INDEPENDENT AUDITOR'S REPORT

To the Plan Participants and Plan Administrator of
DGN Technologies Inc 401K Plan
Fremont, California

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements of DGN Technologies Inc 401(k) Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) [ERISA Section 103(a)(3)(C) audit]. The financial statements comprise the statements of net assets available for benefits as of December 31, 2024 and 2023 and the related statement of changes in net assets available for benefits for the years ended December 31, 2024, and 2023 and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of DGN Technologies Inc 401(k) Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2024 and 2023, and for the years ended December 31, 2024 and 2023, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section—

- The amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Independent Auditor's Report
(Continued)

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of DGN Technologies Inc 401(k) Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about DGN Technologies Inc 401(k) Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

Auditor's Responsibilities for the Audit of the Financial Statements (Continued)

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of DGN Technologies Inc 401(k) Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about DGN Technologies Inc 401(k) Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter

Supplemental Schedule Required by ERISA

The supplemental schedule as identified in the table of contents is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

Supplemental Schedule Required by ERISA (Continued)

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion—

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

DGN TECHNOLOGIES INC 401K PLAN

Notes to Financial Statements
December 31, 2024 and 2023

1) DESCRIPTION OF THE PLAN

The following description of the DGN Technologies Inc 401K Plan (the Plan) is provided for general information purposes only. Participants should refer to the Summary Plan Description and the Plan Document for a complete description of the Plan's provisions.

General

The Plan was established on January 1, 2006 as a defined contribution profit sharing plan. The Plan covers all employees of DGN Technologies Inc. (the Company). Employees are entered into the Plan on the first day of the month. The plan offers two kinds of elective deferrals: Pre-Tax Elective deferrals and Roth Elective Deferrals. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions

Participants, through an election to defer compensation, may contribute to their individual accounts from 1% to 85% of eligible earnings not to exceed the limits established by Internal Revenue Code, subject to certain limitations as defined in the Plan document. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also rollover amounts representing distributions from other qualified benefit plans. The Company may elect to make a matching contribution to the Plan although the Company is not required to make this contribution. Participants must make elective deferrals to the Plan to receive the matching contribution. In addition, the Company may elect to make non elective contribution. However, the Company did not make any matching or non-elective contributions during the year 2024 and 2023.

Vesting

Participants are always fully vested in their elective deferral and rollovers, if any. For the purpose of matching contributions and non-elective contributions account, the following vesting schedule is used:

| <u>Years of Service</u> | <u>Vested %</u> |
|-----------------------------------|-----------------|
| Less than 2 years | 0% |
| At least 2 years, but less than 3 | 20% |
| At least 3 years, but less than 4 | 40% |
| At least 4 years, but less than 5 | 60% |
| At least 5 years, but less than 6 | 80% |
| 6 years or more | 100% |

DGN TECHNOLOGIES INC 401K PLAN

Notes to Financial Statements (Continued)
December 31, 2024 and 2023

1) DESCRIPTION OF THE PLAN (Continued)

Participant Accounts

Participants may elect to invest in any combination of the funds offered by the Plan and may change their elective deferral percentage any time. Each participant's account is credited with the participant's contributions, Company matching contributions (if any) as with the Company's non-elective contributions (if any) and accumulated earnings thereon and will be tax-deferred until participants receive the distribution. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on the participant's earnings, account balances, or specific participant transactions, as defined.

Distributions

The Plan generally provides that upon reaching the normal retirement age of 65, death, disability or termination, participants are entitled to receive the value of their account in one lump sum payment of cash if the individual account is less than \$5,000. If the value of the individual account exceeds this amount the participants may elect to keep it in the Plan, however the benefit must begin to be distributed no later than April 1st of the calendar year following the later of the participant attaining the age of 73 or the calendar year in which the participant retires. The participant may rollover their entire vested balance to individual retirement account or to another employer's tax qualified plan. In the event of financial hardship, participants may withdraw from their account.

