Independent Auditor's Report

To Plan Participants and Associate Benefits Committee of
MasterBrand, Inc. Retirement Savings Plan
Beachwood, Ohio

Opinion

We have audited the financial statements of MasterBrand, Inc. Retirement Savings Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA). The financial statements comprise the statements of net assets available for benefits as of December 31, 2024 and 2023, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

In our opinion, the accompanying financial statements present fairly, in all material respects, the net assets available for benefits of the Plan as of December 31, 2024 and 2023, and the changes in its net assets available for benefits for the years then ended, in accordance with accounting principles generally accepted in the United States of America (GAAP).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are available to be issued.

Management is responsible for maintaining a current plan instrument, including all plan amendments. Management is also responsible for administering the Plan and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedules Required by ERISA

Our audits were conducted for the purpose of forming an opinion on the financial statements as a whole. The supplemental schedule H, Line 4i, Schedule of Assets (Held at End of Year) as of December 31, 2024, and Schedule G, Part III, Nonexempt Transactions for the year ended December 31, 2024 are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been

subjected to the auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion, the information in the accompanying supplemental schedules is fairly stated, in all material respects, in relation to the financial statements as a whole, and the form and content are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

NOTE A - DESCRIPTION OF PLAN

The following provides a brief description of the Plan. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General

MasterBrand, Inc. ("MasterBrand") is a leading manufacturer of residential cabinets in North America with a portfolio of leading residential cabinetry products for the kitchen, bathroom and other parts of the home. References to "Cabinets," "MasterBrand," "the Company," "we," "our" and "us" refer to MasterBrand, Inc. and its consolidated subsidiaries, unless the context otherwise requires. On December 14, 2022, MasterBrand, Inc., separated from its former parent company Fortune Brands Innovations, Inc. (formerly known as Fortune Brands Home & Security, Inc.) ("Fortune Brands"), via a tax-free spin-off transaction (the "Separation"). The Separation created two independent, publicly traded companies.

Beginning on January 1, 2023, MasterBrand, Inc. maintains a tax-qualified defined contribution retirement plan covering eligible employees of MasterBrand and its operating companies named the MasterBrand, Inc. Retirement Savings Plan (the "Plan"). Prior to January 1, 2023, eligible associates of MasterBrand participated in either the Fortune Brands Innovations Retirement Savings Plan (formerly known as "Fortune Brands Home & Security Retirement Savings Plan") or the Fortune Brands Innovations Hourly Employee Retirement Savings Plan (formerly known as "Fortune Home & Security Hourly Employee Retirement Savings Plan"). On January 1, 2023, a transfer of \$413.2 million was executed from the legacy plans of Fortune Brands to the Plan, consisting of investments and participants loans outstanding. The Plan is designed to encourage and facilitate systematic savings and investment by eligible employees for their retirement. The Plan is maintained by MasterBrand, Inc. and is intended to comply with Section 401(a) of the Internal Revenue Code of 1986, as amended (the "Code"), and is subject to various provisions of the Code and the Employee Retirement Income Security Act of 1974, as amended ("ERISA"). The MasterBrand, Inc. Associate Benefits Committee serves as the Plan's administrator ("Plan Administrator"). Fidelity Management Trust Company is the Plan trustee ("Trustee").

MasterBrand and each of its operating companies that participated in the Plan are referred to collectively as the "Companies" and individually as a "Company." Operating companies that participated in the Plan during the years ended December 31, 2024 and December 31, 2023 included: MasterBrand Cabinets LLC, MasterBrand Home Products, LLC, and Norcraft Companies, L.P.

Contributions

Plan contributions are held by the Trustee and accumulated in individual participant accounts. Pursuant to the terms of the Plan, participants may make tax-deferred contributions and/or Roth 401(k) contributions of up to 50% of their "eligible compensation" (as defined under the Plan), subject to lower limits for "highly compensated employees" (as defined under the Code). In 2024 and 2023, the sum of each participant's annual tax-deferred contributions and Roth 401(k) contributions were limited by the Code to \$23,000 and \$22,500, respectively. During the year in which a participant attains age 50 (and in subsequent years), the participant may elect to make additional unmatched, pretax "catch up" contributions and/or Roth "catch up" contributions. In 2024 and 2023, participants that met this requirement were permitted to make "catch up" contributions of up to \$7,500.

The Plan permits participants to make after-tax contributions and to elect to automatically make after-tax contributions after reaching the dollar limitation on tax-deferred contributions and/or Roth 401(k) contributions. The sum of tax-deferred contributions, Roth 401(k) contributions, and after-tax contributions may not exceed 50% of the participant's total eligible compensation (lower limitations apply to participants who are highly compensated employees).

