## INDEPENDENT AUDITORS' REPORT

To the Plan Administrator of  
Inter American University of Puerto Rico  
Defined Contribution Retirement Plan

### Scope and Nature of the ERISA Section 103(a)(3)(C) Audit for the 2024 Financial Statements

We have performed an audit of the financial statements of Inter American University of Puerto Rico Defined Contribution Retirement Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statement of net assets available for benefits as of December 31, 2024, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements (the 2024 Financial Statements).

Management, having determined it is permissible in the circumstances, has elected to have the audit of the 2024 financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of and for the year ended December 31, 2024, stating that the certified investment information, as described in Note 4 to the 2024 financial statements, is complete and accurate.

### Opinion on the 2024 Financial Statements

In our opinion, based on our audit and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the 2024 Financial Statements section:

- The amounts and disclosures in the accompanying 2024 financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the accompanying 2024 financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

### Basis for Opinion on the 2024 Financial Statements

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the 2024 Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

### Responsibilities of Management for the 2024 Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

### Auditors' Responsibilities for the Audit of the 2024 Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the 2024 financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on financial statements.

Auditors' Responsibilities for the Audit of the 2024 Financial Statements – (continued)

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America. Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control related matters that we identified during the audit.

Other Matter — 2024 Supplemental Schedule Required by ERISA

The supplemental schedule of assets (held at end of year) as of December 31, 2024 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

Other Matter — 2024 Supplemental Schedule Required by ERISA – (continued)

Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Auditors' Report on the 2023 Financial Statements

Predecessor auditors performed an audit of the 2023 financial statements of the Plan. In accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the prior year audit did not extend to any statements or information related to assets held for investment of the plan that were certified by a qualified institution. Their report dated March 21, 2025 indicated that (a) the amounts and disclosures in the 2023 financial statements, other than those agreed to or derived from the certified investment information, were presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America, and (b) the information in the 2023 financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Notes to Financial Statements

December 31, 2024 and 2023

Note 1 - Description of Plan

The following description of the Inter American University of Puerto Rico Defined Contribution Retirement Plan (the Plan) provides only general information. Participants should refer to the plan document for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan sponsored by Inter American University of Puerto Rico, Inc. (the Employer), covering substantially all full-time employees of the Employer who are age 21 or older and meet certain employment requirements, except for faculty or non-faculty employees that work on externally funded programs or projects that do not have included in their budget funds to cover the matching contribution. The purpose of the Plan is to create a retirement fund intended to help provide for the future security of the participants and their beneficiaries. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions

Each year, participants may contribute, on a pre-tax basis, a percentage of their compensation not exceeding the maximum deferral amount specified by the Puerto Rico Internal Revenue Code (the Code), as amended. Employee contributions are matched 100% by the Employer up to 5% of the participant's annual compensation, as defined. Participants may also contribute between 3% and 10% of their annual after-tax compensation. In addition, participants are allowed to make rollover contributions from other qualified defined contribution plans.

Participant Accounts

Each participant's account is credited with the participant's contribution and allocations of (a) the Employer's contribution and (b) plan earnings, and charged with an allocation of administrative charges. Allocations are based on participant's earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are 100% vested in their contributions and the Employer's matching contributions, plus actual earnings thereon at all times.

Investment Options

Upon enrollment in the Plan, participants may direct the investment of their account balances in any of the following investment options:

Teachers Insurance and Annuity Association of America (TIAA) Fixed and Variable Annuity Accounts

