INDEPENDENT AUDITORS' REPORT

To the Administrative Committee of
ITX Corp. 401(k) Plan
Rochester, New York

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements of ITX Corp. 401(K) Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) [ERISA Section 103(a)(3)(C) audit]. The financial statements comprise the statements of net assets available for benefits as of December 31, 2024 and 2023, and the related statement of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of ITX Corp. 401(K) Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2024 and 2023, stating that the certified investment information, as described in Note 7 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section—

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of ITX Corp. 401(K) Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about ITX Corp. 401(K) Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of ITX Corp. 401(K) Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about ITX Corp. 401(K) Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedules Required by ERISA

The supplemental schedule of assets (held at end of year) is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including their form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion—

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

**ITX CORP. 401(K) PLAN
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2024 AND 2023
(SEE INDEPENDENT AUDITORS' REPORT)**

NOTE 1 *DESCRIPTION OF PLAN:*

The following description of the ITX Corp. 401(k) Plan (the Plan), as amended December 2021 provides only general information. Participants should refer to the Plan Agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering all employees upon hire date, except excluded employees which include union employees, nonresident aliens, leased employees, and temporary employees. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions

All employees are eligible to make a contribution into the Plan once they are hired. All participants may make tax-deferred cash contributions of up to 100% of total compensation subject to applicable limits of the Internal Revenue Code (IRC). Participants age 50 or older may defer additional catch-up amounts to the Plan.

The Company remits a safe harbor nonelective contribution of 3% of compensation quarterly. For the years ended December 31, 2024 and 2023 the Company also remitted to the shareholder of the Plan a discretionary profit-sharing contribution of 6% of compensation subject to IRC compensations limits. For the years ended December 31, 2024 and 2023, employer contributions were \$458,842 and \$422,170, respectively.

Participant Accounts

Each participant's account is credited with the participant's contribution and the company's matching contribution and allocation of (A) the company's discretionary contribution, (B) plan earnings, and (C) forfeitures of terminated participants' non-vested accounts. Allocation of participant contributions, company contributions and forfeitures are based on compensation while allocation of plan earnings are based on participant account balance as defined by the Plan document. The benefit to which a participant is entitled is the benefit that can be provided from the participant's account.

The maximum contribution for the Plan is the total amount of the participant's contribution not to exceed 100% of the participant's salary or the annual Internal Revenue Services (IRS) contribution limit, whichever is less. The IRS contribution limit was \$23,000 and \$22,500 for the years ended December 31, 2024 and 2023, respectively. The catch-up contribution for participants over 50 years old was \$7,500 for the years ended December 31, 2024 and 2023.

NOTE 1 *DESCRIPTION OF PLAN (continued):*

Investments

The Plan's investments are recorded at market value, as established by the trustee, as of December 31, 2024 and 2023.

Accounts Forfeited

Participants who terminate employment prior to the vesting of the employer non-elective contribution to their retirement accounts forfeit such contributions. No forfeitures were used for the years ended December 31, 2024 and 2023.

NOTE 2 *SUMMARY OF SIGNIFICANT ACCOUNTING POLICES (continued):*

Payment of Benefits

Benefits are recorded when paid.

Administrative Expenses

Administrative expenses of the Plan include recordkeeping fees and legal fees and are paid by the Plan and Plan Sponsor in 2024 and 2023. The amount charged for administrative expenses totaled \$34,486 and \$28,851 for the years ended December 31, 2024 and 2023, respectively.

Note Receivable from Participants:

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2024 and 2023. If a participant ceases to make loan repayments and the Plan administrator deems the participant loan to be in default, the participant loan balance is reduced and a benefit payment is recorded.

Economic Dependency/Concentration of Credit Risk

For the years ended December 31, 2024 and 2023, all of the investments are held and administered by Capital Bank and Trust Company.

NOTE 3 *INVESTMENTS:*

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1 – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

(SEE INDEPENDENT AUDITORS' REPORT)**

NOTE 3 INVESTMENTS (continued):

Level 3 – Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2024 and 2023.

Mutual funds and money market funds: Valued at the daily closing price as reported on the active market on which the individual securities are traded.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2024 and 2023.

	<u>Assets at Fair Value as of December 31, 2024</u>

NOTE 4 *PARTICIPANT NOTES RECEIVABLE:*

Participants may borrow from their fund accounts a minimum of 1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. The notes are secured by the balance in the participant's account and bear interest at rates ranging from 5.25% to 10.50%, which are commensurate with local prevailing rates as determined quarterly by the Plan administrator. Principal and interest is paid ratably through weekly payroll deductions. As of December 31, 2024 and 2023, all loans were current.

