Report of Independent Auditors

The Plan Administrator of
Nippon Dynawave Packaging Co. Health & Welfare Benefit Plan

Report on the Audit of the Financial Statements

Opinion

We have audited the financial statements of Nippon Dynawave Packaging Co. Health & Welfare Benefit Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), which comprise the statements of net assets available for benefits and of benefit obligations as of December 31, 2024 and 2023, and the related statements of changes in net assets available for benefits and of changes in benefit obligations for the year ended December 31, 2024, and the related notes to the financial statements.

In our opinion, the accompanying financial statements present fairly, in all material respects, the net assets available for benefits and of benefit obligations of Nippon Dynawave Packaging Co. Health & Welfare Benefit Plan as of December 31, 2024 and 2023, and the changes in its net assets available for benefits and of changes in benefit obligations for the year ended December 31, 2024, in accordance with accounting principles generally accepted in the United States of America (GAAP).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Nippon Dynawave Packaging Co. Health & Welfare Benefit Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Nippon Dynawave Packaging Co. LLC Health & Welfare Benefit Plan's ability to continue as a going concern within one year after the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- exercise professional judgment and maintain professional skepticism throughout the audit.
- identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Nippon Dynawave Packaging Co. Health & Welfare Benefit Plan's internal control. Accordingly, no such opinion is expressed.
- evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Nippon Dynawave Packaging Co. Health & Welfare Benefit Plan's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Note 1 – Description of Plan

The following description of the Nippon Dynawave Packaging Co. LLC Health & Welfare Benefit Plan (the Plan) provides only general information about the Plan's provisions. Participants should refer to the plan agreement for a complete description of the Plan's provisions, copies of which may be obtained from the Plan Sponsor.

General – The Plan provides health and other benefits to eligible employees of Nippon Dynawave Packaging Co. (the Company) and covered dependents. Retired employees who were retired before December 31, 2017 and were covered under the labor agreement for the Association of Western Pulp and Paper Workers (AWPPW) Locals 580 or 633, are eligible for medical benefits until the retiree and spouse reach age 65 or become eligible for Medicare. Dependents of these retirees are eligible for medical benefits until age 26. Employees that were at least 55 years old as of January 1, 2016, had fifteen years of experience, and were covered under the labor agreement for AWPPW Locals 633 Extruders, are eligible for medical benefits as a retiree. Dependents of these employees are eligible for medical benefits until age 26.

The Plan is subject to the provisions of the Employee Retirement Security Act of 1974, as amended (ERISA).

Cash – The Plan is required to maintain a bank account with Citibank, for which premium payments can be made to Cigna. The cash balance has been included as an asset of the Plan until such amounts are used to pay premiums.

Benefits – The Plan provides health benefits (medical). Retired employees are entitled to similar health benefits. The Plan also provides continuation of certain benefits upon termination of employment through the Consolidated Omnibus Budget Reconciliation Act (COBRA).

Insured benefits – The Plan provides medical health benefits to participating employees. The Company purchases annual insurance contracts for these insured benefits. Premiums for these insured benefits are paid to the insurance company from the general assets of the Company.

Experience-rated contracts – Certain insurance contracts are subject to experience-rating adjustments. Experience ratings (calculated as the difference between premiums paid and the total of claims paid, and fees charged by the insurance company) are determined by the insurance company in the following year and may result in a premium surplus or deficit.

Contributions – Participants and retirees contribute specified amounts based on applicable monthly premiums for their respective benefit elections.

Note 2 – Summary of Accounting Policies

Basis of accounting and use of estimates – The accompanying financial statements have been prepared using the accrual basis of accounting. The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America (GAAP) requires management to make estimates and assumptions that affect the reported amounts of assets, liabilities, benefit obligations and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Payment of benefits – Premiums are paid by the Company and are recorded as premium payments in the accompanying statement of changes in net assets available for benefits.

Note 2 – Summary of Accounting Policies (continued)

Experience-rated contracts – For experience-rated contracts, premium surpluses are recorded as a receivable from the insurance company. To the extent that premium surpluses are attributable to premiums paid by the Company, a payable to the Company is also recorded for surplus amounts attributable to Company-paid coverage.

If the insurance company requires payment of additional premiums due to a premium deficit, an obligation for the additional premiums is included in benefit obligations. If the deficit relates to Company-paid coverage, a receivable from the Company is also recorded. Periodically, a premium deficit is due related to participant-funded coverage, but the cash account is unable to pay the entire amount. In this case, the Company pays the difference to the insurance company and a receivable from the Company is recorded.

Minimum Premium Plan – The benefits under this plan are covered under a minimum premium plan. The insurance company is responsible for funding all claims in excess of the calculated monthly maximum liability. This calculation is based on a variety of factors including the number of employees enrolled in the plan. This allows for some cash flow benefits while guarantying a maximum premium liability. Actual results may vary from estimates, even favorably, based on actual experience at the end of the plan policy periods based on the carrier's loss predictions and our historical claims data.

