## INDEPENDENT AUDITORS' REPORT

To the Plan Administrator of the  
Kymera Therapeutics, Inc. 401(k) Profit Sharing Plan Trust:

### Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements of the Kymera Therapeutics, Inc. 401(k) Profit Sharing Plan Trust (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the Statement of Net Assets Available for Plan Benefits as of December 31, 2024 and 2023, and the related Statement of Changes in Net Assets Available for Plan Benefits for the year ended December 31, 2024, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2024 and 2023, and for the year ended December 31, 2024, stating that the certified investment information, as described in Note 5 to the financial statements, is complete and accurate.

### Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the Financial Statements section -

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

### **Basis for Opinion**

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

### **Responsibilities of Management for the Financial Statements**

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the Plan; and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

### **Auditors' Responsibilities for the Audit of the Financial Statements**

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certifications, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

### **Supplemental Schedule Required by ERISA**

The supplemental Schedule of Assets (Held at End of Year) as of December 31, 2024, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplemental information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements.

The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

**NOTES TO THE FINANCIAL STATEMENTS**  
**December 31, 2024 and 2023**

**1. Description of the Plan**

The following description of the Kymera Therapeutics, Inc. 401(k) Profit Sharing Plan Trust (the Plan) is intended to provide only general information regarding the Plan. Participants should refer to the Plan Agreement for a more complete description of the Plan's provisions.

***General***

The Plan is a defined contribution plan covering substantially all employees of Kymera Therapeutics, Inc. (the Plan Sponsor or the Employer), which requires participants to be 21 years of age or older. Interns, co-ops, and temporary employees must also complete 1,000 hours of service to be eligible to participate in the Plan. Entry dates into the Plan are the first day of each month following satisfaction of eligibility requirements. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

The Plan Sponsor is also the Plan Administrator. As Plan Administrator, the Plan Sponsor has exclusive authority and responsibility for all matters in connection with the operation and administration of the Plan. Fidelity Management Trust Company (FMTC) is the appointed trustee of the Plan and holds and manages Plan investments, as well as provides recordkeeping services, at the direction of the Plan Administrator.

Effective January 1, 2024, the Plan was amended to change the definition of compensation for purposes of computing contributions. This amendment excludes from compensation items including bonuses other than annual bonuses, commissions, taxable value of any restricted stock or any qualified or nonqualified stock options, and severance pay received prior to termination.

***Contributions***

Eligible employees may elect to contribute any percentage of their annual pretax eligible compensation to the Plan, so long as those contributions do not exceed annual limitations set by the Internal Revenue Code (IRC). Participants may designate some or all of their elective deferrals as Roth 401(k) deferrals. Participants who have reached the age of 50 before the end of the Plan year may contribute additional amounts in the form of catch-up contributions. Rollover contributions to the Plan are permitted, subject to the restrictions of the Plan Agreement.

The Plan includes an automatic contribution provision under which the Employer enrolls the participants to make tax-deferred contributions of 5%. An eligible employee may elect not to contribute to the Plan, or elect to contribute a different percentage of compensation.

**KYMERA THERAPEUTICS, INC. 401(k) PROFIT SHARING PLAN TRUST**  
**NOTES TO THE FINANCIAL STATEMENTS**  
**December 31, 2024 and 2023**

The Employer's safe harbor matching contribution is equal to 100% of the participant's contribution, up to 3% of compensation and 50% of the participant's contribution, up to the next 2% of compensation. In addition, the Employer may choose to make discretionary nonelective contributions to participants who were employed on the last day of the Plan year and have completed 1,000 hours of service in the Plan year. The discretionary nonelective contribution is equal to a percentage of each eligible participant's compensation plus a percentage of compensation in excess of social security wages. During the year ended December 31, 2024, the Employer made safe harbor contributions of \$1,773,109. No discretionary nonelective contributions were made during the year ended December 31, 2024.