- (i) *Traditional Annuity* - Guaranteed fixed annuity non benefit-responsive contract available as an investment option to plan participants whose funds are invested primarily in publicly traded bonds, mortgages, loans, and real estate.
- (ii) *Real Estate Fund* - A pooled separate account that invests primarily in real estate and real estate-related investments.
- (iii) *Access - Registered Investment Companies* - Investments in proprietary and nonproprietary registered investment companies through the following funds:
  - a. *Access Lifecycle Funds (2010 Fund, 2015 Fund, 2020 Fund, 2025 Fund, 2030 Fund, 2035 Fund, 2040 Fund, 2045 Fund, 2050 Fund, 2055 Fund, 2060 Fund, Retirement Income Fund T1 and the Retirement Income Fund TA)* - the Lifecycle funds subaccounts seek a high total return over time through a combination of capital appreciation and income, and invest in underlying funds according to an asset allocation strategy designed for investors planning to retire in or within a few years of the year included in the name of the respective Lifecycle Fund.
  - b. *Access Large-Cap Value Fund* - This subaccount seeks a favorable long-term total return, mainly through capital appreciation, primarily from equity securities of large domestic companies.
  - c. *Access Small-Cap Blended Index Fund* - This subaccount seeks a favorable long-term total return, mainly through capital appreciation, by investing primarily in a portfolio of equity securities in smaller domestic companies based on a market index. This Fund primarily invests its assets in securities selected to track the Russell 2000 Index.
  - d. *Access Quant Small-Cap Equity Fund* - This subaccount seeks a favorable long-term total return, mainly through capital appreciation, primarily from equity securities of smaller domestic companies.

- (vii) *Equity Index Fund* – Tax deferred variable annuity accounts that invest in a diversified portfolio selected to track the overall market for common stocks publicly traded in the United States of America, as represented by a broad stock market index.
- (viii) *Inflation - Linked Bond Fund* – Tax deferred variable annuity accounts that invest primarily in inflation-indexed securities issued by the U.S. Government and its agencies, foreign governments, and other corporate entities.

Participants may change their investment options at any time.

Participant loans

Participants may borrow from their fund accounts up to a maximum loan amount equal to the lesser of \$50,000 or 50% of their vested account balance. The loans are secured by the balance in the participant's account and bear interest at 1% over the prime rate at the time funds are borrowed. Principal and interest are paid ratably through monthly payroll deductions. Loan repayments may be scheduled for up to 60 months.

Payment of Benefits

On termination of service due to death, disability, or retirement, a participant or the designated beneficiaries may elect to receive either a lump-sum amount equal to the value of the participant's vested interest in their account, or monthly installments over a period not to exceed 30 years. For termination of service due to other reasons, a participant may receive the value of the vested interest in their account as a lump-sum distribution. The Plan also allows in-service withdrawals.

Administrative Expenses

Administrative expenses are paid from the trust fund and are charged against participants' accounts.

Note 2 - Summary of Significant Accounting Policies

Basis of Accounting

The accompanying financial statements have been prepared on the accrual basis of accounting, in accordance with accounting principles generally accepted in the United States of America (US GAAP). Investments held by a defined contribution plan are required to be reported at fair value, except for fully benefit-responsive investment contracts. Contract value is the relevant measure for the portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants normally would receive if they were to initiate permitted transactions under the terms of the defined contribution plan. Certain TIAA Traditional Annuity contract types, including the Supplemental Retirement Annuities (SRA) and the Group Supplemental Retirement Annuities (GSRA), are considered fully benefit-responsive, for which contract value approximates fair value. As of December 31, 2024 and 2023, the Plan had no benefit-responsive contracts under the TIAA Traditional Annuity. See Note 3 for further discussion of the TIAA Traditional Annuity.

Use of Estimates

The preparation of financial statements in conformity with US GAAP requires the Plan's management to make estimates and assumptions that affect the reported amounts of net assets available for benefits and the disclosure of contingent assets and liabilities at the date of the financial statements, and the reported amounts of changes in net assets available for benefits during the reporting period. Actual results could differ from those estimates.

Investments Valuation and Income Recognition

Investments are reported at fair value (except for fully benefit-responsive investment contracts, which are reported at contract value). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's Investment Committee determines the Plan's valuation policies using information provided by the investment advisers, custodians, and insurance company. See Note 5, for a discussion of fair value measurements.

Investment in non benefit-responsive TIAA Traditional Annuity contracts are reported at contract value, which approximates fair value. Since these investments are contract-based, observable prices for identical or similar investments do not exist, accordingly, these investments are valued using unobservable inputs (Level 3).

Defined Contribution Retirement Plan

Notes to Financial Statements – (Continued)

December 31, 2024 and 2023

Note 2 - Summary of Significant Accounting Policies – (continued)

Investments Valuation and Income Recognition – (continued)

The contract value equals the accumulated cash contributions and interest credited to the contract, less any withdrawals. Liquidity restrictions apply to certain types of contracts that could impact the value realized upon exiting the contract. Refer to Note 3 for a discussion of the characteristics of the TIAA Traditional Annuity.