Administrative Expenses – Certain expenses of maintaining the Plan are paid directly by the Company and are excluded from these financial statements.

Subsequent events – Subsequent events are events or transactions that occur after the statement of net assets available for benefits date but before the financial statements are available to be issued. The Plan recognizes in the financial statements the effects of all subsequent events that provide additional evidence about conditions that existed at the date of the statement of net assets available for benefits, including the estimates inherent in the process of preparing the financial statements. The Plan's financial statements do not recognize subsequent events that provide evidence about conditions that did not exist at the date of the statement of net assets available for benefits but arose after the statement of net assets available for benefits date and before the financial statements are available to be issued.

Management has evaluated subsequent events for the Plan through July 31, 2025, the date the financial statements were available to be issued.

Note 3 – Postretirement Benefit Obligations

A postretirement benefit obligation has been recognized for retiree medical benefits for eligible participants and their dependents upon retirement. This benefit obligation represents the actuarial present value of the cost of those estimated future benefits that are attributed by the terms of the Plan to employee service rendered to the date of the financial statements, reduced by the actuarial present value of contributions expected to be received in the future from current retirees of the Plan. The obligations represent the amounts that are expected to be funded by contributions from the Company and from existing assets of the Plan. Postretirement benefits include future benefits expected to be paid to or for (a) currently retired or terminated employees and their beneficiaries and dependents, and (b) active employees and their beneficiaries and dependents after retirement from service with the Company.

Note 3 – Postretirement Benefit Obligations (continued)

The actuarial present value of the expected postretirement benefit obligation is determined by an actuary and is the amount that results from applying actuarial assumptions to historical claims-cost data to estimate future annual incurred claims costs per participant and to adjust such estimates for the time value of money (through discounts for interest) and the probability of payment (by means of decrements, such as those for death, disability, withdrawal, or retirement) between the valuation date and the expected date of payment.

The following are significant assumptions used to determine the postretirement benefit obligations as of December 31, 2024 and 2023.

Discount rate	5.06% - 2024; 4.92% - 2023									
Average retirement age rates	Various rates ranging from 5% at age 55 to 100% at age 70									
Mortality	PRI-2012 generational table with blue collar adjustment and MP-2021 generational projection scale - 2024 and 2023									
Assumptions	Pre-Medicare annual premium for Cigna is \$25,457 for 2024 and \$19,901 for 2023.									
	Pre Medicare annual rate contributions:									
	<table><thead><tr><th></th><th>2024</th><th>2023</th></tr></thead><tbody><tr><td>Cigna Employee Only</td><td>\$ 407.04</td><td>\$ 314.88</td></tr><tr><td>Cigna Employee and Spouse</td><td>\$ 751.80</td><td>\$ 581.64</td></tr></tbody></table>		2024	2023	Cigna Employee Only	\$ 407.04	\$ 314.88	Cigna Employee and Spouse	\$ 751.80	\$ 581.64
	2024	2023								
Cigna Employee Only	\$ 407.04	\$ 314.88								
Cigna Employee and Spouse	\$ 751.80	\$ 581.64								

The primary drivers of the change in actuarial assumptions were due to updated healthcare premiums and the change in discount rate from 4.92% in 2023 to 5.06% in 2024, which increased the benefit obligation by \$151,671.

Note 4 – Tax Status

The Plan is required to operate in conformity with the Internal Revenue Code (IRC) to maintain the tax-exempt status of the Plan. The plan administrator believes that the Plan is being operated in compliance with the applicable requirements of the IRC and, therefore, believes that the Plan is tax-exempt.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if it has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Note 5 – Termination of the Plan

Although it has not expressed any intention to do so, the Company has the right under the Plan to modify the benefits provided to, and contributions required of, participants to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of termination of the Plan, remaining assets will be applied in a uniform and nondiscriminatory manner toward the provision of benefits for or on account of the participants. No assets of the Plan may revert to the Company or be used for purposes other than for the exclusive benefit of the Plan's participants.

Note 6 – Reconciliation to Form 5500

The Form 5500 has certain items that differ from amounts shown on the accompanying financial statements. These differences relate to classification only and have no effect upon net assets available for benefit for either period.

Note 7 – Risks and Uncertainties

The actuarial present value of benefit obligations is reported based on certain assumptions pertaining to interest rates, health care inflation rates, and employee demographics, all of which are subject to change. Due to uncertainties inherent in the estimations and assumptions process, it is at least reasonably possible that changes in these estimates and assumptions in the near-term would-be material to the financial statements.

The Company maintains cash balances which, at times, exceed the federally insured amount of \$250,000. The Company has not experienced any losses from these accounts and believes they are not exposed to any significant risk.
