INDEPENDENT AUDITOR'S REPORT

To the Board of Trustees of
Bricklayers and Trowel Trades International
Retirement Savings Plan

Opinion

We have audited the accompanying financial statements of Bricklayers and Trowel Trades International Retirement Savings Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), which comprise the statements of net assets available for benefits as of December 31, 2024 and 2023, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

In our opinion, the financial statements referred to above present fairly, in all material respects, the net assets available for benefits of Bricklayers and Trowel Trades International Retirement Savings Plan as of December 31, 2024 and 2023, and the changes in its net assets available for benefits for the years then ended in accordance with accounting principles generally accepted in the United States of America.

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Responsibilities of Management for the Financial Statements

Plan management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America. Management is also responsible for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements, including omissions, are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control related matters that we identified during the audit.

Report on Supplemental Information

Our audits were conducted for the purpose of forming an opinion on the financial statements as a whole. The supplemental schedules of assets (held at end of year) and reportable transactions are presented for purposes of additional analysis and are not a required part of the financial statements but are supplemental information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion, the information in the accompanying schedules is fairly stated, in all material respects, in relation to the financial statements as a whole, and the form and content are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

BRICKLAYERS AND TROWEL TRADES INTERNATIONAL RETIREMENT SAVINGS PLAN

NOTES TO FINANCIAL STATEMENTS

YEARS ENDED DECEMBER 31, 2024 AND 2023

NOTE 1. DESCRIPTION OF THE PLAN

Bricklayers and Trowel Trades International Retirement Savings Plan (the Plan) is a defined contribution plan established by the International Union of Bricklayers and Allied Craftworkers and various employer associations to provide benefits that are supplemental to pension benefits provided by the Bricklayers and Trowel Trades International Pension Fund or a local pension plan.

The Plan is made up of two separate components, the retirement savings component and the 401(k) component. Descriptions of the two components are as follows:

Retirement Savings Component

The retirement savings component is funded by employer contributions at rates determined by collective bargaining agreements, and by contributions from participating local unions or funds. For contributions to be accepted by this plan, a minimum contribution of \$1.00 per hour worked must be made to a defined benefit pension plan, with at least \$0.50 of such contributions going to the Bricklayers and Trowel Trades International Pension Plan.

The amount of benefits payable under this component of the Plan is determined by the vested balance in each participant's individual account. Employer contributions made on behalf of each participant are added to the participant's account. The Plan's investment yield and operating expenses, as well as any forfeitures of terminated participants' non-vested account balances, are allocated to the individual accounts at the end of each year. Such allocations are based on the ratio of each individual account balance to the total balance in all participants' accounts.

Participants become fully vested when they have accumulated one full year of service credit under the International Pension Plan or, if earlier, when the Plan has received contributions for at least 400 hours of service. Benefits are payable to vested participants upon their retirement or when they become permanently disabled. The value of a deceased participant's vested benefit is paid to his or her beneficiary. Vested participants who have had no contributions paid to the Plan on their behalf for a period of 24 months may withdraw their vested balance. Vested participants may also withdraw their prior year-end vested balance to cover expenses brought on by financial hardship. Through the internet, participants have 24 hour per day access to their account, including their current balance and available hardship balance.

Participants should refer to the Summary Plan Description for more complete information.

NOTE 1. DESCRIPTION OF THE PLAN (CONTINUED)

401(k) Component

The 401(k) component is open to employees of participating contributing employers covered under a collective bargaining agreement. The 401(k) component is funded solely by participant contributions. Compensation deferred and contributed to the Plan is not subject to federal and, in most cases, state income taxes at the time of deferral. Participants are immediately vested in their balance of deferred compensation and rollover contributions.

Contributions to the Plan are invested as directed by the participant in one or more collective funds maintained by Principal. These collective funds range from conservative to a more aggressive investment strategy. During the year ended December 31, 2020, the Trowel Trades Large Cap Equity Index Fund was added to the Plan. Furthermore, all administration of and regulatory compliance for the Index Fund rests with Comerica Bank. Participation in the Index Fund is available to all Plan participants. Through record keeping services provided by The Principal via the internet and by telephone, participants have 24 hours per day access to their accounts which are valued on a daily basis.

Participants should evaluate their own investment goals and, accordingly, choose one or more of these investment accounts. Poor investment performance by the investment accounts selected by the participants may cause their vested balance to be lower than the amounts contributed to the Plan. For participants who do not choose to actively manage their accounts, their contributions will be invested in an aged-based lifestyle fund which moves into more conservative investments as a participant age. The Plan accommodates daily changes in participant investment options.

Participants should refer to the Summary Plan Description for more complete information.

NOTE 2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Method of Accounting - The financial statements have been prepared using the accrual basis of accounting. Under this basis, revenue is recognized when earned and expenses are recognized when incurred.