***Participant Accounts***

Each participant's account is credited with the participant's contribution, the Employer's safe harbor matching contribution and the Employer's discretionary nonelective contributions (if applicable), and their allocation of Plan earnings (losses) and administrative expenses. Plan earnings (losses) and administrative expenses are allocated to participant accounts based on participant's compensation or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

***Vesting***

Participants are immediately vested in their elective deferral contributions, rollover contributions, Employer safe harbor matching contributions, and any earnings thereon. Participants become fully vested in the Employer's discretionary nonelective contributions and accrued earnings thereon over six years as follows: 20% after 2 years, 40% after 3 years, 60% after 4 years, 80% after 5 years, and 100% after 6 years. Each participant shall be 100% vested in their account balances upon death, disability, or attainment of normal retirement age.

***Participant Notes Receivable***

Participants may borrow from their account a minimum of \$1,000, up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. The maximum number of loans outstanding at one time is one. Note terms range from one to five years, or up to 30 years for the purchase of a primary residence. The notes are secured by the balance in the participant's account and bear interest at a rate commensurate with local prevailing rates as determined by the Plan Administrator. Principal and interest is paid ratably through payroll deductions.

***Payment of Benefits***

Upon retirement, death, disability or termination of service, a participant (or participant's beneficiary in the event of death) can elect to receive 100% of their vested account balance, payable in a single lump-sum distribution, a rollover to a qualifying retirement account, or a combination of both. Participants who have reached the age of 59½ may elect to withdraw all or a portion of their account while still employed by the Employer.

**KYMERA THERAPEUTICS, INC. 401(k) PROFIT SHARING PLAN TRUST**  
**NOTES TO THE FINANCIAL STATEMENTS**  
**December 31, 2024 and 2023**

If a participant's vested balance is equal to or less than \$1,000, the participant will receive an immediate cash-out of their vested account balance, and the non-vested portion shall be treated as a forfeiture. If a participant's vested balance exceeds \$1,000 and is equal to or less than \$5,000, the vested amount will be rolled over to an individual retirement plan designated by the trustee, unless otherwise directed by the participant.

***Hardship Withdrawals***

Hardship distributions are permitted from participant elective deferral accounts subject to limitations imposed by the IRC.

***Forfeitures***

Participants in the Plan who leave the employment of the Employer before completing the applicable vesting requirements forfeit the non-vested portion of their accounts. Forfeited non-vested accounts may be used to pay administrative expenses. Any remaining amounts will be used to reduce future Employer contributions payable under the Plan. At December 31, 2024 and 2023, there were no non-vested forfeited accounts.

***Plan Termination***

The Employer expects to continue the Plan indefinitely. However, the Employer reserves the right to amend the Plan at any time and in any manner that it deems advisable, provided that no amendment shall have the effect of diverting Plan assets for purposes other than for the exclusive benefit of the Plan participants, and any Plan termination would be subject to the provisions of ERISA. If the Plan is terminated, the participants would become fully vested and entitled to receive all amounts credited to their accounts.

***Subsequent Events***

Management has evaluated subsequent events through July 23, 2025, which is the date these financial statements were available to be issued.

**2. Summary of Significant Accounting Policies**

***Basis of Accounting***

The Plan's financial statements have been prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America.

***Valuation of Investments and Income Recognition***

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan Administrator determines the Plan's valuation policies utilizing information provided by investment advisors and the trustee (Note 3).

**KYMERA THERAPEUTICS, INC. 401(k) PROFIT SHARING PLAN TRUST**  
**NOTES TO THE FINANCIAL STATEMENTS**  
**December 31, 2024 and 2023**

Purchases and sales of investments are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation or depreciation includes the Plan's gains and losses on investments bought and sold as well as held during the period.

