INDEPENDENT AUDITOR'S REPORT

To the Administrative Committee of
the Andrews Hooper Pavlik PLC
401(k) Profit Sharing Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements of Andrews Hooper Pavlik PLC 401(k) Profit Sharing Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) [ERISA Section 103(a)(3)(C) audit]. The financial statements comprise the statements of net assets available for benefits as of December 31, 2024 and 2023, and the related statements of changes in net assets available for benefits for the years ended December 31, 2024 and 2023, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of Andrews Hooper Pavlik PLC 401(k) Profit Sharing Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2024 and 2023, and for the years ended December 31, 2024 and 2023, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section—

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Andrews Hooper Pavlik PLC 401(k) Profit Sharing Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Andrews Hooper Pavlik PLC 401(k) Profit Sharing Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Andrews Hooper Pavlik PLC 401(k) Profit Sharing Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Andrews Hooper Pavlik PLC 401(k) Profit Sharing Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter - Supplemental Schedule Required by ERISA

The supplemental Schedule of Assets (Held at Year End) are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion—

- the form and content of the supplemental schedule, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Andrews Hooper Pavlik PLC 401(k) Profit Sharing Plan

Notes to Financial Statements

December 31, 2024

1. Description of the Plan

The following brief description of the Plan provides only general information. Participants should refer to the Plan agreement for a complete description of the Plan's provisions.

General

The Andrews Hooper Pavlik PLC 401(k) Profit Sharing Plan (Plan), is a defined contribution 401(k) profit sharing plan which covers substantially all employees of Andrews Hooper Pavlik PLC (the Company) that are age 21 or older. It is subject to the provisions of the Employee Retirement Income Security Act of 1974.

Eligibility

All employees age 21 or older, except for those covered under a collective bargaining agreement and non-resident aliens who do not receive any compensation from U.S. sources, are eligible to participate in the Plan. Employees become eligible to participate on January 1 or July 1 following satisfaction of the eligibility requirements. Employees are automatically enrolled in the Plan if they do not make an affirmative election to defer or not to defer under the Plan.

Contributions

The Company may provide a discretionary matching or profit-sharing contribution for each eligible employee, subject to the provisions of the Plan agreement, including being employed on the last day of the Plan year and having worked a minimum of 1,000 hours during the Plan year. The Company provided a 3% profit sharing contribution in 2024 and 2023. Forfeitures in 2024 and 2023 were used to reduce the employer contribution and totaled \$18,972 and \$10,189, respectively.

Employees may contribute not less than 1% of their annual compensation, as defined by the Plan, with no upper percent limitation. In addition, employees 50 years and older can contribute a catch-up contribution up to \$7,500 in 2024 and 2023. Total contributions are subject to limits established by the Internal Revenue Service.

Participant Accounts

Each participant's account is credited with the participant's contribution and allocations of (a) the Company's contribution and (b) the Plan's earnings, and debited with an allocation of administrative expenses, if any. Allocations are based on the participant's share of the Plan assets. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Notes to Financial Statements

1. Description of the Plan (continued)

Vesting

Participants are 100% vested in their voluntary contributions plus actual earnings thereon. Generally, vesting in Company contributions plus actual earnings is based on vesting years of service over five years. Separate vesting rules may apply for those employees involved in mergers with the Company. See the Plan document for a complete description.

Payment of Benefits

Upon termination of service, a participant's account that does not exceed \$5,000 would be distributed to the participant in the form of a lump-sum payment. If the participant's account exceeds \$5,000, the participant may elect to receive either a lump-sum amount equal to the value of the participant's vested account or defer the distribution until a later date as defined by the Plan.

Participant Notes Receivable

Participants are allowed to borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their account balance. Loan transactions are treated as a transfer to (from) the investment fund and from (to) the loan fund. The loans are secured by the balance in the participant's account and bear interest at prevailing market rates, dependent upon the duration and purpose of the loan, ranging from 7.25% to 9.50% for the year ended December 31, 2024. Principal and interest are paid ratably through employee semi-monthly payroll deductions, generally over a period of five years or less.

Hardship Withdrawals

Participants are permitted to take hardship withdrawals from salary deferred accounts if such withdrawals are permitted under the provisions of the Plan. Any hardship withdrawals are taxed in the year the money is received and there are no repayment requirements.

Termination of Plan

Although it has not expressed any intent to do so, the Company reserves the right to amend or terminate the Plan and the trust agreement at any time, upon written notice to the Trustee and Plan Administrator. The accounts of all participants affected by the termination would become nonforfeitable as of the date of termination.

2. Significant Accounting Policies

Basis of Accounting

The accounting records of the Plan are maintained on the accrual basis.

Valuation of Investments

Investments are stated at fair value and contract value and consist of separate investment accounts, mutual fund accounts, and guaranteed interest accounts managed by Empower. The fair value of the Plan's investment in separate investment accounts and mutual fund accounts were determined by quoted market prices as of yearend.

