## INDEPENDENT AUDITOR'S REPORT

To the Employee Benefits Administrative Committee, Plan Administrator, and Plan Participants of the Tredegar Corporation Retirement Savings Plan

### **Opinion**

We have audited the financial statements of the Tredegar Corporation Retirement Savings Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), which comprise the statements of net assets available for benefits as of December 31, 2024 and 2023, the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

In our opinion, the accompanying financial statements present fairly, in all material respects, the net assets available for benefits of the Plan as of December 31, 2024 and 2023, and the changes in its net assets available for benefits for the years then ended, in accordance with accounting principles generally accepted in the United States of America.

### **Basis for Opinion**

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

### **Emphasis of Plan Spin-off**

As discussed in Note 11 to the financial statements, the Tredegar Corporation Retirement Savings Plan sponsored by Tredegar Corporation (Plan Sponsor) voted on May 31, 2024 to approve the cessation of Terphane, LLC as a participating employer, effective June 1, 2024. The transfer of accounts for all participants whose last employer, prior to June 1, 2024, was Terphane, LCC were transferred to the Terphane 401(k) Retirement Savings Plan on June 3, 2024.

### **Responsibilities of Management for the Financial Statements**

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are issued or available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

## **Auditor's Responsibilities for the Audit of the Financial Statements**

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

## **Supplemental Schedule Required by ERISA**

Our audits were conducted for the purpose of forming an opinion on the financial statements as a whole. The supplemental schedule of Schedule H, Line 4i – Schedule of Assets (Held at End of Year) as of December 31, 2024, is presented for the purpose of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's (DOL's) Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, including its form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion, the information in the accompanying schedule is fairly stated, in all material respects, in relation to the financial statements as a whole, and the form and content are presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

# TREDEGAR CORPORATION RETIREMENT SAVINGS PLAN

Notes to Financial Statements

December 31, 2024 and 2023

---

## NOTE 1. DESCRIPTION OF PLAN

### *General*

Tredegear Corporation and subsidiaries (collectively “Tredegear” or “the Company” or “Plan Sponsor”), which is primarily engaged in the manufacturing of aluminum extrusions, polyethylene films and polyester films, is a Virginia corporation. The Tredegear Corporation Retirement Savings Plan (“Plan”) was adopted by the Board of Directors of Tredegear (“the Board”) on June 14, 1989 and the Plan was effective as of July 1, 1989.

The Plan is subject to Titles I, II and III and is exempt from Title IV of the Employee Retirement Income Security Act of 1974 (“ERISA”). Title IV of ERISA provides for federally sponsored insurance for plans that terminate with unfunded benefits. No such insurance is provided to participants in this Plan; however, because the benefits that participants are entitled to receive are always equal to the value of their account balances, the Plan is always fully funded. The value of a participant's account may change from time to time. Each participant assumes the risk of fluctuations in the value of his or her account.

The Plan is a defined contribution plan. Information regarding plan benefits and vesting is provided in the Plan and related documents, which are available at Tredegear’s main office at 1100 Boulders Parkway, Richmond, Virginia. Effective January 1, 2019, the Plan was amended to make the Plan a safe harbor 401(k) plan and eliminate after-tax contributions.

The Plan is administered by the Company. Plan assets are held by Fidelity Management Trust Company (“Fidelity”), the trustee of the Plan.

## NOTE 2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

### *Basis of Accounting*

The financial statements of the Plan are prepared on the accrual basis of accounting.

### *Use of Estimates*

The preparation of financial statements in conformity with generally accepted accounting principles in the United States of America (“U.S. GAAP”) requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results may differ from those estimates.

Notes to Financial Statements

## NOTE 2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES, Continued

### *Investment Valuation and Income Recognition*

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's realized and unrealized gains and losses on investments bought and sold as well as held during the year.

### *Notes Receivable from Participants*

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. No allowance for credit losses has been recorded as of December 31, 2024 or 2023. If a participant ceases to make loan repayments and the plan administrator deems the participant loan to be in default, the participant loan balance is reduced and a benefit payment is recorded.

### *Contributions*

Contributions to the Plan from participants and, when applicable, from the Company are recorded in the period that payroll deductions are made from Plan participants.

### *Payment of Benefits*

Benefits are recorded when paid.

### *Administrative Expenses*

The Plan is responsible for all trustee and investment management fees. Participants are charged a pro-rated per-participant fee of \$63.00. To cover additional expenses, participants are also charged 0.03% of annual plan-related expenses. Tredegar also pays for other administrative expenses up to an annual limit of \$75,000. Any expenses in excess of this limit are paid by the Plan. In 2024 and 2023, administrative expenses were reduced by trustee credits, participant paid fees, and forfeited accounts totaling \$103,726 and \$33,288, respectively.

