assets held under the group variable annuity contract will be made 90 days after such notification.

NOTE D - TAX STATUS OF THE PLAN

The Plan obtained a determination letter dated September 16, 2016, in which the Internal Revenue Service (“IRS”) stated that the Plan, as then designed, was in compliance with the applicable requirements of the IRC. The Plan has been amended since receiving the determination letter. However, the Plan administrator believes that the Plan is currently designed and being operated, in all material respects, in compliance with the applicable requirements of the IRC. Therefore, no provision for income taxes is included in the Plan’s financial statements.

The Master Trust obtained an exemption letter dated May 30, 2014, in which the IRS stated that the Trust, as then designed, was in compliance with the applicable requirements of the IRC. The Master Trust has been amended since receiving the exemption letter. However, the Plan administrator believes that the Master Trust is currently designed and being operated, in all material respects, in compliance with the applicable requirements of the IRC. Therefore, no provision for income taxes related to the Master Trust is included in the Plan’s financial statements.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2024 and 2023, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by the IRS; however, there are currently no audits for any tax periods in progress.

NOTE E - PLAN TERMINATION

Although the Company expects to continue the Plan indefinitely, the Company, at its discretion, reserves the right to amend, modify, suspend or terminate the Plan, provided that no such action shall deprive any person of any rights to contributions made under the Plan. If the Plan is terminated or contributions thereto have been completely discontinued, the rights of all participants to the amounts credited to their accounts shall be non-forfeitable and the interest of each participant in the funds will be distributed to such participant or his or her beneficiary in accordance with the Plan terms and ERISA. If the Plan is terminated, Plan participants will become fully vested in any funds allocated to them.

NOTE F - RELATED-PARTY TRANSACTIONS

Empower Retirement, an affiliate of the Trustee, is the record keeper as defined by the Master Trust and, therefore, transactions with Empower Retirement qualify as party-in-interest transactions. In addition, Empower Annuity Insurance Company of America (the “Insurance Company”), an affiliate of the Trustee, is the issuer of the group variable annuity contract and therefore, transactions under the contract qualify as party-in-interest transactions.

Also qualifying as party-in-interest transactions are transactions relating to notes receivable from participants.

NOTE G - INFORMATION CERTIFIED BY THE TRUSTEE AND INSURANCE COMPANY

The Plan administrator has elected an ERISA Section 103(a)(3)(C) audit of the Plan as permitted by 29 CFR 2520.103-8 and 103-12 of the Department of Labor’s Rules and Regulations for Reporting and Disclosure under ERISA as of December 31, 2024 and 2023 and for the year ended December 31, 2024. Accordingly, the Trustee and the Insurance Company have certified that the following data included in the accompanying financial statements is complete and accurate:

- Plan’s interest in Master Trust and notes receivable from participants as shown in the statement of net assets available for benefits as December 31, 2024. The Plan’s interest in Master Trust and notes receivable from participants as shown in the statement of net assets available for benefits as December 31, 2023 were certified by the Trustee only.
