Part III Accountant's Opinion

3 Complete lines 3a through 3c if the opinion of an independent qualified public accountant is attached to this Form 5500. Complete line 3d if an opinion is not attached.

a The attached opinion of an independent qualified public accountant for this plan is (see instructions):

(1) Unmodified (2) Qualified (3) Disclaimer (4) Adverse

b Check the appropriate box(es) to indicate whether the IQPA performed an ERISA section 103(a)(3)(C) audit. Check both boxes (1) and (2) if the audit was performed pursuant to both 29 CFR 2520.103-8 and 29 CFR 2520.103-12(d). Check box (3) if pursuant to neither.

(1) DOL Regulation 2520.103-8 (2) DOL Regulation 2520.103-12(d) (3) neither DOL Regulation 2520.103-8 nor DOL Regulation 2520.103-12(d).

c Enter the name and EIN of the accountant (or accounting firm) below:

(1) Name: **MCCONNELL & JONES LLP**

(2) EIN: **76-0488832**

d The opinion of an independent qualified public accountant is **not attached** as part of Schedule H because:

(1) This form is filed for a CCT, PSA, DCG or MTIA. (2) It will be attached to the next Form 5500 pursuant to 29 CFR 2520.104-50.

Part IV Compliance Questions

4 CCTs and PSAs do not complete Part IV. MTIAs, 103-12 IEs, and GIAs do not complete lines 4a, 4e, 4f, 4g, 4h, 4k, 4m, 4n, or 5. 103-12 IEs also do not complete lines 4j and 4l. MTIAs also do not complete line 4l. DCGs do not complete lines 4e, 4f, 4k, 4l, and 5, and DCGs generally complete the rest of Part IV collectively for all plans in the DCG, except as otherwise provided (see instructions).

During the plan year:

	Yes	No	Amount
a Was there a failure to transmit to the plan any participant contributions within the time period described in 29 CFR 2510.3-102? Continue to answer "Yes" for any prior year failures until fully corrected. (See instructions and DOL's Voluntary Fiduciary Correction Program.)		X	
b Were any loans by the plan or fixed income obligations due the plan in default as of the close of the plan year or classified during the year as uncollectible? Disregard participant loans secured by participant's account balance. (Attach Schedule G (Form 5500) Part I if "Yes" is checked.)		X	
c Were any leases to which the plan was a party in default or classified during the year as uncollectible? (Attach Schedule G (Form 5500) Part II if "Yes" is checked.)		X	
d Were there any nonexempt transactions with any party-in-interest? (Do not include transactions reported on line 4a. Attach Schedule G (Form 5500) Part III if "Yes" is checked.)		X	
e Was this plan covered by a fidelity bond?	X		25000000
f Did the plan have a loss, whether or not reimbursed by the plan's fidelity bond, that was caused by fraud or dishonesty?		X	
g Did the plan hold any assets whose current value was neither readily determinable on an established market nor set by an independent third party appraiser?		X	
h Did the plan receive any noncash contributions whose value was neither readily determinable on an established market nor set by an independent third party appraiser?		X	
i Did the plan have assets held for investment? (Attach schedule(s) of assets if "Yes" is checked, and see instructions for format requirements.)	X		
j Were any plan transactions or series of transactions in excess of 5% of the current value of plan assets? (Attach schedule of transactions if "Yes" is checked and see instructions for format requirements.)		X	
k Were all the plan assets either distributed to participants or beneficiaries, transferred to another plan, or brought under the control of the PBGC?		X	
l Has the plan failed to provide any benefit when due under the plan?		X	
m If this is an individual account plan, was there a blackout period? (See instructions and 29 CFR 2520.101-3.)		X	
n If 4m was answered "Yes," check the "Yes" box if you either provided the required notice or one of the exceptions to providing the notice applied under 29 CFR 2520.101-3.			

5a Has a resolution to terminate the plan been adopted during the plan year or any prior plan year? Yes No
If "Yes," enter the amount of any plan assets that reverted to the employer this year _____.