***Participant Notes Receivable***

Participant notes receivable are measured at their unpaid principal balance plus any accrued but unpaid interest and are secured by the balance in the respective participant's account. Related fees are recorded as administrative expenses and are expensed when they are incurred. Interest income on participant notes receivable is recorded when it is earned. A receivable is considered past due if payment has not been received within stated terms. Delinquent participant notes receivable are reclassified as distributions based on the terms of the Plan document. No allowance for credit losses has been recorded as of December 31, 2024 and 2023.

***Contributions***

Participant elective deferrals and Employer safe harbor matching contributions are recorded bi-weekly when the Employer remits the payroll deductions for investment into the Plan. The safe harbor matching contribution on annual bonuses is made annually. An Employer matching true-up contribution is made annually. Employer discretionary nonelective contributions are remitted at the end of the Plan year, if applicable.

***Payment of Benefits***

Benefits are recognized when paid or payable to participants or their designated beneficiaries.

***Administrative Expenses***

Certain administrative expenses of the Plan are paid by the Employer, unless the Employer directs that the expenses be paid by the Plan. Expenses that are paid by the Employer are excluded from these financial statements. Participant notes receivable set-up and maintenance fees are paid directly by the participants through a reduction in their account and are included in administrative expenses. Investment management and recordkeeping fees, if applicable, are paid by the Plan through revenue sharing as a reduction of investment income (net appreciation or depreciation) from the related investment fund.

***Estimates***

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires the Plan Administrator to make estimates and assumptions that affect certain reported amounts of assets, liabilities and disclosures of contingent assets and liabilities at the date of the financial statements and the reported changes in net assets. Accordingly, actual results may differ from those estimates.

**KYMERA THERAPEUTICS, INC. 401(k) PROFIT SHARING PLAN TRUST**  
**NOTES TO THE FINANCIAL STATEMENTS**  
**December 31, 2024 and 2023**

***Risks and Uncertainties***

The Plan provides for various investment options with various investment objectives. Investment securities are exposed to various risks such as interest rate, market and credit risks. Market risks include global events which could impact the value of investment securities, such as a pandemic or international conflict. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the Statements of Net Assets Available for Plan Benefits.

The Plan invested in four mutual funds that accounted for approximately 42% of total Plan investments at December 31, 2024. The Plan invested in three mutual funds that accounted for approximately 35% of total Plan investments at December 31, 2023.

***Financial Instruments with a Concentration of Credit Risk***

The Plan's investments are held by a single trustee. The Plan's exposure to credit risk is associated with the outside trustee's non-performance of their fiduciary responsibilities relating to these amounts as specified in the agreements. Benefits provided by the Plan are not insured or guaranteed by the Pension Benefit Guaranty Corporation.

**3. Fair Value Measurements**

The framework for measuring fair value provides a hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives highest priority to unadjusted quoted prices in active markets for identical assets (level 1) and the lowest priority to unobservable inputs (level 3). The three levels of fair value hierarchy and inputs to the valuation methodologies are described as follows:

Level 1 inputs are unadjusted quoted prices in active markets for identical assets the Plan has the ability to access.

Level 2 inputs are other than quoted prices in active markets that are observable either directly or indirectly for the asset. Such inputs are derived principally from or corroborated by observable market data for similar assets by correlation or other means, over substantially the full contractual term of the asset, if applicable.

Level 3 inputs are unobservable and significant to the fair value measurement. Such inputs generally rely on the Plan's own assumptions about the assumptions that market participants would use in pricing the asset.

**KYMERA THERAPEUTICS, INC. 401(k) PROFIT SHARING PLAN TRUST**  
**NOTES TO THE FINANCIAL STATEMENTS**  
**December 31, 2024 and 2023**

The asset's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs. The following is a description of the valuation methodologies used for assets measured at fair value on a recurring basis.

*Money Market Fund:* The money market fund is valued at deposit amount plus accrued interest, as determined according to stated terms.

*Mutual Funds:* Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

As of December 31, 2024 and 2023, the Plan's investments are reported at level 1 within the fair value hierarchy.

