Report of Independent Auditors

The Plan Sponsor and Plan Administrator of
Glacier Bancorp, Inc. Profit Sharing and 401(k) Plan

Report on the Audit of the Financial Statements

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of Glacier Bancorp, Inc. Profit Sharing and 401(k) Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2024 and 2023, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of Glacier Bancorp, Inc. Profit Sharing and 401(k) Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of and for the years ended December 31, 2024 and 2023, stating that the certified investment information, as described in Note 5 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (GAAP).
- the information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Glacier Bancorp, Inc. Profit Sharing and 401(k) Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Glacier Bancorp, Inc. Profit Sharing and 401(k) Plan's ability to continue as a going concern within one year after the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- exercise professional judgment and maintain professional skepticism throughout the audit.
- identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Glacier Bancorp, Inc. Profit Sharing and 401(k) Plan's internal control. Accordingly, no such opinion is expressed.

- evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Glacier Bancorp, Inc. Profit Sharing and 401(k) Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter

Supplemental Schedule Required by ERISA

The supplemental schedule of Schedule H, Line 4(i) – Schedule of Assets (Held at End of Year) as of December 31, 2024, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to the auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosures under ERISA.

- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Glacier Bancorp, Inc. Profit Sharing and 401(k) Plan Notes to Financial Statements

Note 1 – Description of Plan

The following description of the Glacier Bancorp, Inc. Profit Sharing and 401(k) Plan (the Plan) is provided for general information purposes only. Participants should refer to the Plan agreement, as amended, for a more complete description of Plan provisions.

General – The Plan is a single-employer, defined contribution plan covering substantially all employees of Glacier Bancorp, Inc. (Glacier or Plan Sponsor). The Plan is subject to provisions of the Employee Retirement Income Security Act (ERISA) of 1974, as amended. The Plan was amended and restated effective May 10, 2021.

Eligibility – Employees of the Plan Sponsor who have attained the age of 18 are eligible to participate in the Plan upon completing three months of service. Employees whose terms and conditions of employment are determined by a collective bargaining agreement, who are residents of Puerto Rico, or who are no longer providing services but are receiving W-2 wages as a result of change in control or deferred compensation agreements, are not eligible to participate.

Contributions

Participant contributions – Each year, participants may contribute from 1% to 60% of pretax annual compensation, as defined in the Plan. Participants may elect to make Roth contributions utilizing after-tax contributions. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans. The Plan includes an auto-enrollment provision whereby all newly eligible employees are automatically enrolled in the Plan unless they affirmatively elect not to participate in the Plan. Automatically enrolled participants have their deferral rate set at 6% of eligible compensation. Unless elected otherwise by the participant, deferrals are automatically increased annually by 1%, up to a maximum auto-deferral of 12%.

Employer match and profit sharing contributions – The Plan Sponsor may elect to make discretionary matching and profit sharing contributions to the Plan. The Plan Sponsor matches 50% of employee contributions, up to 6% of eligible compensation deferred to the Plan. The discretionary matching contribution for the years ended December 31, 2024 and 2023, was \$6,514,386 and \$6,242,214, respectively. The Plan Sponsor may also make discretionary profit sharing contributions to employees who have met Plan eligibility, completed 501 hours of annual service, and are employed on the last day of the year, but in no case in an amount that is in excess of 100% of compensation paid to the participants in the Plan year, not to exceed limitations imposed by the Internal Revenue Service. Generally, annual contributions are to be funded no later than the date the Plan Sponsor's federal income tax return is due. The Plan Sponsor made profit sharing contributions of 1% and 2.5% of eligible compensation for 2024 and 2023, respectively. The discretionary profit sharing contributions for the years ended December 31, 2024 and 2023, were \$2,486,485 and \$5,900,891, respectively.

Employer safe harbor – The Plan Sponsor made a safe harbor contribution in an amount equal to 3% of the participants' eligible compensation for 2024 and 2023. The safe harbor contributions for the years ended December 31, 2024 and 2023, were \$7,909,909 and \$7,516,365, respectively.

Glacier Bancorp, Inc. Profit Sharing and 401(k) Plan Notes to Financial Statements

Acquisitions – On February 1, 2024, the Plan Sponsor acquired Community Financial Group, Inc., the bank holding company for Wheatland Bank, a community bank headquartered in Spokane, Washington. The Wheatland 401(k) plan was terminated at the time of acquisition and all eligible employees from the acquired bank were brought in under the Glacier Bancorp, Inc. Profit Sharing and 401(k) Plan.

On July 19, 2024, the Plan Sponsor acquired six Montana branch locations of HTLF Bank, a wholly owned subsidiary of Heartland Financial USA, Inc. All eligible employees from the acquired branches were brought in under the Glacier Bancorp, Inc. Profit Sharing and 401(k) Plan.

Contributions are subject to regulatory limitations.

