Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of the C.S.B. Co. 401(k) Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2024 and 2023, and the related statement of changes in net assets available for benefits for the year ended December 31, 2024, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of December 31, 2024 and 2023, and for the year ended December 31, 2024, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current Plan instrument, including all Plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter - Supplemental Schedule Required by ERISA

The supplemental Schedule H, Line 4i-Schedule of Assets (Held at End of Year) as of December 31, 2024, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing

procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Notes to the Financial Statements
December 31, 2024 and 2023

1. Description of Plan

The following description of the C.S.B. Co. (Company) 401(k) Plan (the Plan) provides only general information. Participants should refer to the plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering all employees of the Company and its affiliated employers operating within a controlled group as defined in Internal Revenue Code Section 414(b).

Employees become eligible to participate and may enter the plan on the first day of the month upon satisfaction of eligibility after they have reached 19 years of age. There is no minimum hours of service requirement. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The Board of Directors of the Company has assigned oversight of the Plan to the Investment Committee. The Investment Committee determines the appropriateness of the Plan's investment offerings, monitors investment performance and reports to the Company's Board of Directors, as appropriate.

The Plan was originally effective December 31, 1965, and was most recently amended effective April 15, 2024, to allow in-plan Roth rollovers. The Plan was subsequently amended effective June 1, 2025 to exclude interns from participation in the Plan.

Contributions

Each year, participants may elect to make voluntary pre-tax or Roth salary reduction contributions up to the maximum amount allowed by law. Participants who have attained age 50 before the end of the plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans (rollovers). Participants direct the investment of their contributions into various investment options offered by the Plan. The Plan offers various mutual funds held in pooled separate accounts and a guaranteed investment contract as investment options for participants.

The Company makes a safe harbor contribution equal to 100% of participants' salary deferrals that do not exceed 6% of the participant's eligible compensation, as defined in the Plan. The Company contribution is invested as directed by the participant. Contributions are subject to certain IRS limitations.

1. Description of Plan (Continued)

Participant Accounts

Each participant's account is credited with the participant's contributions and the Company's contributions as well as allocations of Plan earnings. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately vested in all participant and Company contributions plus actual earnings thereon.

Notes Receivable from Participants

Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 (reduced by the highest outstanding balance in the previous 12 months) or 50% of their vested account balance. A participant may not have more than one loan outstanding at any time and loans are not permitted from Roth deferrals. The loans are secured by the balance in the participant's account and bear interest at a rate of 1% over the prime interest rate. Principal and interest is paid ratably through monthly payroll deductions.

Payment of Benefits

On termination of service, a participant may elect to receive the vested interest in his or her account as a lump sum, partial withdrawals, or in substantially equal installments over a period of years. Accounts less than \$5,000 are subject to automatic cash-out provisions. Absent instructions from the participant, account balances less than \$1,000 will be paid in a lump-sum distribution and account balances between \$1,000 and \$5,000 will be rolled over to an IRA established for the participant. In-service distributions are permitted for participants who are at least 59 ½ years of age, disabled, or in certain instances of military service. Hardship withdrawals are also permitted for participants regardless of age within the scope of IRS regulations.

Administration of the Plan

Effective July 1, 2024, assets are held by Matrix Trust Company and administered by Ascensus, as a result of their acquisition of the recordkeeping business of Mutual of Omaha. Prior to that date, the Plan's assets were held in a variable group annuity provided and administered by United of Omaha Life Insurance Company. Recordkeeping services were provided by Mutual of Omaha, an entity affiliated with United of Omaha Life Insurance Company, through their agreement with Ascensus.

Certain administrative functions are performed by officers or employees of the Company. No such officer or employee receives compensation from the Plan.

2. Summary of Accounting Policies

Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting.

Use of Estimates

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

Investments are reported at fair value (except for the fully benefit-responsive investment contract, which is reported at contract value). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Investment Committee determines the Plan's valuation policies utilizing information provided by the investment adviser, custodian, and recordkeeper. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends, if any, are recorded on the ex-dividend date. Net appreciation includes the Plan's gains or losses on investments bought and sold as well as held during the year.

Contributions

Contributions from Plan participants and the matching contributions from the Company are recorded in the year in which the employee contributions are withheld from compensation.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when incurred.