Investments - The Plan's investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date.

Purchases and sales of investments are reported on a trade-date basis. Interest income is reported on the accrual basis. Dividends are reported on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold, as well as held during the year.

NOTE 2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Employer and Participant Contributions Receivable - Employer and participant contributions due and not paid prior to the year-end are recorded as contributions receivable. Based on a review of historical losses, current economic conditions and supportable and reasonable forecast assumptions, management has concluded that any expected credit losses on balances outstanding at year-end will be immaterial.

Estimates - The preparation of financial statements in conformity with U.S. generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts and disclosures in the financial statements. Actual results could differ from those estimates.

NOTE 3. TAX STATUS

The Internal Revenue Service (IRS) has advised, in a letter dated January 12, 2016, that the Plan is a qualified plan under Section 401(a) of the Internal Revenue Code (IRC) and is, therefore, exempt from federal income taxes under the provisions of Section 501(a). The plan administrator and the Plan's tax counsel believe that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain tax position that more likely than not would not be sustained upon examination by the IRS and Department of Labor. Plan management has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2024, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

NOTE 4. PRIORITIES UPON TERMINATION

It is the intent of the trustees to continue the Plan in full force and effect. However, to safeguard against any unforeseen contingencies, the right to discontinue the Plan is reserved by the trustees. Termination shall not permit any part of the Plan to be used for or diverted to purposes other than the exclusive benefit of participants. In the event the Plan is terminated, the net assets of the Plan will be allocated as described in the plan document.

NOTE 5. INVESTMENTS AND FAIR VALUE MEASUREMENTS

Accounting standards provide the framework for measuring fair value which provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy are described as follows:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Inputs to the valuation methodology include other significant observable inputs including:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability; and
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2024:

Description	Total	Quoted Market Price for Assets (Level 1)	Significant Other Observable Inputs (Level 2)	Significant Unobservable Inputs (Level 3)
Short-term investments	\$ 3,538,872	\$ -	\$ 3,538,872	\$ -
Insurance company contract	12,180,736	-	12,180,736	-
Mutual funds	20,023,968	20,023,968	-	-
	35,743,576	\$ 20,023,968	\$ 15,719,608	\$ -
Investments measured at net asset value *	224,625,942			
Investments at fair value	\$ 260,369,518			

*In accordance with Accounting Standards Codification, investments that were measured at net asset value per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statements of net assets available for benefits.

NOTE 5. INVESTMENTS AND FAIR VALUE MEASUREMENTS (CONTINUED)

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2023:

Description	Total	Quoted Market Price for Assets (Level 1)	Significant Other Observable Inputs (Level 2)	Significant Unobservable Inputs (Level 3)
Short-term investments	\$ 2,516,787	\$ -	\$ 2,516,787	\$ -
Insurance company contract	7,098,490	-	7,098,490	-
Mutual funds	18,995,884	18,995,884	-	-
	28,611,161	\$ 18,995,884	\$ 9,615,277	\$ -
Investments measured at net asset value *	202,064,581			
Investments at fair value	<u>\$ 230,675,742</u>			

*In accordance with Accounting Standards Codification, investments that were measured at net asset value per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statements of net assets available for benefits.

The following are descriptions of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2024 and 2023.

Short-term investments: Stated at estimated fair values, which equal their cost.

Insurance company contract: Valued based on estimated amounts reported by the insurance company that holds the contract.

Mutual funds: Valued at the closing price reported on the active market on which the individual securities are traded. These funds are open-end mutual funds that are registered with the Security Exchange Committee (SEC). These funds are required to publish their daily net asset value (NAV) and to transact at that price.

Pooled trust funds, common collective trusts and collective funds: Valued at the fair values reported in the entities' audited financial statements and are based on their NAV as of the last day of the year.

Authoritative guidance on fair value measurements permits the Plan to measure the fair value of an investment in an investment entity that does not have a readily determinable fair value based upon the NAV per share or its equivalent of the investment. This guidance does not apply if it is probable that the investment will be sold at a value different than NAV.

NOTE 5. INVESTMENTS AND FAIR VALUE MEASUREMENTS (CONTINUED)

The Plan's investment in these investment entities is subject to the terms of the respective agreements. Income or loss from investments in these investment entities is net of the Plan's proportionate share of fees and expenses incurred or charged by these investment entities.

The Plan's risk of loss in these entities is limited to its investment. The Plan may increase or decrease its level of investment in these entities at its discretion. The Plan typically has the ability to redeem its investment from these entities on a daily or quarterly basis but longer lock-up periods can apply to certain investments.

