REPORT OF INDEPENDENT AUDITORS

Plan Administrator and the Plan Trustees
Aero Industries, Inc. 401(k) Plan
Indianapolis, Indiana

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements of Aero Industries, Inc. 401(k) Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) [ERISA Section 103(a)(3)(C) audit]. The financial statements comprise the statements of net assets available for benefits as of December 31, 2024 and 2023, and the related statement of changes in net assets available for benefits for the year ended December 31, 2024, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2024 and 2023, and for the year ended December 31, 2024, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section—

- The amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

REPORT OF INDEPENDENT AUDITORS - CONTINUED

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the Plan; and determining the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such

REPORT OF INDEPENDENT AUDITORS - CONTINUED

procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter - Supplemental Schedules Required by ERISA

The supplemental schedules of Schedule H, Line 4i – Schedule of Assets (Held at End of Year) as of December 31, 2024 and Schedule H, Line 4a - Delinquent Participant Contributions for the year ended December 31, 2024 are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information,

REPORT OF INDEPENDENT AUDITORS - CONTINUED

including their form and content, are presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion—

- The form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

AERO INDUSTRIES, INC. 401(k) PLAN

NOTES TO FINANCIAL STATEMENTS DECEMBER 31, 2024 AND 2023

1. DESCRIPTION OF PLAN

The following description of Aero Industries, Inc. 401(k) Plan (the Plan) provides only general information. Participants should refer to the plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan sponsored by Aero Industries, Inc. (the Employer or Plan Sponsor) for the benefit of eligible employees as defined by the plan document. Employees become eligible after completing 3 months of service as defined in the plan document. They may enter the Plan on the 1st day of each calendar month after they have met the eligibility requirements. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The Board of Directors is responsible for oversight of the Plan and determines the appropriateness of the Plan's investment offerings and monitors investment performance.

Contributions

Each year, participants may contribute up to 100% of eligible compensation, as defined by the plan document. Eligible employees may also elect after-tax (Roth) contributions. Participants who have attained age 50 before the end of the plan year are eligible to make catch-up contributions. Participants also may contribute amounts representing distributions from other qualified plans (rollover). Participants direct the investment of their contributions into various investment options offered by the Plan. They may change their investment options among those investments provided at any time during the plan year.

The Plan includes an auto-enrollment provision whereby all newly eligible employees are automatically enrolled in the Plan unless they affirmatively elect not to participate in the Plan. Automatically enrolled participants have their deferral rate set at 3% of eligible compensation, an automatic escalation provision to increase the deferral rate annually by 1% up to a maximum of 6%, and their contributions invested in a designated balance fund until changed by the participant.

The Plan allows for rigid discretionary matching and nonelective (profit sharing) contributions as determined by the Employer. The Employer makes matching contributions equal to a uniform percentage of the participant's salary reduction, up to a maximum of 3% of plan compensation. There were no profit sharing contributions made in 2024. The matching Employer contribution is invested as directed by the participant.

Participant contributions in 2024 and 2023 were paid after the time frame required by the Department of Labor (DOL). The Plan Sponsor remitted the 2024 and 2023 late contributions during 2024 and 2023, respectively. The lost earnings will be remitted subsequent to year end.

Participant Accounts

Individual accounts are maintained for each plan participant. Each participant's account is credited with the participant's contribution and the Employer's contributions, as well as allocations of plan

AERO INDUSTRIES, INC. 401(k) PLAN

NOTES TO FINANCIAL STATEMENTS DECEMBER 31, 2024 AND 2023

earnings. Participant accounts are charged with an allocation of any administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are vested immediately in their contributions plus actual earnings thereon and 100% vested in Employer contributions, including earnings thereon, at the end of five years or upon earlier termination of employment due to death or total and permanent disability, with partial vesting as follows:

<u>Years of Service</u>	
Less than 2	0%
2 years	25%
3 years	50%
4 years	75%
5 or more	100%

Payment of Benefits

On termination of service due to death, disability, or retirement, a participant with an account balance greater than \$5,000 may elect to receive either a lump-sum distribution, receive partial payments of at least \$1,000 or installment payments. A participant who has terminated employment and has a vested balance that does not exceed \$5,000 will receive a lump-sum distribution. Hardship and in-service withdrawals, as well as required minimum distributions and automatic distributions to former participants, as defined in the plan agreement, are also permitted from a participant's account.

