## Report of Independent Auditors

Children's Hospital Corporation  
Audit and Compliance Committee, Retirement Committee and Participants  
The Children's Hospital Corporation Joint Appointees Retirement Plan

### **Scope and Nature of the ERISA Section 103(a)(3)(C) Audit**

We were engaged to perform audits of the financial statements of The Children's Hospital Corporation Joint Appointees Retirement Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2024 and 2023, and the related statement of changes in net assets available for benefits for the year ended December 31, 2024, and the related notes (collectively referred to as the "financial statements").

Management, having determined it is permissible in the circumstances, has elected to have the audits of the financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from qualified institutions as of December 31, 2024 and 2023, and for the year ended December 31, 2024, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

### **Disclaimer of Opinion**

We do not express an opinion on the accompanying financial statements of the Plan. Because of the significance of the matter described in the Basis for Disclaimer of Opinion section of our report, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion on the financial statements.

**Shape the future  
with confidence**

### **Basis for Disclaimer of Opinion**

The Plan has not maintained sufficient accounting records and supporting documents relating to certain annuity contracts and custodial accounts issued to current and former employees prior to January 1, 2009. Accordingly, we were unable to apply auditing procedures sufficient to determine the extent to which the financial statements may have been affected by these conditions.

### **Responsibilities of Management for the Financial Statements**

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

### **Auditor's Responsibilities for the Audit of the Financial Statements**

Our responsibility is to conduct an audit of the Plan's financial statements in accordance with auditing standards generally accepted in the United States of America and to issue an auditor's report. However, because of the matter described in the Basis for Disclaimer of Opinion section of our report, we were not able to obtain sufficient appropriate evidence to provide a basis for an audit opinion on these financial statements.

We are required to be independent of the Plan, and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audit.

**Shape the future  
with confidence**

**Other Matters**

*Supplemental Schedule Required by ERISA*

The supplemental schedule of assets (held at end of year) as of December 31, 2024 (referred to as the “supplemental schedule”) is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor’s Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements.

Because of the significance of the matter described in the Basis for Disclaimer of Opinion section of our report, it is inappropriate to and we do not express an opinion on the supplemental schedule.

# The Children's Hospital Corporation Joint Appointees Retirement Plan

## Notes to Financial Statements

December 31, 2024

### **1. Description of Plan**

The following brief description of The Children's Hospital Corporation Joint Appointees Retirement Plan (the Plan) provides general information about the Plan's provisions. Children's Hospital Corporation (the Hospital) is the plan sponsor. Participants should refer to the plan document and summary plan description for a more complete description of the Plan's provisions, copies of which may be obtained from the plan sponsor.

#### **General**

The Plan is a defined contribution plan covering members holding a medical or scientific staff appointment from the Hospital who are also members of the teaching faculty of Harvard Medical School. Eligible participants are automatically enrolled in the Plan on January 1 or July 1, coincident with or following the date they have completed one year of eligibility service.

The Children's Hospital Corporation Retirement Committee is responsible for the general administration of the Plan. Fidelity Management Trust Company (Fidelity) is the current custodian and record-keeper for the Plan. Lincoln National Life Insurance Company (Lincoln) provides custodial and record-keeping services for participants selecting Lincoln prior to January 1, 2006. The Teachers Insurance and Annuity Association of America-College Retirement Equities Fund (TIAA-CREF) provides custodial and record-keeping services for participants selecting TIAA-CREF prior to January 1, 2011.

#### **Contributions**

The Hospital's contributions for a plan year (as defined in the Plan) are made beginning June 30 each year and on a monthly basis thereafter, commencing with the month in which the participant has met the requirements for a year of participation (as defined in the Plan). For participants who have not attained the age of 40 as of the end of the plan year, the Hospital contributes an aggregate of 5% of eligible compensation prior to the participant reaching the social security taxable wage base and 10% of eligible compensation beyond the social security taxable wage base. For participants who have attained the age of 40 as of the end of the plan year, the Hospital contributes an aggregate of 11% of eligible compensation. All contributions are subject to certain limitations of the Internal Revenue Code (the Code).

Participants direct the Hospital's contributions into various investment options offered by the Plan and can change their investment options on a daily basis. If a participant does not elect an investment option, his or her contributions are invested in a Fidelity lifecycle fund, based on the participant's age until the participant changes his or her election.

