## **INDEPENDENT AUDITOR'S REPORT**

To the Plan Participants and Administrator of  
Santa Monica Seafood Company 401(k) Plan

### **Scope and Nature of the ERISA Section 103(a)(3)(C) Audit**

We have performed audits of the financial statements of Santa Monica Seafood Company 401(k) Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2024 and 2023, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2024 and 2023, and for the years then ended, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

### **Opinion**

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP).
- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

## **Basis for Opinion**

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

## **Responsibilities of Management for the Financial Statements**

Management is responsible for the preparation and fair presentation of the financial statements in accordance with U.S. GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are issued or available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

## **Auditor's Responsibilities for the Audit of the Financial Statements**

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.

- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of U.S. GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with U.S. GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

#### **Other Matter - Supplemental Schedule Required by ERISA**

The supplemental schedule of assets (Held at End of Year) as of December 31, 2024, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

## SANTA MONICA SEAFOOD CO., INC. 401(K) PLAN

Notes to Financial Statements  
December 31, 2024 and 2023

---

### NOTE 1. PLAN DESCRIPTION

The following description of the Santa Monica Seafood Co., Inc. 401(k) Plan (the Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

**General:** The Plan is a defined contribution plan covering substantially all employees of Santa Monica Seafood Company, Inc. (the Company or Employer) who have completed two months of service and are age 18 or older. Plan entry is the first day of the month following the month eligibility requirements are met. The Plan is intended to satisfy all of the requirements for a qualified retirement plan under the appropriate provisions of the Internal Revenue Code (IRC). The Plan is also subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

**Contributions:** Eligible employees may elect to defer up to 100% of their pre-tax annual compensation as defined in the Plan. The Employer may make a matching contribution equal to a portion of the employee's deferral. For the years ended December 31, 2024 and 2023, the Employer elected to make matching contributions under the Safe Harbor provisions of the IRC which were equal to 100% of an eligible participant's deferrals up to a maximum of 4% of a participant's compensation. The contribution period for all matching Employer contributions are made to each payroll period and not the Plan year. The maximum employee deferral permitted by the IRS was \$23,000 and \$22,500 for the years ended December 31, 2024 and 2023, respectively. Catch-up contributions of \$7,500 were available to participants who had attained age 50 or older by December 31, 2024 and 2023 and had not exceeded IRS pre-tax dollar contribution limits for the Plan year.

**Participants' Accounts:** Each participant's interest in the Plan is maintained in three sub-accounts. These sub-accounts are, an employee's own contributions, the Employer's Safe Harbor and Non-Safe Harbor matching contributions, and rollover contributions from an employee's previous qualified plan(s). The sub-accounts are adjusted on a pro rata basis with the appropriate contributions, deductions and earnings/losses resulting from the investments in these subaccounts. Participants may select from various funds offered through Fidelity Management Trust Company (Fidelity) to direct the investments of their deferral, Employer matching and rollover accounts.

**Payment of Benefits:** On termination of service, death, disability or retirement, a participant or beneficiary may elect to receive the entire balance in a participant's account in a lump sum.

Pre-retirement distributions are allowed upon either attaining age 59-1/2 or experiencing a financial hardship as defined by the IRC. Such withdrawals are subject to applicable excise and income taxes, and may only be made with the approval of the Plan Administrator.

Payment is generally made when a participant submits a written request for distribution. Account balances of \$5,000 or less will be rolled over into an individual retirement account if a participant does not consent to a distribution.

Notes to Financial Statements  
December 31, 2024 and 2023

---

### NOTE 1. PLAN DESCRIPTION (Continued)

**Notes Receivable from Participants:** Participants may borrow from their vested account balance a minimum of \$1,000 and up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. Loans must be repaid over a period not to exceed five years. The term for loans can be longer for purchase of a principal residence. The loans are secured by the vested balance in the participant's account and bear interest at 2% above the prime lending rate of commercial U.S. banks. Principal and interest are repaid through payroll deductions.

**Vesting:** Participants are immediately vested in the participants' own contributions and the Employer Safe Harbor matching contributions, plus actual earnings thereon. Vesting in the Employer's Non-Safe Harbor matching contribution portion of their account plus actual earnings thereon is based on years of service as follows:

Years of Service	Vested Percentage
Less than 2	0%
2 but less than 3	20%
3 but less than 4	40%
4 but less than 5	60%
5 but less than 6	80%
6 or more	100%

Notwithstanding the above, if a participant (1) attains the age of 65, (2) dies or (3) terminates employment by reason of permanent disability, the Employer matching contributions become 100% vested without regard to years of service.

**Forfeitures:** For the years ended December 31, 2024 and 2023, approximately \$120,000 and \$6,500 of forfeitures were applied to fund Employer matching contributions. The balances in the forfeiture account available for future use were approximately \$13,000 and \$133,000 at December 31, 2024 and 2023, respectively.

### NOTE 2. SIGNIFICANT ACCOUNTING POLICIES

**Plan Termination:** Although it has not expressed any intent to do so, the Employer has the right to terminate the Plan at any time subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

**Basis of Accounting:** The financial statements of the Plan have been prepared using the accrual basis of accounting.

**Use of Estimates:** The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the Plan Administrator to make estimates and assumptions that affect certain amounts and disclosures. Accordingly, actual results may differ from those estimates.