MasterBrand, Inc. Retirement Savings Plan
NOTES TO FINANCIAL STATEMENTS
As of and for the Years Ended December 31, 2024 and 2023

Participants eligible to make tax-deferred contributions and/or Roth 401(k) contributions may roll over balances from another eligible tax-qualified retirement plan or individual retirement account into the Plan. Eligible employees who have neither enrolled in the Plan nor affirmatively declined enrollment in the Plan are automatically enrolled and are deemed to have elected to make tax-deferred contributions equal to 3% of their eligible compensation. In addition, participants who are automatically enrolled have their contribution rate increased by 1% (unless it would cause the participant's deferral rate to exceed 6%) annually in May unless they affirmatively declined participation in the automatic increase program. Participants may elect to change or discontinue their participation in the automatic enrollment and automatic deferral rate increase programs at any time.

The Plan Administrator provides a matching contribution (in varying amounts stated in the Plan document) on a participant's elective contributions.

The Plan makes various investment funds available to participants to direct the investment of their accounts, including a Company stock fund, which gives participants the option to purchase shares of MasterBrand Common Stock. Additionally, through December 18, 2023, participants could also direct the investment of their accounts to the Fortune Brands Stock Fund. On December 18, 2023, any investments held in the Fortune Brands Stock Fund were automatically sold and equivalent investments in "BlackRock LifePath Index Retirement" were purchased.

Participant account balances are maintained to reflect each participant's beneficial interest in each of the investment funds available under the Plan. Participant account balances are increased by participant contributions, including rollovers, and Company contributions and decreased by the amount of withdrawals and distributions. Income and losses on Plan assets are allocated to participants' accounts based on the ratio of each participant's account balance invested in an investment fund to the total of all participants' account balances invested in that fund as of the preceding valuation date.

Vesting

Participant contributions and earnings on those contributions vest immediately. For employer matching contributions, vesting in the matching contribution and earnings on those contributions occurs upon on the earliest of the following: (1) death; (2) termination of employment due to disability; (3) attainment of normal retirement age (generally 65); (4) termination of employment without fault, and (5) after one year of service.

Forfeitures

Forfeited non-vested accounts totaled \$0.1 million and \$0.3 million as of December 31, 2024 and December 31, 2023, respectively. These accounts are used to reduce future Company contributions or to pay Plan expenses. Forfeitures were used to reduce Company contributions by \$0.6 million and \$0.1 million in 2024 and 2023, respectively, and to pay \$0.1 million in Plan expenses during both 2024 and 2023. Additionally, during 2023, \$0.1 million of forfeitures related to the Plan were utilized by the Company to pay expenses associated with other plans sponsored by MasterBrand, Inc. and which are considered nonexempt transactions by the Department of Labor ("DOL"). Refer to Note H - "Nonexempt Transactions," for further information.

MasterBrand, Inc. Retirement Savings Plan
NOTES TO FINANCIAL STATEMENTS
As of and for the Years Ended December 31, 2024 and 2023

Notes Receivable from Participants

A participant may apply for up to two loans of at least \$1,000 each from the vested portion of the participant's account balance (excluding the portion in certain subaccounts). Loan amounts may not exceed the lesser of one-half of the participant's vested balance or \$50,000 where the maximum is reduced by the participant's highest outstanding loan balance on any loans during the preceding twelve months. The term of any loan shall not exceed five years, unless the loan is related to the purchase of the participant's principal residence, in which case the term of the loan shall not exceed ten years.

Each loan bears a rate of interest commensurate with prevailing market rates at the time of issuance. Repayment is made through payroll deductions so that the loan is repaid evenly over the term of the loan.

Distributions and Withdrawals

Benefits are distributed from a participant's account upon death, retirement or other termination of employment and are payable in cash (generally, in a lump sum or installment payments and in some cases, in the form of an annuity) or rolled over (into a traditional or Roth IRA). The Plan also permits in-service withdrawals to be made by participants who have incurred a "hardship" as defined in the Plan, who have attained age 59-1/2, or who are performing qualified military service as described in the Plan.

NOTE B - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The accompanying financial statements have been prepared on the accrual basis of accounting in accordance with U.S. generally accepted accounting principles ("GAAP").