INDEPENDENT AUDITOR'S REPORT

To the Fiduciary Committee and Plan Participants of the
Kinder Morgan Savings Plan:

Opinion on the Financial Statements

We have audited the accompanying financial statements of Kinder Morgan Savings Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), which comprise the statements of net assets available for benefits as of December 31, 2024 and 2023, and the related statement of changes in net assets available for benefits for the year ended December 31, 2024, and the related notes to the financial statements (collectively, the financial statements).

In our opinion, the accompanying financial statements present fairly, in all material respects, the net assets available for benefits of the Plan as of December 31, 2024 and 2023, and the changes in net assets available for benefits for the year ended December 31, 2024, in accordance with accounting principles generally accepted in the United States of America (US GAAP).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (US GAAS). Our responsibilities under those standards are further described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Responsibilities of Management for the Financial Statements

Plan management (Management) is responsible for the preparation and fair presentation of the financial statements in accordance with US GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of the financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, Management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the ability of the Plan to continue as a going concern for one year after the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the transactions of the Plan that are presented and disclosed in the financial statements are in conformity with the plan provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with US GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audits.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audits in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the internal control of the Plan. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by Management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the ability of the Plan to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audits, significant audit findings, and certain internal control-related matters that we identified during the audits.

Other Matter – Supplemental Schedule Required by ERISA

Our audits were conducted for the purpose of forming an opinion on the financial statements as a whole. The supplemental Schedule of Assets (Held at End of Year) as of December 31, 2024, is presented for purpose of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of Management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare

McConnell Jones

the financial statements or to the financial statements themselves, and other additional procedures in accordance with US GAAS.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, including the form and content, is presented in conformity with the DOL Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion, the supplemental schedule is fairly stated, in all material respects, in relation to the financial statements as a whole, and the form and content are presented in conformity with the DOL Rules and Regulations for Reporting and Disclosure under ERISA.

Kinder Morgan Savings Plan Notes to Financial Statements

1. DESCRIPTION OF THE PLAN

General

The following description of the Kinder Morgan Savings Plan (the Plan) provides only general information. Plan participants (Participants) should refer to the Plan document for a more complete description of the Plan's provisions.

The Plan is a defined contribution plan established in 1945 for the benefit of eligible employees of Kinder Morgan, Inc. (the Company) and generally covers all full-time employees and part-time employees. Effective January 1, 2025, all employees were moved from Kinder Morgan, Inc. to KMGP Services Company, Inc. Certain employee classifications and some employees covered by collective bargaining agreements are not covered by the Plan. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended (ERISA).

Plan Administration

The Plan is administered by the Company's Fiduciary Committee. Empower Retirement, LLC provides recordkeeping services for the Plan. The maintenance and custody of the Plan assets is administered by Empower Trust Company (the Trustee). Invesco Trust Company (Invesco) manages a separate account, known as the Stable Value Fund (the Fund) (see Note 3). Invesco serves as the custodian for the Stable Value Fund.

Contributions

Participants may elect to make pre-tax or after-tax Roth contributions from 1% to 50% of their eligible annual compensation, limited by requirements of the Internal Revenue Code (IRC). Participants may discontinue their election to contribute at any time. Participants hired on or after January 1, 2020 (New Participants) are automatically enrolled in the Plan with a pre-tax contribution rate of 6% of their eligible compensation unless they opt out or make a different contribution election. Participants hired prior to January 1, 2020 were automatically enrolled in the Plan with a pre-tax contribution rate of 3% of their eligible compensation unless they opted out or made a different contribution election. Participants who do not opt out of automatic enrollment are also enrolled in automatic escalation.

The Company has established a pre-tax contribution goal rate of 12% (SmartGoal) for New Participants and 8% for all other Participants. Every February, Participants who have not opted out of automatic escalation and who have a contribution rate below the SmartGoal will automatically have a 1% increase in their contribution rate until the Participant meets the SmartGoal. Participants can opt out of the SmartGoal at any time. Participants can also create their own automatic escalation schedules at any time. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans to the Plan.