#### **4. Income Tax Status**

The Plan has adopted a Fidelity pre-approved plan (the Prototype Plan). The Prototype Plan obtained its latest advisory letter on June 30, 2020, in which the Internal Revenue Service (IRS) stated that the Plan, as then designed, was in compliance with the applicable requirements of the IRC. The Plan may have been amended since receiving the opinion letter in order to comply with the latest applicable tax laws and regulations. The Plan Administrator believes that the Plan is currently designed and operating in compliance with the applicable requirements of the IRC.

Accounting principles generally accepted in the United States of America requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability for any uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan Administrator has analyzed the tax positions taken by the Plan and has concluded that as of December 31, 2024, there are no uncertain positions taken or expected to be taken, that would require recognition of a liability or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

**5. Summary of Financial Data Certified by the Trustee**

The following is a summary of financial information and data certified by FMTC:

Statements of Net Assets Available for Plan Benefits at December 31, 2024 and 2023, except for contributions receivable;

Investment income and interest income from participant notes receivable on the Statement of Changes in Net Assets Available for Plan Benefits for the year ended December 31, 2024; and

Investment information provided in the supplementary schedule, Schedule of Assets (Held at Year End) at December 31, 2024.

**6. Differences from Form 5500**

Differences between the Annual Return/Report of Employee Benefit Plan, Form 5500, and these financial statements are a result of different classifications between line items, as well as for the inclusion of contribution receivables in the accompanying financial statements not reported on the Form 5500.

The following is a reconciliation of net assets available for Plan benefits per the financial statements at December 31, 2024 and 2023 to the Form 5500:

	<u>2024</u>	<u>2023</u>
Net assets available for benefits per the financial statements	\$ 25,397,376	\$ 18,855,075
Less: Employer contributions receivable reported on the financial statements	(487,674)	(446,063)
Less: Participant contribution receivables reported on the financial statements	<u>(71,693)</u>	<u>-</u>
Net assets available for benefits per the Form 5500	<u>\$ 24,838,009</u>	<u>\$ 18,409,012</u>

**KYMERA THERAPEUTICS, INC. 401(k) PROFIT SHARING PLAN TRUST**  
**NOTES TO THE FINANCIAL STATEMENTS**  
**December 31, 2024 and 2023**

The following is a reconciliation of the net increase in net assets per the financial statements to the net increase per the Form 5500 for the year ended December 31, 2024:

Net increase per the financial statements	\$ 6,542,301
Plus: Prior year Employer contribution receivable	446,063
Less: Current year Employer contribution receivable	(487,674)
Less: Current year Participant contribution receivable	<u>(71,693)</u>
Net increase in total assets per Form 5500	<u>\$ 6,428,997</u>

**7. Related Party Transactions and Party-in-Interest Transactions**

Plan investments are held and managed by FMTC. Therefore, these transactions qualify as party-in-interest transactions. The Plan made direct payments to FMTC of \$54,414 for investment management services and administrative services for the year ended December 31, 2024. Participant notes receivable also qualify as party-in-interest transactions.

**8. Employer Contributions Receivable and Subsequent Events**

During February 2025, the true-up contribution and the Employer safe harbor matching contribution on the annual bonuses was made resulting in the Employer contributing \$457,819, which is included in Employer contributions receivable as of December 31, 2024 on the accompanying Statements of Net Asset Available for Plan Benefits.

During 2023, the Employer identified operational errors whereby the Employer did not comply with the definition of compensation per the Plan for certain employees. These errors resulted in missed deferral opportunities and missed related Employer safe harbor matching opportunities. During July 2024, these errors were corrected resulting in the Employer contributing \$446,063, which is included in Employer contributions receivable as of December 31, 2023 on the accompanying Statements of Net Asset Available for Plan Benefits.