Participant accounts – Each participant’s account is credited with the participant’s contributions and Plan Sponsor’s matching contributions, as well as allocations of the Plan Sponsor’s profit sharing contributions and Plan earnings. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant’s vested account. Participants direct the investment of their contributions into various investment options offered by the Plan.

Vesting – Participants are vested immediately in the employee and employer contributions, plus actual earnings thereon.

Distribution provisions – Upon termination of service due to death, disability, or retirement, a participant may elect to receive a lump-sum amount equal to the value of their account balance. For termination of service for other reasons, a participant may receive the value of the vested interest in his or her account as a lump-sum distribution. If the participant does not initiate a withdrawal and the value of his or her vested account is less than \$1,000, the vested account balance is distributed to the participant, regardless of consent. Terminated participant balances between \$1,000 and \$7,000 will be automatically transferred to a Fidelity individual retirement account. If the participant’s vested account balance exceeds \$7,000, he or she may delay his or her distribution until required by law to receive minimum required distributions. The Plan also permits in-service distributions for participants who have attained age 59½ and hardship distributions. As of December 31, 2024 and 2023, there were no funds withdrawn by participants that had not been paid.

Notes receivable from participants – The Plan does not allow for participant loans. The notes receivable from participants presented in the accompanying statements of net assets available for benefits are attributable to participant loans transferred into the Plan as a result of the Plan Sponsor acquiring other companies and merging in defined contribution plans. Principal and interest is paid ratably through payroll deductions. As of December 31, 2024, the rate of interest on all outstanding loans was 3.25%–4.25% with various maturities through September 2043.

Forfeitures – Forfeitures are the nonvested portion of a participant’s account that is lost upon termination of employment. Forfeitures are retained in the Plan, must be used in the subsequent year, and will first be used to pay the Plan’s administrative expenses, with any remaining amount used to reduce employer matching contributions. Forfeitures were immaterial for the years ended December 31, 2024 and 2023.

Glacier Bancorp, Inc. Profit Sharing and 401(k) Plan Notes to Financial Statements

Reclassification – Certain reclassifications have been made to the prior year amounts to be in accordance with classifications adopted in the current year.

Note 2 – Summary of Significant Accounting Policies

Basis of accounting – The financial statements have been prepared in accordance with accounting principles generally accepted in the United States of America, using the accrual method of accounting.

Use of estimates – The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires the use of estimates and assumptions that may affect certain amounts and disclosures. Accordingly, actual results could differ from those estimates.

Risks and uncertainties – The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, credit, and market risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the investment balances and the amounts reported in the statements of net assets available for benefits.

Investment valuation and income recognition – Investments in shares of the stock funds, individually directed accounts, money market funds, and registered investment company funds are reported at fair value. Investments in common collective trusts and stable value funds are stated at their respective net asset value (NAV). The Plan's trustee, Fidelity Management Trust Company, certifies the NAV of the common collective trusts and stable value funds and the fair value of all other investments. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 3 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. The net appreciation or depreciation in fair value of investments consists of both the realized gains and losses and unrealized appreciation and depreciation of those investments.

Notes receivable from participants – Notes receivable from participants are measured at their unpaid principal balance, plus any accrued but unpaid interest. Delinquent participant loans are reclassified as distributions based upon the terms of the Plan document. No allowance for credit losses has been recorded as of December 31, 2024 and 2023.

Payment of benefits – Benefits are recorded when paid.

Administrative expenses – Administrative expenses include recordkeeping, accounting, legal, and trust services, as well as additional services that may be available under the Plan. In some cases, these costs are covered by investment fees that are deducted directly from investment returns. In other cases, these administrative fees are either paid directly by the Plan Sponsor or are passed through to the participants of the Plan.

Glacier Bancorp, Inc. Profit Sharing and 401(k) Plan Notes to Financial Statements

Subsequent events – Subsequent events are events or transactions that occur after the statement of net assets available for benefits date but before financial statements are available to be issued. The Plan recognizes in the financial statements the effects of all subsequent events that provide additional evidence about conditions that existed at the date of the statement of net assets available for benefits, including the estimates inherent in the process of preparing the financial statements. The Plan's financial statements do not recognize subsequent events that provide evidence about conditions that did not exist at the date of the statement of net assets available for benefits but arose after the statement of net assets available for benefits date and before financial statements are available to be issued.

As of December 19, 2024, the Plan was amended to increase the maximum deferral limit to 80% of compensation. This amendment is effective for plan years beginning January 1, 2025. All other Plan provisions remain unchanged.

As of January 13, 2025, Glacier Bancorp announced that it had entered into a definitive agreement to acquire Bank of Idaho Holding Co., the bank holding company for Bank of Idaho, a community bank headquartered in Idaho Falls, Idaho. The acquisition was announced as completed on May 1, 2025, and participants are to be brought under the Plan during 2025.