The Company contributes 5% of eligible compensation to each Participant's account each pay period, except for Company contributions for bargaining Participants who follow the respective collective bargaining agreements and part-time employees who are not eligible for Company contributions until they have attained 1,000 hours of service in a calendar year. All Company contributions are invested according to Participants' investment elections on file or the default, if no election is filed. Participants can transfer from the default fund(s) to any other available investment fund(s) at any time.

Participant Accounts

Each Participant's account is credited with Participant contributions, Company contributions, and earnings. Participant accounts are charged a quarterly fee for administrative expenses. The benefit to which a Participant is entitled is the Participant's vested account balance.

Benefits/Vesting

Company contributions vest on the second anniversary of the date of hire. Vesting of Company contributions for bargaining Participants will follow the respective collective bargaining agreements.

Participant contributions may be withdrawn in the event of unusual expenses connected with illness or disability, for college or funeral expenses for a Participant or his or her dependents, for the repair of damage to a primary residence caused by fire, storm, federally declared disaster, or other casualties. Additional options available under the Plan include withdrawals for the purchase of a primary residence, for qualified births or adoptions, or for victims of domestic abuse, as defined in the Plan

Kinder Morgan Savings Plan Notes to Financial Statements

document. If not withdrawn earlier, a Participant's account will be available for distribution, rollover, or payable in the event of termination of employment, death, or termination of the Plan. If upon termination, a Participant's account is \$1,000 or less, a lump-sum distribution will automatically be made. If a Participant's account is greater than \$1,000, the Participant's distribution options are: lump-sum distribution, partial distribution, or periodic installments. Upon termination, Participants whose accounts exceed \$1,000 and who choose to leave their accounts in the Plan would be subject to minimum distributions by age 73, as required under the IRC.

Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan, subject to the provisions of ERISA. In the event of Plan termination, Participants would become fully vested in Company contributions.

Notes Receivable from Participants

Participants may borrow, from the vested portion of their Plan accounts, a minimum of \$1,000 up to a maximum equal to the lesser of 50% of their vested balance or \$50,000, minus the highest outstanding loan balance from the previous 12 months. The Participants' loans are secured by their vested balances. All loans are charged an interest rate equal to the prime rate on the first business day of the month of issuance plus 2% and the rate remains fixed during the life of the loan. The loans are subject to certain restrictions as defined in the Plan document and applicable restrictions under the IRC.

Forfeitures

Forfeitures of non-vested Company contributions remain in the Plan and earn interest income. Forfeited balances of terminated Participants' non-vested accounts may be used to reinstate previously forfeited amounts, offset future Company contributions to the Plan or pay Plan administrative expenses. For the year ended December 31, 2024, terminated Participants forfeited \$1,578,000 of Company contributions, and available forfeited balances including earnings in the amount of \$1,607,000 were used to reduce Company contributions.

Recent Legislation

The Setting Every Community Up for Retirement Enhancement Act (SECURE Act) was enacted in December 2019 and became effective January 1, 2020. On December 29, 2022, the SECURE 2.0 Act was signed into law, which built on the original SECURE Act's focus on expanding retirement plan coverage and participation. The Plan has incorporated all required changes prescribed under the SECURE Act and the SECURE 2.0 Act in its Plan document by the deadlines prescribed in the legislation and will continue to implement required changes by the required deadlines. The Plan has incorporated some voluntary provisions of the SECURE Act and the SECURE 2.0 Act and may opt to include other voluntary provisions in the future.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Presentation

The accompanying financial statements are prepared on the accrual basis of accounting in conformity with the accounting principles contained in the Financial Accounting Standards Board's (FASB) Accounting Standards Codification, the single source of generally accepted accounting principles in the United States of America (U.S. GAAP).

Use of Estimates

The preparation of the Plan's financial statements in conformity with U.S. GAAP requires the Plan's management to make estimates and assumptions. These estimates and assumptions affect the reported amounts of assets, liabilities and changes therein and the disclosure of contingent assets and liabilities and changes therein. Actual results could differ from these estimates.