# The Children's Hospital Corporation Joint Appointees Retirement Plan

## Notes to Financial Statements (continued)

### **1. Description of Plan (continued)**

#### **Participant Accounts**

Each participant's account is credited with the Hospital's contributions and allocations of investment earnings. Plan earnings are allocated based on the participant's share of net earnings or losses of his or her respective elected investment options. Fees are determined and applied to the participant's account based upon the fee structure within the investment option elected. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

#### **Vesting**

Participants are fully vested in the Hospital's contributions plus actual earnings thereon upon the earliest of (a) the completion of three years of service, (b) attainment of age 65 while employed by the Hospital or an affiliated employer, or (c) the extent required upon termination or partial termination of the Plan. There is no partial vesting.

#### **Forfeitures**

Upon termination of employment, participants forfeit their non-vested balances. If a participant is rehired within a six-year period, the forfeited contributions are reinstated. Forfeited balances of terminated participants' non-vested accounts are used to reduce future Hospital contributions. Unallocated forfeitures balances as of December 31, 2024 and 2023, were \$452 and \$169, respectively. There were no forfeitures used to offset contributions during 2024.

#### **Payment of Benefits**

Upon separation from service with the Hospital due to disability, retirement, or termination, a participant who is 100% vested will receive distributions in the form of an annuity over the remainder of his or her life or, at the participant's election, in such other form or forms provided under the Plan. A participant who is married may elect to receive his or her benefits in the form of a qualified joint and survivor annuity that is at least 50%, but not more than 100%, of the total benefit that would be payable during the participant's lifetime. With spousal consent, a participant may elect to receive his or her benefits in such other form or forms provided under the Plan.

## Notes to Financial Statements (continued)

### **1. Description of Plan (continued)**

If a participant dies prior to receiving his or her respective Hospital benefits, the amount held within his or her account balance will be paid to a beneficiary named by the participant.

#### **Participant Loans and In-Service Withdrawals**

Participant loans and in-service withdrawals are not allowable under the Plan.

#### **Administrative Expenses**

The Plan's administrative expenses are paid by either the Plan or the Hospital, as provided by the Plan's provisions. Expenses relating to purchases, sales, or transfers of the Plan's investments are charged to the particular investment fund to which the expenses relate. All other administrative expenses of the Plan are paid by the Hospital. Expenses paid by the Hospital are excluded from these financial statements.

#### **Plan Termination**

Although it has not expressed any intent to do so, the Hospital has the right under the Plan to discontinue its contributions at any time and to terminate the Plan, subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). In the event the Plan terminates, participants will become 100% vested in their accounts.

### **2. Summary of Significant Accounting Policies**

#### **Basis of Accounting**

The accompanying financial statements have been prepared on the accrual basis of accounting.

#### **Use of Estimates**

The preparation of financial statements in conformity with U.S. generally accepted accounting principles (GAAP) requires management to make estimates and assumptions that affect the amounts reported in the financial statements and accompanying notes and supplemental schedule. Actual results could differ from those estimates.

### **2. Summary of Significant Accounting Policies (continued)**

#### **Benefit Payments**

Benefits are recorded when paid.

#### **Investment Valuation and Income Recognition**

Other than investments in fully benefit-responsive guaranteed investment contracts (GICs), investments held by the Plan are stated at fair value. Fair value is defined as the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date (an exit price). See Note 4 for further discussion and disclosures related to fair value measurements.

Self-directed brokerage accounts are primarily composed of cash and mutual funds. Securities traded on a national securities exchange are valued at quoted market prices on an active market. Units of variable annuity accounts, the pooled separate account and short-term investments are valued at published market prices or fair values reported by the issuer.

The Plan holds traditional GICs issued by TIAA-CREF and Lincoln. Certain of these contracts are non-benefit responsive and are reported at fair value, while others meet the fully benefit-responsive investment contract criteria and, therefore, are reported at contract value (see Notes 4 and 5). Contract value is the relevant measurement attributable to fully benefit-responsive investment contracts because this is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan. Contract value represents contributions made under each contract, plus earnings, less participant withdrawals and administrative expenses.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded as earned. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold, as well as held, during the year.

### **3. Investments**

Certain information related to investments disclosed in the accompanying financial statements and supplemental schedule, including investments held at December 31, 2024 and 2023, and net appreciation in fair value of investments, interest, and dividends for the year ended December 31, 2024, was obtained or derived from information provided to the plan administrator and certified as complete and accurate by Fidelity, Lincoln, and TIAA-CREF, the custodians of the Plan.

