INDEPENDENT AUDITOR'S REPORT

To the Plan Trustee and Retirement Plan Committee
Dutchie 401(k) Plan
Boston, Massachusetts

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements of Dutchie 401(k) Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) [ERISA Section 103(a)(3)(C) audit]. The financial statements comprise the statements of net assets available for benefits as of December 2023, 2022 and 2021, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of Dutchie 401(k) Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements of information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from two qualified institutions, Matrix Trust Company as of and for the years ended December 31, 2023, 2022, and 2021 as well as Empower Trust Company as of and for the year ended December 31, 2023, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements Section:

- The amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

- The information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Dutchie 401(k) Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Dutchie 401(k) Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except for as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of

internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Dutchie 401(k) Plan's internal control. Accordingly, no such opinion is expressed.

- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.

- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Dutchie 401(k) Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosure relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedules Required by ERISA

The supplemental schedules (Schedules 1-6) are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the

underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including its form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

- The information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

1. Description of Plan

The following description of the Dutchie 401(k) Plan (the Plan) provides only general information. Participants should refer to the plan agreement for a more complete description of the Plan's provisions.

General – The Plan was established on January 1, 2019, as a defined contribution plan covering employees of Courier Plus Inc. (the Company) and any affiliate of the Company that has adopted the Plan. The Plan excludes non-resident aliens, interns, and employees who are covered by a collective bargaining agreement. The Plan is subject to the provisions of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 (ERISA).

The Plan was restated on February 18, 2022, to comply with recent required legislative updates and then again on January 1, 2023, when service providers were changed.

Contributions – Beginning July 2, 2019, participants may elect to defer a portion of their compensation, on a pre-tax or Roth basis, as defined by the Plan. Participants may also contribute amounts representing distributions from other qualified plans. The maximum contribution to the Plan in any year is determined by provisions in the Plan and the Internal Revenue Code (IRC) and Income Tax Regulations. As of December 31, 2023, the Plan offered various mutual funds and money market funds, a guaranteed annuity contract, and a common collective trust as investment options for participants. As of December 31, 2022, and 2021, the Plan offered various mutual funds as investment options for participants.

Beginning June 1, 2023, the Plan includes an auto-enrollment provision whereby all newly eligible employees are automatically enrolled in the Plan unless they affirmatively elect not to participate in the Plan. Automatically enrolled participants have their deferral rate set at three percent of eligible compensation and their contributions invested in a designated balanced fund until changed by the participant. Each year, contributions for those auto-enrolled are increased by one percent, to a max of ten percent of compensation.

The Company may make discretionary profit-sharing contributions into the Plan. No company contributions were made for the years ending December 31, 2023, 2022 or 2021.

Participant Accounts – Each participant's account is credited with the participant's contribution, if any, and allocations of (a) company contributions, (b) administrative expenses, and (c) plan earnings, net of investment fees. Allocations are based on participant earnings, account balances, or other participant events, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting – Participants are immediately vested in all contributions plus actual earnings thereon.

Payment of Benefits – On termination of service, for any reason, a participant will receive a lump-sum amount equal to the value of the participant's vested interest in his or her account. The Plan provides for an automatic lump-sum distribution of account balances of $5,000 or less. The Plan allows for in-service distributions, normal retirement (age 65) distributions, and financial hardship withdrawals of all or part of the participant's deferral contributions, if the participant can prove financial hardship and is unable to meet their financial needs another way.

Forfeitures – The Company may use discretion in how to treat forfeitures under the Plan. To date, no forfeitures have been allocated to participants or used to pay Plan expenses.

Notes Receivable from Participants – On August 6, 2020, the Plan was amended to allow participants to borrow from their fund accounts up to a maximum equal to the lesser of $50,000 (reduced by the excess, if any, of the participant's highest outstanding note balance during the one-year period ending on the day before the date on which such note is made over the participant's outstanding balance of notes on the date such note was made) or 50 percent of their vested balance for reasons as defined by the Plan. Participants may have only one outstanding loan at a time. The minimum amount of a loan is $1,000. Loan terms range from one to five years except for the purchase of a primary residence, which is a longer term not to exceed 15 years determined by the plan administrator. The loans are secured by the vested balance in the participant's account and bear interest at prevailing rates. Principal and interest are paid ratably through payroll deductions.

