Independent Auditor's Report

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of Clark Grave Vault Company Employees 401(k) Profit Sharing Plan and Trust (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C). The financial statements comprise the statements of net assets available for benefits as of December 31, 2024 and 2023, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA (ERISA Section 103(a)(3)(C) audit). As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency (qualified institution), provided that the investment information is prepared and certified to by the qualified institution in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

Management has obtained certifications from a qualified institution as of December 31, 2024 and 2023, and for the years then ended, stating that the certified investment information, as described in the notes to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and the procedures performed as described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section of our report:

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (GAAP); and
- the certified investment information in the accompanying financial statements agrees to, or is derived from, in all material respects, the information prepared and certified by a qualified institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are issued or available to be issued.

Management is responsible for maintaining a current plan instrument, including all plan amendments. Management is also responsible for administering the Plan and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the *Scope and Nature of the ERISA Section 103(a)(3)(C) Audit* section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedule Required by ERISA

The supplemental Schedule H, Line 4i - Schedule of Assets (Held at End of Year) as of December 31, 2024 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- The certified investment information in the supplemental schedule agrees to, or is derived from, in all material respects, the information prepared and certified by a qualified institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Notes to Financial Statements
December 31, 2024 and 2023

Plan Description

The following description of the Clark Grave Vault Company (the Company) 401(k) Plan (the Plan) provides only general information. Participants should refer to the plan agreement for a complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering all full-time employees of Clark Grave Vault Company, C&S Vaults, D of K Vaults, Clark Cemetery Services, and Lawson Vault & Monument Company, Inc. (collectively referred to as "the Company") who have completed at least three months of service and are age 18 or older. Union employees and part-time employees with less than 1,000 hours of service in the relevant eligibility computation period are not eligible to participate. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions

Each year, plan participants may elect to contribute up to 75% of their compensation through payroll deductions, as defined in the Plan document and up to the maximum allowed per the Internal Revenue Code (IRC). Participants who have attained age 50 before the end of the plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans (rollovers). Effective January 1, 2019, eligible participants are automatically enrolled in the Plan at a contribution deferral rate of 1% of eligible compensation unless the plan participants elect not to do so. The deferral percentage automatically increases by 1% per year, up to a maximum of 5%. The Plan also allows for Roth elective deferrals. Participants direct the investment of all contributions into various investment options offered by the Plan. Participants may change their investment options on a daily basis.

The Company may make 100% discretionary employer matching contributions and/or discretionary employer nonelective contributions, as determined by the Company. During 2024 and 2023, the company contributed a matching contribution equal to 100% of each participant's contribution, up to 5% of the participant's eligible compensation. During 2024 and 2023, the Company elected no discretionary nonelective contribution. Contributions are subject to certain limitations.

Participant Accounts

Each participant's account is credited with the participant's contributions and allocations of (a) the Company's contributions, (b) Plan earnings and (c) charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined in the plan agreement. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Plan Description (continued)

Vesting

Participants are immediately vested in their contributions plus actual earnings thereon. Vesting in the Company's discretionary match and discretionary nonelective contribution portion of their accounts, plus actual earnings thereon, is based on years of continuous service and is subject to the following vesting schedule:

Years of Service	Vesting Percentage
Less than 2	0%
2	20%
3	40%
4	60%
5 or more	100%

Notes Receivable from Participants

Participants may borrow from their individual accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000, or 50% of their vested account balance. Notes must be repaid within five years unless the note is granted to allow the participant to purchase his or her principal residence. The notes are secured by the balance in the participant's account and bear interest at the prime rate plus 1%. Principal and interest are paid ratably through payroll deductions.

Payment of Benefits

Upon termination of service due to separation of service, disability or retirement, a participant may elect to receive either a lump-sum distribution equal to the value of the participant's vested interest in his or her account, or elect an annuity contract to be purchased and distributed by the Plan. For termination of service due to death of a participant, the beneficiary will receive a lump-sum distribution that will be equal to the participant's account. The participant's account will become fully vested upon the death of the participant. The Plan also provides for employees to make in-service withdrawals from their account under certain hardship circumstances or once they attain age 59 1/2.

Forfeited Accounts

At December 31, 2024 and 2023, forfeited non-vested accounts totaled \$2,189 and \$4,772, respectively. These accounts are used to pay administrative expenses of the Plan or to reduce employer contributions. During 2024 and 2023, forfeitures of \$8,813 and \$10,900, respectively, were used to pay administrative expenses. During 2024 and 2023, no forfeitures were used to reduce employer contributions.

Plan Description (continued)

SECURE Act 2.0

On December 23, 2022, Congress passed the Consolidated Appropriations Act of 2023 which included SECURE Act 2.0. SECURE Act 2.0 contains over 90 new retirement provisions, with varying effective dates through 2027. Since SECURE Act 2.0 provisions include both required and optional elements, the plan administrator will determine the optional provisions to elect and amend the Plan document accordingly. Most of the significant provisions will become effective in 2024 and thereafter. There has been no material impact to the Plan's 2024 or 2023 financial statements.