### 4. Fair Value Measurements

The fair value framework established a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The fair value hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets and liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy are described below:

Level 1 – Unadjusted quoted prices in active markets that are accessible to the reporting entity at the measurement date for identical assets and liabilities.

Level 2 – Inputs other than quoted prices in active markets for identical assets and liabilities that are observable either directly or indirectly for substantially the full term of the asset or liability. Level 2 inputs include the following:

- Quoted prices for similar assets and liabilities in active markets
- Quoted prices for identical or similar assets and liabilities in markets that are not active
- Observable inputs other than quoted prices that are used in the valuation of the assets or liabilities (e.g., interest rate and yield curve quotes at commonly quoted intervals)
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means

Level 3 – Unobservable inputs for the assets or liabilities (i.e., supported by little or no market activity). Level 3 inputs include management's own assumptions about the assumptions that the market participants would use in pricing the asset or liability (including assumptions about risk).

The level in the fair value hierarchy within which the fair value measurement is classified is based upon the lowest level of input that is significant to the fair value measurement in its entirety.

Total investments at fair value	\$ 177,580,861	\$ –	\$ 44,725,336	\$ 222,306,197

<sup>(a)</sup> Self-directed brokerage accounts consist primarily of mutual funds and cash equivalents. The fair values of the investments in this category are based on quoted market prices.

The Plan holds investments in the TIAA Traditional Annuity Fund (guaranteed annuity contracts), which is a traditional investment contract offered to participants of the Plan through Retirement Annuity (RA) and Group Retirement Annuity (GRA) contracts. These contracts are non-fully benefit responsive and are valued at fair value, which approximates contract value. The investment is held in an illiquid contract and subject to restrictions for certain participant interest transactions and, therefore, is not fully benefit responsive. These contracts contain liquidity restrictions on the redemption of TIAA Traditional Annuity accumulations, which could impact the value realized upon exiting the contract. The RA contract does not allow lump-sum cash withdrawals, and

# The Children's Hospital Corporation Joint Appointees Retirement Plan

### 4. Fair Value Measurements (continued)

transfers must be spread over a period of ten annual installments. With the GRA contracts, lump-sum withdrawals are available only within 120 days after termination of employment and are subject to a 2.5% surrender charge. All other withdrawals and transfers from a RA or GRA contract must be spread over a period of ten annual installments (or five annual installments for withdrawals after termination of employment through election of a five-year fixed-period annuity). The contract value of the fund equals the accumulated cash contributions, interest credited to the Plan's contracts, and transfers, if any, less any withdrawals.

Since the investment is not available for sale or transfer on any securities exchange, transactions in similar investment instruments are not observable. As a guaranteed annuity backed by TIAA's claims-paying ability, the TIAA Traditional Fund guarantees principal and a guaranteed minimum rate of interest, plus the opportunity for additional amounts in excess of the guaranteed rate. The guaranteed annual interest rate is generally 3%. These guarantees of principal and minimum interest rates ensure that each participant's accumulation is protected from loss and will always increase in value. Additional amounts above the guaranteed minimum interest rate may be declared at the discretion of the TIAA Board of Trustees on a year-by-year basis. These additional amounts, when declared, remain in effect for the 12-month "declaration year" that begins each March 1 and are not guaranteed for future years. Together, the guaranteed minimum and additional amounts make up the "crediting rate" in the accumulation phase of the account. The plan administrator is responsible for determining the Plan's valuation policies and analyzing information provided by the investment custodians and issuers that is used to determine the fair value of the Plan's investments. Management has determined that the contract value of the non-benefit-responsive contracts is a reasonable approximation of their fair value.

Contract value approximates a discounted cash flow value calculated using an appropriate risk-adjusted market discount rate, which correlates closely with TIAA Traditional Annuity's historical crediting rates. The significant unobservable inputs are the risk-adjusted discount rates applied. The weighted average risk-adjusted discount rate range was 3.65% to 6.50% for RA and GRA contracts as of December 31, 2024. The weighted average risk-adjusted discount rate range was 4.00% to 6.75% for RA and GRA contracts as of December 31, 2023.

### 4. Fair Value Measurements (continued)

#### Level 3 Gains and Losses

The table below sets forth a summary of changes in the fair value of the Plan's Level 3 assets for the year ended December 31, 2024:

	<b>Guaranteed Investment Contracts</b>
Balance, beginning of year	\$ 44,725,336
Investment income	645,753
Realized gains	1,104,730
Unrealized gains related to investments still held	279,469
Purchases	2,561,754
Sales	(5,743,532)
Balance, end of year	<u>\$ 43,573,510</u>

### 5. Fully Benefit-Responsive Investment Contracts

The Plan invests in traditional GICs issued by Lincoln. Traditional investment contracts are designed to accrue interest based on crediting rates established by the contract issuers. The contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan. The crediting interest rate is based on a formula established by the contract issuer, but may not be less than 3.5%. Such interest rates are reviewed and may be reset on a quarterly basis. The contract cannot be terminated before the scheduled maturity date, except in the event of default.

The Plan's ability to receive amounts due in accordance with fully benefit-responsive investment contracts is dependent on the third-party issuers' ability to meet their financial obligations. The issuers' ability to meet their contractual obligations may be affected by future economic and regulatory developments. There are no reserves against contract value for credit risk of the contract issuers.

# The Children's Hospital Corporation Joint Appointees Retirement Plan

## Notes to Financial Statements (continued)

### **5. Fully Benefit-Responsive Investment Contracts (continued)**

Certain events limit the ability of the Plan to transact at contract value with the contract issuers. These events may be different under each contract. Examples of such events include the following:

- The Plan's failure to qualify under Section 401(a) of the Code or the failure of the trust to be tax-exempt under Section 501(a) of the Code
- Premature termination of the contracts
- Plan termination or merger
- Changes to the Plan's prohibition on competing investment options
- Bankruptcy of the plan sponsor or other plan sponsor events (e.g., divestitures or spin-offs of a subsidiary) that significantly affect the Plan's normal operations

No events are probable of occurring that might limit the ability of the Plan to transact at contract value with the contract issuers and that also would limit the ability of the Plan to transact at contract value with the participants.

In addition, certain events allow the issuers to terminate the contracts with the Plan and settle at an amount different from contract value. Those events may be different under each contract. Examples of such events include the following:

- An uncured violation of the Plan's investment guidelines
- A breach of material obligation under the contract
- A material misrepresentation
- A material amendment to the agreements without the consent of the issuer

### **Redemption Restrictions**

The Lincoln Fixed Account may withdraw account values with no surrender charge. A participant may not transfer more than 20% of the fixed account holdings to the Variable Annuity Account each year, unless the participant intends to liquidate the fixed account values.

# The Children's Hospital Corporation Joint Appointees Retirement Plan

## Notes to Financial Statements (continued)

### **6. Risks and Uncertainties**

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market volatility, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported on the statements of net assets available for benefits.

### **7. Party-in-Interest Transactions**

Certain of the Plan's assets are invested in funds managed by the custodians and record-keeper of the Plan. These transactions qualify as party-in-interest transactions; however, they are exempt from the prohibited transactions rules under ERISA.

In addition, Fidelity provides certain administrative services to the Plan pursuant to a Plan Services Agreement (SA) with the Hospital. Fidelity receives revenue from mutual fund and collective trust fund service providers for services Fidelity provides to the funds. This revenue is used to offset certain amounts owed to Fidelity for its administrative services provided to the Plan.

If the revenue received by Fidelity from such mutual fund or collective trust fund service providers exceeds the amount owed under the SA, Fidelity remits the excess to the Plan's trust on a quarterly basis. Such amounts may be applied to pay plan administrative expenses or allocated to the accounts of participants. The Plan received a total of \$34,988 in excess revenue amounts during 2024 that were applied to total plan administrative expenses of \$57,612, resulting in a net administrative expense to the Plan of \$22,624. The Plan or the Hospital may make a payment to Fidelity for administrative expenses not covered by sharing of the excess revenue.

### **8. Tax Status**

The Plan has not received a determination letter from the Internal Revenue Service (IRS) stating that the Plan is qualified under Section 403(b) of the Code. The Plan is required to operate in conformity with the Code to maintain its qualification under Section 403(b). The plan administrator has indicated that it will take the necessary steps, if any, to bring the Plan's operations into compliance with the Code.

# The Children's Hospital Corporation Joint Appointees Retirement Plan

## Notes to Financial Statements (continued)

### **8. Tax Status (continued)**

GAAP requires plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. Plan management has analyzed the tax positions taken by the Plan, and has concluded that there are no uncertain positions taken or expected to be taken. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

### **9. Subsequent Events**

Management evaluated subsequent events for the Plan through June 16, 2025, the date the accompanying financial statements were available to be issued. No significant events occurred through that date.

\*1 If EIN is provided, Address will not be provided. If EIN is not available and Address is available, the Address will be displayed. If neither EIN nor Address is available "See Note \*2" will be displayed.

\*2 Disclosures in this report are intended to satisfy the alternative reporting option. If complete information for non-Fidelity funds and/or other third party service providers related to compensation is not available, more information for the annual operating expenses of the fund may be found in the Fee Table of the Fund Summary section of each prospectus and/or statement of additional information. In addition, information about the services provided and the identity of the entities performing services with respect to each fund may be found in the Fund Services section of each prospectus. If the compensation being reported relates to a Fidelity fund, more information for the annual operating expenses of the fund may be found in the Fee section of one or more of the following sources: investment management agreement, trust agreement, collective trust participation agreement, commingled pool participation agreement, mutual fund prospectus, statement of additional information, the fund's investment manager or annuity provider.

\*3 For Self-Directed Brokerage Investments, each fund family may offer an indirect support fee paid to Fidelity Investments. Each indirect support fee paid by a fund may differ depending on the form of investment. Please contact your Fidelity representative to receive information on indirect support fees for your Self-Directed Brokerage Investments.

\*4 Net Expense Ratio is displayed.

\*5 Gross Expense Ratio is displayed.

\*6 Disclosures in this report are intended to satisfy the alternative reporting option. If complete information for this Fund is not available, the fee information for the annual operating expenses and/or information about the services provided and identity of the entities performing the services can be found in the Fee section of one or more of the following sources: investment management agreement, trust agreement, collective trust participation agreement, commingled pool participation agreement, mutual fund prospectus, the fund's investment manager or annuity provider.

## Additional Information:

Fidelity may have provided non-monetary compensation, such as meals or business entertainment, to associates or service providers during the plan year for which this data is being reported. If you believe there are associates or plan service providers who have received total non-monetary compensation, from all sources of \$5,000 or more, that are not reflected on this report, you may contact your Fidelity representative and ask for a detailed summary of non-monetary compensation provided during the plan year. For additional information, please refer to the Auditor's Guide.

Fidelity utilizes omnibus accounts at unaffiliated banks to facilitate transactions for the defined contribution plans it services as set forth in your trust or service agreement or letter of authorization. If markets permit, omnibus account balances are invested in short-term investments that generally earn a rate approximating the Target Federal Funds Rate and/or money market rates. These earnings are called "float" and are considered eligible indirect compensation for purposes of Schedule C. Fidelity uses these earnings to pay bank fees and make other required adjustments and generally retains any float earnings that exceed such fees and adjustments. Fidelity is responsible for paying bank fees to the extent they exceed float earnings.

Since the amount of float generated depends on the length of time that assets are held in the omnibus accounts, Fidelity adheres to the following specific time frames within which cash pending investment or distribution is held:

## SCHEDULE C SUPPLEMENTAL REPORT

- If contributions are received by Fidelity in good order before the close of trading, Fidelity executes transactions in the investment options as of that day's closing price (the "transaction date" or "T"). Settlement of trades for most investment options occurs on the following business day ("T+1") or, in the case of certain securities including company stock, on T+2 (prior to September 5, 2017 the settlement period for certain securities including company stock was T+3).
- Exchange requests received by Fidelity in good order before the close of trading are processed in that day's nightly cycle. If investment options have identical settlement rules, exchanges between them generate no overnight balances, as money is received from one investment option and conveyed to another investment option on the same business day. If investment options have different settlement rules, balances attributable to exchanges may remain in the omnibus account for a few days if FMTC serves as trustee of the plan.
- Disbursement requests received in good order before the close of trading are processed in that day's nightly cycle, and reflected as debits from participant accounts as of that date ("T"). Proceeds attributable to disbursements are received from investment options or from the unaffiliated Plan trustee based on the settlement period for the investment options. Disbursements are made to participants on T+2 either through electronic funds transfers or by mailing a check. Disbursement proceeds distributed by check remain in the omnibus account until the check is presented for payment.