2. Summary of Significant Accounting Policies

Basis of Accounting – The financial statements of the Plan are prepared on the accrual basis of accounting.

Use of Estimates – The preparation of financial statements in conformity with U.S. generally accepted accounting principles (U.S. GAAP) requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities, and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition – The Plan's investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants – Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent loans are treated as distributions based upon the terms of the Plan document.

Excess Contributions Payable - Amounts payable to participants for contributions in excess of amounts allowed by the IRS are recorded as a liability with a corresponding reduction to contributions. The Plan should distribute these excess contributions in the year subsequent to failure.

Payment of Benefits – Benefits are recorded when paid for financial statement purposes.

Investment and Administrative Expenses – The Plan's expenses are paid either by the Plan or the Company, as provided by the Plan document. Expenses paid directly by the Company are excluded from these financial statements. Certain fees are charged to the Plan for services provided to the Plan. When applicable, these fees and fees charged by mutual funds are netted with investment earnings.

Subsequent Events – The Plan has evaluated subsequent events through July 31, 2025, the date on which the financial statements were available to be issued.

3. Information Certified by Matrix Trust Company and Empower Trust Company, the Investment Custodians

Certain information, as noted below, related to investments disclosed in the accompanying financial statements and ERISA-required supplemental schedules, including investments held at December 31, 2023, 2022 and 2021 were obtained by management and agreed to or derived from information certified as complete and accurate by Matrix Trust Company and Empower Trust Company.

	2023	2022	2021
Investments, at Fair Value - Matrix	$ 5,136	$ 9,412,896	$ 5,277,360
Net Appreciation (Depreciation) in the Value of Investments - Matrix	$ 951,566	$ (1,421,667)	$ 229,373
Interest and Dividend Income - Matrix	$ 48,890	$ 178,603	$ 53,137

	2023
Investments, at Fair Value - Empower	$ 12,151,103
Net Appreciation in the Value of Investments - Empower	$ 567,010
Interest and Dividend Income - Empower	$ 123,956

4. Fair Value Measurements

Financial Accounting Standards Board (FASB) Accounting Standards Codification (ASC) 820-10 establishes a framework for measuring fair value under generally accepted accounting principles. The framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value.

The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820-10 are described below:

Level 1 Inputs to the valuation methodology are based on unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets
- Quoted prices for identical or similar assets or liabilities in inactive markets
- Inputs other than quoted prices that are observable for the asset or liability
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full-term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs. There have been no changes in the methodologies used at December 31, 2023, 2022 and 2021.

The following is a description of the valuation methodologies used for assets measured at fair value:

- *Mutual Funds:* Valued at quoted market prices, which represent net asset value (NAV) of shares held by the Plan at year end.
- *Common Collective Trust*: Valued at quoted market prices, which represent net asset value (NAV) of shares held by the Plan at year end.

- *Money Market Funds:* Valued at quoted market prices, which represent net asset value (NAV) of shares held by the Plan at year end.

- *Guaranteed Annuity Contract:* The Empower Investments Fixed Account (EIFA) is a general account product of Empower Annuity Insurance Company of America (EAICA). Because the EIFA is a general account product offered through the group annuity contract, principal and interest for participant-initiated benefit payments are fully guaranteed by the entire general account assets of EAICA.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2023:

	Level 1	Level 2	Level 3	Total
Assets Included in the Fair Value Hierarchy:				
Mutual Funds	$ 8,523,946	$ -	$ -	$ 8,523,946
Guaranteed Annuity Contract	$ -	$ 11,060	$ -	11,060
Assets Measured at Net Asset Value per FASB ASC 820 Practical Expedient:				
Money Market Funds				3,584,741
Common Collective Trust				31,356
Investments, at Fair Value				$ 12,151,103

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2022:

	Level 1	Level 2	Level 3	Total
Assets included in the Fair Value Hierarchy:				
Mutual Funds	$ 9,348,144	$ -	$ -	$ 9,348,144
Total Investments	$ 9,348,144	$ -	$ -	$ 9,348,144

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2021:

	Level 1	Level 2	Level 3	Total
Assets Included in the Fair Value Hierarchy:				
Mutual Funds	$ 5,215,564	$ -	$ -	$ 5,215,564
Total Investments	$ 5,215,564	$ -	$ -	$ 5,215,564

There are no unfunded commitments, or significant redemptions or restrictions on the investments measured at net asset value per share using the practical expedient as of December 31, 2023.