Summary of Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan are prepared under the accrual basis of accounting.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America (GAAP) requires management to make estimates and assumptions that affect the reported amounts of assets, liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

The Plan's investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. For additional disclosure regarding the fair value of investments, see the *Fair Value Measurements* footnote herein.

Purchases and sales of securities are recorded on a trade-date basis. Dividends are recognized on the ex-dividend date, and interest is recognized on the accrual basis. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued, but unpaid interest. Interest income is recorded on the accrual basis. No allowance for credit losses has been recorded as of December 31, 2024 or 2023. If a participant ceases to make loan repayments and the plan administrator deems the participant loan to be in default, the participant loan balance is reduced and a benefit payment is recorded.

Summary of Significant Accounting Policies (continued)

Contributions

Contributions from Plan participants and the matching contributions from the employer are recorded in the year in which the employee contributions are withheld from compensation.

Payment of Benefits

Benefits are recorded when paid.

Administrative Expenses

Certain expenses of maintaining the Plan are paid directly by the Company and are excluded from these financial statements. Brokerage fees, transfer taxes, and other expenses incurred in connection with the investment of the Plan's assets are added to the cost of such investments or deducted from the proceeds thereof, as the case may be. Fees related to the administration of notes receivable from participants are allocated directly to the participant responsible for the expense. Certain administrative expenses of the Plan are paid with credits received by certain investment managers. During the years ended December 31, 2024 and 2023, the Plan received investment manager credits of \$36,024 and \$31,513, respectively.

Information Prepared and Certified by the Trustee

The following information included in the accompanying financial statements and supplemental schedule was obtained from data that was prepared and certified as complete and accurate by Capital Bank and Trust Company, the trustee of the Plan as of December 31:

	2024	2023
Mutual funds	\$ 19,405,738	\$ 17,580,095
Notes receivable from participants	91,712	21,296
Total	\$ 19,497,450	\$ 17,601,391

The trustee also certified to the completeness and accuracy of the following related to the aforementioned assets for the years ended December 31:

	2024	2023
Net appreciation in fair value of investments	\$ 1,060,459	\$ 1,757,541
Interest and dividend income	1,187,668	655,099

Fair Value Measurements

GAAP established a fair value hierarchy that prioritizes the inputs to measure the fair value of the assets or liabilities being measured. Fair value is defined as the exchange value that would be received on the measurement date to sell an asset or to value the amount paid to transfer a liability in the principal or most advantageous market available to the entity in an orderly transaction between market participants. The three levels of the fair value hierarchy are as follows:

- Level 1 Inputs are unadjusted quoted market prices in active markets for identical assets or liabilities that the entity has the ability to access at the measurement date. Level 1 inputs provide the most reliable measure of fair value as of the measurement date.
- Level 2 Inputs are based on significant observable inputs, including unadjusted quoted market prices for similar assets and liabilities in active markets, unadjusted quoted prices for identical or similar assets or liabilities in markets that are not active or inputs other than quoted prices that are observable for the asset or liability.
- Level 3 Level 3 Inputs are significant unobservable inputs for the asset or liability.

The level of the fair value hierarchy within which a fair value measurement in its entirety falls is based on the lowest level input that is significant to the fair value measurement in its entirety.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2024 or 2023.

Mutual Funds: Valued at the net asset value (NAV) of shares held by the Plan at year - end.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The mutual funds are considered to be Level 1 investments as of December 31, 2024 and 2023.

Tax Status

The Company has adopted a non-standardized pre-approved profit sharing plan with a cash or deferral arrangement which received a favorable opinion letter dated June 30, 2020 from the Internal Revenue Service (IRS). The opinion letter stated that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code (IRC). Although the plan has been amended since receiving the opinion letter, the plan administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC. Therefore, no provision for income taxes has been included in the Plan's financial statements.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2024 and 2023, there are no uncertain tax positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Plan Termination

Although it has not expressed any intention to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions set forth in ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

Party-in-Interest Transactions

Parties-in-interest are defined under Department of Labor Regulations as any fiduciary of the Plan, any party rendering service to the Plan, the employer, and certain others. Certain Plan investments are shares of mutual funds managed by the Trustee of the Plan. Additionally, an investment advisor to the Plan received direct compensation for their services. Therefore, these transactions qualify as party-in-interest transactions. Administrative expenses paid by the Plan for these services totaled \$46,482 and \$43,905 during 2024 and 2023, respectively.

Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term, and that such change could materially affect participants' account balances and the amounts reported in the accompanying 2024 statement of net assets available for benefits.

Subsequent Events – Date of Management's Evaluation

The Plan has evaluated subsequent events through the date of the Independent Auditor's Report, the date on which the financial statements were available to be issued.