## INDEPENDENT AUDITORS' REPORT

To the Plan Administrator of the  
Kymera Therapeutics, Inc. 401(k) Profit Sharing Plan Trust:

### Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements of the Kymera Therapeutics, Inc. 401(k) Profit Sharing Plan Trust (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the Statement of Net Assets Available for Plan Benefits as of December 31, 2024 and 2023, and the related Statement of Changes in Net Assets Available for Plan Benefits for the year ended December 31, 2024, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2024 and 2023, and for the year ended December 31, 2024, stating that the certified investment information, as described in Note 5 to the financial statements, is complete and accurate.

### Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the Financial Statements section -

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

### **Basis for Opinion**

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

### **Responsibilities of Management for the Financial Statements**

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the Plan; and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

### **Auditors' Responsibilities for the Audit of the Financial Statements**

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certifications, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

### **Supplemental Schedule Required by ERISA**

The supplemental Schedule of Assets (Held at End of Year) as of December 31, 2024, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplemental information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements.

The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

**NOTES TO THE FINANCIAL STATEMENTS**  
**December 31, 2024 and 2023**

**1. Description of the Plan**

The following description of the Kymera Therapeutics, Inc. 401(k) Profit Sharing Plan Trust (the Plan) is intended to provide only general information regarding the Plan. Participants should refer to the Plan Agreement for a more complete description of the Plan's provisions.

***General***

The Plan is a defined contribution plan covering substantially all employees of Kymera Therapeutics, Inc. (the Plan Sponsor or the Employer), which requires participants to be 21 years of age or older. Interns, co-ops, and temporary employees must also complete 1,000 hours of service to be eligible to participate in the Plan. Entry dates into the Plan are the first day of each month following satisfaction of eligibility requirements. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

The Plan Sponsor is also the Plan Administrator. As Plan Administrator, the Plan Sponsor has exclusive authority and responsibility for all matters in connection with the operation and administration of the Plan. Fidelity Management Trust Company (FMTC) is the appointed trustee of the Plan and holds and manages Plan investments, as well as provides recordkeeping services, at the direction of the Plan Administrator.

Effective January 1, 2024, the Plan was amended to change the definition of compensation for purposes of computing contributions. This amendment excludes from compensation items including bonuses other than annual bonuses, commissions, taxable value of any restricted stock or any qualified or nonqualified stock options, and severance pay received prior to termination.

***Contributions***

Eligible employees may elect to contribute any percentage of their annual pretax eligible compensation to the Plan, so long as those contributions do not exceed annual limitations set by the Internal Revenue Code (IRC). Participants may designate some or all of their elective deferrals as Roth 401(k) deferrals. Participants who have reached the age of 50 before the end of the Plan year may contribute additional amounts in the form of catch-up contributions. Rollover contributions to the Plan are permitted, subject to the restrictions of the Plan Agreement.

The Plan includes an automatic contribution provision under which the Employer enrolls the participants to make tax-deferred contributions of 5%. An eligible employee may elect not to contribute to the Plan, or elect to contribute a different percentage of compensation.

**KYMERA THERAPEUTICS, INC. 401(k) PROFIT SHARING PLAN TRUST**  
**NOTES TO THE FINANCIAL STATEMENTS**  
**December 31, 2024 and 2023**

The Employer's safe harbor matching contribution is equal to 100% of the participant's contribution, up to 3% of compensation and 50% of the participant's contribution, up to the next 2% of compensation. In addition, the Employer may choose to make discretionary nonelective contributions to participants who were employed on the last day of the Plan year and have completed 1,000 hours of service in the Plan year. The discretionary nonelective contribution is equal to a percentage of each eligible participant's compensation plus a percentage of compensation in excess of social security wages. During the year ended December 31, 2024, the Employer made safe harbor contributions of \$1,773,109. No discretionary nonelective contributions were made during the year ended December 31, 2024.