5. Plan Mergers

On December 6, 2021, the Company completed the acquisition of Leaf Logix and GreenBits, which included their defined contribution plans, TriNet and Extensis, respectively. Subsequent to the acquisition throughout 2022 and 2021, Leaf Logix and GreenBits affiliated professional corporations (PCs) executed service agreements with the Company, including payroll and benefits. Following the execution of service agreements, employees of the respective PCs became eligible for participation in the Plan upon meeting the Plan's eligibility requirements, and employees were credited with prior service. Once participants began participating in the Plan, their contributions to the TriNet and Extensis Plans, as applicable, ceased, however they were permitted to maintain their balances in the TriNet and Extensis Plans. Effective December 6, 2021, participant account balances in the TriNet and Extensis Plans related to all PCs with executed service agreements totaling $1,376,061, which included investments and notes receivable from participants, were merged into the Plan, and the transfer was completed on December 8, 2021. Participant balances merged into the Plan retained their vesting characteristics (years of service and vesting requirements) from their respective plans.

6. Administrative Expenses and Party-in-Interest Transactions

A transaction with a plan service provider or a participant of the Plan qualifies as a party-in-interest transaction. Service provider fees, either directly or indirectly, are paid to the investment custodian, third-party administrator, investment advisor, record keeper, and auditor. Of these fees, $42,470, $17,489, and $4,741 are included in administrative expenses on Exhibit B for the years ended December 31, 2023, 2022 and 2021, respectively. Other investment fees are netted with investment earnings. Expenses incurred in the administration of the Plan were also paid by the plan sponsor.

Notes receivable from participants are considered to be both party-in-interest and a related-party transaction.

7. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100 percent vested in company contributions.

8. Tax Status

On November 23, 2020, the Internal Revenue Service stated that the pre-approved profit-sharing plan adopted by the Plan was designed in accordance with applicable sections of the Internal Revenue Code (IRC). Although the Plan has been restated since receiving that letter, the plan

administrator and the pre-approved profit-sharing plan sponsor believe the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC. Therefore, no provision for income taxes has been included in the Plan's financial statements.

U.S. GAAP requires the plan administrator to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has undertaken an uncertain tax position that more likely than not would not be sustained upon examination by the IRS. While management of the Plan has identified a number of errors in the initial design and operations of the Plan, overall, the plan administrator has analyzed the Plan's tax positions and concluded as of each Plan year end, and through July 31, 2025, that the Plan has maintained its tax-exempt status and has taken no uncertain tax positions that require recognition of a liability or disclosure in the financial statements.

In addition, the Plan is subject to routine audits by taxing jurisdiction; however, there are currently no audits for any tax periods in progress.

9. Prohibited Transactions

During 2023, contributions totaling $2,826,903 were not remitted timely to the Plan. As of July 31, 2025, these amounts were remitted to the Plan, but the correction for lost earnings was pending.

During 2022, contributions totaling $3,565,653 were not remitted timely to the Plan. As of July 31, 2025, these amounts were remitted to the Plan, but the correction for lost earnings was pending.

During 2021, contributions totaling $1,421,990 were not remitted timely to the Plan. As of July 31, 2025, these amounts were remitted to the Plan, but the correction for lost earnings was pending.