Forfeited Accounts

At December 31, 2024 and 2023, forfeited non-vested accounts totaled \$1,753 and \$378, respectively. The non-vested portion of former participants' accounts may be used to pay administrative expenses of the Plan or to reduce future employer contributions. For the year ended December 31, 2024, \$22,740 was used to reduce employer contributions.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America (GAAP).

Investments held by a defined contribution plan are required to be reported at fair value, except for fully benefit-responsive investment contracts. Contract value is the relevant measure for that portion of the net assets available for benefits of a defined contribution plan attributable to fully

AERO INDUSTRIES, INC. 401(k) PLAN

NOTES TO FINANCIAL STATEMENTS DECEMBER 31, 2024 AND 2023

benefit-responsive investment contracts because contract value is the amount participants normally would receive if they were to initiate permitted transactions under the terms of the Plan.

Use of Estimates

The preparation of financial statements in accordance with GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes in those assets and liabilities, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates

Investment Valuation and Income Recognition

Investments held by a defined contribution plan are required to be reported at fair value, except for fully benefit-responsive investment contracts. Contract value is the relevant measurement attributable for that portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan.

Standard Insurance Company (Standard) maintains the Plan's investment funds. Investments in pooled separate accounts are credited with earnings and gains and losses on the pooled investments. The separate accounts are stated at fair value as reported to the Plan by Standard, based on the quoted market prices of the underlying mutual funds. The unit value of the separate account is calculated by dividing the total value of the assets of the separate account by the number of units in the separate account. For separate accounts that invest exclusively in mutual funds, the total value of the assets of the separate account is based on the net asset value (NAV), or price per share, of the underlying mutual fund. The mutual fund calculates its NAV by dividing the mutual fund's net assets by the mutual fund's outstanding number of shares.

The investment strategies for the pooled separate accounts investing in mutual funds or equity securities vary based on the degree of investment risk chosen by the fund manager and the criteria of the fund or security's investment goal. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded when earned. Net appreciation includes the Plan's gains and losses on investments purchased and sold as well as held during the year.

Risk and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Market risks include global events which could impact the value of investment securities, such as a pandemic or international conflict. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

AERO INDUSTRIES, INC. 401(k) PLAN

NOTES TO FINANCIAL STATEMENTS DECEMBER 31, 2024 AND 2023

Payment of Benefits

Benefit payments are recorded when paid.

Administrative Expenses

Certain expenses incurred maintaining the Plan are paid directly by the Plan Sponsor and are excluded from these financial statements. Certain contract administrator and investment advisory related expenses are included in administrative expenses. Investment-related expenses are included in net appreciation in fair value of investments.

Tax Status

The Plan uses a preapproved plan document sponsored by Standard Retirement Services, Inc., which has received a favorable opinion letter from the Internal Revenue Service (IRS) dated June 30, 2020, stating that the Plan is designed to qualify as being exempt from federal income taxes, in accordance with applicable provisions of the Internal Revenue Code (IRC). The Plan itself has not separately applied for a determination letter from the IRS. However, the Plan's management believes that the Plan is designed and is currently being operated as a tax-exempt plan in compliance with the applicable requirements of the IRC. Therefore, no provision for income taxes have been included in the Plan's financial statements.

GAAP requires management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained under examination by various federal and state taxing authorities. The plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2024 and 2023, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the accompanying financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Subsequent Events

The Plan has evaluated events or transactions occurring subsequent to the statement of net assets available for benefits date for recognition and disclosure in the accompanying financial statements through the date the financial statements were available to be issued, which is July 28, 2025.