Use of Estimates

The preparation of the Plan's financial statements in conformity with GAAP requires the Plan Administrator to make estimates and assumptions that affect the reported amounts of net assets available for Plan benefits and the changes in net assets available for Plan benefits and, when applicable, the disclosures of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation

The Plan's investments are reflected at fair value. Fair value is defined as the price that would be received (i) to sell an asset, or (ii) paid to transfer a liability (an exit price) in an orderly transaction between market participants at the measurement date in the principal or most advantageous market for the asset or liability. Inputs are used in applying the various valuation techniques and broadly refer to the assumptions that market participants use to make valuation decisions, including assumptions about risk.

The Plan's management follows ASC 820, *Fair Value Measurements and Disclosures*, which established a three-tiered hierarchy of inputs to establish a classification of fair value measurements for disclosure purposes. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements).

MasterBrand, Inc. Retirement Savings Plan
NOTES TO FINANCIAL STATEMENTS
As of and for the Years Ended December 31, 2024 and 2023

The three levels of the fair value hierarchy are as follows:

Level 1 inputs are unadjusted quoted prices in active markets for identical assets or liabilities that the reporting entity has the ability to access at the measurement date. An active market for the asset or liability is a market in which transactions for the asset or liability occur with sufficient frequency and volume to provide pricing information on an ongoing basis.

Level 2 inputs are other than quoted prices included within Level 1 that are observable for the asset or liability, either directly or indirectly, including:

1. Quoted prices for similar assets or liabilities in active markets.
2. Quoted prices for identical or similar assets or liabilities in inactive markets.
3. Inputs other than quoted prices that are observable for the assets or liabilities (including volatilities).
4. Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 inputs are unobservable for the asset or liability (including the entity's own assumptions about the assumptions that market participants would use in pricing the asset or liability) and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The Plan's investments as of December 31, 2024 and December 31, 2023 are presented at fair value, which has been determined based on the fair value of the underlying investments.

The investments held by the Plan and the methods and significant assumptions used by Plan management to estimate fair value of investments are presented below. There have been no changes in the methodologies used at December 31, 2024 and December 31, 2023.

Collective trust funds: Valued at the net asset value ("NAV") of units of each bank collective trust. The NAV is used as a practical expedient to estimate fair value. The NAV, as provided by the Trustee, is based on the fair value of the underlying investments held by the funds less their liabilities. As of December 31, 2024 and December 31, 2023, there is no intention to sell or otherwise dispose of the investments in collective trust funds at prices different than their respective NAV. Participant transactions (purchases and sales) may occur daily. Were the Plan to initiate a full redemption of a collective trust, the investment advisor generally reserves the right to temporarily delay withdrawal from the trust in order to ensure that securities liquidations would be carried out in an orderly business manner.

Mutual funds: Valued at the NAV of shares held by the plan at year end, which is obtained from an active market.

MasterBrand, Inc. Retirement Savings Plan
NOTES TO FINANCIAL STATEMENTS
As of and for the Years Ended December 31, 2024 and 2023

Self-directed brokerage accounts: Valued based on the underlying holdings which consist of various investment types, including mutual funds, common stock, and interest-bearing cash. While interest-bearing cash is valued at cost plus earnings from investments for the period, which approximates fair market value due to the short-term duration, all other investments in the self-directed brokerage accounts are valued in accordance with the valuation methods described above.

Company common stock: Valued at the closing price reported on the active market on which the security is traded.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in different fair value measurements at the reporting date.

See Note C – “Fair Value Measurements,” for the investments held by the Plan as of December 31, 2024 and December 31, 2023, by level within the fair value hierarchy.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. If a participant ceases to make loan repayments and the Plan Administrator deems the participant loan to be in default, the participant loan balance is reduced, and a benefit payment is recorded.

Income Recognition

Security transactions are accounted for on the trade-date basis. Dividend income is accrued on the ex-dividend date and interest income is recorded on the accrual basis. Both dividend income and interest income are recorded in the accompanying statements of changes in net assets available for benefits as interest and dividends. Net realized and unrealized appreciation is recorded in the accompanying statements of changes in net assets available for benefits as net appreciation in fair value of investments.

Benefits Paid to Participants

Distributions and withdrawals are recorded when paid.

Administrative Expenses

Certain investment expenses incurred by the Plan are netted against earnings prior to allocation to participant accounts and are recorded in the accompanying statements of changes in net assets available for benefits as administrative expenses. Participants’ accounts are directly charged for certain administrative expenses and any remaining expenses are paid directly by the Plan’s suspense account.