Payment of Benefits

Benefits are recorded when paid. There were no amounts allocated to accounts of persons who have elected to withdraw from the Plan, but have not been paid, as of December 31, 2024.

Administrative Expenses

Certain expenses of maintaining the Plan are paid by the Plan unless otherwise paid by the Company. Expenses that are paid by the Company are excluded from these financial statements. Fees related to the administration of notes receivable from participants and distributions to participants, and other recordkeeping functions are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation of fair value of investments. The Plan may also receive credits to be applied to expenses through a revenue sharing agreement with its third-party administrator and recordkeeper.

3. Information Certified by the Custodian (Unaudited)

Plan management has elected the method of compliance permitted by 29 CFR 2520.103-8 of the DOL’s Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Matrix Trust Company, the Plan custodian, has certified to the completeness and accuracy of all investments reflected on the accompanying statement of net assets available for benefits as of December 31, 2024, and the supplemental Schedule H, line 4i – Schedule of Assets (Held at End of Year), other than notes receivable from participants, as of December 31, 2024; and the investment income reflected in the statement of changes in net assets available for benefits for the year ended December 31, 2024. Matrix Trust Company previously provided custodial services to United of Omaha Life Insurance Company at the product level through acquisition by Ascensus on July 1, 2024.

United of Omaha Life Insurance Company, the custodian of the Plan’s assets in the group annuity contract through July 1, 2024, has certified to the completeness and accuracy of all investments reflected on the accompanying statement of net assets available for benefits as of December 31, 2023 and the investment income reflected in the statement of changes in net assets available for benefits for the period from January 1, 2024 through July 1, 2024.

4. Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1	Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.
Level 2	Inputs to the valuation methodology include: <ul style="list-style-type: none"> •quoted prices for similar assets or liabilities in active markets; •quoted prices for identical or similar assets or liabilities in inactive markets; •inputs other than quoted prices that are observable for the asset or liability; •inputs that are derived principally from or corroborated by observable market data by correlation or other means;
Level 3	Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability’s fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of observable inputs and minimize the use of unobservable inputs.

Notes to the Financial Statements

4. Fair Value Measurements (Continued)

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2024 and 2023, however, the termination of the variable group annuity contract with United of Omaha Life Insurance Company on July 1, 2024 as a result of acquisition of the recordkeeping business by Ascensus did result in changes in the structure of certain underlying investments out of pooled separate accounts and into mutual funds or collective investment funds.

Mutual Funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded. These funds are offered as investment options as of July 1, 2024.

Callan GlidePath Funds: Valued daily at NAV per unit computed by dividing the total fair value of the assets of each fund, less its liabilities, by the total number of units at the time of computation. Investment income earned is reinvested in each fund and included in the determination of unit values. These funds are offered as investment options as of July 1, 2024.

State Street Collective Investment Funds: Valued daily at NAV per unit using the practical expedient based on the fair value of the underlying assets held by the fund less its accrued expenses and liabilities. These funds are offered as investment options as of July 1, 2024.

Retirement Right Stable Value Fund: Valued daily at NAV per unit based on contributions made to a guaranteed interest contract, plus earnings at a guaranteed crediting rate recalculated quarterly, less participant withdrawals, and administrative expenses. This fund is offered as an investment option as of July 1, 2024.

Pooled Separate Accounts: A unit value is calculated for each separate account investment based on the underlying assets, which include a mix of mutual funds, collective trusts and managed accounts. All underlying investment options are valued daily. This daily price is considered the selling price for transfers and withdrawals, and is calculated each day the principal market is open. The investment options are available for trading each day the principal market is open, and are available to any participant in the Plan, unless restricted by the Plan administrator. These funds are no longer offered as investment options as of July 1, 2024.

4. Fair Value Measurements (Continued)

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2024. There were no assets which required classification in the hierarchy as of December 31, 2023.

	Assets at Fair Value as of December 31, 2024			
	Total	(Level 1)	(Level 2)	(Level 3)
Mutual funds	\$ 7,788,377	\$ 7,788,377	\$ -	\$ -
Investments measured at net asset value (a)	14,801,422			
	\$ 22,589,799			

^(a) In accordance with Subtopic 820-10, certain investments that are measured at net asset value per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statements of net assets available for benefits.