Notes Receivables from Participants

Participants may borrow from their fund accounts a minimum of \$500 up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. Loan terms range from 1-5 years and longer repayment terms are permitted for the purchase of a principal residence. The loans are secured by the balance in the participant's account. The interest rate for a loan will be the rate in effect in the month the loan is effective. The interest rate is the prime rate as published in the Wall Street Journal on the 14th of each month plus two percentage points. Principal and interest is paid ratably through payroll deductions.

Forfeitures

At December 31, 2024 and 2023, there were no forfeited non-vested account balances.

2) SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The financial statements of the Plan are prepared using the accrual basis of accounting.

DGN TECHNOLOGIES INC 401K PLAN

Notes to Financial Statements (Continued)
December 31, 2024 and 2023

2) SIGNIFICANT ACCOUNTING POLICIES (Continued)

Use of Estimates

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires the management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid balance plus any accrued but unpaid interest. Interest income is recorded on an accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2024, or 2023. If a participant ceases to make loan repayments and the Plan administrator deems the participant loan to be in default, the participant loan balance is reduced, and a benefit payment is recorded. Notes Receivable from Participants as of December 31, 2024, and December 31, 2023, are \$168,748 and \$70,113 respectively.

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's management determines the Plan's valuation policies utilizing information provided by the investment advisers, custodians, trustees and insurance company. See note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on an accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Administrative Expenses

Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Company. Expenses that are paid by the Company are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment-related expenses are included in net appreciation of fair value of investments.

Payment of Benefits

Benefits are recorded when paid.

DGN TECHNOLOGIES INC 401K PLAN

Notes to Financial Statements (Continued)
December 31, 2024 and 2023

2) SIGNIFICANT ACCOUNTING POLICIES (Continued)

Excess Contribution Payable

Amounts payable to participants or contribution in excess of amounts allowed by the IRS are recorded as a liability with a corresponding corrective distribution expense. The Plan had no excess contribution payable as of December 31, 2024, and 2023.

Recently Adopted Accounting Standards

Effective January 1, 2023, the Plan adopted accounting standards update (ASU) 2016-13, Financial Instruments - Credit Losses (Topic 326): Measurement of Credit Losses on Financial Instruments (FASB ASC 326), which significantly changed how entities measure credit losses for most financial assets. The most significant change in the standard is a shift from the incurred loss methodology to an expected loss methodology. Financial assets held by the Plan that are subject to the guidance in FASB ASC 326 were contributions receivable. There was no material impact to the financial statements as a result of the adoption of ASU 2016-13.

3) CERTIFIED INVESTMENT INFORMATION

Certain information in the accompanying financial statements and ERISA-required supplemental schedule related to investments and notes receivable from participants held as of December 31, 2024 and 2023, and net appreciation in fair value of investments, interest and dividends, and interest income on notes receivable from participants for the years ended December 31, 2024 and 2023, was obtained by management and agreed to or derived from information certified as complete and accurate by Reliance Trust Company, a qualified institution.

4) FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurement) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described below:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

DGN TECHNOLOGIES INC 401K PLAN

Notes to Financial Statements (Continued)
December 31, 2024 and 2023

4) FAIR VALUE MEASUREMENTS (Continued)

Level 2: Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets.
- Quoted prices for identical or similar assets or liabilities in inactive markets.
- Inputs other than quoted prices that are observable for the assets or liabilities.
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is the description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2024 and 2023.

Mutual Funds – Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the SEC. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Common Collective Trust – Valued at the NAV of units held by the Plan at year end, which is considered by Plan management to be the best approximation of fair value.