The fair value of the Plan's interest in the TIAA Real Estate Fund (a pooled separate account) is based on the fund's daily net asset value (NAV), which is considered by plan management to be the best approximation of fair value. This investment is classified within Level 2 of the fair value hierarchy. The unit value of this fund is calculated daily and available to plan management on the TIAA's Website.

The Plan records purchases and sales of securities on a trade-date basis. Interest income is recorded on the accrual basis of accounting. Dividends are recorded on the ex-dividend date. Net appreciation/depreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year. During the year ended December 31, 2024, the Plan's investments appreciated in value by \$20,439,079.

Participant loans are measured at their unpaid principal balance, plus accrued interest. Interest income is recorded on the accrual basis of accounting. Related fees are recorded as administrative expenses and are expensed when they are incurred. During the year ended December 31, 2024, interest income of \$73,462 was generated by the notes receivable from participants.

Risk and Uncertainties

Investment securities are exposed to several risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investments, it is at least reasonably possible that changes in the recorded value of these investments will occur in the near term and that such changes could materially affect the amounts reported in the financial statements and supplemental schedule.

In addition, the Plan's investments include funds that invest in real estate. Investments in real estate are exposed to specific risks, including fluctuations in property values, higher expenses, or lower income than expected, and environmental contingencies.

Payment of Benefits

Benefits are recorded when paid.

Inter American University of Puerto Rico  
Defined Contribution Retirement Plan

Notes to Financial Statements – (Continued)

December 31, 2024 and 2023

Note 2 - Summary of Significant Accounting Policies – (continued)

Benefits payable

The Plan accounts for benefits payable in accordance with guidance provided by the AICPA, *Audit and Accounting Guide, Audits of Employee Benefit Plans*. This guidance requires that benefits payable to persons who have withdrawn from participation in a defined contribution plan be disclosed in the notes to the financial statements rather than recorded as a liability of the Plan. There were no benefits payable at December 31, 2024 and 2023.

Note 3 - TIAA Traditional Annuity

The TIAA Traditional Annuity is a guaranteed fixed rate annuity contract available as an investment option to plan participants. Each contract is fully and unconditionally guaranteed by TIAA. The Traditional Annuity is offered through a variety of contract types, including non benefit-responsive and benefit responsive contracts. Investment options under the TIAA Traditional Annuity, include Retirement Annuities (RA), Group Retirement Annuities (GRA), Retirement Choice (RC), Supplemental Retirement Annuities (SRA), Group Supplemental Retirement Annuities (GSRA), and Retirement Choice Plus (RCP). The type of contract through which a participant invests in the TIAA Traditional Annuity determines the applicability of certain account features, such as the guaranteed minimum interest rate, additional interest declarations, the degree of liquidity of the participant's account, and the options for receiving income upon retirement.

When participants choose to allocate a portion of their retirement savings to the TIAA Traditional Annuity during the accumulation phase of the contract, their contributions purchase a specific amount of lifetime income based on the contractual rate schedule in effect at the time the premium is paid. The participant's principal, plus a specified minimum rate of interest, is guaranteed by TIAA's claims-paying ability. The TIAA Traditional Annuity also provides the potential for additional interest if declared by TIAA's board of trustees. Additional interest, when declared, remains in effect for the declaration year. Additional interest is not guaranteed for future years. Together, the guaranteed minimum and additional amounts make up the crediting interest rate.

The RA contract does not allow lump-sum cash withdrawals and transfers must be spread over 10 annual installments. With the GRA and RC contract, lump-sum withdrawals are available within 120 days after termination of employment and are subject to a 2.50% surrender charge. All other withdrawals and transfers from the GRA contract must be spread over 10 annual installments (5 annual installments for withdrawals after termination of employment). All other withdrawals and transfers from the RC contract must be spread over 84 monthly installments.

