MasterBrand Cabinets, LLC Union Employees Savings Plan
Beachwood, Ohio

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of MasterBrand Cabinets, LLC Union Employees Savings Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C). The financial statements comprise the statements of net assets available for benefits as of December 31, 2024 and 2023, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA (ERISA Section 103(a)(3)(C) audit). As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency (qualified institution), provided that the investment information is prepared and certified to by the qualified institution in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

Management has obtained certifications from a qualified institution as of December 31, 2024 and 2023, and for the years then ended, stating that the certified investment information, as described in Note 4 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and the procedures performed as described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section of our report:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (GAAP).
- The certified investment information in the accompanying financial statements agrees to, or is derived from, in all material respects, the information prepared and certified by a qualified institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are available to be issued.

Management is responsible for maintaining a current plan instrument, including all plan amendments. Management is also responsible for administering the Plan and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the *Scope and Nature of the ERISA Section 103(a)(3)(C) Audit* section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certifications, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter – Supplemental Schedule Required by ERISA

The supplemental Schedule of Assets (Held at End of Year) as of December 31, 2024 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- The certified investment information in the supplemental schedule agrees to, or is derived from, in all material respects, the information prepared and certified by a qualified institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

MasterBrand Cabinets, LLC Union Employees Savings Plan

Notes to Financial Statements

1. Description of the Plan

The following is a brief description of the MasterBrand Cabinets, LLC Union Employees Savings Plan (the Plan). Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan, covering hourly paid union employees of MasterBrand Cabinets, LLC (the Company). On April 28, 2022, Fortune Brands Innovations, Inc. (formerly known as Fortune Brands Home & Security, Inc. and the Company's former parent entity) announced that its Board of Directors approved in principle a separation of its Cabinets segment into a standalone publicly traded company (the Separation). The Cabinets segment of Fortune Brands Innovations, Inc. (Fortune Brands or the Parent) had historically been operated by MasterBrand Cabinets, Inc. (MBCI). In July 2022, Fortune Brands incorporated MasterBrand, Inc. in the state of Delaware and subscribed to all of the shares of MasterBrand, Inc.'s common stock upon its incorporation. Following the incorporation of MasterBrand, Inc., the following occurred: (1) Fortune Brands contributed all of the issued and outstanding shares of capital stock of MBCI to MasterBrand, Inc., resulting in MBCI becoming a wholly owned subsidiary of MasterBrand, Inc. through a transaction between entities under common control; and (2) MBCI was converted into a Delaware limited liability company, MasterBrand Cabinets, LLC (collectively, the Reorganization). MasterBrand, Inc. is the registrant and the financial reporting entity following the consummation of the Separation.

The participants of the Plan are represented in a collective-bargaining agreement with the Industrial Local Union No. 2930, an affiliate of the Carpenters' Industrial Council of Indiana, United Brotherhood of Carpenters and Joiners of America, which expires on October 31, 2025. The Plan automatically enrolls new participants after 30 days of employment, at a contribution rate of 3% of eligible compensation. Eligible employees immediately participate in the Plan at the inception of employment. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended. The trustee of the Plan is Fidelity Management Trust Company (Fidelity or Trustee).

The Plan qualifies under Section 401(a) of the Internal Revenue Code (IRC), which provides participants with the option to defer taxes on contributions into the before-tax portion of the Plan and on investment earnings until their funds are withdrawn. The IRC contains certain rules and limitations on before-tax contributions and withdrawals from this portion of the Plan.

Contributions

Participants may contribute to the Plan in whole-percentage increments up to 60% of their annual compensation. The Plan includes an automatic increase program for participants' contributions. If a participant is actively contributing between 1% and 5% of eligible compensation as of May 1 of each year, the participant's contribution will be increased by 1% up to a maximum of 6%. Participants may elect out of the automatic increase program at any time.

For 2024 and 2023, participants' annual tax-deferred contributions are limited by the IRC to \$23,000 and \$22,500, respectively, for participants under 50 years of age or \$30,500 and \$30,000, respectively, for participants 50 years of age and over. A participant may contribute a rollover contribution subject to approval, provided it represents a balance from a qualified plan under the IRC, and it is contributed to the Plan within 60 days of the original distribution.

MasterBrand Cabinets, LLC Union Employees Savings Plan

Notes to Financial Statements

The Plan also provides for non-discretionary Company matching contributions. All participants receive Company matching contributions of 100% of a participant's contributions up to 3% of eligible compensation. A participant has, at all times, a fully vested and non-forfeitable interest in his or her account, including Company matching contributions.

At December 31, 2024 and 2023, forfeited non-vested accounts totaled \$6,839 and \$1,163, respectively. These accounts will be used to pay Plan expenses. During 2024 and 2023, forfeited non-vested accounts amounting to \$1,268 and \$9,336, respectively, were used to pay Plan expenses.

Participant Accounts

Participant account balances are maintained to reflect each participant's beneficial interest in the Plan's funds. Participant account balances are increased by participant contributions, including rollovers from other plans and Company matching contributions. Income and losses on Plan assets are allocated to participants' accounts based on the ratio of each participant's amount invested in an investment fund to the total of all participants' account balances invested in that fund. All assets of the Plan are invested in the funds available to the participants. A participant may direct his or her contributions and Company matching contributions in whole percentages to be invested in one or more of these funds. In the absence of participant direction, the participants' accounts shall be invested in the age-appropriate target date fund.