## NOTE 2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES, *Continued*

### *Subsequent Events*

The Plan has evaluated all events through June 13, 2025, the date the financial statements were issued, and has determined that there were no subsequent events that require disclosure pursuant to the Financial Accounting Standards Board (“FASB”) Accounting Standards Codification (“ASC”).

## NOTE 3. CONTRIBUTIONS AND INVESTMENT OPTIONS

A participant may contribute a percentage of his or her eligible base pay (as defined) ranging from a minimum of 1% to a maximum of 75%. The 2024 and 2023 Tredegar matching contribution was \$1.00 for every \$1.00 a participant contributed up to 5% each payroll period.

With the exception of participants covered under certain collective bargaining agreements, employees are automatically enrolled in the Plan with a pre-tax contribution equal to 3% of base pay invested in the age appropriate target date fund and automatically increased in the succeeding plan year until the contribution level is equal to 5% of base pay. Employees have the choice to waive automatic enrollment as well as automatic increase and contribute more or less in their choice of investment funds.

Participants direct the investment of their contributions into various investment options offered by the Plan. As of December 31, 2024, the Plan offered twenty-six (26) mutual funds, one (1) common collective trust, one (1) money market fund and a self-directed brokerage account as investment options to participants. Investments also include the Tredegar Company Stock, in which new investments are prohibited.

All employer matching contributions are allocated according to the participant's investment direction. If no selection is made, 100% is allocated to the applicable target date fund; the Plan's default funds, based on the participant's age and an estimated retirement age of 65. The Plan Sponsor may also make an additional discretionary match, to be determined by the Board. There were no such discretionary contributions for the years ended December 31, 2024 and 2023.

## NOTE 4. FAIR VALUE MEASUREMENTS

FASB ASC 820, *Fair Value Measurement*, provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

**Level 1** Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

**Level 2** Inputs to the valuation methodology include:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

**Level 3** Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2024 and 2023.

## NOTE 4. FAIR VALUE MEASUREMENTS, Continued

*Money market fund:* Valued at market price, which is equivalent to \$1 per unit.

*Mutual funds:* Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission (“SEC”). These funds are required to publish their daily net asset value (“NAV”) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

*Common stock:* Valued at closing price reported on the active market on which the individual securities are traded.

*Self-directed brokerage account:* Valued at the closing price reported on the active market on which the individual securities are traded.

*Common/collective trust:* A fund that is composed primarily of fully benefit-responsive investment contracts that is valued at the NAV of units of a bank collective trust. The NAV, as provided by the trustee, is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the funds less its liabilities. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

## NOTE 6. RELATED PARTY AND PARTY IN INTEREST TRANSACTIONS

Certain fees incurred by the Plan for the investment management services are included in net appreciation (depreciation) in fair value of the investment, as they are paid through revenue sharing, rather than a direct payment.

Certain Plan investments are shares of stock in Tredegar. Tredegar is the Plan Sponsor as defined by the Plan and, therefore, these transactions qualify as related party transactions. Transactions involving Tredegar Company Stock consisted of the following during 2024 and 2023:

	<u>2024</u>	<u>2023</u>
Balance, January 1	\$ 3,800,985	\$ 8,194,267
Purchases	-	301,149
Distributions and sales	(358,514)	(1,089,407)
Net appreciation (depreciation) in fair value	<u>1,472,573</u>	<u>(3,605,024)</u>
Balance, December 31	<u>\$ 4,915,044</u>	<u>\$ 3,800,985</u>

The Plan also issues loans to participants, which are secured by the vested balances in the participant's accounts.

In September 2023, \$2.9 million was rolled into participant's accounts from their vested balances within the Tredegar Corporation Retirement Income Plan.

## NOTE 7. INCOME TAX STATUS

The Plan received its latest determination letter on February 28, 2018, in which the Internal Revenue Service stated that the Plan, as then designed, was in compliance with the applicable requirements of the Internal Revenue Code ("IRC"). The Plan has been amended since receiving the determination letter. However, the Plan administrator and the Plan's tax counsel believe that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC and therefore, believe that the Plan is qualified, and the related trust is tax-exempt.

U.S. GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain tax position that more likely than not would not be sustained upon examination by the taxing authorities. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits in progress for any periods.

## NOTE 8. RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

## NOTE 9. PLAN TERMINATION

Although it has not expressed any intent to do so, Tredegar has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in their employer contributions.