The guaranteed interest account (GIA) is provided through a group annuity contract (Contract). Under the terms of the Contract, a crediting rate is established for amounts invested in the GIA and participants may direct permitted withdrawal and/or transfer transactions of all or a portion of their account balance at contract value. Contract value represents contributions plus credited interest less participant withdrawals and fees. Empower considers this investment option to be fully benefit responsive notwithstanding the Contract provisions that limit the ability of the Plan to transact at contract value when a market value event occurs. The GIA is valued using a market value formula approach. The estimated fair value of the GIA is determined to be the calculated market value of the GIA. The market value is calculated using the following unobservable inputs: the assumed interest rate obtainable by Empower on new investments where a proxy is a blend of multiple indices as described in the market value formula under the Contract and the experience rate for the Contract, which is the weighted average of the investment year interest rates for pension account funds. The weighting reflects the distribution of Contract funds to the various investment years in which the Contract has been in effect. The average yield earned is calculated by dividing the annual interest credited to the Plan during the Plan year by the average annual fair value (applicable for those plans that have been in-force with Empower for more than one year). The average interest rate credited to participants is calculated by dividing the annual interest credited to the participants during the Plan year by the average annual fair value (applicable for those plans that have been in-force with Empower for more than one year). The average yield earned by the Plan and the average interest rate credited to participants is the same, therefore, no adjustment is needed. Certain events may limit the ability of the Plan to transact at contract value. Such events include but may not be limited to a participant termination of employment due to: removal of a group of participants from plan coverage as a result of temporary absence; change in position or other occurrence qualifying as a temporary break in service under the plan; transfer or other change of position resulting in employment by an entity controlling, controlled by, or under other common control with the employer; or cessation of an employment relationship resulting from a reorganization, merger, layoff or the sale or discontinuance of all or any part of the plan sponsor's business. Such events also include: removal from the plan of one or more groups or classifications of participants; partial or complete plan termination; or plan disqualification.

2. Significant Accounting Policies (continued)

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the Plan administrator to make estimates and assumptions that affect the amounts reported in the financial statements and accompanying notes. Actual results could differ from those estimates.

Administrative Expenses

All expenses for the administration of the Plan are the responsibility of the Plan. The Company may, at its discretion, reimburse the Plan for some or all of these expenses.

Subsequent Events

The Plan has evaluated subsequent events through July 23, 2025, which is the date the financial statements were available to be issued.

3. Information Certified by the Trustee

The Plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, as permitted under this election, no audit procedures have been performed with respect to the information certified as complete and accurate by Empower, the Trustee, except for comparing such information to that included in the Plan's financial statements. Amounts included in the accompanying financial statements which are certified by the Trustee are as follows: investments, investment income, net realized and unrealized appreciation (depreciation) in fair value of investments, and information used to accumulate the Schedule of Assets (Held at End of Year) (Schedule H).

4. Income Tax Status

The Plan is a non-standardized prototype plan. The prototype plan obtained a notification letter dated November 14, 2022 in which the Internal Revenue Service stated that the prototype plan, as then designed, was in compliance with the applicable requirements of the Internal Revenue Code. The Plan has been amended since then; however, the Plan administrator believes that the Andrews Hooper Pavlik PLC 401(k) Profit Sharing Plan was qualified and the related trust was tax-exempt as of the financial statement date.

Generally, tax years 2021 through the current year remain open to examination. The Plan administrator does not believe that the results from any examination of these open years would have a material adverse effect on the Plan.

Andrews Hooper Pavlik PLC 401(k) Profit Sharing Plan

Notes to Financial Statements

5. Fair Value Measurements

Fair value is defined as the price that would be received to sell an asset or paid to transfer a liability in an orderly exchange between market participants. Authoritative guidance requires that fair value measurements incorporate all assumptions that market participants would use in pricing an asset or liability, including assumptions about risk. Authoritative guidance establishes a fair value hierarchy that prioritizes inputs used to measure fair value according to their observability in the market.

The three levels of the fair value hierarchy are as follows:

- Level 1 inputs are unadjusted quoted prices in active markets for identical assets or liabilities. These markets must be accessible to the Plan at the measurement date.
- Level 2 inputs are observable, market-based inputs, other than Level 1 prices. Level 2 inputs may include quoted prices for similar assets or liabilities in active markets, quoted prices in inactive markets, interest rates and yield curves observable at commonly quoted intervals, credit risks, default rates, and inputs derived from, or corroborated by, observable market data.
- Level 3 inputs are unobservable inputs that reflect the Plan's assumptions about how market participants would value the Plan's assets and liabilities.

At December 31, 2024, Level 1 investments included mutual funds that totaled \$11,474,545 and Level 2 investments included separate investment accounts that totaled \$13,526,542. At December 31, 2023, Level 1 investments included mutual funds that totaled \$11,651,091 and Level 2 investments included separate investment accounts that totaled \$12,937,488.

Mutual Fund Accounts – Investment companies pool the capital of many investors and invest it in stocks, bonds, short-term money market instruments, and/or other securities. The fair value of the securities is based on the settlement price of actively traded funds and as such are classified as Level 1.

Separate Investment Accounts – Investment companies pool the capital of many investors and invest it in different share classes of the same mutual fund. The fair value of the securities is based on quoted prices for similar assets in active markets and as such are classified as Level 2.

6. Transactions with Party-in-Interest

All Plan investments for 2024 and 2023 are shares of mutual fund accounts and separate investment accounts and a group annuity contract administered by Empower, the Trustee, as defined by the Plan; therefore, these transactions qualify as a party-in-interest.

Andrews Hooper Pavlik PLC 401(k) Profit Sharing Plan

Notes to Financial Statements

December 31, 2024

7. Risks and Uncertainties

The Plan provides for various investment options, including mutual fund accounts and separate investment accounts with underlying assets consisting of any combination of stocks, bonds, fixed income securities, mutual funds, and other investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near-term and long-term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.