NOTE C - FAIR VALUE MEASUREMENTS

The following table presents the Plan's investments by level, within the fair value hierarchy as of December 31, 2024 and December 31, 2023:

<i>(U.S. Dollars presented in millions)</i>	As of December 31, 2024			
	Level 1	Level 2	Level 3	Total
Mutual funds	\$ 33.7	\$ —	\$ —	\$ 33.7
Self-directed brokerage accounts	16.1	—	—	16.1
Company common stock	4.3	—	—	4.3
Total assets in the fair value hierarchy	\$ 54.1	\$ —	\$ —	\$ 54.1
Investments measured at NAV (a)				
Collective trust funds (a)				480.8
Total investments at fair value				\$ 534.9

	As of December 31, 2023			
	Level 1	Level 2	Level 3	Total
Mutual funds	\$ 31.5	\$ —	\$ —	\$ 31.5
Self-directed brokerage accounts	11.5	—	—	11.5
Company common stock	3.2	—	—	3.2
Total assets in the fair value hierarchy	\$ 46.2	\$ —	\$ —	\$ 46.2
Investments measured at NAV (a)				
Collective trust funds (a)				430.2
Total investments at fair value				\$ 476.4

- (a) In accordance with the Financial Accounting Standards Board (FASB) Accounting Standards Codification Subtopic 820-10, certain investments that were measured at NAV per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in these tables are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statements of net assets available for benefits.

NOTE D - RISKS AND UNCERTAINTIES

The Plan provides for various investments in any mutual funds, self-directed brokerage accounts, Company common stock, and collective trust funds. Investment securities are exposed to various risks, such as interest rate, market and credit. Due to the level of risk associated with certain investment securities and the level of uncertainty related to changes in the value of investment securities, it is at least reasonably possible that changes in market value could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits and the statements of changes in net assets available for benefits.

NOTE E - TAX STATUS

The Internal Revenue Service ("IRS") issued an opinion letter dated June 30, 2020 indicating that the pre-approved defined contribution plan document adopted by the Plan, as then-designed, was in compliance with applicable requirements of the Internal Revenue Code ("IRC"). The Company has determined that it is eligible to, and has chosen to, rely on the current IRS pre-approved plan opinion letter. Once qualified, the Plan is required to operate in conformity with the IRC to maintain its qualification. The Plan has been

MasterBrand, Inc. Retirement Savings Plan
NOTES TO FINANCIAL STATEMENTS
As of and for the Years Ended December 31, 2024 and 2023

amended subsequent to the IRS ruling. The Plan Administrator believes the Plan is being operated in compliance with the applicable requirements of the IRC and, therefore, believes the Plan is qualified. Therefore, no provision for income taxes has been included in the Plan's financial statements.

GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the organization has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing authorities; however, there are currently no audits for any tax periods in progress.

NOTE F - RELATED-PARTY AND PARTY-IN-INTEREST TRANSACTIONS

Fidelity Management Trust Company is the Plan trustee. Fidelity Management Trust company does not manage any investments of the Plan.

Notes receivable from participants are considered party-in-interest transactions. In addition, at December 31, 2024, the Plan held 293,361 shares of MasterBrand, Inc. common stock, valued at \$4.3 million, or a fair market value of \$14.61 per share. At December 31, 2023, the Plan held 216,060 shares of MasterBrand, Inc. common stock, valued at \$3.2 million, or a fair market value of \$14.85 per share.

Transactions involving these investments are allowable party-in-interest transactions under ERISA.

NOTE G—PLAN TERMINATION

Although they have not expressed any intent to do so, the Companies have the right under the Plan to discontinue contributions at any time. MasterBrand, Inc., as Plan sponsor, has the right to terminate the Plan at any time subject to the provisions of ERISA. In the event of Plan termination, participants will become fully vested in the Company contribution portion of their accounts.

NOTE H—NONEXEMPT TRANSACTIONS

In 2024, there were no nonexempt transactions. In 2023, there were immaterial nonexempt transactions related to \$0.1 million of payments from the Plan's forfeiture account in satisfaction of expenses incurred by other plans sponsored by MasterBrand, Inc. In 2024, the Company repaid the Plan for such nonexempt transactions, including interest. The Company corrected these transactions through the Voluntary Fiduciary Correction Program. The Company has subsequently received a communication from the U.S. Department of Labor, Employee Benefits Security Administration ("EBSA"), noting the EBSA will take no civil enforcement action against MasterBrand, Inc. with respect to these nonexempt transactions. As a result, the Company considers these nonexempt transactions to be fully corrected, has paid the required excise tax for 2023, and will pay the required excise tax for 2024, on Form 5330.

NOTE I—SUBSEQUENT EVENTS

Management of the Plan has evaluated the impact of events that have occurred after December 31, 2024, through June 26, 2025, which is the date the financial statements were available to be issued, for possible recognition or disclosure in those financial statements.