10. Risks and Uncertainties

The Plan invests in various investment securities. Investments are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investments securities, it is at least reasonably possible that changes in the value of investment securities will occur in the near-term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

INDEPENDENT AUDITOR'S REPORT

To the Plan Trustee and Retirement Plan Committee
Dutchie 401(k) Plan
Boston, Massachusetts

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements of Dutchie 401(k) Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) [ERISA Section 103(a)(3)(C) audit]. The financial statements comprise the statements of net assets available for benefits as of December 2023, 2022 and 2021, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of Dutchie 401(k) Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements of information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from two qualified institutions, Matrix Trust Company as of and for the years ended December 31, 2023, 2022, and 2021 as well as Empower Trust Company as of and for the year ended December 31, 2023, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements Section:

- The amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

- The information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Dutchie 401(k) Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Dutchie 401(k) Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except for as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of

Docusign Envelope ID: 4A9C4A66-59AC-4457-9F17-2B20E7E911E8

internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Dutchie 401(k) Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Dutchie 401(k) Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosure relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedules Required by ERISA

The supplemental schedules (Schedules 1-6) are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the

Docusign Envelope ID: 4A9C4A66-59AC-4457-9F17-2B20E7E911E8

underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including its form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

- The information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

1. Description of Plan

The following description of the Dutchie 401(k) Plan (the Plan) provides only general information. Participants should refer to the plan agreement for a more complete description of the Plan's provisions.

General – The Plan was established on January 1, 2019, as a defined contribution plan covering employees of Courier Plus Inc. (the Company) and any affiliate of the Company that has adopted the Plan. The Plan excludes non-resident aliens, interns, and employees who are covered by a collective bargaining agreement. The Plan is subject to the provisions of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 (ERISA).

The Plan was restated on February 18, 2022, to comply with recent required legislative updates and then again on January 1, 2023, when service providers were changed.

Contributions – Beginning July 2, 2019, participants may elect to defer a portion of their compensation, on a pre-tax or Roth basis, as defined by the Plan. Participants may also contribute amounts representing distributions from other qualified plans. The maximum contribution to the Plan in any year is determined by provisions in the Plan and the Internal Revenue Code (IRC) and Income Tax Regulations. As of December 31, 2023, the Plan offered various mutual funds and money market funds, a guaranteed annuity contract, and a common collective trust as investment options for participants. As of December 31, 2022, and 2021, the Plan offered various mutual funds as investment options for participants.

Beginning June 1, 2023, the Plan includes an auto-enrollment provision whereby all newly eligible employees are automatically enrolled in the Plan unless they affirmatively elect not to participate in the Plan. Automatically enrolled participants have their deferral rate set at three percent of eligible compensation and their contributions invested in a designated balanced fund until changed by the participant. Each year, contributions for those auto-enrolled are increased by one percent, to a max of ten percent of compensation.

The Company may make discretionary profit-sharing contributions into the Plan. No company contributions were made for the years ending December 31, 2023, 2022 or 2021.

Participant Accounts – Each participant's account is credited with the participant's contribution, if any, and allocations of (a) company contributions, (b) administrative expenses, and (c) plan earnings, net of investment fees. Allocations are based on participant earnings, account balances, or other participant events, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Docusign Envelope ID: 4A9C4A66-59AC-4457-9F17-2B20E7E911E8

Vesting – Participants are immediately vested in all contributions plus actual earnings thereon.

Payment of Benefits – On termination of service, for any reason, a participant will receive a lump-sum amount equal to the value of the participant's vested interest in his or her account. The Plan provides for an automatic lump-sum distribution of account balances of $5,000 or less. The Plan allows for in-service distributions, normal retirement (age 65) distributions, and financial hardship withdrawals of all or part of the participant's deferral contributions, if the participant can prove financial hardship and is unable to meet their financial needs another way.

Forfeitures – The Company may use discretion in how to treat forfeitures under the Plan. To date, no forfeitures have been allocated to participants or used to pay Plan expenses.

Notes Receivable from Participants – On August 6, 2020, the Plan was amended to allow participants to borrow from their fund accounts up to a maximum equal to the lesser of $50,000 (reduced by the excess, if any, of the participant's highest outstanding note balance during the one-year period ending on the day before the date on which such note is made over the participant's outstanding balance of notes on the date such note was made) or 50 percent of their vested balance for reasons as defined by the Plan. Participants may have only one outstanding loan at a time. The minimum amount of a loan is $1,000. Loan terms range from one to five years except for the purchase of a primary residence, which is a longer term not to exceed 15 years determined by the plan administrator. The loans are secured by the vested balance in the participant's account and bear interest at prevailing rates. Principal and interest are paid ratably through payroll deductions.