NOTE 5 *TAX STATUS:*

The Internal Revenue Service has determined and informed the Company by a letter dated June 30, 2020 that the Plan is designed in accordance with applicable sections of the Internal Revenue Code. Although the Plan has been amended since receiving the determination letter, the Plan administrator and the Plan's tax counsel believe that the Plan is designed and is currently being operated in compliance with the applicable requirements of the Internal Revenue Code and therefore believe that the Plan is qualified.

Accounting principles generally accepted in the United State of America require plan management to evaluate tax positions taken by the plan and recognize a tax liability if the plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

NOTE 6 *RISKS AND UNCERTAINTIES:*

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market credits, foreign currency, custodial credit, and concentration of credit risks. Due to level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially offset participants' account balances and the amounts reported in the statement of net assets available for benefits.

Foreign Currency Risk:

Foreign currency risk is the risk that changes in exchange rates may occur that could adversely affect the fair value of the investment. The Plan allows participants the option of purchasing investments that invest outside of the United States which would increase the investment foreign currency risk.

NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2024 AND 2023
(SEE INDEPENDENT AUDITORS' REPORT)**

NOTE 6 *RISKS AND UNCERTAINTIES (continued):*

Custodial Credit Risk:

Custodial credit risk is the risk that, in the event of a bank failure, the Plan's deposits may not be returned to it. Deposits are exposed to custodial credit risk if they are not covered by depository insurance and that deposits are (a) uncollateralized, (b) collateralized with securities held by the pledging financial institution, or (c) collateralized with securities held by the pledging financial institution's trust department or agent by not in the Plan's name. All deposits of the Plan are held on behalf of the Plan by the Plan custodian in accordance with the formal deposit policy for the custodial credit risk and are not exposed to custodial credit risk.

Concentration of Credit Risk:

Concentration of credit risk is the risk of loss attributed to the magnitude of the Plan's investment in a single issuer. The Plan's investments are managed by several fund managers. The concentration of investments is determined by participants' elections to invest in the available investment options as selected by the Plan Sponsor and its advisers. Since all investments are participant directed, all risks exist at the participant level. Each individual within the Plan has the ability to liquidate his/her position on demand and has responsibility to manage his/her exposure to fair value loss.

NOTE 7 *SUMMARY OF INFORMATION CERTIFICATE:*

The Trustees of the plan, Capital Bank and Trust Company, has supplied the Plan administrator with a certification as to the completeness and accuracy of the information regarding the investment in ITX Corp. 401(K) Plan presented in accompanying statements of net assets available for Plan benefits as of December 31, 2024 and 2023 and in the statements of changes in net assets for years then ended and related schedules.

It was noted during December 31, 2023 that there were three small funds making up less than three thousand dollars of the Plan, that was not covered by the certification. Full testing of these funds was done during the audit. Since it was deemed to be an immaterial amount it was felt that it was appropriate to still perform an ERISA Section 103(a)(3)(C).

NOTE 8 **RELATED PARTY TRANSACTIONS AND PARTY-IN-INTEREST TRANSACTIONS:**

The Company, the participants and the Trustee have all been identified as parties-in-interest. The Plan invests in shares of mutual funds and a common/collective trust managed by the Trustee. Transactions in such investments qualify as party-in-interest transactions, which are exempt from the prohibited transactions rules. Participant loans also qualify as party-in-interest and related party transactions, which are exempt from the prohibited transaction rules. Certain administrative expenses of the Plan are paid by the Company and qualify as party-in-interest transactions. The Company has a Master Service Agreement with the Trustee. The Plan pays for the services of the Trustee through net fees charged to the participants in the Plan.

NOTE 9 **SECURE ACT 2.0:**

On December 29, 2022, the Consolidated Appropriations Act of 2023 was signed into law, which includes the package of retirement provisions referred to as "SECURE 2.0". These provisions continue the themes and reforms that began with the 2019 SECURE Act, focusing on getting more participants into the retirement system and finding ways for them to accumulate more assets. These changes have various effective dates starting in 2023 and forward. Since the provisions include both required and optional elements, the Plan administrator will determine the optional provisions to elect.

NOTE 10 **PLAN TERMINATION:**

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and terminate the Plan subject to the provisions of ERISA. In the event of plan termination, participants will become 100% vested in their employer contribution.

NOTE 11 **SUBSEQUENT EVENTS:**

Management has evaluated subsequent events through July 1, 2025, the date on which the financial statements were available to be issued. No events have occurred which would have a material effect on the financial statements of the Company as of that date.