Inter American University of Puerto Rico  
Defined Contribution Retirement Plan

Notes to Financial Statements – (Continued)

December 31, 2024 and 2023

Note 3 - TIAA Traditional Annuity – (continued)

When a participant's accumulation in the TIAA Traditional Annuity is converted to an annuity (plan withdrawal), based on life expectancy, the present value of the stream of payments is equal to the accumulation. The entire amounts are recorded as a distribution in the statement of changes in net assets available for benefits.

Note 4 - Information Certified by the Plan's Custodian (Unaudited)

Certain information related to investments and participant loans disclosed in the accompanying financial statements and the ERISA required supplemental schedule of assets (held at end of year), including investments and participant loans held at December 31, 2024 and 2023, and net appreciation in fair value of investments, interest and dividends, and interest income on notes receivable from participants for the year ended December 31, 2024, was obtained by management and agreed to or derived from information certified as complete and accurate by TIAA (the Custodian). The Custodian maintains all records, executes investment transactions, and holds all of the assets of the Plan. In addition, the Custodian, upon authorization from the plan administrator, distributes benefit payments to the participants.

Note 5 - Fair Value Measurements (Unaudited)

The Plan utilizes valuation techniques that maximize the use of observable inputs and minimize the use of unobservable inputs to the extent possible. The Plan determines fair value based on assumptions that market participants would use in pricing an asset or liability in the principal or most advantageous market.

When considering market participant assumptions in fair value measurements, the following fair value hierarchy distinguishes between observable and unobservable inputs, which are categorized in one of the following levels:

- Level 1 Inputs - Unadjusted quoted prices in active markets for identical assets or liabilities accessible to the reporting entity at the measurement date.
- Level 2 Inputs - Other than quoted prices included in Level 1 inputs that are observable for the asset or liability, either directly or indirectly, for substantially the full term of the asset or liability.
- Level 3 Inputs - Unobservable inputs for the asset or liability used to measure fair value to the extent that observable inputs are not available, thereby allowing for situations in which there is little, if any, market activity for the asset or liability at the measurement date.

Note 5 - Fair Value Measurements (Unaudited) – (continued)

Following is a description of the valuation methodologies used for assets measured at fair value:

- *TIAA Traditional Annuity Contracts* – Non benefit-responsive contracts are valued at contract value, which approximates fair value, based on its theoretical transfer (exit) value and a quantitative model that includes assumptions of future risk-adjusted interest rates, ranging from 3.00% to 6.50%, and related discounted cash flows.
- *TIAA Real Estate Account* - Valued based on the NAV of the units held by the Plan in the TIAA Real Estate Fund.
- *Registered Investment Companies* - Valued based on the quoted market price of the shares held by the Plan in each fund, except for money market funds, which are valued at cost plus accrued interest, which approximates fair value. Investments in registered investment companies are classified as Level 1.

The preceding valuation methods may result in fair values that may not be indicative of net realizable values. The use of different methodologies or assumptions to determine the fair value of certain investments could have resulted in different fair value measurements at the reporting date. The Plan management believes its valuation methods are appropriate and consistent with other market participants. There were no changes in the Plan's valuation methodologies used during 2024.

December 31, 2024 and 2023

Note 6 - Party-in-Interest Transactions

The Plan's investments are managed by the Custodian, which is a party-in-interest to the Plan.

Note 7 - Plan Termination

Although it has not expressed any intent to do so, the Employer has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of the Plan's termination, vested participant's accounts and all funds previously contributed to the Plan will be used to provide nonforfeitable retirement annuities for the exclusive benefit of participants on the same basis as such apportionment would have been made on the last day of any contract year.

Note 8 - Tax Status

The Puerto Rico Treasury Department has determined and informed plan management, by letter dated August 19, 2014, that the Plan and related trust are designed in accordance with the applicable sections of the Code, as amended, and, therefore, are exempt from Puerto Rico taxes. The Plan has been amended since receiving its determination letter, however, the plan administrator believes that the Plan is currently designed and operated in compliance with the applicable requirements of the Code and the Plan and related trust continue to be tax-exempt.

Note 9 - Subsequent Events

The Plan has evaluated subsequent events through July 31, 2025, which is the date the financial statements were available to be issued. No events have occurred subsequent to the date of the statement of net assets available for benefits and through the date the financial statements were available to be issued, that would require additional adjustment to, or disclosure in, the financial statements.