As of June 24, 2025, Glacier Bancorp announced that it had entered into a definitive agreement to acquire Guaranty Bancshares, Inc., the bank holding company for Guaranty Bank & Trust, N.A., a community bank headquartered in Mount Pleasant, Texas.

Management has evaluated subsequent events through July 29, 2025, which is the date the financial statements are available to be issued.

Note 3 – Investments

The framework for measuring fair value provides a hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3).

The three levels of the fair value hierarchy are described as follows:

Level 1 – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities the Plan has the ability to access.

Level 2 – Inputs to the valuation methodology include quoted prices for similar assets or liabilities in active markets; quoted prices for identical or similar assets or liabilities in inactive markets; inputs other than quoted prices that are observable for the asset or liability; and inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 – Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

Glacier Bancorp, Inc. Profit Sharing and 401(k) Plan Notes to Financial Statements

The asset's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable input and minimize the use of unobservable inputs. The Plan's policy for determining the timing of significant transfers between Levels 1, 2, and 3 is at the end of the reporting period.

Following is a description of the valuation methodologies used for investments measured at fair value. There have been no changes in the methodologies used at December 31, 2024 and 2023.

Registered investment companies (mutual funds) – Valued at the daily closing price as reported by the fund. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The funds held by the Plan are deemed to be actively traded. Mutual funds held by the Plan are open-end mutual funds that are registered with the U.S. Securities and Exchange Commission.

Individually directed accounts – Accounts primarily consist of common stocks that are valued on the basis of readily determinable market prices.

Stable value fund and common collective trusts – Valued at the NAV of a collective trust. The NAV is based on the fair value of the underlying investments held by the fund, less its liabilities. Participant transactions (purchases and sales) may occur daily. Were the Plan to initiate a full redemption of the stable value fund, the investment adviser reserves the right to temporarily delay withdrawal from the trust in order to ensure that securities liquidations will be carried out in an orderly business manner.

Common stocks – Certain common stocks are valued at the closing price reported in the active market in which the individual securities are traded.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan administrator believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables present the fair value hierarchy of the Plan's investment assets by level as of December 31:

Note 4 – Tax Status

The Plan document is a volume submitter defined contribution plan that received a favorable opinion letter from the Internal Revenue Service on June 30, 2021, which stated the Plan, as then designed, was in accordance with applicable sections of the Internal Revenue Code (IRC). The Plan administrator believes the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC and, therefore, believes that the Plan is qualified, and the related trust is tax-exempt.

In accordance with guidance on accounting for uncertainty in income taxes, the Plan administrator has evaluated the Plan's tax positions and does not believe the Plan has any uncertain tax positions that require disclosure or adjustment to the financial statements. The Plan is subject to routine audits by taxing jurisdictions.

Note 5 – Certified Investment Information

The Plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Fidelity Management Trust Company has certified to the completeness and accuracy of:

- Investments and notes receivable from participants reflected on the accompanying statements of net assets available for benefits as of December 31, 2024 and 2023.
- Net appreciation in fair value of investments, interest and dividend income, and interest income on notes receivable from participants reflected on the accompanying statements of changes in net assets available for benefits for the years ended December 31, 2024 and 2023.
- Investments reflected on the supplemental schedule of assets (held at end of year).

Note 6 – Parties-in-Interest Transactions

The Plan Sponsor maintains service agreements with its investment custodian, third-party administrator, and auditors. Substantially all administrative expenses were paid by the Plan Sponsor in 2024 and 2023.

Glacier Bancorp, Inc. Profit Sharing and 401(k) Plan Notes to Financial Statements

Certain Plan investments are managed by Fidelity Investments. Fidelity Management Trust Company is the trustee of the Plan and an affiliate of Fidelity Investments, and transactions with these entities qualify as exempt party-in-interest transactions. Certain investments are shares in Glacier Bancorp, Inc., common stock, which qualify as party-in-interest transactions. The Plan paid \$27,557 and \$328,856 to parties-in-interest during the years ended December 31, 2024 and 2023, respectively. The Plan also has notes receivable from participants. These transactions also qualify as party-in-interest transactions.

Note 7 – Concentration of Investments

The Plan held investments at December 31, 2024 and 2023, in the Plan Sponsor's common stock amounting to \$26,219,284 and \$24,510,154, respectively. This investment represents 4.9% and 5.1% of total investments at December 31, 2024 and 2023, respectively. A significant decline in market value of the Plan Sponsor's common stock would significantly affect the net asset available for benefits.

Note 8 – Plan Termination

Although it has not expressed any intent to do so, the Plan Sponsor has the right to terminate the Plan and discontinue its contributions at any time, subject to the provisions of ERISA.

Note 9 – Reconciliation of Financial Statements to Form 5500

The following is a reconciliation of net assets and net increase in net assets per the financial statements to Form 5500 as of and for the years ended December 31:
