Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements of The Metropolitan Museum of Art 403(b) Plan for Local 1503 of District Council 37, AFSCME, AFL-CIO and Local 306-I.A.T.S.E. (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C) ("ERISA Section 103(a)(3)(C) audit"). The financial statements comprise the statements of net assets available for benefits as of December 31, 2024 and 2023, and the related statement of changes in net assets available for benefits for the year ended December 31, 2024, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (a qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2024 and 2023, and for the year ended December 31, 2024, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.

- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedule Required by ERISA

The supplemental Schedule H, Line 4i – Schedule of Assets (Held at End of Year) as of December 31, 2024 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

1. Plan Description

General

The Metropolitan Museum of Art 403(b) Plan for Local 1503 of District Council 37, AFSCME, AFL-CIO and Local 306-I.A.T.S.E. (the "Plan") is a voluntary contributory, defined contribution plan covering collective bargaining agreements between The Metropolitan Museum of Art (the "Museum") and the following:

- Local 1503 of District Council 37 (member of the AFSCME and AFL-CIO)
- Local 306, Moving Picture Projectionists, Video Technicians, and Allied Crafts Union, which is affiliated with the International Alliance of Theatrical Stage Employees and Moving Picture Technicians, Artists and Allied Crafts of the United States and Canada (member of AFL-CIO-CLC)

The original effective date of the Plan was December 1, 2002 and it has been amended and restated several times.

Plan Administration

The Museum's Trustee Employee Benefits Committee is responsible for the general oversight of the Plan. The Museum's Trustee Investment Committee periodically reviews investment options offered through the Plan. Additionally, Fidelity Management Trust Company ("FMTC") is the custodian and Fidelity Workplace Services LLC is the recordkeeper of the Plan.

The following summary description of the Plan is provided for general information purposes only. Participants should refer to the plan documents for more complete information.

Eligibility Requirements

Eligible employees include union employees covered by collective bargaining agreements between the Museum and Local 1503 of District Council 37, AFSCME, AFL-CIO and Local 306-I.A.T.S.E. To be fully eligible under the Plan, union employees must complete two plan (calendar) years of service which includes at least 1,000 hours of service in each of those two years.

Contributions

Employees may make voluntary tax-deferred salary reduction contributions to the Plan subject to the limitations of the Internal Revenue Code ("IRC"). Such salary reduction amounts shall be in 1% increments from 2% to 25% of the participants' compensation. On the last day of each plan year and for each plan year during which the participant is an eligible employee, the Museum shall make matching contributions to the Plan in accordance with the formula set forth in the Plan. The Museum provides a matching contribution of 1% of the participant compensation if the participant contributes the first 2% of compensation. The employer match increases by .25% for each additional 1% of compensation contributed by the participant up to a maximum Museum's match of 3%.

Vesting

A participant shall be fully vested in his or her account at all times.

Notes to Financial Statements

December 31, 2024 and 2023

Investment Options

Participants direct the investment of their contributions into various investment options offered by the Plan. If an employee does not elect an allocation between the funds available, their contributions will be invested in the Qualified Default Investment Alternative designated by the Museum which is the Vanguard Institutional Target Retirement Date Fund. The fund chosen will be the target date fund closest to the employee's 65th birthday.

Participant Accounts

Each participant account is credited with the participants' contributions, employer's contribution and Plan earnings and charged with investment losses, fees and withdrawals.

Benefit Payments

A participant's benefits become payable on termination of employment (including due to retirement, resignation, dismissal, death or disability). The participant or beneficiary may elect to rollover funds into an eligible retirement plan, receive a lump-sum distribution equal to the value of his or her account, or receive an annuity to be paid in monthly installments over a fixed reasonable period of time, not to exceed the life expectancy of the participant and/or designated beneficiary. A participant may also elect to leave the account in the Plan where it is subject to minimum required distributions upon attaining age 73.

Effective July 1, 2016, the Plan was amended to provide for the mandatory distribution in the event of a Participant's termination of employment if the value of the Participant's account is \$1,000 or less.

Loans to Participants

Participants are not permitted to take loans under the Plan.

Hardship Withdrawals

Participants may not make any hardship withdrawals from the Plan.

Revenue Credit Account

The Plan and FMTC entered into a revenue sharing arrangement whereby a portion of the revenue earned from certain funds is passed through to the Plan for payment of permitted Plan expenses. In order for the Plan to receive credits as a result of this revenue sharing arrangement, and to use this credit to pay Plan expenses, the Plan created the Revenue Credit Account under the Plan. The Revenue Credit Account is an account within the Plan, similar in design to forfeiture accounts, and is used to record the redistribution of Plan-generated fund revenue that exceeds the costs associated with Plan administration. The Revenue Credit Account balance was \$3,696 and \$1,972 at December 31, 2024 and 2023. During 2024, no amounts were used to pay Plan expenses from the Revenue Credit Account.

2. Summary of Significant Accounting Policies

Basis of Accounting

The accompanying financial statements have been prepared on the accrual basis of accounting in conformity with accounting principles generally accepted in the United States of America ("U.S. GAAP").

Notes to Financial Statements

December 31, 2024 and 2023

Use of Estimates

The preparation of financial statements, in accordance with U.S. GAAP, requires management to make estimates and assumptions that affect the reported amounts of assets, liabilities and changes therein and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, foreign exchange and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the value of investment securities will occur in the near term and that such changes could materially affect participants' accounts and the amounts reported in the Statements of Net Assets Available for Benefits.

The global and domestic economic uncertainty has resulted in significant volatility in financial markets. This volatility has affected, and may continue to affect, the value of the Plan's net assets available for benefits. The effects of economic and market conditions subsequent to December 31, 2024 are not reflected in these financial statements and future effects on the Plan's net assets available for benefits cannot be predicted.

Fair Value Measurements

The Plan follows U.S. GAAP guidance on Fair Value Measurements which defines fair value and establishes a fair value hierarchy organized into three levels based upon the input assumptions used in pricing assets. Level 1 inputs have the highest reliability and are related to assets with unadjusted quoted prices in active markets. Level 2 inputs relate to assets with other than quoted prices in active markets which may include quoted prices for similar assets or liabilities or other inputs which can be corroborated by observable market data. Level 3 inputs are unobservable and are used to the extent that observable inputs do not exist. At December 31, 2024 and 2023, all of the Plan's investments were classified within level 1 of the fair value hierarchy.

Investment Valuation and Income Recognition

The Plan's investments are stated at fair value. Mutual funds held by the Plan are valued at fair value based on the daily closing price as reported by the funds. All of the mutual funds are open-ended and are registered with the Securities and Exchange Commission. These mutual funds are required to publish their daily net asset value and to transact at that price. The mutual funds are deemed to be actively traded.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation in fair value of investments includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Payment of Benefits

Benefits are recorded when paid.

Expenses

Investment related expenses are included in net appreciation in fair value of investments. Administrative expenses paid by the Plan are reported in administrative expenses.

Subsequent Events

Subsequent events have been evaluated through July 30, 2025, the date the financial statements were available to be issued.

3. Information Certified (Unaudited)

Certain information related to investments disclosed in the accompanying financial statements and ERISA-required Schedule H, Line 4i – Schedule of Assets (Held at End of Year) including investments held at December 31, 2024 and 2023, and interest and dividend income and net appreciation in fair value of investments for the year ended December 31, 2024, was obtained by management and agreed to or derived from information certified as complete and accurate by Fidelity Management Trust Company, a qualified institution.

4. Tax Status

The Plan has been designed to qualify for tax-exempt status under Section 403(b) of the IRC. The Plan is required to operate in conformity with the IRC to maintain the tax-exempt status for plan participants under Section 403(b). The plan administrator believes that the Plan is currently designed and operating in accordance with the applicable requirements of Section 403(b) of the IRC and, therefore, believes the Plan satisfies the Internal Revenue Service's final regulations for 403(b) plans. Therefore, no provision for income taxes has been included in the Plan's financial statements.

U.S. GAAP require plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The Plan is subject to routine examinations by taxing jurisdictions; however, there are currently no examinations for any tax periods in progress.

5. Termination Provision

Although it has not expressed any intent to do so, the Museum has the right under the Plan to discontinue its contributions at any time and to amend or terminate the Plan, subject to the provisions of ERISA.

6. Party-in-Interest Transactions

Certain investments of the Plan are managed by FMTC, the custodian of the Plan. Therefore, these transactions qualify as exempt party-in-interest transactions under ERISA.