2. Summary of Significant Accounting Policies

Basis of Accounting – The financial statements of the Plan are prepared on the accrual basis of accounting.

Use of Estimates – The preparation of financial statements in conformity with U.S. generally accepted accounting principles (U.S. GAAP) requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities, and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition – The Plan's investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants – Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent loans are treated as distributions based upon the terms of the Plan document.

Docusign Envelope ID: 4A9C4A66-59AC-4457-9F17-2B20E7E911E8

Excess Contributions Payable - Amounts payable to participants for contributions in excess of amounts allowed by the IRS are recorded as a liability with a corresponding reduction to contributions. The Plan should distribute these excess contributions in the year subsequent to failure.

Payment of Benefits – Benefits are recorded when paid for financial statement purposes.

Investment and Administrative Expenses – The Plan's expenses are paid either by the Plan or the Company, as provided by the Plan document. Expenses paid directly by the Company are excluded from these financial statements. Certain fees are charged to the Plan for services provided to the Plan. When applicable, these fees and fees charged by mutual funds are netted with investment earnings.

Subsequent Events – The Plan has evaluated subsequent events through July 31, 2025, the date on which the financial statements were available to be issued.

3. Information Certified by Matrix Trust Company and Empower Trust Company, the Investment Custodians

Certain information, as noted below, related to investments disclosed in the accompanying financial statements and ERISA-required supplemental schedules, including investments held at December 31, 2023, 2022 and 2021 were obtained by management and agreed to or derived from information certified as complete and accurate by Matrix Trust Company and Empower Trust Company.

	2023	2022	2021
Investments, at Fair Value - Matrix	$ 5,136	$ 9,412,896	$ 5,277,360

Interest and Dividend Income - Matrix	$ 48,890	$ 178,603	$ 53,137

	2023
Investments, at Fair Value - Empower	$ 12,151,103
Net Appreciation in the Value of Investments - Empower	$ 567,010
Interest and Dividend Income - Empower	$ 123,956

4. Fair Value Measurements

Financial Accounting Standards Board (FASB) Accounting Standards Codification (ASC) 820-10 establishes a framework for measuring fair value under generally accepted accounting principles. The framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value.

The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820-10 are described below:

Level 1 Inputs to the valuation methodology are based on unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets
- Quoted prices for identical or similar assets or liabilities in inactive markets
- Inputs other than quoted prices that are observable for the asset or liability
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full-term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs. There have been no changes in the methodologies used at December 31, 2023, 2022 and 2021.

The following is a description of the valuation methodologies used for assets measured at fair value:

- *Mutual Funds:* Valued at quoted market prices, which represent net asset value (NAV) of shares held by the Plan at year end.
- *Common Collective Trust*: Valued at quoted market prices, which represent net asset value (NAV) of shares held by the Plan at year end.

Docusign Envelope ID: 4A9C4A66-59AC-4457-9F17-2B20E7E911E8

- *Money Market Funds:* Valued at quoted market prices, which represent net asset value (NAV) of shares held by the Plan at year end.

- *Guaranteed Annuity Contract:* The Empower Investments Fixed Account (EIFA) is a general account product of Empower Annuity Insurance Company of America (EAICA). Because the EIFA is a general account product offered through the group annuity contract, principal and interest for participant-initiated benefit payments are fully guaranteed by the entire general account assets of EAICA.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2023:

	Level 1	Level 2	Level 3	Total
Assets Included in the Fair Value Hierarchy:				
Mutual Funds	$ 8,523,946	$ -	$ -	$ 8,523,946
Guaranteed Annuity Contract	$ -	$ 11,060	$ -	11,060
Assets Measured at Net Asset Value per FASB ASC 820 Practical Expedient:				
Money Market Funds				3,584,741
Common Collective Trust				31,356
Investments, at Fair Value				$ 12,151,103

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2022:

	Level 1	Level 2	Level 3	Total
Assets included in the Fair Value Hierarchy:				
Mutual Funds	$ 9,348,144	$ -	$ -	$ 9,348,144
Total Investments	$ 9,348,144	$ -	$ -	$ 9,348,144