***Participant Accounts***

Each participant's account is credited with the participant's contribution, the Employer's safe harbor matching contribution and the Employer's discretionary nonelective contributions (if applicable), and their allocation of Plan earnings (losses) and administrative expenses. Plan earnings (losses) and administrative expenses are allocated to participant accounts based on participant's compensation or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

***Vesting***

Participants are immediately vested in their elective deferral contributions, rollover contributions, Employer safe harbor matching contributions, and any earnings thereon. Participants become fully vested in the Employer's discretionary nonelective contributions and accrued earnings thereon over six years as follows: 20% after 2 years, 40% after 3 years, 60% after 4 years, 80% after 5 years, and 100% after 6 years. Each participant shall be 100% vested in their account balances upon death, disability, or attainment of normal retirement age.

***Participant Notes Receivable***

Participants may borrow from their account a minimum of \$1,000, up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. The maximum number of loans outstanding at one time is one. Note terms range from one to five years, or up to 30 years for the purchase of a primary residence. The notes are secured by the balance in the participant's account and bear interest at a rate commensurate with local prevailing rates as determined by the Plan Administrator. Principal and interest is paid ratably through payroll deductions.

***Payment of Benefits***

Upon retirement, death, disability or termination of service, a participant (or participant's beneficiary in the event of death) can elect to receive 100% of their vested account balance, payable in a single lump-sum distribution, a rollover to a qualifying retirement account, or a combination of both. Participants who have reached the age of 59½ may elect to withdraw all or a portion of their account while still employed by the Employer.

**KYMERA THERAPEUTICS, INC. 401(k) PROFIT SHARING PLAN TRUST**  
**NOTES TO THE FINANCIAL STATEMENTS**  
**December 31, 2024 and 2023**

If a participant's vested balance is equal to or less than \$1,000, the participant will receive an immediate cash-out of their vested account balance, and the non-vested portion shall be treated as a forfeiture. If a participant's vested balance exceeds \$1,000 and is equal to or less than \$5,000, the vested amount will be rolled over to an individual retirement plan designated by the trustee, unless otherwise directed by the participant.

***Hardship Withdrawals***

Hardship distributions are permitted from participant elective deferral accounts subject to limitations imposed by the IRC.

***Forfeitures***

Participants in the Plan who leave the employment of the Employer before completing the applicable vesting requirements forfeit the non-vested portion of their accounts. Forfeited non-vested accounts may be used to pay administrative expenses. Any remaining amounts will be used to reduce future Employer contributions payable under the Plan. At December 31, 2024 and 2023, there were no non-vested forfeited accounts.

***Plan Termination***

The Employer expects to continue the Plan indefinitely. However, the Employer reserves the right to amend the Plan at any time and in any manner that it deems advisable, provided that no amendment shall have the effect of diverting Plan assets for purposes other than for the exclusive benefit of the Plan participants, and any Plan termination would be subject to the provisions of ERISA. If the Plan is terminated, the participants would become fully vested and entitled to receive all amounts credited to their accounts.

***Subsequent Events***

Management has evaluated subsequent events through July 23, 2025, which is the date these financial statements were available to be issued.

**2. Summary of Significant Accounting Policies**

***Basis of Accounting***

The Plan's financial statements have been prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America.

***Valuation of Investments and Income Recognition***

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan Administrator determines the Plan's valuation policies utilizing information provided by investment advisors and the trustee (Note 3).

**KYMERA THERAPEUTICS, INC. 401(k) PROFIT SHARING PLAN TRUST**  
**NOTES TO THE FINANCIAL STATEMENTS**  
**December 31, 2024 and 2023**

Purchases and sales of investments are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation or depreciation includes the Plan's gains and losses on investments bought and sold as well as held during the period.