Kinder Morgan Savings Plan Notes to Financial Statements

Risks and Uncertainties

The Plan provides for investments in various investment securities. Investments, in general, are exposed to various risks, such as interest rate, credit and overall market volatility risk. Due to the level of risk associated with certain investments, it is reasonably possible that changes in the values of investments will occur in the near term and that such changes could materially affect Participants' account balances and the amounts shown in the accompanying Statements of Net Assets Available for Benefits and Statement of Changes in Net Assets Available for Benefits.

Investment Valuation and Income Recognition

Investments are generally reported at fair value (as disclosed in Note 4), with the exception of fully benefit-responsive investment contracts (FBRIC), as explained below.

FBRIC are held in the Fund and are accounted for at contract value. Contract value is the relevant measure for the portion of the net assets available for benefits of a defined contribution plan attributable to FBRIC because contract value is the amount Participants would normally receive if they were to initiate permitted transactions under the terms of the Plan.

The Plan presents in the accompanying Statement of Changes in Net Assets Available for Benefits the net appreciation in the fair value of investments, which consists of realized gains and losses, and the net change in unrealized appreciation (depreciation) on investments. Unrealized appreciation (depreciation) is the difference between the fair value of the investment at the end of the current year and the cost of the investment, if acquired during the Plan year, or the fair value of the investment at the beginning of the Plan year. Purchases and sales of the funds are reflected on a trade date basis. Interest income is recognized when earned. Dividends are recognized on the ex-dividend date.

Notes Receivable from Participants

Notes receivable from Participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on an accrual basis. No allowance for credit losses has been recorded as of December 31, 2024 and 2023. Delinquent notes receivable from Participants are reclassified as distributions based upon the terms of the Plan document.

Administrative and Investment Expenses

General administrative expenses are paid by the Plan through the quarterly per Participant administrative fees. Expenses associated with any Qualified Domestic Relations Orders, loans and distributions are paid by the Participants who incur these services. Fees for any administrative expenses not covered by the quarterly per Participant administrative fees are paid by the Company. Investment expenses are included within "Net appreciation in fair value of investments" on our accompanying Statement of Changes in Net Assets Available for Benefits.

Payment of Benefits

Benefits are recorded when paid.

Subsequent Events

Plan management has evaluated all subsequent events through June 24, 2025, which is the date the financial statements were issued, and has concluded that there are no other significant events to be reported.

3. INVESTMENT CONTRACTS

The Plan, through the Fund, holds investments in common collective trust funds and a money market fund. To reduce the risk of market losses on these investments, the Fund entered into synthetic investment contracts with financial institutions and insurance companies. A synthetic guaranteed investment contract (GIC) includes a wrapper contract, which is an agreement for the wrap issuer, such as a bank or insurance company, to make payments to the Fund in certain circumstances. With synthetic GICs, the underlying investments are owned by the Fund and held in trust for Plan Participants. The wrapper contract amortizes the realized and unrealized gains and losses on the underlying fixed income investments, typically over the duration of the investment, through adjustments to the future interest crediting rate. The issuer of the wrapper contract provides

Kinder Morgan Savings Plan Notes to Financial Statements

assurance that the adjustments to the interest crediting rate do not result in a future interest crediting rate that is less than zero. Synthetic investment contracts enable its participants to transact at the investments' contract value by protecting the principal amount invested over a specified period of time. These synthetic investment contracts are fully benefit-responsive, and their contract value is reflected in the accompanying Statements of Net Assets Available for Benefits. Contract value represents the original cost of the contract, plus interest (based upon the crediting rates of the underlying contracts) and deposits, reduced by administrative fees, transfers out, and withdrawals.

Under certain events, the amounts withdrawn from investment contracts may be payable at fair value rather than contract value. These events include termination of the Plan, a material adverse change to the provisions of the Plan, if the Company elects to withdraw from an investment contract or if the terms of a successor plan do not meet the contract issuer's criteria for the issuance of a similar contract. In some cases, an investment contract issuer may terminate a contract with the Plan and settle at an amount different than the contract value. Examples of these events include the Plan's loss of its qualified status, material breaches of responsibilities that are not cured or material and adverse changes to the provisions of the Plan.