Fair Value of Investments that Calculate Net Asset Value (NAV)

The following table summarizes investments for which fair value is measured using the net asset value per share practical expedient as of December 31, 2024 and 2023, respectively. There are no participant redemption restrictions for these investments; the redemption notice period is applicable only to the Plan.

5. Fully Benefit-Responsive Investment Contract

Through July 1, 2024, the Plan offered a guaranteed account investment option which was a traditional investment contract. This contract met the fully benefit-responsive investment contract criteria and, therefore, was reported at contract value. Contract value is the relevant measure for fully benefit-responsive investment contracts because this is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan. Contract value, as reported to the Plan by United of Omaha Life Insurance Company, represents contributions made under the contract, plus earnings, less participant withdrawals, and administrative expenses.

In a traditional investment contract, the Plan owns only the contract and the underlying assets are part of the issuer's general assets. The traditional investment contract held by the Plan is a guaranteed investment contract, whereby the contract issuer is contractually obligated to repay the principal and interest at a specified interest rate that is guaranteed to the Plan. The crediting rate is based on a formula established by the contract issuer and is reviewed on a monthly basis for resetting.

Certain events limit the ability of the plan to transact at contract value with the issuer. Such events include the following: (1) amendments to the Plan documents (including complete or partial plan termination or merger with another plan), (2) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions, (3) bankruptcy of the Plan Sponsor or other Plan Sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan, or (4) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA. The plan administrator does not believe that any events which would limit the Plan's ability to transact at contract value with participants are probable of occurring.

In addition, certain events allow the issuer to terminate the contract with the Plan and settle at an amount different from contract value. Those events may be different under each contract. Examples of such events include the following: (1) a breach of material obligation under the contract, (2) a material misrepresentation, or (3) a material amendment to the agreements without the consent of the issuer.

6. Related-Party and Party in Interest Transactions

United of Omaha Life Insurance Company and its affiliate, Mutual of Omaha, provided investment, third-party administration, and recordkeeping services to the Plan under various service agreements with affiliated and contracted entities through July 1, 2024. Effective July 1, 2024, Ascensus began providing recordkeeping services to the Plan under a new service agreement as a result of its acquisition of the recordkeeping business of Mutual of Omaha. Fees paid for these services qualify as exempt party-in-interest transactions. The Plan paid fees directly to United of Omaha Life Insurance Company totaling \$2,000, and fees directly to Ascensus totaling \$5,200 for the year ended December 31, 2024. Other fees charged for these services may be paid by the Company on behalf of the Plan.

C.S.B. CO. 401(K) PLAN
Notes to the Financial Statements
December 31, 2024 and 2023

6. Related-Party and Party in Interest Transactions (Continued)

Fees for certain investment services are included in net appreciation in fair value of the investments, as they are paid through revenue sharing, rather than a direct payment. In addition, United of Omaha Life Insurance Company and Ascensus may receive revenue from investment providers that exceeds amounts owed for their services to the Plan. Excess amounts are deposited monthly to the Plan's ERISA account. Such amounts may be used to pay administrative expenses or allocated to participant accounts.

The Plan also incurs fees for the annual audit from Regier Carr & Monroe, LLC. These fees may be paid by the Plan or the Plan Sponsor, C.S.B. Co. on behalf of the Plan and qualify as exempt party-in-interest transactions. The Plan paid audit fees totaling \$5,012 for the year ended December 31, 2024.

7. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA.

8. Tax Status

The Company has adopted a non-standardized pre-approved plan sponsored by Mutual of Omaha Insurance Company. Ascensus became the sponsor of this plan as a result of its acquisition of Mutual of Omaha on July 1, 2024. The pre-approved plan adopted effective October 17, 2022, obtained its latest determination letter on July 1, 2024, in which the Internal Revenue Service (IRS) stated the pre-approved plan, as then designed, was in compliance with applicable sections of the Internal Revenue Code (IRC). Although the Plan has been amended since receiving the determination letter, the Plan administrator believes that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC and, therefore, believe that the Plan is qualified, and the related trust is tax-exempt.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions, however, there are currently no audits for any tax periods in progress.

9. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.