***Participant Notes Receivable***

Participant notes receivable are measured at their unpaid principal balance plus any accrued but unpaid interest and are secured by the balance in the respective participant's account. Related fees are recorded as administrative expenses and are expensed when they are incurred. Interest income on participant notes receivable is recorded when it is earned. A receivable is considered past due if payment has not been received within stated terms. Delinquent participant notes receivable are reclassified as distributions based on the terms of the Plan document. No allowance for credit losses has been recorded as of December 31, 2024 and 2023.

***Contributions***

Participant elective deferrals and Employer safe harbor matching contributions are recorded bi-weekly when the Employer remits the payroll deductions for investment into the Plan. The safe harbor matching contribution on annual bonuses is made annually. An Employer matching true-up contribution is made annually. Employer discretionary nonelective contributions are remitted at the end of the Plan year, if applicable.

***Payment of Benefits***

Benefits are recognized when paid or payable to participants or their designated beneficiaries.

***Administrative Expenses***

Certain administrative expenses of the Plan are paid by the Employer, unless the Employer directs that the expenses be paid by the Plan. Expenses that are paid by the Employer are excluded from these financial statements. Participant notes receivable set-up and maintenance fees are paid directly by the participants through a reduction in their account and are included in administrative expenses. Investment management and recordkeeping fees, if applicable, are paid by the Plan through revenue sharing as a reduction of investment income (net appreciation or depreciation) from the related investment fund.

***Estimates***

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires the Plan Administrator to make estimates and assumptions that affect certain reported amounts of assets, liabilities and disclosures of contingent assets and liabilities at the date of the financial statements and the reported changes in net assets. Accordingly, actual results may differ from those estimates.

**KYMERA THERAPEUTICS, INC. 401(k) PROFIT SHARING PLAN TRUST**  
**NOTES TO THE FINANCIAL STATEMENTS**  
**December 31, 2024 and 2023**

***Risks and Uncertainties***

The Plan provides for various investment options with various investment objectives. Investment securities are exposed to various risks such as interest rate, market and credit risks. Market risks include global events which could impact the value of investment securities, such as a pandemic or international conflict. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the Statements of Net Assets Available for Plan Benefits.

The Plan invested in four mutual funds that accounted for approximately 42% of total Plan investments at December 31, 2024. The Plan invested in three mutual funds that accounted for approximately 35% of total Plan investments at December 31, 2023.

***Financial Instruments with a Concentration of Credit Risk***

The Plan's investments are held by a single trustee. The Plan's exposure to credit risk is associated with the outside trustee's non-performance of their fiduciary responsibilities relating to these amounts as specified in the agreements. Benefits provided by the Plan are not insured or guaranteed by the Pension Benefit Guaranty Corporation.

**3. Fair Value Measurements**

The framework for measuring fair value provides a hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives highest priority to unadjusted quoted prices in active markets for identical assets (level 1) and the lowest priority to unobservable inputs (level 3). The three levels of fair value hierarchy and inputs to the valuation methodologies are described as follows:

Level 1 inputs are unadjusted quoted prices in active markets for identical assets the Plan has the ability to access.

Level 2 inputs are other than quoted prices in active markets that are observable either directly or indirectly for the asset. Such inputs are derived principally from or corroborated by observable market data for similar assets by correlation or other means, over substantially the full contractual term of the asset, if applicable.

Level 3 inputs are unobservable and significant to the fair value measurement. Such inputs generally rely on the Plan's own assumptions about the assumptions that market participants would use in pricing the asset.

**KYMERA THERAPEUTICS, INC. 401(k) PROFIT SHARING PLAN TRUST**  
**NOTES TO THE FINANCIAL STATEMENTS**  
**December 31, 2024 and 2023**

The asset's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs. The following is a description of the valuation methodologies used for assets measured at fair value on a recurring basis.

*Money Market Fund:* The money market fund is valued at deposit amount plus accrued interest, as determined according to stated terms.

*Mutual Funds:* Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

As of December 31, 2024 and 2023, the Plan's investments are reported at level 1 within the fair value hierarchy.