Payment of Benefits

The amount distributed from a participant's account, upon a participant's retirement, termination of employment, death, or disability, may be in the form of a lump-sum payment or annual installments, not to exceed ten years, as elected by the participant. Normal retirement age under the Plan is 65. Participants may also withdraw their contributions in the event of a financial hardship, as described in the Plan, or upon their attainment of age 59½. Participant loans are not permitted under the Plan.

2. Summary of Significant Accounting Policies

Basis of Accounting

The accompanying financial statements of the Plan are prepared on the accrual basis of accounting, in accordance with accounting principles generally accepted in the United States of America (GAAP).

Investments Valuation and Income Recognition

The Plan's investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's Associate Benefits Committee determines the Plan's valuation policies utilizing information provided by the investment advisors and Trustee. See Note 3 for a discussion of fair value measurements.

Purchases and sales of investments are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation in fair value of investments includes the Plan's gains and losses on investments bought and sold, as well as held during the year.

MasterBrand Cabinets, LLC Union Employees Savings Plan

Notes to Financial Statements

Payment of Benefits

Benefits are recorded when paid to participants or their designated beneficiaries.

Administrative Expenses

All administrative expenses of the Plan are paid by the Plan unless paid by the Company.

Use of Estimates

The preparation of the Plan's financial statements in conformity with GAAP requires the Plan administrator to make estimates and assumptions that affect the reported amounts of net assets available for Plan benefits at the date of the financial statements and the changes in net assets available for Plan benefits during the reporting period and, when applicable, the disclosures of contingent assets and liabilities at the date of the financial statements. Actual results could differ from those estimates.

Risks and Uncertainties

The Plan provides for various investment options with various investment objectives. Investment securities are exposed to various risks, such as interest risk, market risk, and credit risk. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits and the statements of changes in net assets available for benefits.

3. Fair Value Measurements

Accounting Standards Codification (ASC) 820, *Fair Value Measurements and Disclosures*, provides for a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under ASC 820 are described as follows:

Level 1 - Inputs are unadjusted quoted prices in active markets for identical assets or liabilities that the reporting entity has the ability to access at the measurement date. An active market for the asset or liability is a market in which transactions for the asset or liability occur with sufficient frequency and volume to provide pricing information on an ongoing basis.

Level 2 - Inputs are other than quoted prices included within Level 1 that are observable for the asset or liability, either directly or indirectly, including:

- Quoted prices for similar assets or liabilities in active markets.
- Quoted prices for identical or similar assets or liabilities in inactive markets.
- Inputs other than quoted prices that are observable for the assets or liabilities.
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

MasterBrand Cabinets, LLC Union Employees Savings Plan

Notes to Financial Statements

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs are unobservable for the asset or liability (including the entity's own assumptions about the assumptions that market participants would use in pricing the asset or liability) and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Plan management uses the following methods and significant assumptions to estimate fair value of investments. There have been no changes in the methodologies used at December 31, 2024 and 2023.

Mutual Funds - These funds are valued at the quoted net asset value (NAV) of the shares held by the Plan at year-end, which is obtained from an active market.

Collective Investment Trust Funds - These funds are valued at the NAV of units of each bank collective trust. The NAV is used as a practical expedient to estimate fair value. The NAV, as provided by the Trustee, is based on the fair value of the underlying investments held by the funds less their liabilities. As of December 31, 2024, there is no intention to sell or otherwise dispose of the investments in collective investment trust funds at prices different than their respective NAV. Participant transactions (purchases and sales) may occur daily. Were the Plan to initiate a full redemption of a collective trust, the investment advisor generally reserves the right to temporarily delay withdrawal from the trust in order to ensure that securities liquidations would be carried out in an orderly business manner. All of the collective investment trust funds file a Form 5500 as a direct filing entity with the Department of Labor (DOL). Redemption from these funds is permitted with 30 days' notice, except for one fund with 12 months' notice. There were no unfunded commitments, liquidity, or redemption restrictions related to the collective investment trusts.

Self-Directed Brokerage Accounts - These assets are valued based on the underlying holdings, which consist of cash and investments traded in active markets.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

4. Certified Investment Information

Certain information disclosed in the accompanying financial statements and ERISA-required supplemental schedule, related to investments held as of December 31, 2024 and 2023, and net appreciation in fair value of investments, and interest and dividends for the years then ended, was obtained by management and agreed to or derived from information certified as complete and accurate by Fidelity Management Trust Company, a qualified institution.

5. Tax Status

The Plan uses a pre-approved defined contribution plan from FMR LLC, which received an opinion letter from the Internal Revenue Service (IRS) on June 30, 2020, which states that the pre-approved defined contribution plan, as then-designed, satisfies the applicable provisions of the IRC. Although the Plan has been amended since the date of the opinion letter, the Plan administrator believes that the Plan is designed, and currently being operated in compliance, with the applicable requirements of the IRC.

GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing authorities; however, there are currently no audits for any tax periods in progress.

6. Related Party and Party-in-Interest Transactions

Fidelity Brokerage Services, an affiliate of the Trustee, manages the self-directed brokerage accounts. These transactions qualify as party-in-interest transactions. Fees have been paid to the Trustee by the Plan or the Plan administrator for recordkeeping and investment management services.

7. Plan Termination

The Company is obligated to continue the Plan during the term of the existing collective-bargaining agreement, which expires on October 31, 2025. While the Company has not expressed any intent to terminate the Plan subsequent to that date, it is free to do so subject to the provisions set forth by ERISA. In the event of Plan termination, participants would become 100% vested in their employer contributions.

8. Subsequent Events

Management has evaluated subsequent events through July 31, 2025, which is the date these financial statements were available to be issued and there were no material subsequent events that required recognition or additional disclosures in these statements.