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2021:

	Level 1	Level 2	Level 3	Total
Assets Included in the Fair Value Hierarchy:				
Mutual Funds	$ 5,215,564	$ -	$ -	$ 5,215,564
Total Investments	$ 5,215,564	$ -	$ -	$ 5,215,564

Docusign Envelope ID: 4A9C4A66-59AC-4457-9F17-2B20E7E911E8

There are no unfunded commitments, or significant redemptions or restrictions on the investments measured at net asset value per share using the practical expedient as of December 31, 2023.

5. Plan Mergers

On December 6, 2021, the Company completed the acquisition of Leaf Logix and GreenBits, which included their defined contribution plans, TriNet and Extensis, respectively. Subsequent to the acquisition throughout 2022 and 2021, Leaf Logix and GreenBits affiliated professional corporations (PCs) executed service agreements with the Company, including payroll and benefits. Following the execution of service agreements, employees of the respective PCs became eligible for participation in the Plan upon meeting the Plan's eligibility requirements, and employees were credited with prior service. Once participants began participating in the Plan, their contributions to the TriNet and Extensis Plans, as applicable, ceased, however they were permitted to maintain their balances in the TriNet and Extensis Plans. Effective December 6, 2021, participant account balances in the TriNet and Extensis Plans related to all PCs with executed service agreements totaling $1,376,061, which included investments and notes receivable from participants, were merged into the Plan, and the transfer was completed on December 8, 2021. Participant balances merged into the Plan retained their vesting characteristics (years of service and vesting requirements) from their respective plans.

6. Administrative Expenses and Party-in-Interest Transactions

A transaction with a plan service provider or a participant of the Plan qualifies as a party-in-interest transaction. Service provider fees, either directly or indirectly, are paid to the investment custodian, third-party administrator, investment advisor, record keeper, and auditor. Of these fees, $42,470, $17,489, and $4,741 are included in administrative expenses on Exhibit B for the years ended December 31, 2023, 2022 and 2021, respectively. Other investment fees are netted with investment earnings. Expenses incurred in the administration of the Plan were also paid by the plan sponsor.

Notes receivable from participants are considered to be both party-in-interest and a related-party transaction.

7. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100 percent vested in company contributions.

8. Tax Status

On November 23, 2020, the Internal Revenue Service stated that the pre-approved profit-sharing plan adopted by the Plan was designed in accordance with applicable sections of the Internal Revenue Code (IRC). Although the Plan has been restated since receiving that letter, the plan

Docusign Envelope ID: 4A9C4A66-59AC-4457-9F17-2B20E7E911E8

administrator and the pre-approved profit-sharing plan sponsor believe the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC. Therefore, no provision for income taxes has been included in the Plan's financial statements.

U.S. GAAP requires the plan administrator to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has undertaken an uncertain tax position that more likely than not would not be sustained upon examination by the IRS. While management of the Plan has identified a number of errors in the initial design and operations of the Plan, overall, the plan administrator has analyzed the Plan's tax positions and concluded as of each Plan year end, and through July 31, 2025, that the Plan has maintained its tax-exempt status and has taken no uncertain tax positions that require recognition of a liability or disclosure in the financial statements.

In addition, the Plan is subject to routine audits by taxing jurisdiction; however, there are currently no audits for any tax periods in progress.

9. Prohibited Transactions

During 2023, contributions totaling $2,826,903 were not remitted timely to the Plan. As of July 31, 2025, these amounts were remitted to the Plan, but the correction for lost earnings was pending.

During 2022, contributions totaling $3,565,653 were not remitted timely to the Plan. As of July 31, 2025, these amounts were remitted to the Plan, but the correction for lost earnings was pending.

During 2021, contributions totaling $1,421,990 were not remitted timely to the Plan. As of July 31, 2025, these amounts were remitted to the Plan, but the correction for lost earnings was pending.

10. Risks and Uncertainties

The Plan invests in various investment securities. Investments are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investments securities, it is at least reasonably possible that changes in the value of investment securities will occur in the near-term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.