The following table sets forth by level, within the fair value hierarchy (as described in Note 1), the Plan's assets at fair value as of December 31, 2024:

| | Assets Measured at Fair Value on a Recurring Basis at December 31, 2024 | | | |
|---|--|---------------------|----------------|----------------|
| | Investments (at Fair Value) | Level 1 | Level 2 | Level 3 |

4) FAIR VALUE MEASUREMENTS (Continued)

Common Collective Trust – (Continued) The Plan's assets at fair value as of December 31, 2023:

| | Assets Measured at Fair Value on a Recurring Basis at December 31, 2023 | | | |
|---|--|-------------|---------|---------|

| | 2,377,111 | \$2,377,111 | \$ - | \$ - |
| Common Collective Trust (a) | 2,945,744 | | | |
| Total Investments | \$ 5,322,855 | | | |

- (a) Certain investments measured at NAV per share (or its equivalent) have not been classified in the fair value hierarchy but are presented to permit reconciliation to the investment line item to statement of net assets available for benefits.

Investments measured using NAV per share practical expedient

The following table summarizes investments for which fair value is measured using NAV per share practical expedient as of December 31, 2024, and 2023, respectively. There is no participant redemption reconciliation for these investments.

| | December 31, 2024 | | | |
|-------------------------|-------------------|-------------------------|--|-----------------------------|
| | Fair Value | Unfunded Commitments | Redemption Frequency (If Currently Eligible) | Redemption Notice Period |

| | Fair Value | Unfunded Commitments | Redemption Frequency (If Currently Eligible) | Redemption Notice Period |
| Common Collective Trust | \$ 2,945,744 | None | Daily | None |

There were no significant transfers between levels of the fair value hierarchy during 2024 and 2023.

DGN TECHNOLOGIES INC 401K PLAN

Notes to Financial Statements (Continued)
December 31, 2024 and 2023

5) INCOME TAX STATUS

The Plan is a prototype plan. The prototype plan has received a favorable opinion letter from the Internal Revenue Service (IRS) indicating that the prototype plan, as designed, is qualified for federal income-tax exempt status. The Plan has not individually sought its own determination letter.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or assets) if the Plan has taken any uncertain positions that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The plan administrator believes it is no longer subject to income tax examinations for the years prior to 2021.

6) RELATED PARTY TRANSACTIONS AND PARTIES-IN-INTEREST TRANSACTIONS

Fees incurred by the Plan for the investment management services are included in net appreciation in fair value of the investment, as they are paid through revenue sharing, rather than a direct payment. Fees paid by the Plan for trustee services were \$2,595 and \$675 for 2024 and 2023, respectively.

7) RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate credit and overall market volatility. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of assets available for benefits.

8) ERISA BOND REQUIREMENTS

The Employee Retirement Income Security Act of 1974 (ERISA) requires that every person who handles funds or other property of the Plan be bonded. The bond coverage is to be determined by the balance of the total plan assets and is required to be at least equal to the lesser of 10% of the plan's assets at the beginning of the plan year or \$500,000. At December 31, 2024 and 2023, the Plan's sponsor maintained the required bond coverage.

| Change in Net Assets Available for Benefits per the Form 5500 | <u>\$ 1,279,772</u> | <u>\$ 1,352,554</u> |

10) DEEMED DISTRIBUTIONS

Under Internal Revenue Code Section 72(p), a loan from the Plan is treated as a taxable deemed distribution to the participant if the loan amount exceeds allowable limits, repayment terms do not meet applicable requirements, or scheduled repayments are not made within the required period. Deemed distributions are reported to participants and the Internal Revenue Service on Form 1099-R for the year in which the loan becomes non-compliant. These distributions are not eligible for rollovers and do not reduce the outstanding loan balance reported in the financial statements, as the Plan maintains a legal claim to the loan balance.

As of December 31, 2024, total deemed distributions were \$36,079. These amounts reflect participant loans that were in default or otherwise non-compliant with loan requirements. In accordance with U.S. GAAP, deemed distributions are not reported as a reduction of participant loans in the financial statements. The Plan Administrator continues to monitor the collectability of these balances.

11) PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in their employer contributions (if any).

12) SUBSEQUENT EVENTS

The Plan has evaluated all subsequent events through July 21, 2025, the date the financial statements were available to be issued. No significant event was noted that required adjustment or disclosure in the financial statements.