#### **4. Income Tax Status**

The Plan has adopted a Fidelity pre-approved plan (the Prototype Plan). The Prototype Plan obtained its latest advisory letter on June 30, 2020, in which the Internal Revenue Service (IRS) stated that the Plan, as then designed, was in compliance with the applicable requirements of the IRC. The Plan may have been amended since receiving the opinion letter in order to comply with the latest applicable tax laws and regulations. The Plan Administrator believes that the Plan is currently designed and operating in compliance with the applicable requirements of the IRC.

Accounting principles generally accepted in the United States of America requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability for any uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan Administrator has analyzed the tax positions taken by the Plan and has concluded that as of December 31, 2024, there are no uncertain positions taken or expected to be taken, that would require recognition of a liability or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

**NOTES TO THE FINANCIAL STATEMENTS**  
**December 31, 2024 and 2023**

**5. Summary of Financial Data Certified by the Trustee**

The following is a summary of financial information and data certified by FMTC:

Statements of Net Assets Available for Plan Benefits at December 31, 2024 and 2023, except for contributions receivable;

Investment income and interest income from participant notes receivable on the Statement of Changes in Net Assets Available for Plan Benefits for the year ended December 31, 2024; and

Investment information provided in the supplementary schedule, Schedule of Assets (Held at Year End) at December 31, 2024.

**6. Differences from Form 5500**

Differences between the Annual Return/Report of Employee Benefit Plan, Form 5500, and these financial statements are a result of different classifications between line items, as well as for the inclusion of contribution receivables in the accompanying financial statements not reported on the Form 5500.

The following is a reconciliation of net assets available for Plan benefits per the financial statements at December 31, 2024 and 2023 to the Form 5500:

	<u>2024</u>	<u>2023</u>
Net assets available for benefits per the financial statements	\$ 25,397,376	\$ 18,855,075
Less: Employer contributions receivable reported on the financial statements	(487,674)	(446,063)
Less: Participant contribution receivables reported on the financial statements	<u>(71,693)</u>	<u>-</u>
Net assets available for benefits per the Form 5500	<u>\$ 24,838,009</u>	<u>\$ 18,409,012</u>

**KYMERA THERAPEUTICS, INC. 401(k) PROFIT SHARING PLAN TRUST**  
**NOTES TO THE FINANCIAL STATEMENTS**  
**December 31, 2024 and 2023**

The following is a reconciliation of the net increase in net assets per the financial statements to the net increase per the Form 5500 for the year ended December 31, 2024:

Net increase per the financial statements	\$ 6,542,301
Plus: Prior year Employer contribution receivable	446,063
Less: Current year Employer contribution receivable	(487,674)
Less: Current year Participant contribution receivable	<u>(71,693)</u>
Net increase in total assets per Form 5500	<u>\$ 6,428,997</u>

**7. Related Party Transactions and Party-in-Interest Transactions**

Plan investments are held and managed by FMTC. Therefore, these transactions qualify as party-in-interest transactions. The Plan made direct payments to FMTC of \$54,414 for investment management services and administrative services for the year ended December 31, 2024. Participant notes receivable also qualify as party-in-interest transactions.

**8. Employer Contributions Receivable and Subsequent Events**

During February 2025, the true-up contribution and the Employer safe harbor matching contribution on the annual bonuses was made resulting in the Employer contributing \$457,819, which is included in Employer contributions receivable as of December 31, 2024 on the accompanying Statements of Net Asset Available for Plan Benefits.

During 2023, the Employer identified operational errors whereby the Employer did not comply with the definition of compensation per the Plan for certain employees. These errors resulted in missed deferral opportunities and missed related Employer safe harbor matching opportunities. During July 2024, these errors were corrected resulting in the Employer contributing \$446,063, which is included in Employer contributions receivable as of December 31, 2023 on the accompanying Statements of Net Asset Available for Plan Benefits.