### NOTE 2. SIGNIFICANT ACCOUNTING POLICIES (Continued)

**Investment Valuation and Income (Loss) Recognition:** Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 7 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Dividends are recorded on the ex-dividend date.

Realized and unrealized appreciation is based on the market value of the assets at the end of the Plan year compared to the market value of the assets at the beginning of the Plan year, or at the time of assets purchased/exchanged during the Plan year.

**Notes Receivable from Participants:** Participant loans are classified as notes receivable from participants and are measured at their unpaid principal balance, plus accrued but unpaid interest at the end of the period.

**Administrative Expenses:** The Employer incurs certain expenses in administering the Plan, which are not passed on as expenses of the Plan. Administrative expenses paid by Plan participants consist of investment advisory fees, loan fees and fees on certain benefit distributions.

**Benefit Payments:** Benefits are recorded when paid.

### NOTE 3. CERTIFIED INFORMATION

The Plan Administrator has elected the method of compliance permitted by Section 29 CFR 2520.103-8 of the Department of Labor (DOL)'s Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, the financial information included in the Plan's financial statements as it relates to investment assets, investment transactions, investment income (loss), notes receivable from participants, and the schedule of assets held at end of year have been derived from information certified as complete and accurate by Fidelity, the trustee of the Plan, in accordance with Section 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

### NOTE 4. TAX-EXEMPT STATUS

The Plan adopted a non-standardized form of a prototype plan sponsored by Fidelity that received a favorable opinion letter from the IRS dated June 30, 2020, which stated that the form of the plan was acceptable under the applicable sections of the IRC. The Plan Administrator believes that the Plan is currently designed and is being operated in compliance with the applicable requirements of the IRC. Therefore, no provision for income taxes has been included in the Plan's financial statements.

## SANTA MONICA SEAFOOD CO., INC. 401(K) PLAN

Notes to Financial Statements  
December 31, 2024 and 2023

---

### **NOTE 4. TAX-EXEMPT STATUS (Continued)**

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken uncertain tax positions that more-likely-than-not would not be sustained upon examination by applicable taxing authorities. The Plan Administrator has analyzed tax positions taken by the Plan and has concluded that, as of December 31, 2024, there are no uncertain tax positions taken, or expected to be taken, that would require recognition of a liability or disclosure in the financial statements.

The Plan is subject to routine audits by taxing jurisdictions. However, currently no audits for any tax periods are in progress. The Plan Administrator believes that the Plan is no longer subject to income tax examinations for years prior to December 31, 2021.

### **NOTE 5. PARTY-IN-INTEREST TRANSACTIONS**

Plan investments include shares of funds managed by affiliates of Fidelity, the trustee. Therefore, these transactions qualify as party-in-interest transactions. Administration fees paid to Fidelity by the Plan amounted to \$58,280 and \$57,557 for the years ended December 31, 2024 and 2023, respectively.

### **NOTE 6. RISKS AND UNCERTAINTIES**

The Plan invests in various mutual funds and collective trust funds. Investment securities within the funds are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

### **NOTE 7. FAIR VALUE MEASUREMENTS**

Fair value is determined based on assumptions that a market participant would use in pricing an asset or liability. Measurements of fair value are classified within a hierarchy based upon valuation inputs that gives the highest priority to quoted prices in active markets for identical assets or liabilities and the lowest priority to unobservable inputs. The three levels of the fair value hierarchy are as follows:

*Level 1* Observable quoted prices in active markets for identical assets and liabilities.

*Level 2* Observable quoted prices for similar assets and liabilities in active markets, quoted prices for identical or similar instruments in markets that are not active, and model-based valuation techniques for which all significant assumptions are observable in the market.

*Level 3* Model-based techniques that use at least one significant assumption not observable in the market. These unobservable assumptions reflect estimates of assumptions that market participants would use in pricing the asset or liability. Valuation techniques include use of option pricing models, discounted cash flow models and similar techniques.

Notes to Financial Statements  
December 31, 2024 and 2023

---

### NOTE 7. FAIR VALUE MEASUREMENTS (Continued)

The following methods and assumptions were used to estimate the fair value of assets that are measured at fair value. There have been no changes in the methodologies used as of December 31, 2024 and 2023.

*Mutual Funds:* Valued using quoted market prices which represent the net assets value (NAV) of shares held by the Plan at year end.

*Money Market Fund:* Valued at carrying value, which approximates fair value.

*Collective Trust Funds:* Valued at their respective NAV as reported by the trustee. The NAV is used as a practical expedient to estimate fair value. The collective trust funds include a Stable Value Fund that holds a portfolio of fixed income investments and includes guaranteed investment contracts (GIC), security backed contracts and separate account GICs.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan management believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31:

	2024 Fair Value Measurements Using			Total
	Quoted Prices In Active Markets for Identical Assets (Level 1)	Significant Other Observable Inputs (Level 2)	Significant Unobservable Inputs (Level 3)