The following table summarizes the Plan's investments in certain entities that calculate NAV per share as fair value measurement as of December 31, 2024 and 2023 by investment strategy:

	Fair Value (in millions)		Unfunded Commitments (in millions)	Redemption Frequency	Redemption Notice Period
	2024	2023			
a. Pooled trust funds	\$ 43,183,200	\$ 41,315,357	\$ -	daily, monthly	5 - 60 days
b. Common collective trusts	175,486,953	155,314,223	-	monthly, quarterly,	15 days, 1 year
c. Collective funds	5,955,789	5,435,001	-	varies	daily
	<u>\$ 224,625,942</u>	<u>\$ 202,064,581</u>			none

The following summarizes the investment strategy of the Plan's investments in the table presented above which do not report as a direct filing entity (DFE) to the Department of Labor:

- a. The Plan's investments in pooled trust funds consist of two funds. The first investment's objective is to outperform the return of the Bloomberg U.S. Aggregate Bond Index over the credit cycle by aiming to closely replicate the duration and yield curve of the benchmark by investing in a portfolio of short, medium and long-term Treasury bond futures. In addition, the fund seeks to construct a diversified portfolio of credits with greater relative value and downside protection compared to the Benchmark. This investment can be redeemed monthly with varying notice periods. The second investment reports as a DFE and can be redeemed daily. There are no unfunded commitments.
- b. The Plan's investment in common collective trusts consists of eleven investments, six of which report as DFEs. Three investments reporting as DFEs can be redeemed quarterly, two with a 15-day redemption notice, and the other one can require notice of up to one year. The other three investments reporting as DFEs can be redeemed daily. There are no unfunded commitments.

NOTE 5. INVESTMENTS AND FAIR VALUE MEASUREMENTS (CONTINUED)

AFL-CIO Housing Investment Trust (HIT) - aims to construct and manage a portfolio composed primarily of mortgage securities, with higher yield, higher credit quality and similar interest rate risk versus the Barclays Capital Aggregate Bond Index. The HIT uses a variety of strategies to maintain a risk profile comparable to its benchmark index. These strategies include managing the duration of the HIT portfolio within a range comparable to the benchmark index and managing prepayment risk by negotiating prepayment restrictions for mortgage securities backed by multifamily housing projects, including market rate housing, low-income housing, housing for the elderly or handicapped, intermediate care facilities, assisted living facilities and nursing homes (collectively, Multifamily Projects). This investment can be redeemed monthly with a 15-day notice period. There are no unfunded commitments.

JP Morgan Chase Bank Core Bond Fund - seeks to maximize the total return by investing primarily in a diversified portfolio of intermediate and long-term debt securities. The fund can be redeemed daily and there is no unfunded commitment.

Neuberger Berman Strategic Multi-Sector Fixed Income Trust - seeks current income with a secondary objective of long-term capital appreciation. The fund can be redeemed daily and there is no unfunded commitment.

Segall Bryant & Hamill SMid Cap Equity Trust - utilizes a core investment approach consisting of companies with a market capitalization that does not typically exceed those in the Russell 2500 Index and seeks to uncover investments that have the potential to offer consistent returns over the long term and downside protection through market cycles.

- c. Investments in collective funds consist of multiple participant-directed mutual funds. These collective funds employ innovative factor-driven indexing to seek strong risk-adjusted returns with low costs. Redemptions are available on a daily basis without notice. There are no unfunded commitments.

NOTE 6. RELATED PARTIES AND PARTIES IN INTEREST

The Bricklayers and Trowel Trades International Pension Plan (United States Plan) provides various administrative services to the Plan, including the processing of contributions to the Plan. A portion of the administrative expenses incurred by the United States Plan are allocated to the Plan. The Plan reimbursed the United States Plan a total of \$523,838 and \$462,048, respectively, during the years ended December 31, 2024 and 2023. Net amounts due to the United States Plan based on relevant timing at December 31, 2024 and 2023 were \$238,838 and \$272,048, respectively.

NOTE 7. RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such change could materially affect the amounts reported in the statements of net assets available for benefits.

NOTE 8. RECONCILIATION OF FINANCIAL STATEMENTS TO FORM 5500

The following is a reconciliation of the Plan's additions and deductions per the accompanying financial statements to the Form 5500:

	<u>2024</u>	<u>2023</u>
Additions per financial statements	\$ 42,492,692	\$ 38,546,131
Add: investment expenses	<u>223,439</u>	<u>198,005</u>
Income per the Form 5500	<u>\$ 42,716,131</u>	<u>\$ 38,744,136</u>
Deductions per financial statements	\$ 12,446,038	\$ 15,874,225
Add: investment expenses	<u>223,439</u>	<u>198,005</u>
Expenses per the Form 5500	<u>\$ 12,669,477</u>	<u>\$ 16,072,230</u>

NOTE 9. SUBSEQUENT EVENTS REVIEW

Subsequent events have been evaluated through July 9, 2025, which is the date the financial statements were available to be issued. This review and evaluation revealed no material event or transaction which would require an adjustment to or disclosure in the accompanying financial statements.