3. INFORMATION CERTIFIED BY THE PLAN'S TRUSTEE

The plan administrator has elected the method of annual reporting compliance permitted by ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Standard, the trustee of the Plan, has certified to the completeness and accuracy of all investments reflected on the accompanying statements of net assets available for benefits as of December 31, 2024 and 2023, the schedule of assets at

AERO INDUSTRIES, INC. 401(k) PLAN

NOTES TO FINANCIAL STATEMENTS DECEMBER 31, 2024 AND 2023

December 31, 2024, and the related investment activity reflected in the statement of changes in net assets available for benefits for the year ended December 31, 2024.

4. FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). However, in accordance with Subtopic 820-10, the pooled separate account investments that are measured at NAV per share (or its equivalent) have not been classified in the fair value hierarchy.

The description of the valuation methodologies used for assets measured at fair value on a recurring basis are included in Note 2. There have been no changes in the methodologies used as of December 31, 2024 and 2023

Investments Measured Using the NAV per Share Practical Expedient

The following table summarize investments for which fair value is measured using the NAV per share as a practical expedient as of December 31, 2024 and 2023, respectively. There are no participant redemption restrictions for these investments; the redemption notice period is applicable only to the Plan.

	Fair Value		Unfunded Commitments	Redemption Frequency	Redemption Notice Period
	2024	2023			
Pooled separate accounts	\$ 6,615,096	\$ 5,234,248	Not applicable	Daily	None

5. FULLY BENEFIT-RESPONSIVE INVESTMENT CONTRACT

The traditional investment contract held by the Plan is a guaranteed investment contract. This contract meets the fully benefit-responsive investment contract criteria and therefore is reported at contract value. Contract value is the relevant measure for fully benefit-responsive investment contracts because this is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan. Contract value represents contributions made under each contract, plus earnings, less participant withdrawals, and administrative expenses. The contract values of this traditional investment contract held by the Plan was \$1,147,988 and \$1,076,240 at December 31, 2024 and 2023, respectively.

The contract issuer is contractually obligated to repay the principal and interest at a specified interest rate that is guaranteed to the Plan. The crediting rate is based on a formula established by the contract issuer but may not be less than 0.95%. The crediting rate is reviewed on a quarterly basis for resetting.

The Plan's ability to receive amounts due in accordance with fully benefit-responsive investment contracts is dependent on the third-party issuer's ability to meet its financial obligations. The

AERO INDUSTRIES, INC. 401(k) PLAN

NOTES TO FINANCIAL STATEMENTS DECEMBER 31, 2024 AND 2023

issuer's ability to meet its contractual obligations may be affected by future economic and regulatory developments.

Certain events limit the ability of the Plan to transact at contract value with the issuer. Such events include the following: (a) amendments to plan documents (including complete or partial plan termination or merger with another plan), (b) changes to the plan's prohibition on competing investment options, (c) bankruptcy of the plan sponsor or other plan sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the plan, (d) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA. The plan administrator does not believe that the occurrence of any such event, which would limit the Plan's ability to transact at contract value with participants, is probable.

The guaranteed investment contract may be terminated by the issuer with 30 days advance written notice to the plan administrator for reasonable cause, which includes the plan administrator's failure to abide by state or federal law, failure to render performance necessary to comply with the terms of the contract, failure to maintain assets of at least \$25,000, plan disqualification, and failure to adopt the plan in a reasonable period of time. Upon termination by the issuer, a market value adjustment may apply. The plan administrator does not foresee any of the above criteria occurring with the Plan that would permit the termination of the contract by the issuer in the immediate future.

6. RELATED PARTY TRANSACTIONS AND PARTY-IN-INTEREST TRANSACTIONS

Parties-in-interest are defined under DOL regulations as any fiduciary of the Plan, any party rendering service to the Plan, the Employer and certain others.

Standard is the trustee and third-party administrator of the Plan, and receives payments for contract administrative services, as well as direct payment from participants on a transactional basis for processing distributions. Investment advisory fees are paid to Shepherd Financial Investment and StanCorp Financial Group. Blue & Co., LLC is the independent auditor for the Plan and receives payment from the Plan Sponsor.

7. PLAN TERMINATION

Although it has not expressed any intent to do so, the Plan Sponsor has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of plan termination, participants would become fully vested in their employer contributions.