4. FAIR VALUE MEASUREMENTS

Fair value is a market-based measurement that is determined based on assumptions (inputs) that market participants would use in pricing an asset or liability. Inputs may be observable or unobservable, and valuation techniques used to measure fair value should maximize the use of relevant observable inputs and minimize the use of unobservable inputs. The Plan uses a hierarchical disclosure framework that ranks the quality and reliability of information used to determine fair values.

The hierarchy is associated with the level of pricing observability utilized in measuring fair value and defines three levels of inputs to the fair value measurement process—quoted prices are the most reliable valuation inputs, whereas model values that include inputs based on unobservable data are the least reliable.

The three broad levels of inputs defined by the fair value hierarchy are as follows:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access at the measurement date.

Level 2 Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability; and
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Unobservable inputs for the asset or liability. These unobservable inputs reflect the entity's own assumptions about the assumptions that market participants would use in pricing the asset or liability, and are developed based on the best information available in the circumstances (which might include the reporting entity's own data).

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

In determining fair value, the Plan uses two different approaches (the market approach and the income approach) depending on the nature of the assets and liabilities. The market approach uses prices and other relevant data based on market transactions involving identical or comparable assets and liabilities. The income approach uses valuation techniques to convert future amounts, such as cash flows or earnings, to a single present amount, with the measurement based on the value indicated by current market expectations about those future amounts.

Kinder Morgan Savings Plan Notes to Financial Statements

Following is a description of the valuation methodologies and approaches used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2024 and 2023.

Common equity and exchange traded funds: Valued at the closing price reported on the active market on which the individual securities are traded. (Market approach)

Corporate bonds included within Self-directed brokerage accounts: Valued using pricing models maximizing the use of observable inputs for similar securities. This includes basing value on yields currently available on comparable securities of issuers with similar credit ratings. (Income approach)

Registered investment companies (mutual funds): Valued at the daily closing price as reported by the mutual fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded. (Market approach)

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2024 and 2023:

Total assets in the fair value hierarchy	\$ 267,898	\$ 4,165	272,063
Investments measured at NAV(a)			2,133,961
Investments at fair value			\$ 2,406,024

(a) In accordance with the FASB's Accounting Standards Codification Subtopic 820-10, certain investments that were measured using NAV as a practical expedient per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the Statements of Net Assets Available for Benefits.

Fair Value of Investments in Entities that Use NAV

The fair value of common collective trusts based on NAV as a practical expedient as of December 31, 2024 and 2023 were \$2,350,245,000 and \$2,133,961,000, respectively. The common collective trusts held in the Plan have no unfunded commitments, redemption frequencies are daily and redemption periods range from 0 to 15 days.

5. TAX STATUS

The Plan is qualified under the IRC as exempt from federal income taxes, and the Plan received a favorable determination letter from the Internal Revenue Service on March 21, 2016. The Plan has been amended since receiving this determination; however, the Company's Fiduciary Committee believes that the Plan is currently designed and being operated in compliance

Notes to Financial Statements**

with the applicable requirements of the IRC. Therefore, the Company's Fiduciary Committee believes that the Plan was tax exempt as of the financial statement dates. Company contributions to the Plan and all earnings from Plan investments are not taxable to Participants until a partial or complete distribution of such contributions and associated accumulated earnings are made.

U.S. GAAP requires plan management to evaluate tax positions taken by the plan and recognize a tax liability if the plan has taken an uncertain tax position that may not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however there are currently no audits for any tax periods in progress.

6. PARTY-IN-INTEREST TRANSACTIONS

Certain Plan investments are in accounts managed by the Trustee and Invesco. The Plan has notes receivable from certain Participants and has investments in shares of the Company's common stock. These transactions qualify as party-in-interest transactions, as defined by ERISA. However, such transactions are permitted under the provisions of the Plan and are exempt from the prohibition of party-in-interest transactions under ERISA. Administrative expenses associated with Plan administration, recordkeeping and investment management fees are paid by the Plan to certain related parties-in-interest.
